| <i>Made</i> | - - - - | <i>at 11.00 a.m. on 11th December 2020</i> |

| <i>Coming into force</i> | - - | <i>14th December 2020</i> |

The Secretary of State makes the following Regulations in exercise of the powers conferred by sections 45C(1), 45C(3)(c) and (4)(d), 45D and 45P of the Public Health (Control of Disease) Act 1984(1).

These Regulations are made in response to the serious and imminent threat to public health which is posed by the incidence and spread of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) in England.

The Secretary of State considers that the restrictions and requirements imposed by the Health Protection (Coronavirus, Restrictions) (Self-Isolation) (England) Regulations 2020(2) and the Health Protection (Coronavirus, Restrictions) (All Tiers) (England) Regulations 2020(3) as amended by these Regulations are proportionate to what they seek to achieve, which is a public health response to that threat.

In accordance with section 45R of the Public Health (Control of Disease) Act 1984, the Secretary of State is of the opinion that, by reason of urgency, it is necessary to make these Regulations without a draft having been laid before, and approved by a resolution of, each House of Parliament.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These regulations make amendments to the Health Protection (Coronavirus, Restrictions) (Self-Isolation) (England) Regulations 2020 and the Health Protection (Coronavirus, Restrictions) (All Tiers) (England) Regulations 2020.

In particular, they provide that where an individual has been notified of a requirement to self-isolate as being a close contact of a person who has tested positive for coronavirus, the period of self-isolation is 10 days, instead of 14, as calculated under regulation 3 of the Health Protection (Coronavirus, Restrictions) (Self-Isolation) (England) Regulations 2020.

In addition, these regulations amend the provisions regarding when a person's period of self-isolation begins.

Where, in accordance with regulation 3 a person is self-isolating as a close contact on the commencement date of these regulations, these regulations operate to end the self-isolation period in accordance with the amendments made by these regulations, so that such a person may stop self-isolating earlier than they would otherwise have done.

These regulations amend the minimum period, as defined in the Health Protection (Coronavirus, Restrictions) (All Tiers) (England) Regulations 2020, that individuals within a linked household or a linked childcare household (as defined within those regulations) may not gather in reliance on being a linked household or a linked childcare household (as the case may be) before changing the household with which they are linked for either purpose.
