## FINAL ACT OF THE EUROPEAN ENERGY CHARTER CONFERENCE

- I. The final Plenary Session of the European Energy Charter Conference was held at Lisbon on 16 to 17 December 1994. Representatives of the Republic of Albania, the Republic of Armenia, Australia, the Republic of Austria, the Azerbaijani Republic, the Kingdom of Belgium, the Republic of Belarus, the Republic of Bulgaria, Canada, the Republic of Croatia, the Republic of Cyprus, the Czech Republic, the Kingdom of Denmark, the Republic of Estonia, the European Communities, the Republic of Finland, the French Republic, the Republic of Georgia, the Federal Republic of Germany, the Hellenic Republic, the Republic of Hungary, the Republic of Iceland, Ireland, the Italian Republic, Japan, the Republic of Kazakhstan, the Republic of Kyrgyzstan, the Republic of Latvia, the Principality of Liechtenstein, the Republic of Lithuania, the Grand Duchy of Luxembourg, the Republic of Malta, the Republic of Moldova, the Kingdom of the Netherlands, the Kingdom of Norway, the Republic of Poland, the Portuguese Republic, Romania, the Russian Federation, the Slovak Republic, the Republic of Slovenia, the Kingdom of Spain, the Kingdom of Sweden, the Swiss Confederation, the Republic of Tajikistan, the Republic of Turkey, Turkmenistan, Ukraine, the United Kingdom of Great Britain and Northern Ireland, the United States of America and the Republic of Uzbekistan (hereinafter referred to as 'the representatives') participated in the Conference, as did invited observers from certain countries and international organizations.

### BACKGROUND

- II. During the meeting of the European Council in Dublin in June 1990, the Prime Minister of the Netherlands suggested that economic recovery in eastern Europe and the then Union of Soviet Socialist Republics could be catalysed and accelerated by cooperation in the energy sector. This suggestion was welcomed by the Council, which invited the Commission of the European Communities to study how best to implement such cooperation. In February 1991 the Commission proposed the concept of a European Energy Charter.

Following discussion of the Commission's proposal in the Council of the European Communities, the European Communities invited the other countries of western and eastern Europe, of the Union of Soviet Socialist Republics and the non-European members of the Organization for Economic Cooperation and Development to attend a conference in Brussels in July 1991 to launch negotiations on the European Energy Charter. A number of other countries and international organizations were invited to attend the European Energy Charter Conference as observers.

Negotiations on the European Energy Charter were completed in 1991 and the Charter was adopted by signature of a Concluding Document at a conference held at The Hague on 16 to 17 December 1991. Signatories of the Charter, then or subsequently, include all those listed in Section I, other than observers.

The signatories of the European Energy Charter undertook:

- to pursue the objectives and principles of the Charter and implement and broaden their cooperation as soon as possible by negotiating in good faith a Basic Agreement and Protocols.

The European Energy Charter Conference accordingly began negotiations on a Basic Agreement — later called the Energy Charter Treaty — designed to promote east-west industrial cooperation by providing legal safeguards in areas such as investment, transit and trade. It also began negotiations on Protocols in the fields of energy efficiency, nuclear safety and

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

hydrocarbons, although in the last case negotiations were later suspended until completion of the Energy Charter Treaty.

Negotiations on the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects were successfully completed in 1994.

#### **THE ENERGY CHARTER TREATY**

- III. As a result of its deliberations the European Energy Charter Conference has adopted the text of the Energy Charter Treaty (hereinafter referred to as the 'Treaty') which is set out in Annex 1 and Decisions with respect thereto which are set out in Annex 2, and agreed that the Treaty would be open for signature at Lisbon from 17 December 1994 to 16 June 1995.

#### **UNDERSTANDINGS**

- IV. By signing the Final Act, the representatives agreed to adopt the following understandings with respect to the Treaty:

1. **With respect to the Treaty as a whole**

- (a) The representatives underline that the provisions of the Treaty have been agreed upon bearing in mind the specific nature of the Treaty aiming at a legal framework to promote long-term cooperation in a particular sector and as a result cannot be construed to constitute a precedent in the context of other international negotiations.
- (b) The provisions of the Treaty do not:
- (i) oblige any Contracting Party to introduce mandatory third party access; or
  - (ii) prevent the use of pricing systems which, within a particular category of consumers, apply identical prices to customers in different locations.
- (c) Derogations from most favoured nation treatment are not intended to cover measures which are specific to an investor or group of investors, rather than applying generally.

2. **With respect to Article 1 (5)**

- (a) It is understood that the Treaty confers no rights to engage in economic activities other than economic activities in the energy sector.
- (b) The following activities are illustrative of economic activity in the energy sector:
- (i) prospecting and exploration for, and extraction of, e.g., oil, gas, coal and uranium;
  - (ii) construction and operation of power generation facilities, including those powered by wind and other renewable energy sources;
  - (iii) land transportation, distribution, storage and supply of energy materials and products, e.g., by way of transmission and distribution grids and pipelines or dedicated rail lines, and construction of facilities for such, including the laying of oil, gas, and coal-slurry pipelines;
  - (iv) removal and disposal of wastes from energy related facilities such as power stations, including radioactive wastes from nuclear power stations;
  - (v) decommissioning of energy related facilities, including oil rigs, oil refineries and power generating plants;

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

- (vi) marketing and sale of, and trade in energy materials and products, e.g., retail sales of gasoline; and
- (vii) research, consulting, planning, management and design activities related to the activities mentioned above, including those aimed at improving energy efficiency.

3. **With respect to Article 1 (6)**

For greater clarity as to whether an investment made in the area of one Contracting Party is controlled, directly or indirectly, by an investor of any other Contracting Party, control of an investment means control in fact, determined after an examination of the actual circumstances in each situation. In any such examination, all relevant factors should be considered, including the investor's:

- (a) financial interest, including equity interest, in the investment;
- (b) ability to exercise substantial influence over the management and operation of the investment; and
- (c) ability to exercise substantial influence over the selection of members of the board of directors or any other managing body.

Where there is doubt as to whether an investor controls, directly or indirectly, an investment, an investor claiming such control has the burden of proof that such control exists.

4. **With respect to Article 1 (8)**

Consistent with Australia's foreign investment policy, the establishment of a new mining or raw materials processing project in Australia with total investment of \$A 10 million or more by a foreign interest, even where that foreign interest is already operating a similar business in Australia, is considered as the making of a new investment.

5. **With respect to Article 1 (12)**

The representatives recognize the necessity for adequate and effective protection of intellectual property rights according to the highest internationally-accepted standards.

6. **With respect to Article 5 (1)**

The representatives' agreement to Article 5 is not meant to imply any position on whether or to what extent the provisions of the 'Agreement on Trade-Related Investment Measures' annexed to the Final Act of the Uruguay Round of Multilateral Trade Negotiations are implicit in Articles III and XI of the General Agreement on Tariffs and Trade (GATT).

7. **With respect to Article 6**

- (a) The unilateral and concerted anticompetitive conduct referred to in Article 6 (2) are to be defined by each Contracting Party in accordance with its laws and may include exploitative abuses.
- (b) 'Enforcement' and 'enforces' include action under the competition laws of a Contracting Party by way of investigation, legal proceeding, or administrative action as well as by way of any decision or further law granting or continuing an authorization.

8. **With respect to Article 7 (4)**

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

The applicable legislation would include provisions on environmental protection, land use, safety, or technical standards.

**9. With respect to Articles 9, 10 and Part V**

As a Contracting Party's programmes which provide for public loans, grants, guarantees or insurance for facilitating trade or investment abroad are not connected with investment or related activities of investors from other Contracting Parties in its area, such programmes may be subject to constraints with respect to participation in them.

**10. With respect to Article 10 (4)**

The supplementary treaty will specify conditions for applying the treatment described in Article 10 (3). Those conditions will include, *inter alia*, provisions relating to the sale or other divestment of state assets (privatization) and to the dismantling of monopolies (demonopolization).

**11. With respect to Articles 10 (4) and 29 (6)**

Contracting Parties may consider any connection between the provisions of Article 10 (4) and Article 29 (6).

**12. With respect to Article 14 (5)**

It is intended that a Contracting Party which enters into an agreement referred to in Article 14 (5) ensure that the conditions of such an agreement are not in contradiction with that Contracting Party's obligations under the Articles of Agreement of the International Monetary Fund.

**13. With respect to Article 19 (1) (i)**

It is for each Contracting Party to decide the extent to which the assessment and monitoring of environmental impacts should be subject to legal requirements, the authorities competent to take decisions in relation to such requirements, and the appropriate procedures to be followed.

**14. With respect to Articles 22 and 23**

With regard to trade in energy materials and products governed by Article 29, that Article specifies the provisions relevant to the subjects covered by Articles 22 and 23.

**15. With respect to Article 24**

Exceptions contained in the GATT and Related Instruments apply between particular Contracting Parties which are parties to the GATT, as recognized by Article 4. With respect to trade in energy materials and products governed by Article 29, that Article specifies the provisions relevant to the subjects covered by Article 24.

**16. With respect to Article 26 (2) (a)**

Article 26 (2) (a) should not be interpreted to require a Contracting Party to enact Part III of the Treaty into its domestic law.

**17. With respect to Articles 26 and 27**

The reference to treaty obligations in the penultimate sentence of Article 10 (1) does not include decisions taken by international organizations, even if they are legally binding, or treaties which entered into force before 1 January 1970.

**18. With respect to Article 29 (2) (a)**

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

- (a) Where a provision of GATT 1947 or a Related Instrument referred to in this paragraph provides for joint action by parties to the GATT, it is intended that the Charter Conference take such action.
- (b) The notion ‘applied on 1 March 1994 and practised with regard to energy materials and products by parties to GATT 1947 among themselves’ is not intended to refer to cases where a party to the GATT has invoked Article XXXV of the GATT, thereby disapplying the GATT *vis-à-vis* another party to the GATT, but nevertheless applies unilaterally on a *de facto* basis some provisions of the GATT *vis-à-vis* that other party to the GATT.

19. **With respect to Article 33**

The provisional Charter Conference should at the earliest possible date decide how best to give effect to the goal of Title III of the European Energy Charter that Protocols be negotiated in areas of cooperation such as those listed in Title III of the Charter.

20. **With respect to Article 34**

- (a) The provisional Secretary-General should make immediate contact with other international bodies in order to discover the terms on which they might be willing to undertake tasks arising from the Treaty and the Charter. The provisional Secretary-General might report back to the provisional Charter Conference at the meeting which Article 45 (4) requires to be convened not later than 180 days after the opening date for signature of the Treaty.
- (b) The Charter Conference should adopt the annual budget before the beginning of the financial year.

21. **With respect to Article 34 (3) (m)**

The technical changes to Annexes might for instance include, delisting of non-signatories or of signatories that have evinced their intention not to ratify, or additions to Annexes N and VC. It is intended that the Secretariat would propose such changes to the Charter Conference when appropriate.

22. **With respect to Annex TFU (1)**

- (a) If some of the parties to an agreement referred to in paragraph 1 have not signed or acceded to the Treaty at the time required for notification, those parties to the agreement which have signed or acceded to the Treaty may notify on their behalf.
- (b) The need in general for notification of agreements of a purely commercial nature is not foreseen because such agreements should not raise a question of compliance with Article 29 (2) (a), even when they are entered into by state agencies. The Charter Conference could, however, clarify for purposes of Annex TFU which types of agreements referred to in Article 29 (2) (b) require notification under the Annex and which types do not.

**DECLARATIONS**

V. The representatives declared that Article 18 (2) shall not be construed to allow the circumvention of the application of the other provisions of the Treaty.

VI. The representatives also noted the following declarations that were made with respect to the Treaty:

1. **With respect to Article 1 (6)**

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

The Russian Federation wishes to have reconsidered, in negotiations with regard to the supplementary treaty referred to in Article 10 (4), the question of the importance of national legislation with respect to the issue of control as expressed in the understanding to Article 1 (6).

## 2. **With respect to Articles 5 and 10 (11)**

Australia notes that the provisions of Articles 5 and 10 (11) do not diminish its rights and obligations under the GATT, including as elaborated in the Uruguay Round Agreement on Trade-Related Investment Measures, particularly with respect to the list of exceptions in Article 5 (3), which it considers incomplete.

Australia further notes that it would not be appropriate for dispute settlement bodies established under the Treaty to give interpretations of GATT Articles III and XI in the context of disputes between parties to the GATT or between an investor of a party to the GATT and another party to the GATT. It considers that with respect to the application of Article 10 (11) between an investor and a party to the GATT, the only issue that can be considered under Article 26 is the issue of the awards of arbitration in the event that a GATT panel or the WTO dispute settlement body first establishes that a trade-related investment measure maintained by the Contracting Party is inconsistent with its obligations under the GATT or the Agreement on Trade-Related Investment Measures.

## 3. **With respect to Article 7**

The European Communities and their Member States and Austria, Norway, Sweden and Finland declare that the provisions of Article 7 are subject to the conventional rules of international law on jurisdiction over submarine cables and pipelines or, where there are no such rules, to general international law.

They further declare that Article 7 is not intended to affect the interpretation of existing international law on jurisdiction over submarine cables and pipelines, and cannot be considered as doing so.

## 4. **With respect to Article 10**

Canada and the United States of America each affirm that they will apply the provisions of Article 10 in accordance with the following considerations:

For the purposes of assessing the treatment which must be accorded to investors of other Contracting Parties and their investments, the circumstances will need to be considered on a case-by-case basis. A comparison between the treatment accorded to investors of one Contracting Party, or the investments of investors of one Contracting Party, and the investments or investors of another Contracting Party, is only valid if it is made between investors and investments in similar circumstances. In determining whether differential treatment of investors or investments is consistent with Article 10, two basic factors must be taken into account.

The first factor is the policy objectives of Contracting Parties in various fields in so far as they are consistent with the principles of non-discrimination set out in Article 10. Legitimate policy objectives may justify differential treatment of foreign investors or their investments in order to reflect a dissimilarity of relevant circumstances between those investors and investments and their domestic counterparts. For example, the objective of ensuring the integrity of a country's financial system would justify reasonable prudential measures with respect to foreign investors or investments, where such measures would be unnecessary to ensure the attainment of the same objectives in so far as domestic investors or investments are concerned. Those foreign investors or their investments would thus not be 'in similar circumstances' to domestic investors or their investments. Thus, even if such a measure accorded differential treatment, it would not be contrary to Article 10.

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

The second factor is the extent to which the measure is motivated by the fact that the relevant investor or investment is subject to foreign ownership or under foreign control. A measure aimed specifically at investors because they are foreign, without sufficient countervailing policy reasons consistent with the preceding paragraph, would be contrary to the principles of Article 10. The foreign investor or investment would be ‘in similar circumstances’ to domestic investors and their investments, and the measure would be contrary to Article 10.

#### 5. **With respect to Article 25**

The European Communities and their Member States recall that, in accordance with Article 58 of the Treaty establishing the European Community:

- (a) companies or firms formed in accordance with the law of a Member State and having their registered office, central administration or principal place of business within the Community shall, for the right of establishment pursuant to Part Three, Title III, Chapter 2 of the Treaty establishing the European Community, be treated in the same way as natural persons who are nationals of Member States; companies or firms which only have their registered office within the Community must, for this purpose, have an effective and continuous link with the economy of one of the Member States;
- (b) ‘companies and firms’ means companies or firms constituted under civil or commercial law, including cooperative societies, and other legal persons governed by public or private law, save for those which are non-profitmaking.

The European Communities and their Member States further recall that:

Community law provides for the possibility to extend the treatment described above to branches and agencies of companies or firms not established in one of the Member States; and that, the application of Article 25 of the Energy Charter Treaty will allow only those derogations necessary to safeguard the preferential treatment resulting from the wider process of economic integration resulting from the Treaties establishing the European Communities.

#### 6. **With respect to Article 40**

Denmark recalls that the European Energy Charter does not apply to Greenland and the Faroe Islands until notice to this effect has been received from the local governments of Greenland and the Faroe Islands.

In this respect Denmark affirms that Article 40 of the Treaty applies to Greenland and the Faroe Islands.

