These Regulations amend the Environmental Protection (Restriction on Use of Lead Shot) (England) Regulations 1999 (“the 1999 Regulations”) which apply in relation to England only. The 1999 Regulations prohibit the use of lead shot for shooting with a shot gun—

- (a) on or over any area below the high-water mark of ordinary spring tides;
- (b) on or over the sites of special scientific interest included in Schedule 1 to the 1999 Regulations; or
