(England and Wales) Regulations 2016**

*Made - - - - 11th December 2016
Coming into force in accordance with
regulation 1(1)*

**THE ENVIRONMENTAL PERMITTING
(ENGLAND AND WALES) REGULATIONS 2016**

PART 1

General

1. Citation, commencement, extent and application
2. Interpretation: general
3. Interpretation: Directives
4. Exempt facilities and the application of section 33(1)(a) of the 1990 Act
5. Interpretation: exempt facilities
6. Interpretation: local authority
7. Interpretation: operate a regulated facility and operator
8. Interpretation: regulated facility and class of regulated facility
9. Interpretation: relevant function
10. Giving notices, notifications and directions, and the submission of forms

PART 2

Environmental permits

CHAPTER 1

Application to the Crown and requirement for an environmental permit

11. Application to the Crown
12. Requirement for an environmental permit

Changes to legislation: The Environmental Permitting (England and Wales) Regulations 2016 is up to date with all changes known to be in force on or before 29 May 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. CHAPTER 2

Grant of an environmental permit

13. Grant of an environmental permit
14. Content and form of an environmental permit
15. Conditions in relation to certain land
16. Mobile plant operating on the site of another regulated facility: conflict of permit conditions
17. Single site permits etc.
18. Consolidation of an environmental permit
19. Subsistence of an environmental permit

CHAPTER 3

Variation, transfer, revocation and surrender of an environmental permit

20. Variation of an environmental permit
21. Transfer of an environmental permit
22. Revocation of an environmental permit: general
23. Revocation of an environmental permit: steps to be taken after the revocation takes effect
24. Notification of the surrender of an environmental permit
25. Application for the surrender of an environmental permit

CHAPTER 4

Standard rules

26. Preparation and revision of standard rules
27. Standard rules as conditions of an environmental permit
28. Notification of revisions of standard rules
29. Revocation of standard rules
30. Variation of an environmental permit: revocation of standard rules

CHAPTER 5

Appeals in relation to environmental permits

31. Appeals to an appropriate authority

PART 3

Discharge of functions in relation to a regulated facility

32. Discharge of functions
33. Direction to a regulator: discharge of functions by a different regulator
34. Review of environmental permits and inspection of regulated facilities
35. Specific provisions applying to environmental permits

PART 4

Enforcement and offences

36. Enforcement notices

Changes to legislation: The Environmental Permitting (England and Wales) Regulations 2016 is up to date with all changes known to be in force on or before 29 May 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. 40. Defences
41. Offences by bodies corporate
42. Enforcement by the High Court
43. Admissibility of evidence
44. Power of court to order cause of offence to be remedied

PART 5

Public registers

45. Interpretation of this Part
46. Duty of the regulator to maintain a public register
47. Exclusion from public registers of information affecting national security
48. Exclusion from public registers of confidential information
49. Procedure if the regulator considers that information may be confidential
50. Duty to determine confidentiality
51. Determination of confidentiality
52. Procedure following a determination
53. Appeals in relation to confidentiality
54. Consequences of an appeal
55. Reconsideration of confidentiality
56. Directions of the appropriate authority in relation to confidentiality

PART 6

Powers and functions of the regulator and the appropriate authority

57. Power of the regulator to prevent or remedy pollution
58. Power of the regulator to prevent or remedy effects of flood risk activities
59. Appropriate agency: notices in relation to emissions to water
60. Appropriate agency: public participation statement
61. Power to require the provision of information
62. Directions to regulators, exemption registration authorities and exemption authorities: general
63. Reference of applications to an appropriate authority
64. Directions to the appropriate agency: installations outside the United Kingdom
65. Guidance to regulators, exemption registration authorities and exemption authorities
66. Fees and charges in relation to the exercise of regulator's functions by local authorities
67. Plans relating to emissions
68. Consultation in relation to works affecting flood and coastal erosion risks
69. Functions with respect to flood risk activities

Changes to legislation: The Environmental Permitting (England and Wales) Regulations 2016 is up to date with all changes known to be in force on or before 29 May 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. 12. Use of mulch (U12)
13. Spreading of plant matter to confer benefit (U13)
14. Incorporation of ash into soil (U14)
15. Pig and poultry ash (U15)
16. Use of depolluted end-of-life vehicles for vehicle parts (U16)

CHAPTER 3

Treatment of waste

SECTION 1

Introductory

1. (1) The descriptions in this Chapter— (a) are set out...