#### 7. **With respect to Annex G (4)**

- (a) The European Communities and the Russian Federation declare that trade in nuclear materials between them shall be governed, until they reach another agreement, by the provisions of Article 22 of the Agreement on Partnership and Cooperation establishing a partnership between the European Communities and their Member States, of the one part, and the Russian Federation, of the other part, signed at Corfu on 24 June 1994, the exchange of letters attached thereto and the related joint declaration, and disputes regarding such trade will be subject to the procedures of the said Agreement.
- (b) The European Communities and Ukraine declare that, in accordance with the Partnership and Cooperation Agreement signed at Luxembourg on 14 June 1994 and the Interim Agreement thereto, initialled there the same day, trade in nuclear materials between them shall be exclusively governed by the provisions of a specific agreement to be concluded between the European Atomic Energy Community and Ukraine.

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

Until entry into force of this specific agreement, the provisions of the Agreement on Trade and Economic and Commercial Cooperation between the European Economic Community, the European Atomic Energy Community and the Union of Soviet Socialist Republics signed at Brussels on 18 December 1989 shall exclusively continue to apply to trade in nuclear materials between them.

- (c) The European Communities and Kazakhstan declare that, in accordance with the Partnership and Cooperation Agreement initialled at Brussels on 20 May 1994, trade in nuclear materials between them shall be exclusively governed by the provisions of a specific agreement to be concluded between the European Atomic Energy Community and Kazakhstan.

Until entry into force of this specific agreement, the provisions of the Agreement on Trade and Economic and Commercial Cooperation between the European Economic Community, the European Atomic Energy Community and the Union of Soviet Socialist Republics signed at Brussels on 18 December 1989 shall exclusively continue to apply to trade in nuclear materials between them.

- (d) The European Communities and Kyrgyzstan declare that, in accordance with the Agreement on Partnership and Cooperation initialled at Brussels on 31 May 1994, trade in nuclear materials between them shall be exclusively governed by the provisions of a specific agreement to be concluded between the European Atomic Energy Community and Kyrgyzstan.

Until entry into force of this specific agreement, the provisions of the Agreement on Trade and Economic and Commercial Cooperation between the European Economic Community, the European Atomic Energy Community and the Union of Soviet Socialist Republics signed at Brussels on 18 December 1989 shall exclusively continue to apply to trade in nuclear materials between them.

- (e) The European Communities and Tajikistan declare that trade in nuclear materials between them shall be exclusively governed by the provisions of a specific agreement to be concluded between the European Atomic Energy Community and Tajikistan.

Until entry into force of this specific agreement, the provisions of the Agreement on Trade and Economic and Commercial Cooperation between the European Economic Community, the European Atomic Energy Community and the Union of Soviet Socialist Republics signed at Brussels on 18 December 1989 shall exclusively continue to apply to trade in nuclear materials between them.

- (f) The European Communities and Uzbekistan declare that trade in nuclear materials between them shall be exclusively governed by the provisions of a specific agreement to be concluded between the European Atomic Energy Community and Uzbekistan.

Until entry into force of this specific agreement, the provisions of the Agreement on Trade and Economic and Commercial Cooperation between the European Economic Community, the European Atomic Energy Community and the Union of Soviet Socialist Republics signed at Brussels on 18 December 1989 shall exclusively continue to apply to trade in nuclear materials between them.

## **THE ENERGY CHARTER PROTOCOL ON ENERGY EFFICIENCY AND RELATED ENVIRONMENTAL ASPECTS**

- VII. The European Energy Charter Conference has adopted the text of the Energy Charter Protocol on energy efficiency and related environmental aspects which is set out in Annex 3.

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

## THE EUROPEAN ENERGY CHARTER

VIII. The provisional Charter Conference and the Charter Conference provided for in the Treaty shall henceforth be responsible for making decisions on requests to sign the Concluding Document of The Hague Conference on the European Energy Charter and the European Energy Charter adopted thereby.

### DOCUMENTATION

XI. The records of negotiations of the European Energy Charter Conference will be deposited with the Secretariat.

## ANNEX 1

### THE ENERGY CHARTER TREATY

#### Preamble

THE CONTRACTING PARTIES TO THIS TREATY,

Having regard to the Charter of Paris for a New Europe signed on 21 November 1990,

Having regard to the European Energy Charter adopted in the Concluding Document of the Hague Conference on the European Energy Charter signed at The Hague on 17 December 1991,

Recalling that all signatories to the Concluding Document of the Hague Conference undertook to pursue the objectives and principles of the European Energy Charter and implement and broaden their cooperation as soon as possible by negotiating in good faith an Energy Charter Treaty and Protocols, and desiring to place the commitments contained in that Charter on a secure and binding international legal basis;

Desiring also to establish the structural framework required to implement the principles enunciated in the European Energy Charter;

Wishing to implement the basic concept of the European Energy Charter initiative which is to catalyse economic growth by means of measures to liberalize investment and trade in energy;

Affirming that Contracting Parties attach the utmost importance to the effective implementation of full national treatment and most favoured nation treatment, and that these commitments will be applied to the making of investments pursuant to a supplementary treaty,

Having regard to the objective of progressive liberalization of international trade and to the principle of avoidance of discrimination in international trade as enunciated in the General Agreement on Tariffs and Trade and its Related Instruments and as otherwise provided for in this Treaty;

Determined progressively to remove technical, administrative and other barriers to trade in energy materials and products and related equipment, technologies and services;

Looking to the eventual membership in the General Agreement on Tariffs and Trade of those Contracting Parties which are not currently parties thereto and concerned to provide interim trade arrangements which will assist those Contracting Parties and not impede their preparation for such membership;

Mindful of the rights and obligations of certain Contracting Parties which are also parties to the General Agreement on Tariffs and Trade and its Related Instruments;

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

Having regard to competition rules concerning mergers, monopolies, anti-competitive practices and abuse of dominant position,

Having regard also to the Treaty on the Non-Proliferation of Nuclear Weapons, the Nuclear Suppliers Guidelines and other international nuclear non-proliferation obligations or understandings,

Recognizing the necessity for the most efficient exploration, production, conversion, storage, transport, distribution and use of energy;

Recalling the United Nations Framework Convention on Climate Change, the Convention on Long-Range Transboundary Air Pollution and its protocols, and other international environmental agreements with energy-related aspects; and

Recognizing the increasingly urgent need for measures to protect the environment, including the decommissioning of energy installations and waste disposal, and for internationally-agreed objectives and criteria for these purposes,

HAVE AGREED AS FOLLOWS:

## PART I

### DEFINITIONS AND PURPOSE

#### *Article 1*

#### **Definitions**

As used in this Treaty:

1. 'Charter' means the European Energy Charter adopted in the Concluding Document of the Hague Conference on the European Energy Charter signed at The Hague on 17 December 1991; signature of the Concluding Document is considered to be signature of the Charter.
2. 'Contracting Party' means a State or Regional Economic Integration Organization which has consented to be bound by this Treaty and for which the Treaty is in force.
3. 'Regional Economic Integration Organization' means an organization constituted by States to which they have transferred competence over certain matters a number of which are governed by this Treaty, including the authority to take decisions binding on them in respect of those matters.
4. 'Energy materials and products', based on the Harmonized System of the Customs Cooperation Council and the combined nomenclature of the European Communities, means the items included in Annex EM.
5. 'Economic activity in the energy sector' means an economic activity concerning the exploration, extraction, refining, production, storage, land transport, transmission, distribution, trade, marketing, or sale of energy materials and products except those included in Annex NI, or concerning the distribution of heat to multiple premises.
6. 'Investment' means every kind of asset, owned or controlled directly or indirectly by an investor and includes:

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

- (a) tangible and intangible, and movable and immovable, property, and any property rights such as leases, mortgages, liens, and pledges;
- (b) a company or business enterprise, or shares, stock, or other forms of equity participation in a company or business enterprise, and bonds and other debt of a company or business enterprise;
- (c) claims to money and claims to performance pursuant to contract having an economic value and associated with an investment;
- (d) intellectual property;
- (e) returns;
- (f) any right conferred by law or contract or by virtue of any licences and permits granted pursuant to law to undertake any economic activity in the energy sector.

A change in the form in which assets are invested does not affect their character as investments and the term 'investment' includes all investments, whether existing at or made after the later of the date of entry into force of this Treaty for the Contracting Party of the investor making the investment and that for the Contracting Party in the area of which the investment is made (hereinafter referred to as the 'effective date') provided that the Treaty shall only apply to matters affecting such investments after the effective date.

'Investment' refers to any investment associated with an economic activity in the energy sector and to investments or classes of investments designated by a Contracting Party in its area as 'Charter efficiency projects' and so notified to the Secretariat.

7. 'Investor' means:
- (a) with respect to a Contracting Party:
    - (i) a natural person having the citizenship or nationality of or who is permanently residing in that Contracting Party in accordance with its applicable law;
    - (ii) a company or other organization organized in accordance with the law applicable in that Contracting Party;
  - (b) with respect to a 'third State', a natural person, company or other organization which fulfils, *mutatis mutandis*, the conditions specified in subparagraph (a) for a Contracting Party.
8. 'Make investments' or 'making of investments' means establishing new investments, acquiring all or part of existing investments or moving into different fields of investment activity.
9. 'Returns' means the amounts derived from or associated with an investment, irrespective of the form in which they are paid, including profits, dividends, interest, capital gains, royalty payments, management, technical assistance or other fees and payments in kind.
10. 'Area' means with respect to a State that is a Contracting Party:

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

- (a) the territory under its sovereignty, it being understood that territory includes land, internal waters and the territorial sea; and
- (b) subject to and in accordance with the international law of the sea: the sea, sea-bed and its subsoil with regard to which that Contracting Party exercises sovereign rights and jurisdiction.

With respect to a Regional Economic Integration Organization which is a Contracting Party, area means the areas of the Member States of such Organization, under the provisions contained in the agreement establishing that Organization.

- 11. (a) 'GATT' means 'GATT 1947' or 'GATT 1994', or both of them where both are applicable.
- (b) 'GATT 1947' means the General Agreement on Tariffs and Trade, dated 30 October 1947, annexed to the Final Act Adopted at the Conclusion of the Second Session of the Preparatory Committee of the United Nations Conference on Trade and Employment, as subsequently rectified, amended or modified.
- (c) 'GATT 1994' means the General Agreement on Tariffs and Trade as specified in Annex 1A of the Agreement Establishing the World Trade Organization, as subsequently rectified, amended or modified.

A party to the Agreement Establishing the World Trade Organization is considered to be a party to GATT 1994.

- (d) 'Related Instruments' means, as appropriate:
  - (i) agreements, arrangements or other legal instruments, including decisions, declarations and understandings, concluded under the auspices of GATT 1947 as subsequently rectified, amended or modified; or
  - (ii) the Agreement Establishing the World Trade Organization including its Annex 1 (except GATT 1994), its Annexes 2, 3 and 4, and the decisions, declarations and understandings related thereto, as subsequently rectified, amended or modified.

- 12. 'Intellectual property' includes copyrights and related rights, trademarks, geographical indications, industrial designs, patents, layout designs of integrated circuits and the protection of undisclosed information.

- 13. (a) 'Energy Charter Protocol' or 'Protocol' means a treaty, the negotiation of which is authorized and the text of which is adopted by the Charter Conference, which is entered into by two or more Contracting Parties in order to complement, supplement, extend or amplify the provisions of this Treaty with respect to any specific sector or category of activity within the scope of this Treaty, or to areas of cooperation pursuant to Title III of the Charter.
- (b) 'Energy Charter Declaration' or 'Declaration' means a non-binding instrument, the negotiation of which is authorized and the text of which is approved by the Charter Conference, which is entered into by two or more Contracting Parties to complement or supplement the provisions of this Treaty.

---

*Changes to legislation:* There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. ---

14. 'Freely convertible currency' means a currency which is widely traded in international foreign exchange markets and widely used in international transactions.

### *Article 2*

#### **Purpose of the Treaty**

This Treaty establishes a legal framework in order to promote long-term cooperation in the energy field, based on complementarities and mutual benefits, in accordance with the objectives and principles of the Charter.

### PART II

#### **COMMERCE**

### *Article 3*

#### **International markets**

The Contracting Parties shall work to promote access to international markets on commercial terms, and generally to develop an open and competitive market, for energy materials and products.

### *Article 4*

#### **Non-derogation from GATT and Related Instruments**

Nothing in this Treaty shall derogate, as between particular Contracting Parties which are parties to the GATT, from the provisions of the GATT and Related Instruments as they are applied between those Contracting Parties.

### *Article 5*

#### **Trade-related investment measures**

1 A Contracting Party shall not apply any trade-related investment measure that is inconsistent with the provisions of Article III or XI of the GATT; this shall be without prejudice to the Contracting Party's rights and obligations under the GATT and Related Instruments and Article 29.

2 Such measures include any investment measure which is mandatory or enforceable under domestic law or under any administrative ruling, or compliance with which is necessary to obtain an advantage, and which requires:

3 Nothing in paragraph 1 shall be construed to prevent a Contracting Party from applying the trade-related investment measures described in subparagraphs 2 (a) and (c) as a condition of eligibility for export promotion, foreign aid, government procurement or preferential tariff or quota programmes.

4 Notwithstanding paragraph 1, a Contracting Party may temporarily continue to maintain trade-related investment measures which were in effect more than 180 days before its

(See end of Document for details)

---

signature of this Treaty, subject to the notification and phase-out provisions set out in Annex TRM.

### *Article 6*

#### **Competition**

1 Each Contracting Party shall work to alleviate market distortions and barriers to competition in economic activity in the energy sector.

2 Each Contracting Party shall ensure that within its jurisdiction it has and enforces such laws as are necessary and appropriate to address unilateral and concerted anti-competitive conduct in economic activity in the energy sector.

3 Contracting Parties with experience in applying competition rules shall give full consideration to providing, upon request and within available resources, technical assistance on the development and implementation of competition rules to other Contracting Parties.

4 Contracting Parties may cooperate in the enforcement of their competition rules by consulting and exchanging information.

5 If a Contracting Party considers that any specified anti-competitive conduct carried out within the area of another Contracting Party is adversely affecting an important interest relevant to the purposes identified in this Article, the Contracting Party may notify the other Contracting Party and may request that its competition authorities initiate appropriate enforcement action. The notifying Contracting Party shall include in such notification sufficient information to permit the notified Contracting Party to identify the anti-competitive conduct that is the subject of the notification and shall include an offer of such further information and cooperation as the notifying Contracting Party is able to provide. The notified Contracting Party or, as the case may be, the relevant competition authorities may consult with the competition authorities of the notifying Contracting Party and shall accord full consideration to the request of the notifying Contracting Party in deciding whether or not to initiate enforcement action with respect to the alleged anti-competitive conduct identified in the notification. The notified Contracting Party shall inform the notifying Contracting Party of its decision or the decision of the relevant competition authorities and may if it wishes inform the notifying Contracting Party of the grounds for the decision. If enforcement action is initiated, the notified Contracting Party shall advise the notifying Contracting Party of its outcome and, to the extent possible, of any significant interim development.

6 Nothing in this Article shall require the provision of information by a Contracting Party contrary to its laws regarding disclosure of information, confidentiality or business secrecy.

7 The procedures set forth in paragraph 5 and Article 27 (1) shall be the exclusive means within this Treaty of resolving any disputes that may arise over the implementation or interpretation of this Article.

### *Article 7*

#### **Transit**

1 Each Contracting Party shall take the necessary measures to facilitate the transit of energy materials and products consistent with the principle of freedom of transit and without distinction as to the origin, destination or ownership of such energy materials and products

---

*Changes to legislation:* There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

or discrimination as to pricing on the basis of such distinctions, and without imposing any unreasonable delays, restrictions or charges.

2 Contracting Parties shall encourage relevant entities to cooperate in:

3 Each Contracting Party undertakes that its provisions relating to transport of energy materials and products and the use of energy transport facilities shall treat energy materials and products in transit in no less favourable a manner than its provisions treat such materials and products originating in or destined for its own area, unless an existing international agreement provides otherwise.

4 In the event that transit of energy materials and products cannot be achieved on commercial terms by means of energy transport facilities the Contracting Parties shall not place obstacles in the way of new capacity being established, except as may be otherwise provided in applicable legislation which is consistent with paragraph 1.

5 A Contracting Party through whose area energy materials and products may transit shall not be obliged to

6 A Contracting Party through whose area energy materials and products transit shall not, in the event of a dispute over any matter arising from that transit, interrupt or reduce, permit any entity subject to its control to interrupt or reduce, or require any entity subject to its jurisdiction to interrupt or reduce the existing flow of energy materials and products prior to the conclusion of the dispute resolution procedures set out in paragraph 7, except where this is specifically provided for in a contract or other agreement governing such transit or permitted in accordance with the conciliator's decision.

