 - (a) likely to result in achieving, by a date specified in the direction, an improvement so specified (which may be expressed as a percentage) in the energy efficiency of residential accommodation in that authority’s area; and
 - (b) practicable and cost-effective.
- (2) For the purposes of this section, “the energy efficiency” of residential accommodation in an energy conservation authority’s area has such meaning as may be specified in an order made by the Secretary of State.
- (3) The Secretary of State may, after consulting the Local Government Association, give an energy efficiency direction which applies—

- (8) The Secretary of State may after consulting the Local Government Association, and the Assembly may after consulting the Welsh Local Government Association, alter the date or the improvement (or both) for the time being specified in an energy efficiency direction given by the Secretary of State or (as the case may be) by the Assembly.
- (9) An energy efficiency direction may be revoked, but only if each authority to which it applies either—

 - (b) no longer exists at the time of the revocation.
- (10) The Secretary of State may give to energy conservation authorities in England, and the Assembly may give to energy conservation authorities in Wales, such guidance as he or it considers appropriate in relation to the exercise of an energy conservation authority’s functions under this section.
