

COMMISSION DECISION**of 22 December 1970****on aid from the European Agricultural Guidance and Guarantee Fund, Guidance Section, under Article 12 of Regulation No 159/66/EEC****(Only the Italian text is authentic)****(71/34/EEC)**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 159/66/EEC¹ of 25 October 1966 laying down additional provisions on the common organization of the market in fruit and vegetables, and in particular Article 12 (4) thereof;

Whereas the third subparagraph of Article 12 (4) of Regulation No 159/66/EEC provides for payment to be made to the Italian Republic of an annual amount from the resources of the Guidance Section of the European Agricultural Guidance and Guarantee Fund equal to the difference between the sum of 40 million units of account and expenditure incurred in respect of intervention on the internal market; whereas this difference is paid under the same conditions as those laid down in Article 4 of Council Regulation No 130/66/EEC² of 26 July 1966 on the financing of the common agricultural policy;

Whereas the Italian Republic informed the Commission that its intervention expenditure during the 1968/69 accounting period amounted to 8 051 876 units of account, and whereas a sum of 31 948 124 units of account is therefore chargeable to the Guidance Section;

Whereas, however, this information is provisional and the final amount chargeable to the Guidance Section cannot be determined until the Commission has decided on the final figure for the aid from the Guarantee Section for the period in question; whereas the amount of 31 948 124 units of account will be subject to correction if necessary,

HAS ADOPTED THIS DECISION:

Article 1

Aid from the European Agricultural Guidance and Guarantee Fund, Guidance Section, to the Italian Republic for fruit and vegetables is fixed provisionally at 31 948 124 units of account for the 1968/69 accounting period.

Article 2

This Decision is addressed to the Italian Republic.

Done at Brussels, 22 December 1970.

For the Commission

COMMISSION COMMUNICATION**Granting of aid from the European Agricultural Guidance and Guarantee Fund, Guidance Section, for 1970, first instalment**

The available credits of the European Agricultural Guidance and Guarantee Fund, Guidance Section, for 1970 amount to a total of 285 million units of account. However, according to Article 3 (2) of Regulation (EEC) No 1534/69¹ of 29 July 1969, of that total only 160 million units of account are intended for financing projects within the meaning of Article 13 of Regulation No 17/64/EEC².

The Commission, having consulted the Fund Committee on the financial aspects and in particular on the finances available, and having obtained the Opinion of the Standing Committee on Agricultural Structures, the Commission accepted 148 applications for aid representing a total of 52 356 670 units of account.

The projects which were the subject of these applications and of which a list is attached seemed to it to be in accordance with the Community's interests, bearing in mind the priority laid down in Article 15 of Regulation No 17/64/EEC.

In accordance with Article 21 of Regulation No 17/64/EEC, the Commission Decisions granting EAGGF aid for the projects indicated below were communicated to the Member States concerned and to the beneficiaries.