7 The following provisions shall apply to a dispute described in paragraph 6, but only following the exhaustion of all relevant contractual or other dispute resolution remedies previously agreed between the Contracting Parties party to the dispute or between any entity referred to in paragraph 6 and an entity of another Contracting Party party to the dispute:

8 Nothing in this Article shall derogate from a Contracting Party's rights and obligations under international law including customary international law, existing bilateral or multilateral agreements, including rules concerning submarine cables and pipelines.

9 This Article shall not be so interpreted as to oblige any Contracting Party which does not have a certain type of energy transport facilities used for transit to take any measure under this Article with respect to that type of energy transport facilities. Such a Contracting Party is, however, obliged to comply with paragraph 4.

10 For the purposes of this Article:

### *Article 8*

#### **Transfer of technology**

1 The Contracting Parties agree to promote access to and transfer of energy technology on a commercial and non-discriminatory basis to assist effective trade in energy materials and products and investment and to implement the objectives of the Charter subject to their laws and regulations, and to the protection of intellectual property rights.

2 Accordingly, to the extent necessary to give effect to paragraph 1 the Contracting Parties shall eliminate existing and create no new obstacles to the transfer of technology in the field of energy materials and products and related equipment and services, subject to non-proliferation and other international obligations.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

## Article 9

### Access to capital

1 The Contracting Parties acknowledge the importance of open capital markets in encouraging the flow of capital to finance trade in energy materials and products and for the making of and assisting with regard to investments in economic activity in the energy sector in the areas of other Contracting Parties, particularly those with economies in transition. Each Contracting Party shall accordingly endeavour to promote conditions for access to its capital market by companies and nationals of other Contracting Parties, for the purpose of financing trade in energy materials and products and for the purpose of investment in economic activity in the energy sector in the areas of those other Contracting Parties, on a basis no less favourable than that which it accords in like circumstances to its own companies and nationals or companies and nationals of any other Contracting Party or any third State, whichever is the most favourable.

2 A Contracting Party may adopt and maintain programmes providing for access to public loans, grants, guarantees or insurance for facilitating trade or investment abroad. It shall make such facilities available, consistent with the objectives, constraints and criteria of such programmes (including any objectives, constraints or criteria relating to the place of business of an applicant for any such facility or the place of delivery of goods or services supplied with the support of any such facility) for investments in the economic activity in the energy sector of other Contracting Parties or for financing trade in energy materials and products with other Contracting Parties.

3 Contracting Parties shall, in implementing programmes in economic activity in the energy sector to improve the economic stability and investment climates of the Contracting Parties, seek as appropriate to encourage the operations and take advantage of the expertise of relevant international financial institutions.

4 Nothing in this Article shall prevent:

## PART III

### INVESTMENT PROMOTION AND PROTECTION

## Article 10

### Promotion, protection and treatment of investments

1 Each Contracting Party shall, in accordance with the provisions of this Treaty, encourage and create stable, equitable, favourable and transparent conditions for investors of other Contracting Parties to make investments in its area. Such conditions shall include a commitment to accord at all times to investments of investors of other Contracting Parties fair and equitable treatment. Such investments shall also enjoy the most constant protection and security and no Contracting Party shall in any way impair by unreasonable or discriminatory measures their management, maintenance, use, enjoyment or disposal. In no case shall such investments be accorded treatment less favourable than that required by international law, including treaty obligations. Each Contracting Party shall observe any obligations it has entered into with an investor or an investment of an investor of any other Contracting Party.

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

2 Each Contracting Party shall endeavour to accord to investors of other Contracting Parties, as regards the making of investments in its area, the treatment described in paragraph 3.

3 For the purposes of this Article, ‘treatment’ means treatment accorded by a Contracting Party which is no less favourable than that which it accords to its own investors or to investors of any other Contracting Party or any third State, whichever is the most favourable.

4 A supplementary treaty shall, subject to conditions to be laid down therein, oblige each party thereto to accord to investors of other parties, as regards the making of investments in its area, the treatment described in paragraph 3. That treaty shall be open for signature by the States and Regional Economic Integration Organizations which have signed or acceded to this Treaty. Negotiations towards the supplementary treaty shall commence not later than 1 January 1995, with a view to concluding it by 1 January 1998.

5 Each Contracting Party shall, as regards the making of investments in its area, endeavour to:

6

7 Each Contracting Party shall accord to investments in its area of investors of other Contracting Parties, and their related activities including management, maintenance, use, enjoyment or disposal, treatment no less favourable than that which it accords to investments of its own investors or of the investors of any other Contracting Party or any third State and their related activities including management, maintenance, use, enjoyment or disposal, whichever is the most favourable.

8 The modalities of application of paragraph 7 in relation to programmes under which a Contracting Party provides grants or other financial assistance, or enters into contracts, for energy technology research and development, shall be reserved for the supplementary treaty described in paragraph 4. Each Contracting Party shall through the Secretariat keep the Charter Conference informed of the modalities it applies to the programmes described in this paragraph.

9 Each State or Regional Economic Integration Organization which signs or accedes to this Treaty shall, on the date it signs the Treaty or deposits its instrument of accession, submit to the Secretariat a report summarizing all laws, regulations or other measures relevant to:

10 Notwithstanding any other provision of this Article, the treatment described in paragraphs 3 and 7 shall not apply to the protection of intellectual property; instead, the treatment shall be as specified in the corresponding provisions of the applicable international agreements for the protection of intellectual property rights to which the respective Contracting Parties are parties.

11 For the purposes of Article 26, the application by a Contracting Party of a trade-related investment measure as described in Article 5 (1) and (2) to an investment of an investor of another Contracting Party existing at the time of such application shall, subject to Article 5 (3) and (4), be considered a breach of an obligation of the former Contracting Party under this part.

12 Each Contracting Party shall ensure that its domestic law provides effective means for the assertion of claims and the enforcement of rights with respect to investments, investment agreements, and investment authorizations.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

## Article 11

### Key personnel

1 A Contracting Party shall, subject to its laws and regulations relating to the entry, stay and work of natural persons, examine in good faith requests by investors of another Contracting Party, and key personnel who are employed by such investors or by investments of such investors, to enter and remain temporarily in its area to engage in activities connected with the making or the development, management, maintenance, use, enjoyment or disposal of relevant investments, including the provision of advice or key technical services.

2 A Contracting Party shall permit investors of another Contracting Party which have investments in its area, and investments of such investors, to employ any key person of the investor's or the investment's choice regardless of nationality and citizenship provided that such key person has been permitted to enter, stay and work in the area of the former Contracting Party and that the employment concerned conforms to the terms, conditions and time limits of the permission granted to such key person.

## Article 12

### Compensation for losses

1 Except where Article 13 applies, an investor of any Contracting Party which suffers a loss with respect to any investment in the area of another Contracting Party owing to war or other armed conflict, state of national emergency, civil disturbance, or other similar event in that area, shall be accorded by the latter Contracting Party, as regards restitution, indemnification, compensation or other settlement, treatment which is the most favourable of that which that Contracting Party accords to any other investor, whether its own investor, the investor of any other Contracting Party, or the investor of any third State.

2 Without prejudice to paragraph 1, an investor of a Contracting Party which, in any of the situations referred to in that paragraph, suffers a loss in the area of another Contracting Party resulting from:

## Article 13

### Expropriation

1 Investments of investors of a Contracting Party in the area of any other Contracting Party shall not be nationalized, expropriated or subjected to a measure or measures having effect equivalent to nationalization or expropriation (hereinafter referred to as 'expropriation') except where such expropriation is:

2 The investor affected shall have a right to prompt review, under the law of the Contracting Party making the expropriation, by a judicial or other competent and independent authority of that Contracting Party, of its case, of the valuation of its investment, and of the payment of compensation, in accordance with the principles set out in paragraph 1.

3 For the avoidance of doubt, expropriation shall include situations where a Contracting Party expropriates the assets of a company or enterprise in its area in which an investor of any other Contracting Party has an investment, including through the ownership of shares.

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

## Article 14

### Transfers related to investments

1 Each Contracting Party shall with respect to investments in its area of investors of any other Contracting Party guarantee the freedom of transfer into and out of its area, including the transfer of:

2 Transfers pursuant to paragraph 1 shall be effected without delay and (except in case of a return in kind) in a freely convertible currency.

3 Transfers shall be made at the market rate of exchange existing on the date of transfer with respect to spot transactions in the currency to be transferred. In the absence of a market for foreign exchange, the rate to be used will be the most recent rate applied to inward investments or the most recent exchange rate for conversion of currencies into special drawing rights, whichever is more favourable to the investor.

4 Notwithstanding paragraphs 1 to 3, a Contracting Party may protect the rights of creditors, or ensure compliance with laws on the issuing, trading and dealing in securities and the satisfaction of judgements in civil, administrative and criminal adjudicatory proceedings, through the equitable, non-discriminatory, and good faith application of its laws and regulations.

5 Notwithstanding paragraph 2, Contracting Parties which are States that were constituent parts of the former Union of Soviet Socialist Republics may provide in agreements concluded between them that transfers of payments shall be made in the currencies of such Contracting Parties, provided that such agreements do not treat investments in their areas of investors of other Contracting Parties less favourably than either investments of investors of the Contracting Parties which have entered into such agreements or investments of investors of any third State.

6 Notwithstanding subparagraph 1 (b), a Contracting Party may restrict the transfer of a return in kind in circumstances where the Contracting Party is permitted pursuant to Article 29 (2) (a) or the GATT and Related Instruments to restrict or prohibit the exportation or the sale for export of the product constituting the return in kind; provided that a Contracting Party shall permit transfers of returns in kind to be effected as authorized or specified in an investment agreement, investment authorization, or other written agreement between the Contracting Party and either an investor of another Contracting Party or its investment.

## Article 15

### Subrogation

1 If a Contracting Party or its designated agency (hereinafter referred to as the 'Indemnifying Party') makes a payment under an indemnity or guarantee given in respect of an investment of an investor (hereinafter referred to as the 'Party Indemnified') in the area of another Contracting Party (hereinafter referred to as the 'Host Party'), the Host Party shall recognize:

2 The Indemnifying Party shall be entitled in all circumstances to:

3 In any proceeding pursuant to Article 26, a Contracting Party shall not assert as a defence, counterclaim, right of set-off or for any other reason, that indemnification or other

---

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. (See end of Document for details)*

---

compensation for all or part of the alleged damages has been received or will be received pursuant to an insurance or guarantee contract.

#### *Article 16*

##### **Relation to other agreements**

Where two or more Contracting Parties have entered into a prior international agreement, or enter into a subsequent international agreement, whose terms in either case concern the subject matter of Part III or V of this Treaty;

1. nothing in Part III or V of this Treaty shall be construed to derogate from any provision of such terms of the other agreement or from any right to dispute resolution with respect thereto under that agreement; and
2. nothing in such terms of the other agreement shall be construed to derogate from any provision of Part III or V of this Treaty or from any right to dispute resolution with respect thereto under this Treaty;

where any such provision is more favourable to the investor or investment.

#### *Article 17*

##### **Non-application of Part III in certain circumstances**

Each Contracting Party reserves the right to deny the advantages of this part to:

1. a legal entity if citizens or nationals of a third State own or control such entity and if that entity has no substantial business activities in the area of the Contracting Party in which it is organized; or
2. an investment, if the denying Contracting Party establishes that such investment is an investment of an investor of a third State with or as to which the denying Contracting Party:
  - (a) does not maintain a diplomatic relationship; or
  - (b) adopts or maintains measures that:
    - (i) prohibit transactions with investors of that State; or
    - (ii) would be violated or circumvented if the benefits of this part were accorded to investors of that State or to their investments.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

## PART IV

### MISCELLANEOUS PROVISIONS

#### Article 18

##### Sovereignty over energy resources

1 The Contracting Parties recognize State sovereignty and sovereign rights over energy resources. They reaffirm that these must be exercised in accordance with and subject to the rules of international law.

2 Without affecting the objectives of promoting access to energy resources, and exploration and development thereof on a commercial basis, the Treaty shall in no way prejudice the rules in Contracting Parties governing the system of property ownership of energy resources.

3 Each State continues to hold in particular the rights to decide the geographical areas within its area to be made available for exploration and development of its energy resources, the optimization of their recovery and the rate at which they may be depleted or otherwise exploited, to specify and enjoy any taxes, royalties or other financial payments payable by virtue of such exploration and exploitation, and to regulate the environmental and safety aspects of such exploration, development and reclamation within its area, and to participate in such exploration and exploitation, *inter alia*, through direct participation by the government or through State enterprises.

4 The Contracting Parties undertake to facilitate access to energy resources, *inter alia*, by allocating in a non-discriminatory manner on the basis of published criteria authorizations, licences, concessions and contracts to prospect and explore for or to exploit or extract energy resources.

#### Article 19

##### Environmental aspects

1 In pursuit of sustainable development and taking into account its obligations under those international agreements concerning the environment to which it is party, each Contracting Party shall strive to minimize in an economically efficient manner harmful environmental impacts occurring either within or outside its area from all operations within the energy cycle in its area, taking proper account of safety. In doing so each Contracting Party shall act in a cost-effective manner. In its policies and actions each Contracting Party shall strive to take precautionary measures to prevent or minimize environmental degradation. The Contracting Parties agree that the polluter in the areas of Contracting Parties, should, in principle, bear the cost of pollution, including trans-boundary pollution, with due regard to the public interest and without distorting investment in the energy cycle or international trade. Contracting Parties shall accordingly:

2 At the request of one or more Contracting Parties, disputes concerning the application or interpretation of provisions of this Article shall, to the extent that arrangements for the consideration of such disputes do not exist in other appropriate international fora, be reviewed by the Charter Conference aiming at a solution.

3 For the purposes of this Article:

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

## Article 20

### Transparency

1 Laws, regulations, judicial decisions and administrative rulings of general application which affect trade in energy materials and products are, in accordance with Article 29 (2) (a), among the measures subject to the transparency disciplines of the GATT and relevant Related Instruments.

2 Laws, regulations, judicial decisions and administrative rulings of general application made effective by any Contracting Party, and agreements in force between Contracting Parties, which affect other matters covered by this Treaty shall also be published promptly in such a manner as to enable Contracting Parties and investors to become acquainted with them. The provisions of this paragraph shall not require any Contracting Party to disclose confidential information which would impede law enforcement or otherwise be contrary to the public interest or would prejudice the legitimate commercial interests of any investor.

3 Each Contracting Party shall designate one or more enquiry points to which requests for information about the abovementioned laws, regulations, judicial decisions and administrative rulings may be addressed and shall communicate promptly such designation to the Secretariat which shall make it available on request.

## Article 21

### Taxation

1 Except as otherwise provided in this Article, nothing in this Treaty shall create rights or impose obligations with respect to taxation measures of the Contracting Parties. In the event of any inconsistency between this Article and any other provision of the Treaty, this Article shall prevail to the extent of the inconsistency.

2 Article 7 (3) shall apply to taxation measures other than those on income or on capital, except that such provision shall not apply to:

3 Article 10 (2) and (7) shall apply to taxation measures of the Contracting Parties other than those on income or on capital, except that such provisions shall not apply to:

4 Article 29 (2) to (6) shall apply to taxation measures other than those on income or on capital.

5

6 For the avoidance of doubt, Article 14 shall not limit the right of a Contracting Party to impose or collect a tax by withholding or other means.

7 For the purposes of this Article:

## Article 22

### State and privileged enterprises

1 Each Contracting Party shall ensure that any State enterprise which it maintains or establishes shall conduct its activities in relation to the sale or provision of goods and services

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

in its area in a manner consistent with the Contracting Party's obligations pursuant to Part III of this Treaty.

2 No Contracting Party shall encourage or require such a State enterprise to conduct its activities in its area in a manner inconsistent with the Contracting Party's obligations pursuant to other provisions of this Treaty.

3 Each Contracting Party shall ensure that if it establishes or maintains an entity and entrusts the entity with regulatory, administrative or other governmental authority, such entity shall exercise that authority in a manner consistent with the Contracting Party's obligations pursuant to this Treaty.

4 No Contracting Party shall encourage or require any entity to which it grants exclusive or special privileges to conduct its activities in its area in a manner inconsistent with the Contracting Party's obligations pursuant to this Treaty.

5 For the purposes of this Article, 'entity' includes any enterprise, agency or other organization or individual.

#### *Article 23*

### **Observance by sub-national authorities**

1 Each Contracting Party is fully responsible pursuant to this Treaty for the observance of all provisions of the Treaty, and shall take such reasonable measures as may be available to it to ensure such observance by regional and local governments and authorities within its area.

