

Explosives Act 1875

1875 CHAPTER 17

PART I

LAW RELATING TO GUNPOWDER

Supplemental as to Factories and Magazines for Gunpowder

12 Alteration of terms of license and enlargement of factory or magazine

Where the occupier of any gunpowder factory or magazine desires that any alteration should be made in the terms of his license, or any material alteration made in the factory or magazine by enlarging or adding to the site or by externally enlarging or adding to any building, or by altering any mound otherwise than by enlargement, or by making any new work, he may apply for an amending license.

If he satisfy the Secretary of State that the alteration may be properly permitted, having regard to the safety of the persons employed in the factory or magazine, and will not materially either increase the danger to the public from fire or explosion, or diminish the distance of any danger building in the factory or magazine from any building or work outside and in the neighbourhood of the factory or magazine, or increase the amount of gunpowder allowed to be kept in the factory magazine, or in any building in the magazine, the Secretary of State may grant the amending license of his own authority, but, save as aforesaid, the provisions of this Act with respect to the application for and grant of a new license shall apply to such amending license.

13 Devolution and determination of license

A gunpowder factory or magazine license shall not be avoided by any change in the occupier of the factory or magazine; but notice of the name, address, and calling of the new occupier shall be sent to the Secretary of State within three months after the change, and in default such new occupier shall be liable to a penalty not exceeding twenty shillings for every week during which such default continues.

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

A factory or magazine license shall be determined by a discontinuance of the business carried on in pursuance of any such license if such discontinuance continues for a period of two years or more, or if the factory or magazine is used for any purpose not authorised by the license :

Provided that if the occupier sends to the Secretary of State, and publishes in manner directed by the Secretary of State, a notice to the effect that the right to the factory or magazine license is not intended to be surrendered, the license shall not be determined until after the expiration of five years after the first discontinuance of the business, whether the factory or magazine has or has not been used for any purpose not authorised by the license.
