1. INTRODUCTION

Status: Point in time view as at 31/12/2020. This version of this schedule no longer has effect.

Changes to legislation: There are currently no known outstanding effects for the Commission Decision of 5 March 2008 laying down rules for the implementation of Decision No 574/2007/EC of the European Parliament and of the Council establishing the External Borders Fund for the period 2007 to 2013 as part of the General programme 'Solidarity and Management of Migration Flows' as regards Member States' management and control systems, the rules for administrative and financial management and the eligibility of expenditure on projects co-financed by the Fund (notified under document number C(2008) 789) (Only the Bulgarian, Czech, Danish, Dutch, English, Estonian, I, the undersigned, representing the [name of audit authority designated by Member State], have examined the functioning of the management and control systems in the [name of the Fund] regarding the actions implemented under the annual programme for the year [20XX], in order to issue an opinion on whether the systems functioned effectively so as to provide reasonable assurance that declarations of expenditure presented to the Commission are correct and, as a consequence, reasonable assurance that the underlying transactions are legal and regular.

2. SCOPE OF THE EXAMINATION

The examination was carried out in accordance with the audit strategy in respect of this Fund during the period [dd/mm/year] to [dd/mm/year] and reported in the annual audit report under section A.

Either

There were no limitations on the scope of the examination.

or

The scope of the examination was limited by the following factors:

- (a) [...]
- (b) [...]
- (c) etc.

(Indicate any limitation on the scope of the examination, for example any systemic problems, weaknesses in the management and control system, lack of supporting documentation, cases under legal proceedings, etc., and estimate the amounts of expenditure and the Community contribution affected. If the audit authority does not consider that the limitations have an impact on the expenditure declared, this should be stated.)

3. OPINION

Either (unqualified opinion)

Based on the examination referred to above, it is my opinion that, for the abovementioned annual programme, the management and control systems established for the [name of the Fund] complied with the applicable requirements of the basic act No 574/2007/EC [and Commission Decision (EC) No [2008/456/EC] and functioned effectively so as to provide reasonable assurance that declarations of expenditure presented to the Commission are correct and, as a consequence, reasonable assurance that the underlying transactions are legal and regular.

Or (qualified opinion)

Based on the examination referred to above, it is my opinion that, for the abovementioned annual programme, the management and control systems established for the [name of the Fund] complied with the applicable requirements of the basic act No 574/2007/EC [and Commission Decision (EC) No 2008/456/EC] and functioned effectively so as to provide reasonable assurance that declarations of expenditure presented to the Commission are correct and, as a consequence, reasonable assurance that the underlying transactions are legal and regular, except in the following respects:

- (a) [...]
- (b) [...]
- (c) etc.

Status: Point in time view as at 31/12/2020. This version of this schedule no longer has effect.

My reasons for considering that this (these) aspect(s) of the systems did not comply with the requirements and/or did not operate in such a way as to give a reasonable assurance on the correctness of the declarations of expenditure presented to the Commission are as follows:

- (a) [...]
- (b) [...]
- (c) etc.

I estimate the impact of the qualification(s) to be [...] % of the total expenditure declared. The Community contribution affected is thus [...]

Or (adverse opinion)

Based on the examination referred to above, it is my opinion that, for the abovementioned annual programme, the management and control system established for the [name of the Fund] did not comply with the requirements of Articles [...] of the basic act No 574/2007/EC [and Commission Decision (EC) No 2008/456/EC] and did not function effectively so as to provide reasonable assurance that declarations of expenditure presented to the Commission are correct and, as a consequence, does not provide reasonable assurance that the underlying transactions are legal and regular.

INSTRUCTIONS CONCERNING THE EMBLEM AND DEFINITION OF THE STANDARD COLOURS

Symbolic description

Against a background of blue sky, 12 golden stars form a circle representing the union of the peoples of Europe. The number of stars is fixed, twelve being the symbol of perfection and unity.

Heraldic description

On an azure field a circle of 12 golden mullets, their points not touching.

Geometric description

The emblem has the form of a blue rectangular flag of which the fly is one and a half times the length of the hoist. 12 gold stars situated at equal intervals form an invisible circle whose centre is the point of intersection of the diagonals of the rectangle. The radius of the circle is equal to one third of the height of the hoist. Each of the stars has five points which are situated on the circumference of an invisible circle whose radius is equal to one eighteenth of the height of the hoist. All the stars are upright, i.e. with one point vertical and two points in a straight line at right angles to the mast. The circle is arranged so that the stars appear in the position of the hours on the face of a clock. Their number is invariable.