2 The dispute settlement provisions in Parts II, IV and V of this Treaty may be invoked in respect of measures affecting the observance of the Treaty by a Contracting Party which have been taken by regional or local governments or authorities within the area of the Contracting Party.

#### *Article 24*

### **Exceptions**

1 This Article shall not apply to Articles 12, 13 and 29.

2 The provisions of this Treaty other than:

3 The provisions of this Treaty other than those referred to in paragraph 1 shall not be construed to prevent any Contracting Party from taking any measure which it considers necessary:

4 The provisions of this Treaty which accord most favoured nation treatment shall not oblige any Contracting Party to extend to the investors of any other Contracting Party any preferential treatment:

#### *Article 25*

### **Economic Integration Agreements**

1 The provisions of this Treaty shall not be so construed as to oblige a Contracting Party which is party to an Economic Integration Agreement (hereinafter referred to as 'EIA') to extend,

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

by means of most favoured nation treatment, to another Contracting Party which is not a party to that EIA, any preferential treatment applicable between the parties to that EIA as a result of their being parties thereto.

2 For the purposes of paragraph 1, 'EIA' means an agreement substantially liberalizing, *inter alia*, trade and investment, by providing for the absence or elimination of substantially all discrimination between or among parties thereto through the elimination of existing discriminatory measures and/or the prohibition of new or more discriminatory measures, either at the entry into force of that agreement or on the basis of a reasonable time frame.

3 This Article shall not affect the application of the GATT and Related Instruments according to Article 29.

## PART V

### DISPUTE SETTLEMENT

#### *Article 26*

#### **Settlement of disputes between an investor and a Contracting Party**

1 Disputes between a Contracting Party and an investor of another Contracting Party relating to an investment of the latter in the area of the former, which concern an alleged breach of an obligation of the former under Part III shall, if possible, be settled amicably.

2 If such disputes can not be settled according to the provisions of paragraph 1 within a period of three months from the date on which either party to the dispute requested amicable settlement, the investor party to the dispute may choose to submit it for resolution:

3

4 In the event that an investor chooses to submit the dispute for resolution under subparagraph (2) (c), the investor shall further provide its consent in writing for the dispute to be submitted to:

5

6 A tribunal established pursuant to paragraph 4 shall decide the issues in dispute in accordance with this Treaty and applicable rules and principles of international law.

7 An investor other than a natural person which has the nationality of a Contracting Party party to the dispute on the date of the consent in writing referred to in paragraph 4 and which, before a dispute between it and that Contracting Party arises, is controlled by investors of another Contracting Party, shall for the purpose of Article 25 (2) (b) of the Icsid Convention be treated as a 'national of another Contracting State' and shall for the purpose of Article 1 (6) of the Additional Facility Rules be treated as a 'national of another State'.

8 The awards of arbitration, which may include an award of interest, shall be final and binding upon the parties to the dispute. An award of arbitration concerning a measure of a sub-national government or authority of the disputing Contracting Party shall provide that the Contracting Party may pay monetary damages in lieu of any other remedy granted. Each Contracting Party shall carry out without delay any such award and shall make provision for the effective enforcement in its area of such awards.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

### Article 27

#### Settlement of disputes between Contracting Parties

1 Contracting Parties shall endeavour to settle disputes concerning the application or interpretation of this Treaty through diplomatic channels.

2 If a dispute has not been settled in accordance with paragraph 1 within a reasonable period of time, either party thereto may, except as otherwise provided in this Treaty or agreed in writing by the Contracting Parties, and except as concerns the application or interpretation of Article 6 or Article 19 or, for Contracting Parties listed in Annex LA, the last sentence of Article 10 (1), upon written notice to the other party to the dispute submit the matter to an *ad hoc* tribunal pursuant to this Article.

3 Such an *ad hoc* arbitral tribunal shall be constituted as follows:

### Article 28

#### Non-application of Article 27 to certain disputes

A dispute between Contracting Parties with respect to the application or interpretation of Article 5 or 29 shall not be settled pursuant to Article 27 unless the Contracting Parties parties to the dispute so agree.

## PART VI

### TRANSITIONAL PROVISIONS

#### Article 29

##### Interim provisions on trade-related matters

1 The provisions of this Article shall apply to trade in energy materials and products while any Contracting Party is not a party to the GATT and Related Instruments.

2

3 Each signatory to this Treaty, and each State or Regional Economic Integration Organization acceding to this Treaty, shall on the date of its signature or of its deposit of its instrument of accession provide to the Secretariat a list of all tariff rates and other charges levied on energy materials and products at the time of importation or exportation, notifying the level of such rates and charges applied on such date of signature or deposit. Any changes to such rates or other charges shall be notified to the Secretariat, which shall inform the Contracting Parties of such changes.

4 Each Contracting Party shall endeavour not to increase any tariff rate or other charge levied at the time of importation or exportation:

5 A Contracting Party may increase such tariff rate or other charge above the level referred to in paragraph 4 only if:

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

6 Signatories undertake to commence negotiations not later than 1 January 1995 with a view to concluding by 1 January 1998, as appropriate in the light of any developments in the world trading system, a text of an amendment to this Treaty which shall, subject to conditions to be laid down therein, commit each Contracting Party not to increase such tariffs or charges beyond the level prescribed under that amendment.

7 Annex D shall apply to disputes regarding compliance with provisions applicable to trade pursuant to this Article and, unless both Contracting Parties agree otherwise, to disputes regarding compliance with Article 5 between Contracting Parties at least one of which is not a party to the GATT, except that Annex D shall not apply to any dispute between Contracting Parties, the substance of which arises under an agreement that:

### *Article 30*

#### **Developments in international trading arrangements**

Contracting Parties undertake that in the light of the results of the Uruguay Round of Multilateral Trade Negotiations embodied principally in the Final Act thereof done at Marrakesh, 15 April 1994, they will commence consideration not later than 1 July 1995 or the entry into force of this Treaty, whichever is the later, of appropriate amendments to this Treaty with a view to the adoption of any such amendments by the Charter Conference.

### *Article 31*

#### **Energy-related equipment**

The provisional Charter Conference shall at its first meeting commence examination of the inclusion of energy-related equipment in the trade provisions of this Treaty.

### *Article 32*

#### **Transitional arrangements**

1 In recognition of the need for time to adapt to the requirements of a market economy, a Contracting Party listed in Annex T may temporarily suspend full compliance with its obligations under one or more of the following provisions of this Treaty, subject to the conditions in paragraphs 3 to 6:

2 Other Contracting Parties shall assist any Contracting Party which has suspended full compliance pursuant to paragraph 1 to achieve the conditions under which such suspension can be terminated. This assistance may be given in whatever form the other Contracting Parties consider most effective to respond to the needs notified pursuant to subparagraph 4 (c) including, where appropriate, through bilateral or multilateral arrangements.

3 The applicable provisions, the stages towards full implementation of each, the measures to be taken and the date or, exceptionally, contingent event, by which each stage shall be completed and measure taken are listed in Annex T for each Contracting Party claiming transitional arrangements. Each such Contracting Party shall take the measure listed by the date indicated for the relevant provision and stage as set out in Annex T. Contracting Parties which have temporarily suspended full compliance pursuant to paragraph 1 undertake to comply fully with the relevant obligations by 1 July 2001. Should a Contracting Party find it necessary, due to exceptional circumstances, to request that the period of such temporary suspension be extended

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

or that any further temporary suspension not previously listed in Annex T be introduced, the decision on a request to amend Annex T shall be made by the Charter Conference.

4 A Contracting Party which has invoked transitional arrangements shall notify the Secretariat no less often than once every 12 months:

5 The Secretariat shall:

6 The Charter Conference shall annually review the progress by Contracting Parties towards implementation of the provisions of this Article and the matching of needs and offers of technical assistance referred to in paragraph 2 and subparagraph 4 (c). In the course of that review it may decide to take appropriate action.

## PART VII

### STRUCTURE AND INSTITUTIONS

#### *Article 33*

#### **Energy Charter Protocols and Declarations**

1 The Charter Conference may authorize the negotiation of a number of Energy Charter Protocols or Declarations in order to pursue the objectives and principles of the Charter.

2 Any signatory to the Charter may participate in such negotiation.

3 A State or Regional Economic Integration Organization shall not become a party to a Protocol or Declaration unless it is, or becomes at the same time, a signatory to the Charter and a Contracting Party to this Treaty.

4 Subject to paragraph 3 and subparagraph 6 (a), final provisions applying to a Protocol shall be defined in that Protocol.

5 A Protocol shall apply only to the Contracting Parties which consent to be bound by it, and shall not derogate from the rights and obligations of those Contracting Parties not party to the Protocol.

6

#### *Article 34*

#### **Energy Charter Conference**

1 The Contracting Parties shall meet periodically in the Energy Charter Conference (referred to herein as the 'Charter Conference') at which each Contracting Party shall be entitled to have one representative. Ordinary meetings shall be held at intervals determined by the Charter Conference.

2 Extraordinary meetings of the Charter Conference may be held at such times as may be determined by the Charter Conference, or at the written request of any Contracting Party, provided that, within six weeks of the request being communicated to the Contracting Parties by the Secretariat, it is supported by at least one-third of the Contracting Parties.

3 The functions of the Charter Conference shall be to:

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

4 In the performance of its duties, the Charter Conference, through the Secretariat, shall cooperate with and make as full a use as possible, consistently with economy and efficiency, of the services and programmes of other institutions and organizations with established competence in matters related to the objectives of this Treaty.

5 The Charter Conference may establish such subsidiary bodies as it considers appropriate for the performance of its duties.

6 The Charter Conference shall consider and adopt rules of procedure and financial rules.

7 In 1999 and thereafter at intervals (of not more than five years) to be determined by the Charter Conference, the Charter Conference shall thoroughly review the functions provided for in this Treaty in the light of the extent to which the provisions of the Treaty and Protocols have been implemented. At the conclusion of each review the Charter Conference may amend or abolish the functions specified in paragraph 3 and may discharge the Secretariat.

#### *Article 35*

#### **Secretariat**

1 In carrying out its duties, the Charter Conference shall have a Secretariat which shall be composed of a Secretary-General and such staff as are the minimum consistent with efficient performance.

2 The Secretary-General shall be appointed by the Charter Conference. The first such appointment shall be for a maximum period of five years.

3 In the performance of its duties the Secretariat shall be responsible to and report to the Charter Conference.

4 The Secretariat shall provide the Charter Conference with all necessary assistance for the performance of its duties and shall carry out the functions assigned to it in this Treaty or in any Protocol and any other functions assigned to it by the Charter Conference.

5 The Secretariat may enter into such administrative and contractual arrangements as may be required for the effective discharge of its functions.

#### *Article 36*

#### **Voting**

1 Unanimity of the Contracting Parties present and voting at the meeting of the Charter Conference where such matters fall to be decided shall be required for decisions by the Charter Conference to:

2 Decisions on budgetary matters referred to in Article 34 (3) (e) shall be taken by a qualified majority of Contracting Parties whose assessed contributions as specified in Annex B represent, in combination, at least three-fourths of the total assessed contributions specified therein.

3 Decisions on matters referred to in Article 34 (7) shall be taken by a three-fourths majority of the Contracting Parties.

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

4 Except in cases specified in subparagraphs 1 (a) to (f), paragraphs 2 and 3, and subject to paragraph 6, decisions provided for in this Treaty shall be taken by a three-fourths majority of the Contracting Parties present and voting at the meeting of the Charter Conference at which such matters fall to be decided.

5 For purposes of this Article, 'Contracting Parties present and voting' means Contracting Parties present and casting affirmative or negative votes, provided that the Charter Conference may decide upon rules of procedure to enable such decisions to be taken by Contracting Parties by correspondence.

6 Except as provided in paragraph 2, no decision referred to in this Article shall be valid unless it has the support of a simple majority of the Contracting Parties.

7 A Regional Economic Integration Organization shall, when voting, have a number of votes equal to the number of its Member States which are Contracting Parties to this Treaty; provided that such an Organization shall not exercise its right to vote if its Member States exercise theirs, and vice versa.

8 In the event of persistent arrears in a Contracting Party's discharge of financial obligations pursuant to this Treaty, the Charter Conference may suspend that Contracting Party's voting rights in whole or in part.

#### *Article 37*

### **Funding principles**

1 Each Contracting Party shall bear its own costs of representation at meetings of the Charter Conference and any subsidiary bodies.

2 The cost of meetings of the Charter Conference and any subsidiary bodies shall be regarded as a cost of the Secretariat.

3 The costs of the Secretariat shall be met by the Contracting Parties assessed according to their capacity to pay, determined as specified in Annex B, the provisions of which may be modified in accordance with Article 36 (1) (d).

4 A Protocol shall contain provisions to assure that any costs of the Secretariat arising from that Protocol are borne by the parties thereto.

5 The Charter Conference may in addition accept voluntary contributions from one or more Contracting Parties or from other sources. Costs met from such contributions shall not be considered costs of the Secretariat for the purposes of paragraph 3.

## PART VIII

### **FINAL PROVISIONS**

#### *Article 38*

### **Signature**

This Treaty shall be open for signature at Lisbon from 17 December 1994 to 16 June 1995 by the States and Regional Economic Integration Organizations which have signed the Charter.

---

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

### *Article 39*

#### **Ratification, acceptance or approval**

This Treaty shall be subject to ratification, acceptance or approval by signatories. Instruments of ratification, acceptance or approval shall be deposited with the Depositary.

### *Article 40*

#### **Application to territories**

1 Any State or Regional Economic Integration Organization may at the time of signature, ratification, acceptance, approval or accession, by a declaration deposited with the Depositary, declare that the Treaty shall be binding upon it with respect to all the territories for the international relations of which it is responsible, or to one or more of them. Such declaration shall take effect at the time the Treaty enters into force for that Contracting Party.

2 Any Contracting Party may at a later date, by a declaration deposited with the Depositary, bind itself under this Treaty with respect to other territory specified in the declaration. In respect of such territory the Treaty shall enter into force on the 90th day following the receipt by the Depositary of such declaration.

3 Any declaration made under the two preceding paragraphs may, in respect of any territory specified in such declaration, be withdrawn by a notification to the Depositary. The withdrawal shall, subject to the applicability of Article 47 (3), become effective upon the expiry of one year after the date of receipt of such notification by the Depositary.

4 The definition of 'area' in Article 1 (10) shall be construed having regard to any declaration deposited pursuant to this Article.

### *Article 41*

#### **Accession**

This Treaty shall be open for accession, from the date on which the Treaty is closed for signature, by States and Regional Economic Integration Organizations which have signed the Charter, on terms to be approved by the Charter Conference. The instruments of accession shall be deposited with the Depositary.

### *Article 42*

#### **Amendments**

1 Any Contracting Party may propose amendments to this Treaty.

2 The text of any proposed amendment to this Treaty shall be communicated to the Contracting Parties by the Secretariat at least three months before the date on which it is proposed for adoption by the Charter Conference.

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

3 Amendments to this Treaty, texts of which have been adopted by the Charter Conference, shall be communicated by the Secretariat to the Depositary which shall submit them to all Contracting Parties for ratification, acceptance or approval.

4 Instruments of ratification, acceptance or approval of amendments to this Treaty shall be deposited with the Depositary. Amendments shall enter into force between Contracting Parties having ratified, accepted or approved them on the 90th day after deposit with the Depositary of instruments of ratification, acceptance or approval by at least three-fourths of the Contracting Parties. Thereafter the amendments shall enter into force for any other Contracting Party on the 90th day after that Contracting Party deposits its instrument of ratification, acceptance or approval of the amendments.

#### *Article 43*

### **Association agreements**

1 The Charter Conference may authorize the negotiation of association agreements with States or Regional Economic Integration Organizations, or with international organizations, in order to pursue the objectives and principles of the Charter and the provisions of this Treaty or one or more Protocols.

2 The relationship established with and the rights enjoyed and obligations incurred by an associating State, Regional Economic Integration Organization, or international organization shall be appropriate to the particular circumstances of the association, and in each case shall be set out in the association agreement.

#### *Article 44*

### **Entry into force**

1 This Treaty shall enter into force on the 90th day after the date of deposit of the 30th instrument of ratification, acceptance or approval thereof, or of accession thereto, by a State or Regional Economic Integration Organization which is a signatory to the Charter as of 16 June 1995.

