

Commission Decision of 14 December 2007 granting a derogation requested by the United Kingdom with regard to Northern Ireland pursuant to Council Directive 91/676/EEC concerning the protection of waters against pollution caused by nitrates from agricultural sources (notified under document number C(2007) 6281) (Only the English version is authentic) (2007/863/EC)

Article 9

Controls

- 1 The competent national authority shall carry out administrative controls in respect of all farms benefiting from an individual derogation for the assessment of compliance with the maximum amount of 250 kg nitrogen per hectare per year from grazing livestock manure, with nitrogen and phosphorus maximum fertilisation rates and conditions on land use.
- 2 A programme of field inspections shall be established based on risk analysis, results of controls of the previous years and results of general random controls of legislation implementing Directive 91/676/EEC. The field inspections shall cover at least 3 % of farms benefiting from an individual derogation in respect to the conditions set out in Article 5 and 6.