SECTION 2

Descriptions and specific conditions

1. Cleaning, washing, spraying or coating relevant waste (T1)
2. Recovery of textiles (T2)
3. Treatment of waste metals and metal alloys by heating for the purposes of removing grease etc. (T3)
4. Preparatory treatments (baling, sorting, shredding etc.) (T4)
5. Screening and blending of waste (T5)
6. Treatment of waste wood and waste plant matter by chipping, shredding, cutting or pulverising (T6)
7. Treatment of waste bricks, tiles and concrete by crushing, grinding or reducing in size (T7)
8. Mechanical treatment of end-of-life tyres (T8)
9. Recovery of scrap metal (T9)
10. Sorting mixed waste (T10)
11. Repair or refurbishment of WEEE (T11)
12. Manual treatment of waste (T12)
13. Treatment of waste food (T13)
14. Crushing and emptying waste vehicle oil filters (T14)
15. Treatment of waste aerosol cans (T15)
16. Treatment of waste toner cartridges and waste ink cartridges by sorting, dismantling, cleaning or refilling (T16)
17. Crushing waste fluorescent tubes (T17)
18. Dewatering using flocculants (T18)
19. Physical and chemical treatment of waste edible oil and fat to produce biodiesel (T19)
20. Treatment of waste at a water treatment works (T20)
21. Recovery of waste at a waste water treatment works (T21)
22. Recovery of central heating oil by filtration
23. Aerobic composting and associated prior treatment (T23)
24. Anaerobic digestion at premises used for agriculture and burning of resultant biogas (T24)

Changes to legislation: The Environmental Permitting (England and Wales) Regulations 2016 is up to date with all changes known to be in force on or before 29 May 2024. 25. Anaerobic digestion at premises not used for agriculture and burning of resultant biogas (T25)
26. Treatment of kitchen waste in a wormery (T26)
27. Treatment of sheep dip using organophosphate-degrading enzyme (T27)
28. Sorting and de-naturing of controlled drugs for disposal (T28)
29. Treatment of non-hazardous pesticide washings by carbon filtration for disposal (T29)
30. Recovery of silver (T30)
31. Recovery of monopropylene glycol from aircraft antifreeze fluids (T31)
32. Treatment of waste in a biobed or biofilter (T32)
33. Recovery of central heating oil by filtration (T33)

CHAPTER 4

Disposal of waste

SECTION 1

Introductory

1. (1) The descriptions in this Chapter— (a) are set out...

SECTION 2

Descriptions and specific conditions

1. Deposit of waste from dredging of inland waters (D1)
2. Deposit of waste from a railway sanitary convenience (D2)
3. Deposit of waste from a portable sanitary convenience (D3)
4. Deposit of agricultural waste consisting of plant tissue under a Plant Health notice (D4)
5. Depositing samples of waste for the purposes of testing or analysing them (D5)
6. Disposal by incineration (D6)
7. Burning waste in the open (D7)
8. Burning waste at a port under a Plant Health notice (D8)

CHAPTER 5

Storage of waste other than at the place of production pending its recovery or re-use

SECTION 1

Introductory

1. (1) The descriptions in this Chapter are set out in...

SECTION 2

Storage of waste

1. Storage of waste in secure containers (S1)
2. Storage of waste in a secure place (S2)
3. Storage of sludge (S3)