2 For each State or Regional Economic Integration Organization which ratifies, accepts or approves this Treaty or accedes thereto after the deposit of the 30th instrument of ratification, acceptance or approval, it shall enter into force on the 90th day after the date of deposit by such State or Regional Economic Integration Organization of its instrument of ratification, acceptance, approval or accession.

3 For the purposes of paragraph 1, any instrument deposited by a Regional Economic Integration Organization shall not be counted as additional to those deposited by Member States of such Organization.

#### *Article 45*

### **Provisional application**

1 Each signatory agrees to apply this Treaty provisionally pending its entry into force for such signatory in accordance with Article 44, to the extent that such provisional application is not inconsistent with its constitution, laws or regulations.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

2

3

4 Pending the entry into force of this Treaty the signatories shall meet periodically in the provisional Charter Conference, the first meeting of which shall be convened by the provisional Secretariat referred to in paragraph 5 not later than 180 days after the opening date for signature of the Treaty as specified in Article 38.

5 The functions of the Secretariat shall be carried out on an interim basis by a provisional Secretariat until the entry into force of this Treaty pursuant to Article 44 and the establishment of a Secretariat.

6 The signatories shall, in accordance with and subject to the provisions of paragraph 1 or subparagraph 2 (c) as appropriate, contribute to the costs of the provisional Secretariat as if the signatories were Contracting Parties pursuant to Article 37 (3). Any modifications made to Annex B by the signatories shall terminate upon the entry into force of this Treaty.

7 A State or Regional Economic Integration Organization which, prior to this Treaty's entry into force, accedes to the Treaty in accordance with Article 41 shall, pending the Treaty's entry into force, have the rights and assume the obligations of a signatory pursuant to this Article.

#### *Article 46*

#### **Reservations**

No reservations may be made to this Treaty.

#### *Article 47*

#### **Withdrawal**

1 At any time after five years from the date on which this Treaty has entered into force for a Contracting Party, that Contracting Party may give written notification to the Depository of its withdrawal from the Treaty.

2 Any such withdrawal shall take effect upon the expiry of one year after the date of the receipt of the notification by the Depository, or on such later date as may be specified in the notification of withdrawal.

3 The provisions of this Treaty shall continue to apply to investments made in the area of a Contracting Party by investors of other Contracting Parties or in the area of other Contracting Parties by investors of that Contracting Party as of the date when that Contracting Party's withdrawal from the Treaty takes effect for a period of 20 years from such date.

4 All Protocols to which a Contracting Party is party shall cease to be in force for that Contracting Party on the effective date of its withdrawal from this Treaty.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

### Article 48

#### Status of Annexes and Decisions

The Annexes to this Treaty and the Decisions set out in Annex 2 to the Final Act of the European Energy Charter Conference signed at Lisbon on 17 December 1994 are integral parts of the Treaty.

### Article 49

#### Depositary

The Government of the Portuguese Republic shall be the Depositary of this Treaty.

### Article 50

#### Authentic texts

In witness whereof the undersigned, being duly authorized to that effect, have signed this Treaty in English, French, German, Italian, Russian and Spanish, of which every text is equally authentic, in one original, which will be deposited with the Government of the Portuguese Republic.

Done at Lisbon on the seventeenth day of December in the year one thousand nine hundred and ninety-four.

## ANNEXES TO THE ENERGY CHARTER TREATY

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

## 1.

## Annex EM

## ENERGY MATERIALS AND PRODUCTS (In accordance with Article 1 (4))

**Nuclear energy**

2612	Uranium or thorium ores and concentrates.
2612 10	Uranium ores and concentrates.
2612 20	Thorium ores and concentrates.
2844	Radioactive chemical elements and radioactive isotopes (including the fissile or fertile chemical elements and isotopes) and their compounds; mixtures and residues containing these products.
2844 10	Natural uranium and its compounds.
2844 20	Uranium enriched in U235 and its compounds; plutonium and its compounds.
2844 30	Uranium depleted in U235 and its compounds; thorium and its compounds.
2844 40	Radioactive elements and isotopes and radioactive compounds other than 2844 10, 2844 20 or 2844 30.
284450	Spent (irradiated) fuel elements (cartridges) of nuclear reactors.
284510	Heavy water (deuterium oxide).

**Coal, natural gas, petroleum and petroleum products, electrical energy**

2701	Coal, briquettes, ovoids and similar solid fuels manufactured from coal.
2702	Lignite, whether or not agglomerated excluding jet.
2703	Peat (including peat litter), whether or not agglomerated.
2704	Coke and semi-coke of coal, of lignite or of peat, whether or not agglomerated; retort carbon.
2705	Coal gas, water gas, producer gas and similar gases, other than petroleum gases and other gaseous hydrocarbons.
2706	Tar distilled from coal, from lignite or from peat, and other mineral tars, whether or not

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

	dehydrated or partially distilled, including reconstituted tars.
2707	Oils and other products of the distillation of high temperature coal tar; similar products in which the weight of the aromatic constituents exceeds that of the non-aromatic constituents (e.g., benzole, toluole, xylole, naphtalene, other aromatic hydrocarbon mixtures, phenols, creosote oils and others).
2708	Pitch and pitch coke, obtained from coal tar or from other mineral tars.
2709	Petroleum oils and oils obtained from bituminous minerals, crude.
2710	Petroleum oils and oils obtained from bituminous minerals, other than crude.
2711	Petroleum gases and other gaseous hydrocarbons Liquified: — natural gas, — propane, — butanes, — ethylene, propylene, butylene and butadiene (2711 14), — other. In gaseous state: — natural gas, — other.
2713	Petroleum coke, petroleum bitumen and other residues of petroleum oils or of oils obtained from bituminous minerals.
2714	Bitumen and asphalt, natural; bituminous or oil shale and tar sands; asphaltites and asphaltic rocks.
2715	Bituminous mixtures based on natural asphalt, on natural bitumen, on petroleum bitumen, on mineral tar or on mineral tar pitch (e.g., bituminous mastics, cut-backs).
2716	Electrical energy.
<b>Other energy</b>	
4401 10	Fuel wood, in logs, in billets, in twigs, in faggots or in similar forms.
4402	Charcoal (including charcoal from shells or nuts), whether or not agglomerated.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

## 2.

## Annex NI

## NON-APPLICABLE ENERGY MATERIALS AND PRODUCTS FOR DEFINITION OF 'ECONOMIC ACTIVITY IN THE ENERGY SECTOR' (In accordance with Article 1 (5))

2707	Oils and other products of the distillation of high temperature coal tar; similar products in which the weight of the aromatic constituents exceeds that of the non-aromatic constituents (e.g., benzole, toluole, xylole, naphtalene, other aromatic hydrocarbon mixtures, phenols, creosote oils and others).
4401 10	Fuel wood, in logs, in billets, in twigs, in faggots or in similar forms.
4402	Charcoal (including charcoal from shells or nuts), whether or not agglomerated.

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

## 3.

## Annex TRM

## NOTIFICATION AND PHASE-OUT (TRIMs)(In accordance with Article 5 (4))

1. Each Contracting Party shall notify to the Secretariat all trade-related investment measures which it applies that are not in conformity with the provisions of Article 5, within:
  - (a) 90 days after the entry into force of this Treaty if the Contracting Party is a party to the GATT; or
  - (b) 12 months after the entry into force of this Treaty if the Contracting Party is not a party to the GATT.

Such trade-related investment measures of general or specific application shall be notified along with their principal features.

2. In the case of trade-related investment measures applied under discretionary authority, each specific application shall be notified. Information that would prejudice the legitimate commercial interests of particular enterprises need not be disclosed.
3. Each Contracting Party shall eliminate all trade-related investment measures which are notified under paragraph 1 within:
  - (a) two years from the date of entry into force of this Treaty if the Contracting Party is a party to the GATT; or
  - (b) three years from the date of entry into force of this Treaty if the Contracting Party is not a party to the GATT.
4. During the applicable period referred to in paragraph 3 a Contracting Party shall not modify the terms of any trade-related investment measure which it notifies pursuant to paragraph 1 from those prevailing at the date of entry into force of this Treaty so as to increase the degree of inconsistency with the provisions of Article 5 of this Treaty.
5. Notwithstanding the provisions of paragraph 4, a Contracting Party, in order not to disadvantage established enterprises which are subject to a trade-related investment measure notified pursuant to paragraph 1, may apply during the phase-out period the same trade-related investment measure to a new investment where:
  - (a) the products of such investment are like products to those of the established enterprises; and
  - (b) such application is necessary to avoid distorting the conditions of competition between the new investment and the established enterprises.

Any trade-related investment measure so applied to a new investment shall be notified to the Secretariat. The terms of such a trade-related investment measure shall be equivalent in their competitive effect to those applicable to the established enterprises, and it shall be terminated at the same time.

6. Where a State or Regional Economic Integration Organization accedes to this Treaty after the Treaty has entered into force:

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

- (a) the notification referred to in paragraphs 1 and 2 shall be made by the later of the applicable date in paragraph 1 or the date of deposit of the instrument of accession; and
- (b) the end of the phase-out period shall be the later of the applicable date in paragraph 3 or the date on which the Treaty enters into force for that State or Regional Economic Integration Organization.

---

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

4.

#### Annex N

#### LIST OF CONTRACTING PARTIES REQUIRING AT LEAST THREE SEPARATE AREAS TO BE INVOLVED IN A TRANSIT (In accordance with Article 7 (10) (a))

1. Canada and United States of America

---

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

5.

## Annex VC

LIST OF CONTRACTING PARTIES WHICH HAVE MADE VOLUNTARY BINDING  
COMMITMENTS IN RESPECT OF ARTICLE 10 (3)(In accordance with Article 10 (6))

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

## 6.

## Annex ID

LIST OF CONTRACTING PARTIES NOT ALLOWING AN INVESTOR TO RESUBMIT THE SAME DISPUTE TO INTERNATIONAL ARBITRATION AT A LATER STAGE PURSUANT TO ARTICLE 26 (In accordance with Article 26 (3) (b) (i))

1. Australia
2. Azerbaijan
3. Bulgaria
4. Canada
5. Croatia
6. Cyprus
7. The Czech Republic
8. European Communities
9. Finland
10. Greece
11. Hungary
12. Ireland
13. Italy
14. Japan
15. Kazakhstan
16. Norway
17. Poland
18. Portugal
19. Romania
20. The Russian Federation
21. Slovenia
22. Spain
23. Sweden
24. United States of America

---

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

7.

#### Annex IA

LIST OF CONTRACTING PARTIES NOT ALLOWING AN INVESTOR OR CONTRACTING PARTY TO SUBMIT A DISPUTE CONCERNING THE LAST SENTENCE OF ARTICLE 10 (1) TO INTERNATIONAL ARBITRATION (In accordance with Articles 26 (3) (c) and 27 (2))

1. Australia
2. Canada
3. Hungary
4. Norway

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

## 8.

## Annex P

## SPECIAL SUB-NATIONAL DISPUTE PROCEDURE (In accordance with Article 27 (3) (i))

## PART I

1. Canada
2. Australia

## PART II

1. Where, in making an award, the tribunal finds that a measure of a regional or local government or authority of a Contracting Party (hereinafter referred to as the 'Responsible Party') is not in conformity with a provision of this Treaty, the Responsible Party shall take such reasonable measures as may be available to it to ensure observance of the Treaty in respect of the measure.
2. The Responsible Party shall, within 30 days from the date the award is made, provide to the Secretariat written notice of its intentions as to ensuring observance of the Treaty in respect of the measure. The Secretariat shall present the notification to the Charter Conference at the earliest practicable opportunity, and no later than the meeting of the Charter Conference following receipt of the notice. If it is impracticable to ensure observance immediately, the Responsible Party shall have a reasonable period of time in which to do so. The reasonable period of time shall be agreed by both parties to the dispute. In the event that such agreement is not reached, the Responsible Party shall propose a reasonable period for approval by the Charter Conference.
3. Where the Responsible Party fails, within the reasonable period of time, to ensure observance in respect of the measure, it shall at the request of the other Contracting Party party to the dispute (hereinafter referred to as the 'Injured Party') endeavour to agree with the Injured Party on appropriate compensation as a mutually satisfactory resolution of the dispute.
4. If no satisfactory compensation has been agreed within 20 days of the request of the Injured Party, the Injured Party may with the authorization of the Charter Conference suspend such of its obligations to the Responsible Party under the Treaty as it considers equivalent to those denied by the measure in question, until such time as the Contracting Parties have reached agreement on a resolution of their dispute or the non-conforming measure has been brought into conformity with the Treaty.
5. In considering what obligations to suspend, the Injured Party shall apply the following principles and procedures:
  - (a) The Injured Party should first seek to suspend obligations with respect to the same part of the Treaty as that in which the tribunal has found a violation.
  - (b) If the Injured Party considers that it is not practicable or effective to suspend obligations with respect to the same part of the Treaty, it may seek to suspend obligations in other parts of the Treaty. If the Injured Party decides to request authorization to suspend

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

obligations under this subparagraph, it shall state the reasons therefor in its request to the Charter Conference for authorization.

6. On written request of the Responsible Party, delivered to the Injured Party and to the President of the tribunal that rendered the award, the tribunal shall determine whether the level of obligations suspended by the Injured Party is excessive, and if so, to what extent. If the tribunal cannot be reconstituted, such determination shall be made by one or more arbitrators appointed by the Secretary-General. Determinations pursuant to this paragraph shall be completed within 60 days of the request to the tribunal or the appointment by the Secretary-General. Obligations shall not be suspended pending the determination, which shall be final and binding.
7. In suspending any obligations to a Responsible Party, an Injured Party shall make every effort not to affect adversely the rights under the Treaty of any other Contracting Party.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

## 9.

## Annex G

## EXCEPTIONS AND RULES GOVERNING THE APPLICATION OF THE PROVISIONS OF THE GATT AND RELATED INSTRUMENTS (In accordance with Article 29 (2) (a))

1. The following provisions of GATT 1947 and Related Instruments shall not be applicable under Article 29 (2) (a):

(a) **General Agreement on Tariffs and Trade**

II	Schedules of concessions (and the Schedules to the General Agreement on Tariffs and Trade)
IV	Special provisions relating to cinematographic films
XV	Exchange arrangements
XVIII	Governmental assistance to economic development
XXII	Consultation
XXIII	Nullification or impairment
XXV	Joint action by the Contracting Parties
XXVI	Acceptance. Entry into force and registration
XXVII	Withholding or withdrawal of concessions
XXVIII	Modification of Schedules
XXVIIIa	Tariff negotiations
XXIX	The relation of this Agreement to the Havana Charter
XXX	Amendments
XXXI	Withdrawal
XXXII	Contracting Parties
XXXIII	Accession
XXXV	Non-application of the Agreement between particular Contracting Parties
XXXVI	Principles and objectives
XXXVII	Commitments
XXXVIII	Joint action
Annex H	Relating to Article XXVI

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

Annex I	Notes and supplementary provisions (related to above GATT Articles)
---------	--

Safeguard action for development purposes

Understanding regarding notification, consultation, dispute settlement and surveillance.

(b) **Related Instruments**

(i) *Agreement on Technical Barriers to Trade (Standards Code)*

Preamble (paragraphs 1, 8, 9)

1.3.	General provisions
2.6.4.	Preparation, adoption and application of technical regulations and standards by central government bodies
10.6.	Information about technical regulations, standards and certification systems
11.	Technical assistance to other Parties
12.	Special and differential treatment of developing countries
13.	The Committee on Technical Barriers to Trade
14.	Consultation and dispute settlement
15.	Final provisions (other than 15.5 and 15.13)
Annex 2	Technical Expert Groups
Annex 3	Panels

(ii) *Agreement on Government Procurement*

(iii) *Agreement on Interpretation and Application of Articles VI, XVI and XXIII (Subsidies and Countervailing Measures)*

10.	Export subsidies on certain primary products
12.	Consultations
13.	Conciliation, dispute settlement and authorized counter measures
14.	Developing countries
16.	Committee on Subsidies and Countervailing Measures

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). **Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

Annex III	<i>Ad hoc</i> panels
-----------	----------------------

Protocol to the Agreement on Implementation of Article VII (except I.7 and I.8; with necessary conforming introductory language)

(v) *Agreement on Import Licensing Procedures*

1.4.	General provisions (last sentence)
2.2.	Automatic import licensing (footnote 2)
4.	Institutions, consultation and dispute settlement
5.	Final provisions (except paragraph 2)

(vi) *Agreement on Implementation of Article VI (Antidumping Code)*

13.	Developing countries
14.	Committee on Anti-Dumping Practices
15.	Consultation, conciliation and dispute settlement
16.	Final provisions (except paragraphs 1 and 3)

(vii) *Arrangement regarding bovine meat*

(viii) *International dairy arrangement*

(ix) *Agreement on Trade in Civil Aircraft*

(x) *Declaration on trade measures taken for balance-of-payments purposes.*

(c) **All other provisions in the GATT or Related Instruments which relate to:**

- (i) governmental assistance to economic development and the treatment of developing countries, except for paragraphs 1 to 4 of the Decision of 28 November 1979 (L/4903) on differential and more favourable treatment, reciprocity and fuller participation of developing countries;
- (ii) the establishment or operation of specialist committees and other subsidiary institutions;
- (iii) signature, accession, entry into force, withdrawal, deposit and registration.

