
Changes to legislation: There are currently no known outstanding effects for the Commission Decision of 1 December 2004 concerning implementing rules whereby Member States may authorise the placing on the market of seed belonging to varieties for which an application for entry in the national catalogue of varieties of agricultural plant species or vegetable species has been submitted (notified under document number C(2004) 4493) (Text with EEA relevance) (2004/842/EC), Article 35. (See end of Document for details)

Commission Decision of 1 December 2004 concerning implementing rules whereby Member States may authorise the placing on the market of seed belonging to varieties for which an application for entry in the national catalogue of varieties of agricultural plant species or vegetable species has been submitted (notified under document number C(2004) 4493) (Text with EEA relevance) (2004/842/EC)

CHAPTER III

Vegetable species

Article 35

Maintenance checks

The authorising Member State may check maintenance of the variety.

Where maintenance takes place in a Member State other than the authorising Member State, the Member States shall assist each other administratively as regards the necessary checks.

A Member State may accept maintenance in a third country, provided that it has been decided under Article 37(1)(b) of Directive 2002/55/EC that the checks on practices for the maintenance afford the same assurances as those carried out by the Member States.