(d) All agreements, arrangements, decisions, understandings or other joint action pursuant to the provisions listed in subparagraphs (a) to (c).

- 2. Contracting Parties shall apply the provisions of the 'Declaration on trade measures taken for balance-of-payments purposes' to measures taken by those Contracting Parties which are not parties to the GATT, to the extent practicable in the context of the other provisions of this Treaty.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

3. With respect to notifications required by the provisions made applicable by Article 29 (2) (a):
  - (a) Contracting Parties which are not parties to the GATT or a Related Instrument shall make their notifications to the Secretariat. The Secretariat shall circulate copies of the notifications to all Contracting Parties. Notifications to the Secretariat shall be in one of the authentic languages of this Treaty. The accompanying documents may be solely in the language of the Contracting Party;
  - (b) such requirements shall not apply to Contracting Parties to this Treaty which are also parties to the GATT and Related Instruments, which contain their own notification requirements.
4. Trade in nuclear materials may be governed by agreements referred to in the declarations related to this paragraph contained in the Final Act of the European Energy Charter Conference.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

## 10.

## Annex TFU

## PROVISIONS REGARDING TRADE AGREEMENTS BETWEEN STATES WHICH WERE CONSTITUENT PARTS OF THE FORMER UNION OF SOVIET SOCIALIST REPUBLICS (In accordance with Article 29 (2) (b))

1. Any agreement referred to in Article 29 (2) (b) shall be notified in writing to the Secretariat by or on behalf of all of the parties to such agreement which sign or accede to this Treaty:
  - (a) in respect of an agreement in force as of a date three months after the date on which the first of such parties signs or deposits its instrument of accession to the Treaty, no later than six months after such date of signature or deposit; and
  - (b) in respect of an agreement which enters into force on a date subsequent to the date referred to in subparagraph (a), sufficiently in advance of its entry into force for other States or Regional Economic Integration Organizations which have signed or acceded to the Treaty (hereinafter referred to as the 'Interested Parties') to have a reasonable opportunity to review the agreement and make representations concerning it to the parties thereto and to the Charter Conference prior to such entry into force.
2. The notification shall include:
  - (a) copies of the original texts of the agreement in all languages in which it has been signed;
  - (b) a description, by reference to the items included in Annex EM, of the specific energy materials and products to which it applies;
  - (c) an explanation, separately for each relevant provision of the GATT and Related Instruments made applicable by Article 29 (2) (a), of the circumstances which make it impossible or impracticable for the parties to the agreement to conform fully with that provision;
  - (d) the specific measures to be adopted by each party to the agreement to address the circumstances referred to in subparagraph (c); and
  - (e) a description of the parties' programmes for achieving a progressive reduction and ultimate elimination of the agreement's non-conforming provisions.
3. Parties to an agreement notified in accordance with paragraph 1 shall afford to the Interested Parties a reasonable opportunity to consult with them with respect to such agreement, and shall accord consideration to their representations. Upon the request of any of the Interested Parties, the agreement shall be considered by the Charter Conference, which may adopt recommendations with respect thereto.
4. The Charter Conference shall periodically review the implementation of agreements notified pursuant to paragraph 1 and the progress having been made towards the elimination of provisions thereof that do not conform with provisions of the GAIT and Related Instruments made applicable by Article 29 (2) (a). Upon the request of any of the Interested Parties, the Charter Conference may adopt recommendations with respect to such an agreement.

---

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

5. An agreement described in Article 29 (2) (b) may in case of exceptional urgency be allowed to enter into force without the notification and consultation provided for in subparagraph 1 (b), paragraphs 2 and 3, provided that such notification takes place and the opportunity for such consultation is afforded promptly. In such a case the parties to the agreement shall nevertheless notify its text in accordance with subparagraph 2 (a) promptly upon its entry into force.
6. Contracting Parties which are or become parties to an agreement described in Article 29 (2) (b) undertake to limit the non-conformities thereof with the provisions of the GATT and Related Instruments made applicable by Article 29 (2) (a) to those necessary to address the particular circumstances and to implement such an agreement so as least to deviate from those provisions. They shall make every effort to take remedial action in light of representations from the Interested Parties and of any recommendations of the Charter Conference.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

## 11.

## Annex D

## INTERIM PROVISIONS FOR TRADE DISPUTE SETTLEMENT (In accordance with Article 29 (7))

## 1.

- (a) In their relations with one another, Contracting Parties shall make every effort through cooperation and consultations to arrive at a mutually satisfactory resolution of any dispute about existing measures that might materially affect compliance with the provisions applicable to trade pursuant to Article 5 or 29.
- (b) A Contracting Party may make a written request to any other Contracting Party for consultations regarding any existing measure of the other Contracting Party that it considers might affect materially compliance with provisions applicable to trade pursuant to Article 5 or 29. A Contracting Party which requests consultations shall to the fullest extent possible indicate the measure complained of and specify the provisions of Article 5 or 29 and of the GATT and Related Instruments that it considers relevant. Requests to consult pursuant to this paragraph shall be notified to the Secretariat, which shall periodically inform the Contracting Parties of pending consultations that have been notified.
- (c) A Contracting Party shall treat any confidential or proprietary information identified as such and contained in or received in response to a written request, or received in the course of consultations, in the same manner in which it is treated by the Contracting Party providing the information.
- (d) In seeking to resolve matters considered by a Contracting Party to affect compliance with provisions applicable to trade pursuant to Article 5 or 29 as between itself and another Contracting Party, the Contracting Parties participating in consultations or other dispute settlement shall make every effort to avoid a resolution that adversely affects the trade of any other Contracting Party.

## 2.

- (a) If, within 60 days from the receipt of the request for consultation referred to in subparagraph 1 (b), the Contracting Parties have not resolved their dispute or agreed to resolve it by conciliation, mediation, arbitration or other method, either Contracting Party may deliver to the Secretariat a written request for the establishment of a panel in accordance with subparagraphs (b) to (f). In its request the requesting Contracting Party shall state the substance of the dispute and indicate which provisions of Article 5 or 29 and of the GATT and Related Instruments are considered relevant. The Secretariat shall promptly deliver copies of the request to all Contracting Parties.
- (b) The interests of other Contracting Parties shall be taken into account during the resolution of a dispute. Any other Contracting Party having a substantial interest in a matter shall have the right to be heard by the panel and to make written submissions to it, provided that both the disputing Contracting Parties and the Secretariat have received written notice of its interest no later than the date of establishment of the panel, as determined in accordance with subparagraph (c).
- (c) A panel shall be deemed to be established 45 days after the receipt of the written request of a Contracting Party by the Secretariat pursuant to subparagraph (a).

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

- (d) A panel shall be composed of three members who shall be chosen by the Secretary-General from the roster described in paragraph 7. Except where the disputing Contracting Parties agree otherwise, the members of a panel shall not be citizens of Contracting Parties which either are party to the dispute or have notified their interest in accordance with subparagraph (b), or citizens of States members of a Regional Economic Integration Organization which either is party to the dispute or has notified its interest in accordance with subparagraph (b).
- (e) The disputing Contracting Parties shall respond within 10 working days to the nominations of panel members and shall not oppose nominations except for compelling reasons.
- (f) Panel members shall serve in their individual capacities and shall neither seek nor take instruction from any government or other body. Each Contracting Party undertakes to respect these principles and not to seek to influence panel members in the performance of their tasks. Panel members shall be selected with a view to ensuring their independence, and that a sufficient diversity of backgrounds and breadth of experience are reflected in a panel.
- (g) The Secretariat shall promptly notify all Contracting Parties that a panel has been constituted.

3.

- (a) The Charter Conference shall adopt rules of procedure for panel proceedings consistent with this Annex. Rules of procedure shall be as close as possible to those of the GATT and Related Instruments. A panel shall also have the right to adopt additional rules of procedure not inconsistent with the rules of procedure adopted by the Charter Conference or with this Annex. In a proceeding before a panel each disputing Contracting Party and any other Contracting Party which has notified its interest in accordance with subparagraph 2 (b), shall have the right to at least one hearing before the panel and to provide a written submission. Disputing Contracting Parties shall also have the right to provide a written rebuttal. A panel may grant a request by any other Contracting Party which has notified its interest in accordance with subparagraph 2 (b) for access to any written submission made to the panel, with the consent of the Contracting Party which has made it.

The proceedings of a panel shall be confidential. A panel shall make an objective assessment of the matters before it, including the facts of the dispute and the compliance of measures with the provisions applicable to trade pursuant to Article 5 or 29. In exercising its functions, a panel shall consult with the disputing Contracting Parties and give them adequate opportunity to arrive at a mutually satisfactory solution. Unless otherwise agreed by the disputing Contracting Parties, a panel shall base its decision on the arguments and submissions of the disputing Contracting Parties. Panels shall be guided by the interpretations given to the GATT and Related Instruments within the framework of the GATT, and shall not question the compatibility with Article 5 or 29 of practices applied by any Contracting Party which is a party to the GATT to other parties to the GATT to which it applies the GATT and which have not been taken by those other parties to dispute resolution under the GATT.

Unless otherwise agreed by the disputing Contracting Parties, all procedures involving a panel, including the issuance of its final report, should be completed within 180 days of the date of establishment of the panel; however, a failure to complete all procedures within this period shall not affect the validity of a final report.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

- (b) A panel shall determine its jurisdiction; such determination shall be final and binding. Any objection by a disputing Contracting Party that a dispute is not within the jurisdiction of the panel shall be considered by the panel, which shall decide whether to deal with the objection as a preliminary question or to join it to the merits of the dispute.
- (c) In the event of two or more requests for establishment of a panel in relation to disputes that are substantively similar, the Secretary-General may with the consent of all the disputing Contracting Parties appoint a single panel.

4.

- (a) After having considered rebuttal arguments, a panel shall submit to the disputing Contracting Parties the descriptive sections of its draft written report, including a statement of the facts and a summary of the arguments made by the disputing Contracting Parties. The disputing Contracting Parties shall be afforded an opportunity to submit written comments on the descriptive sections within a period set by the panel.

Following the date set for receipt of comments from the Contracting Parties, the panel shall issue to the disputing Contracting Parties an interim written report, including both the descriptive sections and the panel's proposed findings and conclusions. Within a period set by the panel a disputing Contracting Party may submit to the panel a written request that the panel review specific aspects of the interim report before issuing a final report. Before issuing a final report the panel may, in its discretion, meet with the disputing Contracting Parties to consider the issues raised in such a request.

The final report shall include descriptive sections (including a statement of the facts and a summary of the arguments made by the disputing Contracting Parties), the panel's findings and conclusions, and a discussion of arguments made on specific aspects of the interim report at the stage of its review. The final report shall deal with every substantial issue raised before the panel and necessary to the resolution of the dispute and shall state the reasons for the panel's conclusions.

A panel shall issue its final report by providing it promptly to the Secretariat and to the disputing Contracting Parties. The Secretariat shall at the earliest practicable opportunity distribute the final report, together with any written views that a disputing Contracting Party desires to have appended, to all Contracting Parties.

- (b) Where a panel concludes that a measure introduced or maintained by a Contracting Party does not comply with a provision of Article 5 or 29 or with a provision of the GATT or a Related Instrument that applies pursuant to Article 29, the panel may recommend in its final report that the Contracting Party alter or abandon the measure or conduct so as to be in compliance with that provision.
- (c) Panel reports shall be adopted by the Charter Conference. In order to provide sufficient time for the Charter Conference to consider panel reports, a report shall not be adopted by the Charter Conference until at least 30 days after it has been provided to all Contracting Parties by the Secretariat. Contracting Parties having objections to a panel report shall give written reasons for their objections to the Secretariat at least 10 days prior to the date on which the report is to be considered for adoption by the Charter Conference, and the Secretariat shall promptly provide them to all Contracting Parties. The disputing Contracting Parties and Contracting Parties which notified their interest in accordance with subparagraph 2 (b) shall have the right to participate fully in the consideration of the panel report on that dispute by the Charter Conference, and their views shall be fully recorded.

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

- (d) In order to ensure effective resolution of disputes to the benefit of all Contracting Parties, prompt compliance with rulings and recommendations of a final panel report that has been adopted by the Charter Conference is essential. A Contracting Party which is subject to a ruling or recommendation of a final panel report that has been adopted by the Charter Conference shall inform the Charter Conference of its intentions regarding compliance with such ruling or recommendation. In the event that immediate compliance is impracticable, the Contracting Party concerned shall explain its reasons for non-compliance to the Charter Conference and, in light of this explanation, shall have a reasonable period of time to effect compliance. The aim of dispute resolution is the modification or removal of inconsistent measures.
- 5.
- (a) Where a Contracting Party has failed within a reasonable period of time to comply with a ruling or recommendation of a final panel report that has been adopted by the Charter Conference, a Contracting Party to the dispute injured by such non-compliance may deliver to the non-complying Contracting Party a written request that the non-complying Contracting Party enter into negotiations with a view to agreeing upon mutually acceptable compensation. If so requested the non-complying Contracting Party shall promptly enter into such negotiations.
- (b) If the non-complying Contracting Party refuses to negotiate, or if the Contracting Parties have not reached agreement within 30 days after delivery of the request for negotiations, the injured Contracting Party may make a written request for authorization of the Charter Conference to suspend obligations owed by it to the non-complying Contracting Party pursuant to Article 5 or 29.
- (c) The Charter Conference may authorize the injured Contracting Party to suspend such of its obligations to the non-complying Contracting Party, under provisions of Article 5 or 29 or under provisions of the GATT or Related Instruments that apply pursuant to Article 29, as the injured Contracting Party considers equivalent in the circumstances.
- (d) The suspension of obligations shall be temporary and shall be applied only until such time as the measure found to be inconsistent with Article 5 or 29 has been removed, or until a mutually satisfactory solution is reached.
- 6.
- (a) Before suspending such obligations the injured Contracting Party shall inform the non-complying Contracting Party of the nature and level of its proposed suspension. If the non-complying Contracting Party delivers to the Secretary-General a written objection to the level of suspension of obligations proposed by the injured Contracting Party, the objection shall be referred to arbitration as provided below. The proposed suspension of obligations shall be stayed until the arbitration has been completed and the determination of the arbitral panel has become final and binding in accordance with subparagraph (e).
- (b) The Secretary-General shall establish an arbitral panel in accordance with subparagraphs 2 (d) to (f), which if practicable shall be the same panel which made the ruling or recommendation referred to in subparagraph 4 (d), to examine the level of obligations that the injured Contracting Party proposes to suspend. Unless the Charter Conference decides otherwise the rules of procedure for panel proceedings shall be adopted in accordance with subparagraph 3 (a).
- (c) The arbitral panel shall determine whether the level of obligations proposed to be suspended by the injured Contracting Party is excessive in relation to the injury it

---

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

- experienced, and if so, to what extent. It shall not review the nature of the obligations suspended, except in so far as this is inseparable from the determination of the level of suspended obligations.
- (d) The arbitral panel shall deliver its written determination to the injured and the non-complying Contracting Parties and to the Secretariat within 60 days of the establishment of the panel or within such other period as may be agreed by the injured and the non-complying Contracting Parties. The Secretariat shall present the determination to the Charter Conference at the earliest practicable opportunity, and no later than the meeting of the Charter Conference following receipt of the determination.
- (e) The determination of the arbitral panel shall become final and binding 30 days after the date of its presentation to the Charter Conference, and any level of suspension of benefits allowed thereby may thereupon be put into effect by the injured Contracting Party in such manner as that Contracting Party considers equivalent in the circumstances, unless prior to the expiration of the 30 days period the Charter Conference decides otherwise.
- (f) In suspending any obligations to a non-complying Contracting Party, an injured Contracting Party shall make every effort not to affect adversely the trade of any other Contracting Party.
7. Each Contracting Party may designate two individuals who shall, in the case of Contracting Parties which are also party to the GATT, if they are willing and able to serve as panellists pursuant to this Annex, be panellists currently nominated for the purpose of GATT dispute panels. The Secretary-General may also designate, with the approval of the Charter Conference, not more than 10 individuals, who are willing and able to serve as panellists for purposes of dispute resolution in accordance with paragraphs 2 to 4. The Charter Conference may in addition decide to designate for the same purposes up to 20 individuals, who serve on dispute settlement rosters of other international bodies, who are willing and able to serve as panellists. The names of all of the individuals so designated shall constitute the dispute settlement roster. Individuals shall be designated strictly on the basis of objectivity, reliability and sound judgement and, to the greatest extent possible, shall have expertise in international trade and energy matters, in particular as relates to provisions applicable pursuant to Article 29. In fulfilling any function pursuant to this Annex, designees shall not be affiliated with or take instructions from any Contracting Party. Designees shall serve for renewable terms of five years and until their successors have been designated. A designee whose term expires shall continue to fulfil any function for which that individual has been chosen pursuant to this Annex. In the case of death, resignation or incapacity of a designee, the Contracting Party or the Secretary-General, whichever designated said designee, shall have the right to designate another individual to serve for the remainder of that designee's term, the designation by the Secretary-General being subject to approval of the Charter Conference.
8. Notwithstanding the provisions contained in this Annex, Contracting Parties are encouraged to consult throughout the dispute resolution proceeding with a view to settling their dispute.
9. The Charter Conference may appoint or designate other bodies or fora to perform any of the functions delegated in this Annex to the Secretariat and the Secretary-General.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

### Article 6 (2)

Each Contracting Party shall ensure that within its jurisdiction it has and enforces such laws as are necessary and appropriate to address unilateral and concerted anti-competitive conduct in economic activity in the energy sector.

#### COUNTRY: **ALBANIA**

##### *Sector*

All energy sectors.

##### *Level of government*

National.

##### *Description*

There is no law on protection of competition in Albania. The law No 7746 of 28 July 1993 on hydrocarbons and the law No 7796 of 17 February 1994 on minerals do not include such provisions. There is no law on electricity which is in the stage of preparation. This law is planned to be submitted to the Parliament by the end of 1996. In these laws Albania intends to include provisions on anti-competitive conduct.

##### *Phase-out*

1 January 1998.

#### COUNTRY: **ARMENIA**

##### *Sector*

All energy sectors.

##### *Level of government*

National.

##### *Description*

At present a State monopoly exists in Armenia in most energy sectors. There is no law on protection of competition, thus the rules of competition are not yet being implemented. There are no laws on energy. The draft laws on energy are planned to be submitted to the Parliament in 1994. The laws are envisaged to include provisions on anti-competitive behaviour, which would be harmonized with the EC legislation on competition.

##### *Phase-out*

31 December 1997.

---

*Changes to legislation:* There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

**COUNTRY: AZERBAIJAN***Sector*

All energy sectors.

*Level of government*

National.

*Description*

The anti-monopoly legislation is at the stage of elaboration.

*Phase-out*

1 January 2000.

**COUNTRY: BELARUS***Sector*

All energy sectors.

*Level of government*

National.

*Description*

Anti-monopoly legislation is at the stage of elaboration.

*Phase-out*

1 January 2000.

**COUNTRY: GEORGIA***Sector*

All energy sectors.

*Level of government*

National.

*Description*

Laws on demonopolization are at present at the stage of elaboration in Georgia and that is why the State has so far the monopoly for practically all energy sources and energy resources, which restricts the possibility of competition in the energy and fuel complex.

*Phase-out*

1 January 1999.

**COUNTRY: KAZAKHSTAN***Sector*

All energy sectors.

*Level of government*

National.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

### *Description*

The law on development of competition and restriction of monopolistic activities (No 656 of 11 June 1991) has been adopted, but is of a general nature. It is necessary to develop the legislation further, in particular by means of adopting relevant amendments or adopting a new law.

### *Phase-out*

1 January 1998.

COUNTRY: **KYRGYZSTAN**

### *Sector*

All energy sectors.

### *Level of government*

National.

### *Description*

The law on anti-monopoly policies has already been adopted. The transitional period is needed to adapt provisions of this law to the energy sector which is now strictly regulated by the State.

### *Phase-out*

1 July 2001.

COUNTRY: **MOLDOVA**

### *Sector*

All energy sectors.

### *Level of government*

National.

### *Description*

The law on restriction of monopolistic activities and development of competition of 29 January 1992 provides an organizational and legal basis for the development of competition, and of measures to prevent, limit and restrict monopolistic activities; it is oriented towards implementing market economy conditions. This law, however, does not provide for concrete measures of anti-competitive conduct in the energy sector, nor does it cover completely the requirements of Article 6.

In 1995 drafts of a law on competition and a State programme of demonopolization of the economy will be submitted to the Parliament. The draft law on energy which will also be submitted to the Parliament in 1995 will cover issues on demonopolization and development of competition in the energy sector.

### *Phase-out*

1 January 1998.

COUNTRY: **ROMANIA**

### *Sector*

All energy sectors.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

### *Level of government*

National.

### *Description*

The rules of competition are not yet implemented in Romania. The draft law on protection of competition has been submitted to the Parliament and is scheduled to be adopted during 1994.

The draft contains provisions with respect to anti-competitive behaviour, harmonized with the EC's law on competition.

### *Phase-out*

31 December 1996.

**COUNTRY: THE RUSSIAN FEDERATION**

### *Sector*

All energy sectors.

### *Level of government*

The Federation.

### *Description*

A comprehensive framework of anti-monopoly legislation has been created in the Russian Federation but other legal and organizational measures to prevent, limit or suppress monopolistic activities and unfair competition will have to be adopted and in particular in the energy sector.

### *Phase-out*

1 July 2001.

**COUNTRY: SLOVENIA**

### *Sector*

All energy sectors.

### *Level of government*

National.

### *Description*

Law on protection of competition adopted in 1993 and published in Official Journal No 18/93 treats anti-competitive conduct generally. The existing law also provides for conditions for the establishment of competition authorities. At present the main competition authority is the Office of Protection of Competition in the Ministry of Economic Relations and Development. With regard to importance of energy sector a separate law in this respect is foreseen and thus more time for full compliance is needed.

### *Phase-out*

1 January 1998.

**COUNTRY: TAJIKISTAN**

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

All energy sectors.

*Level of government*

National.

*Description*

In 1993 Tajikistan passed the law on demonopolization and competition. However, due to the difficult economic situation in Tajikistan, the jurisdiction of the law has been temporarily suspended.

*Phase-out*

31 December 1997.

COUNTRY: **TURKMENISTAN**

*Sector*

All energy sectors.

*Level of government*

National.

*Description*

Under the Ruling of the President of Turkmenistan No 1532 of 21 October 1993 the Committee on Restricting Monopolistic Activities has been established and is acting now, the function of which is to protect enterprises and other entities from monopoly conduct and practices and to promote the formation of market principles on the basis of the development of competition and entrepreneurship.

Further development of legislation and regulations is needed which would regulate anti-monopoly conduct of enterprises in the economic activity in the energy sector.

*Phase-out*

1 July 2001.

COUNTRY: **UZBEKISTAN**

*Sector*

All energy sectors.

*Level of government*

National.

*Description*

The law on restricting monopoly activities has been adopted in Uzbekistan and has been in force since July 1992. However, the law (as is specified in Article 1 (3)) does not extend to the activities of enterprises in the energy sector.

*Phase-out*

1 July 2001.

**Article 6 (5)**

---

*Changes to legislation:* There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

If a Contracting Party considers that any specified anti-competitive conduct carried out within the area of another Contracting Party is adversely affecting an important interest relevant to the purposes identified in this Article, the Contracting Party may notify the other Contracting Party and may request that its competition authorities initiate appropriate enforcement action. The notifying Contracting Party shall include in such notification sufficient information to permit the notified Contracting Party to identify the anti-competitive conduct that is the subject of the notification and shall include an offer of such further information and cooperation as that Contracting Party is able to provide. The notified Contracting Party or, as the case may be, the relevant competition authorities may consult with the competition authorities of the notifying Contracting Party and shall accord full consideration to the request of the notifying Contracting Party in deciding whether or not to initiate enforcement action with respect to the alleged anti-competitive conduct identified in the notification. The notified Contracting Party shall inform the notifying Contracting Party of its decision or the decision of the relevant competition authorities and may if it wishes inform the notifying Contracting Party of the grounds for the decision. If enforcement action is initiated, the notified Contracting Party shall advise the notifying Contracting Party of its outcome and, to the extent possible, of any significant interim development.

**COUNTRY: ALBANIA**

*Sector*

All energy sectors.

*Level of government*

National.

*Description*

In Albania there are no established institutions to enforce the competition rules. Such institutions will be provided for in the law on the protection of competition which is planned to be finalized in 1996.

*Phase-out*

1 January 1999.

## Article 9 (1)

The Contracting Parties acknowledge the importance of open capital markets in encouraging the flow of capital to finance trade in energy materials and products and for the making of and assisting with regard to investments in economic activity in the energy sector in the areas of other Contracting Parties, particularly those with economies in transition. Each Contracting Party shall accordingly endeavour to promote conditions for access to its capital market by companies and nationals of other Contracting Parties, for the purpose of financing trade in energy materials and products and for the purpose of investment in economic activity in the energy sector in the areas of those other Contracting Parties, on a basis no less favourable than that which it accords in like circumstances to its own companies and nationals or companies and nationals of any other Contracting Party or any third State, whichever is the most favourable.

1 July 2001.

ANNEX 2

DECISIONS WITH RESPECT TO THE ENERGY CHARTER TREATY

The European Energy Charter Conference has adopted the following Decisions:

1. **With respect to the Treaty as a whole**

In the event of a conflict between the treaty concerning Spitsbergen of 9 February 1920 (the Svalbard Treaty) and the Energy Charter Treaty, the treaty concerning Spitsbergen shall prevail to the extent of the conflict, without prejudice to the positions of the Contracting Parties in respect of the Svalbard Treaty. In the event of such conflict or a dispute as to whether there is such conflict or as to its extent, Article 16 and Part V of the Energy Charter Treaty shall not apply.

2. **With respect to Article 10 (7)**

The Russian Federation may require that companies with foreign participation obtain legislative approval for the leasing of federally-owned property, provided that the Russian Federation shall ensure without exception that this process is not applied in a manner which discriminates among investments of investors of other Contracting Parties.

3. **With respect to Article 14<sup>(1)</sup>**

1. The term 'freedom of transfer' in Article 14 (1) does not preclude a Contracting Party (hereinafter referred to as the 'Limiting Party') from applying restrictions on movement of capital by its own investors, provided that:

---

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

- (a) such restrictions shall not impair the rights granted pursuant to Article 14 (1) to investors of other Contracting Parties with respect to their investments;
  - (b) such restrictions do not affect current transactions; and
  - (c) the Contracting Party ensures that investments in its area of the investors of all other Contracting Parties are accorded, with respect to transfers, treatment no less favourable than that which it accords to investments of investors of any other Contracting Party or of any third State, whichever is the most favourable.
2. This Decision shall be subject to examination by the Charter Conference five years after entry into force of the Treaty, but not later than the date envisaged in Article 32 (3).
  3. No Contracting Party shall be eligible to apply such restrictions unless it is a Contracting Party which is a State that was a constituent part of the former Union of Soviet Socialist Republics, which has notified the provisional Secretariat in writing no later than 1 July 1995 that it elects to be eligible to apply restrictions in accordance with this Decision.
  4. For the avoidance of doubt, nothing in this Decision shall derogate, as concerns Article 16, from the rights hereunder of a Contracting Party, its investors or their investments, or from the obligations of a Contracting Party.
  5. For the purposes of this Decision:  
‘current transactions’ are current payments connected with the movement of goods, services or persons that are made in accordance with normal international practice, and do not include arrangements which materially constitute a combination of a current payment and a capital transaction, such as deferrals of payments and advances which is meant to circumvent respective legislation of the Limiting Party in the field.

#### 4. **With respect to Article 14 (2)**

Without prejudice to the requirements of Article 14 and its other international obligations, Romania shall endeavour during the transition to full convertibility of its national currency to take appropriate steps to improve the efficiency of its procedures for the transfers of investment returns and shall in any case guarantee such transfers in a freely convertible currency without restriction or a delay exceeding six months. Romania shall ensure that investments in its area of the investors of all other Contracting Parties are accorded, with respect to transfers, treatment no less favourable than that which it accords to investments of investors of any other Contracting Party or of any third State, whichever is the most favourable.

#### 5. **With respect to Articles 24 (4) (a) and 25**

An investment of an investor referred to in Article 1 (7) (a) (ii), of a Contracting Party which is not party to an EIA or a member of a free-trade area or a customs union, shall be entitled to treatment accorded under such EIA, free-trade area or customs union, provided that the investment:

- (a) has its registered office, central administration or principal place of business in the area of a party to that EIA or member of that free-trade area or customs union; or

---

*Changes to legislation: There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

- (b) in case it only has its registered office in that area, has an effective and continuous link with the economy of one of the parties to that EIA or member of that free-trade area or customs union.

### ANNEX 3

#### ENERGY CHARTER PROTOCOL on energy efficiency and related environmental aspects

##### **PREAMBLE**

THE CONTRACTING PARTIES to this Protocol,

Having regard to the European Energy Charter adopted in the Concluding Document of the Hague Conference on the European Energy Charter, signed at The Hague on 17 December 1991; and in particular to the declarations therein that cooperation is necessary in the field of energy efficiency and related environmental protection,

Having regard also to the Energy Charter Treaty, opened for signature from 17 December 1994 to 16 June 1995,

Mindful of the work undertaken by international organizations and fora in the field of energy efficiency and environmental aspects of the energy cycle;

Aware of the improvements in supply security, and of the significant economic and environmental gains, which result from the implementation of cost-effective energy efficiency measures; and aware of their importance for restructuring economies and improving living standards;

Recognizing that improvements in energy efficiency reduce negative environmental consequences of the energy cycle including global warming and acidification;

Convinced that energy prices should reflect as far as possible a competitive market, ensuring market-oriented price formation, including fuller reflection of environmental costs and benefits, and recognizing that such price formation is vital to progress in energy efficiency and associated environmental protection;

Appreciating the vital role of the private sector including small and medium-sized enterprises in promoting and implementing energy efficiency measures, and intent on ensuring a favourable institutional framework for economically viable investment in energy efficiency;

Recognizing that commercial forms of cooperation may need to be complemented by intergovernmental cooperation, particularly in the area of energy policy formulation and analysis as well as in other areas which are essential to the enhancement of energy efficiency but not suitable for private funding; and

Desiring to undertake cooperative and coordinated action in the field of energy efficiency and related environmental protection and to adopt a Protocol providing a framework for using energy as economically and efficiently as possible,

HAVE AGREED AS FOLLOWS:

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

## PART I

### INTRODUCTION

#### *Article 1*

#### **Scope and objectives of the Protocol**

1 This Protocol defines policy principles for the promotion of energy efficiency as a considerable source of energy and for consequently reducing adverse environmental impacts of energy systems. It furthermore provides guidance on the development of energy efficiency programmes, indicates areas of cooperation and provides a framework for the development of cooperative and coordinated action. Such action may include the prospecting for, exploration, production, conversion, storage, transport, distribution, and consumption of energy, and may relate to any economic sector.

2 The objectives of this Protocol are:

#### *Article 2*

#### **Definitions**

As used in this Protocol:

1. 'Charter' means the European Energy Charter adopted in the Concluding Document of the Hague Conference on the European Energy Charter signed at The Hague on 17 December 1991; signature of the Concluding Document is considered to be signature of the Charter.
2. 'Contracting Party' means a State or Regional Economic Integration Organization which has consented to be bound by this Protocol and for which the Protocol is in force.
3. 'Regional Economic Integration Organization' means an organization constituted by States to which they have transferred competence over certain matters a number of which are governed by this Protocol, including the authority to take decisions binding on them in respect of those matters.
4. 'Energy cycle' means the entire energy chain, including activities related to prospecting for, exploration, production, conversion, storage, transport, distribution and consumption of the various forms of energy, and the treatment and disposal of wastes, as well as the decommissioning, cessation or closure of these activities, minimizing harmful environmental impacts.
5. 'Cost-effectiveness' means to achieve a defined objective at the lowest cost or to achieve the greatest benefit at a given cost.
6. 'Improving energy efficiency' means acting to maintain the same unit of output (of a good or service) without reducing the quality or performance of the output, while reducing the amount of energy required to produce that output.
7. 'Environmental impact' means any effect caused by a given activity on the environment, including human health and safety, flora, fauna, soil, air, water, climate, landscape and historical monuments or other physical structures or the interactions

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

among these factors; it also includes effects on cultural heritage or socio-economic conditions resulting from alterations to those factors.

## PART II

### POLICY PRINCIPLES

#### Article 3

#### Basic principles

Contracting Parties shall be guided by the following principles:

1. Contracting Parties shall cooperate and, as appropriate, assist each other in developing and implementing energy efficiency policies, laws and regulations.
2. Contracting Parties shall establish energy efficiency policies and appropriate legal and regulatory frameworks which promote, *inter alia*:
  - (a) efficient functioning of market mechanisms including market-oriented price formation and a fuller reflection of environmental costs and benefits;
  - (b) reduction of barriers to energy efficiency, thus stimulating investments;
  - (c) mechanisms for financing energy efficiency initiatives;
  - (d) education and awareness;
  - (e) dissemination and transfer of technologies;
  - (f) transparency of legal and regulatory frameworks.
3. Contracting Parties shall strive to achieve the full benefit of energy efficiency throughout the energy cycle. To this end they shall, to the best of their competence, formulate and implement energy efficiency policies and cooperative or coordinated actions based on cost-effectiveness and economic efficiency, taking due account of environmental aspects.
4. Energy efficiency policies shall include both short-term measures for the adjustment of previous practices and long-term measures to improve energy efficiency throughout the energy cycle.
5. When cooperating to achieve the objectives of this Protocol, Contracting Parties shall take into account the differences in adverse effects and abatement costs between Contracting Parties.
6. Contracting Parties recognize the vital role of the private sector. They shall encourage action by energy utilities, responsible authorities and specialized agencies, and close cooperation between industry and administrations.
7. Cooperative or coordinated action shall take into account relevant principles adopted in international agreements, aimed at protection and improvement of the environment, to which Contracting Parties are parties.
8. Contracting Parties shall take full advantage of the work and expertise of competent international or other bodies and shall take care to avoid duplication.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

#### *Article 4*

### **Division of responsibility and coordination**

Each Contracting Party shall strive to ensure that energy efficiency policies are coordinated among all of its responsible authorities.

#### *Article 5*

### **Strategies and policy aims**

Contracting Parties shall formulate strategies and policy aims for improving energy efficiency and thereby reducing environmental impacts of the energy cycle as appropriate in relation to their own specific energy conditions. These strategies and policy aims shall be transparent to all interested parties.

#### *Article 6*

### **Financing and financial incentives**

1 Contracting Parties shall encourage the implementation of new approaches and methods for financing energy efficiency and energy related environmental protection investments, such as joint venture arrangements between energy users and external investors (hereinafter referred to as 'Third Party Financing').

2 Contracting Parties shall endeavour to take advantage of and promote access to private capital markets and existing international financing institutions in order to facilitate investments in improving energy efficiency and in environmental protection related to energy efficiency.

3 Contracting Parties may, subject to the provisions of the Energy Charter Treaty and to their other international legal obligations, provide fiscal or financial incentives to energy users in order to facilitate market penetration of energy efficiency technologies, products and services. They shall strive to do so in a manner that both ensures transparency and minimizes the distortion of international markets.

#### *Article 7*

### **Promotion of energy efficient technology**

1 Consistent with the provisions of the Energy Charter Treaty, Contracting Parties shall encourage commercial trade and cooperation in energy efficient and environmentally sound technologies, energy related services and management practices.

2 Contracting Parties shall promote the use of these technologies, services and management practices throughout the energy cycle.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

### Article 8

#### Domestic programmes

1 In order to achieve the policy aims formulated according to Article 5, each Contracting Party shall develop, implement and regularly update energy efficiency programmes best suited to its circumstances.

2 These programmes may include activities such as the:

3 In implementing their energy efficiency programmes, Contracting Parties shall ensure that adequate institutional and legal infrastructures exist.

### PART III

#### INTERNATIONAL COOPERATION

### Article 9

#### Areas of cooperation

The cooperation between Contracting Parties may take any appropriate form. Areas of possible cooperation are listed in the Annex.

### PART IV

#### ADMINISTRATIVE AND LEGAL ARRANGEMENTS

### Article 10

#### Role of the Charter Conference

1 All decisions made by the Charter Conference in accordance with this Protocol shall be made by only those Contracting Parties to the Energy Charter Treaty who are Contracting Parties to this Protocol.

2 The Charter Conference shall endeavour to adopt, within 180 days after the entry into force of this Protocol, procedures for keeping under review and facilitating the implementation of its provisions, including reporting requirements, as well as for identifying areas of cooperation in accordance with Article 9.

### Article 11

#### Secretariat and financing

1 The Secretariat established pursuant to Article 35 of the Energy Charter Treaty shall provide the Charter Conference with all necessary assistance for the performance of its duties under this Protocol and provide such other services in support of the Protocol as may be required from time to time, subject to approval by the Charter Conference.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

2 The costs of the Secretariat and Charter Conference arising from this Protocol shall be met by the Contracting Parties to this Protocol according to their capacity to pay, determined according to the formula specified in Annex B to the Energy Charter Treaty.

#### *Article 12*

##### **Voting**

1 Unanimity of Contracting Parties present and voting at the meeting of the Charter Conference where such matters fall to be decided shall be required for decisions to:

2 For purposes of this Article, 'Contracting Parties present and voting' means Contracting Parties to this Protocol present and casting affirmative or negative votes, provided that the Charter Conference may decide upon rules of procedure to enable such decisions to be taken by Contracting Parties by correspondence.

3 Except as provided in paragraph 1 in relation to budgetary matters, no decision referred to in this Article shall be valid unless it has the support of a simple majority of Contracting Parties.

4 A Regional Economic Integration Organization shall, when voting, have a number of votes equal to the number of its Member States which are Contracting Parties to this Protocol; provided that such an Organization shall not exercise its right to vote if its Member States exercise theirs, and vice versa.

5 In the event of persistent arrears in a Contracting Party's discharge of financial obligations under this Protocol, the Charter Conference may suspend that Contracting Party's voting rights in whole or in part.

#### *Article 13*

##### **Relation to the Energy Charter Treaty**

1 In the event of inconsistency between the provisions of this Protocol and the provisions of the Energy Charter Treaty, the provisions of the Energy Charter Treaty shall, to the extent of the inconsistency, prevail.

2 Article 10(1) and Article 12(1) to (3) shall not apply to votes in the Charter Conference on amendments to this Protocol which assign duties or functions to the Charter Conference or the Secretariat, the establishment of which is provided for in the Energy Charter Treaty.

#### **PART V**

##### **FINAL PROVISIONS**

#### *Article 14*

##### **Signature**

This Protocol shall be open for signature at Lisbon from 17 December 1994 to 16 June 1995 by the States and Regional Economic Integration Organizations whose representatives have signed the Charter and the Energy Charter Treaty.

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

### Article 15

#### **Ratification, acceptance or approval**

This Protocol shall be subject to ratification, acceptance or approval by signatories. Instruments of ratification, acceptance or approval shall be deposited with the Depositary.

### Article 16

#### **Accession**

This Protocol shall be open for accession, from the date on which the Protocol is closed for signature, by States and Regional Economic Integration Organizations which have signed the Charter and are Contracting Parties to the Energy Charter Treaty, on terms to be approved by the Charter Conference. The instruments of accession shall be deposited with the Depositary.

### Article 17

#### **Amendments**

- 1 Any Contracting Party may propose amendments to this Protocol.
- 2 The text of any proposed amendment to this Protocol shall be communicated to Contracting Parties by the Secretariat at least three months before the date on which it is proposed for adoption by the Charter Conference.
- 3 Amendments to this Protocol, texts of which have been adopted by the Charter Conference, shall be communicated by the Secretariat to the Depositary which shall submit them to all Contracting Parties for ratification, acceptance or approval.
- 4 Instruments of ratification, acceptance or approval of amendments to this Protocol shall be deposited with the Depositary. Amendments shall enter into force between Contracting Parties having ratified, accepted or approved them on the 30th day after deposit with the Depositary of instruments of ratification, acceptance or approval by at least three-fourths of the Contracting Parties. Thereafter the amendments shall enter into force for any other Contracting Party on the 30th day after that Contracting Party deposits its instrument of ratification, acceptance or approval of the amendments.

### Article 18

#### **Entry into force**

- 1 This Protocol shall enter into force on the 30th day after the date of deposit of the 15th instrument of ratification, acceptance or approval thereof, or of accession thereto, by a State or Regional Economic Integration Organization which is a signatory to the Charter and a Contracting Party to the Energy Charter Treaty or on the same date as the Energy Charter Treaty enters into force, whichever is later.
- 2 For each State or Regional Economic Integration Organization for which the Energy Charter Treaty has entered into force and which ratifies, accepts, or approves this Protocol or accedes thereto after the Protocol has entered into force in accordance with paragraph 1, the

---

**Changes to legislation:** There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)

---

Protocol shall enter into force on the 30th day after the date of deposit by such State or Regional Economic Integration Organization of its instrument of ratification, acceptance, approval or accession.

3 For the purposes of paragraph 1, any instrument deposited by a Regional Economic Integration Organization shall not be counted as additional to those deposited by Member States of such Organization.

#### *Article 19*

### **Reservations**

No reservations may be made to this Protocol.

#### *Article 20*

### **Withdrawal**

1 At any time after this Protocol has entered into force for a Contracting Party, that Contracting Party may give written notification to the Depositary of its withdrawal from the Protocol.

2 Any Contracting Party which withdraws from the Energy Charter Treaty shall be considered as also having withdrawn from this Protocol.

3 The effective date of withdrawal pursuant to paragraph 1 shall be 90 days after receipt of notification by the Depositary. The effective date of withdrawal pursuant to paragraph 2 shall be the same as the effective date of withdrawal from the Energy Charter Treaty.

#### *Article 21*

### **Depositary**

The Government of the Portuguese Republic shall be the Depositary of this Protocol.

#### *Article 22*

### **Authentic texts**

In witness whereof the undersigned, being duly authorized to that effect, have signed this Protocol in English, French, German, Italian, Russian and Spanish, of which every text is equally authentic, in one original, which will be deposited with the Government of the Portuguese Republic.

## ANNEX

Illustrative and non-exhaustive list of possible areas of cooperation pursuant to Article 9

Development of energy efficiency programmes, including identifying energy efficiency barriers and potentials, and the development of energy labelling and efficiency standards.

Assessment of the environmental impacts of the Energy Cycle.

Development of economic, legislative and regulatory measures.

Technology transfer, technical assistance and industrial joint ventures subject to international property rights regimes and other applicable international agreements.

Research and development.

Education, training, information and statistics.

Identification and assessment of measures such as fiscal or other market-based instruments, including tradable permits to take account of external, notably environmental, costs and benefits.

Energy analysis and policy formulation:

- assessment of energy efficiency potentials,
- energy demand analysis and statistics,
- development of legislative and regulatory measures,
- integrated resource planning and demand side management,
- environmental impact assessment, including major energy projects.

Evaluation of economic instruments for improving energy efficiency and environmental objectives.

Energy efficiency analysis in refining, conversion, transport and distribution of hydro-carbons.

Improving energy efficiency in power generation and transmission:

- cogeneration,
- plant component (boilers, turbines, generators, etc.),
- network integration.

Improving energy efficiency in the building sector:

- thermal insulation standards, passive solar and ventilation,
- space heating and air conditioning systems,
- high efficiency low NO<sub>x</sub> burners,
- metering technologies and individual metering,
- domestic appliances and lighting.

Municipalities and local community services:

- district heating systems,
- efficient gas distribution systems,
- energy planning technologies,
- twinning of towns or of other relevant territorial entities,
- energy management in cities and in public buildings,
- waste management and energy recovery of waste.

---

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

Improving energy efficiency in the industrial sector:

- joint ventures,
- energy cascading, cogeneration and waste heat recovery,
- energy audits.

Improving energy efficiency in the transport sector:

- motor vehicle performance standards,
- development of efficient transport infrastructures.

Information:

- awareness creation,
- databases: access, technical specifications, information systems,
- dissemination, collection and collation of technical information,
- behavioural studies.

Training and education:

- exchanges of energy managers, officials, engineers and students,
- organization of international training courses.

Financing:

- development of legal framework,
- Third Party Financing,
- joint ventures,
- co-financing.

Statement submitted by the European Communities to the Secretariat of the Energy Charter pursuant to Article 26(3)(b)(ii) of the Energy Charter Treaty

The European Communities, as Contracting Parties to the Energy Charter Treaty, make the following statement concerning their policies, practices and conditions with regard to disputes between an investor and a Contracting Parties and their submission to international arbitration or conciliation:

The European Communities are a regional economic integration organisation within the meaning of the Energy Charter Treaty. The Communities exercise the competences conferred on them by their Member States through autonomous decision-making and judicial institutions.

The European Communities and their Member States have both concluded the Energy Charter Treaty and are thus internationally responsible for the fulfilment of the obligations contained therein, in accordance with their respective competences.

The Communities and the Member States will, if necessary, determine among them who is the respondent party to arbitration proceedings initiated by an Investor of another Contracting Party. In such case, upon the request of the Investor, the Communities and the Member States concerned will make such determination within a period of 30 days<sup>(2)</sup>.

The Court of Justice of the European Communities, as the judicial institution of the Communities, is competent to examine any question relating to the application and interpretation of the constituent treaties and acts adopted thereunder, including international agreements concluded by the Communities, which under certain conditions may be invoked before the Court of Justice.

---

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

Any case brought before the Court of Justice of the European Communities by an investor of another Contracting Party in application of the forms of action provided by the constituent treaties of the Communities falls under Article 26(2)(a) of the Energy Charter Treaty<sup>(3)</sup>. Given that the Communities' legal system provides for means of such action, the European Communities have not given their unconditional consent to the submission of a dispute to international arbitration or conciliation.

As far as international arbitration is concerned, it should be stated that the provisions of the ICSID Convention do not allow the European Communities to become parties to it. The provisions of the ICSID Additional Facility also do not allow the Communities to make use of them. Any arbitral award against the European Communities will be implemented by the Communities' institutions, in accordance with their obligation under Article 26(8) of the Energy Charter Treaty.

Information concerning the entry into force of the Energy Charter Treaty  
and the Protocol on energy efficiency and related environmental aspects

The European Communities, as Contracting Parties to the Energy Charter Treaty and the Protocol on energy efficiency and related environmental aspects, have deposited their instruments of approval with the Government of the Portuguese Republic on 16 December 1997.

In accordance with Article 44(1) of the Energy Charter Treaty and Article 18(1) of the Protocol, the Energy Charter Treaty and the Protocol on energy efficiency and related environmental aspects will enter into force for the European Communities on 16 April 1998, following the deposit of the thirtieth instrument of ratification on 16 January 1998.

---

**Changes to legislation:** *There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom). (See end of Document for details)*

---

- (1) This Decision has been drafted in the understanding that Contracting Parties which intend to avail themselves of it and which also have entered into Partnership and Cooperation Agreements with the European Communities and their Member States containing an article disapplying those Agreements in favour of the Treaty, will exchange letters of understanding which have the legal effect of making Article 16 of the Treaty applicable between them in relation to this Decision. The exchange of letters shall be completed in good time prior to signature.
- (2) This is without prejudice to the right of the investor to initiate proceedings against both the Communities and their Member States.
- (3) Article 26(2)(a) is also applicable in the case where the Court of Justice of the European Communities may be called upon to examine the application or interpretation of the Energy Charter Treaty on the basis of a request for a preliminary ruling submitted by a court or tribunal of a Member State in accordance with Article 177 of the EC Treaty.

**Changes to legislation:**

There are currently no known outstanding effects for the Council and Commission Decision of 23 September 1997 on the conclusion, by the European Communities, of the Energy Charter Treaty and the Energy Charter Protocol on energy efficiency and related environmental aspects. The Decision on the conclusion of the Energy Charter Treaty on behalf of the European Community was adopted by the Council on 27 May 1997. (98/181/EC, ECSC, Euratom).