Regulation colours

The emblem is in the following colours: PANTONE REFLEX BLUE for the surface of the rectangle; PANTONE YELLOW for the stars.

Four-colour process

If the four-colour process is used, recreate the two standard colours by using the four colours of the four-colour process.

 - (a) within the scope of the Fund and within its objectives, as described in Articles 1 and 3 of the basic act;
 - (b) within the eligible actions listed in Articles 4 and 6 of the basic act;
 - (c) needed to carry out the activities covered by the project, forming part of the multiannual and annual programmes, as approved by the Commission;
 - (d) reasonable and comply with the principles of sound financial management, in particular, value for money and cost-effectiveness;
 - (e) incurred by the final beneficiary and/or the partners in the project, who shall be established and registered in a Member State, except in the case of international public sector organisations set up by intergovernmental agreements, and specialised agencies set up by such organisations, the International Committee of the Red Cross (ICRC) and the International Federation of National Red Cross and Red Crescent Societies. With regard to Article 39 of this Decision, the rules applicable to the final beneficiary shall apply *mutatis mutandis* to the partners in the project;
 - (f) incurred in accordance with the specific provisions in the grant agreement.
2. In the case of multiannual actions within the meaning of Article 16(6) of the basic act, only the part of the action co-financed by an annual programme is considered to be a project for the application of these eligibility rules.
3. Projects supported by the Fund shall not be financed by other sources covered by the Community budget. Projects supported by the Fund shall be co-financed by public or private sources.

I.2. Budget of a project

The budget of a project shall be presented as follows:

		+	Receipts generated by the project

Status: Point in time view as at 31/12/2020. This version of this schedule no longer has effect.

Changes to legislation: There are currently no known outstanding effects for the Commission Decision of 5 March 2008 laying down rules for the implementation of Decision No 574/2007/EC of the European Parliament and of the Council establishing the External Borders Fund for the period 2007 to 2013 as part of the General programme 'Solidarity and Management of Migration Flows' as regards Member States' management and control systems, the rules for administrative and financial management and the eligibility of expenditure on projects co-financed by the Fund (notified under document number C(2008) 789) (Only the Bulgarian, Czech, Danish, Dutch, English, Estonian,

The budget shall be balanced: Total Eligible Cost shall be equal to Total Income.

I.3. *Income and Non-Profit Principle*

1. Projects supported by the Fund must be of a non-profit-making nature. If, at the end of the project, the sources of income, including receipts, exceed expenditure, the contribution to the project from the Fund shall be reduced accordingly. All sources of income for the project must be recorded in the final beneficiary's accounts or tax documents, and must be identifiable and controllable.
2. Project income shall come from all financial contributions granted to the project by the Fund, from public or private sources, including the final beneficiary's own contribution, and from any receipts generated by the project. 'Receipts' for the purpose of this rule covers revenue received by a project during the eligibility period as described in point I.4, from sales, rentals, services, enrolment/fees or other equivalent income.
3. The Community contribution resulting from the application of the principle of non-profit, as referred to under Article 12(c) of this Decision, will be the 'total eligible cost' minus the 'contribution from third parties' and 'receipts generated by the project'.

I.4. *Eligibility Period*

1. Costs relating to a project must be incurred and the respective payments (except for depreciation) made after 1 January of the year referred to in the financing decision approving the annual programmes of the Member States. The eligibility period is until 30 June of the year $N^{(4)} + 2$, meaning that the costs relating to a project must be incurred before this date.
2. An exception to the eligibility period provided for in paragraph 1 is made for technical assistance for Member States (refer to point IV.3).

I.5. *Record of expenditure*

1. Expenditure shall correspond to payments made by the final beneficiary. These must be in the form of financial (cash) transactions, with the exception of depreciation.
2. As a rule, expenditure shall be justified by official invoices. Where this cannot be done, expenditure shall be supported by accounting documents or supporting documents of equivalent evidential value.
3. Expenditure must be identifiable and verifiable. In particular,
 - (a) it must be recorded in the accounting records of the final beneficiary;
 - (b) it must be determined in accordance with the applicable accounting standards of the country where the final beneficiary is established and with the usual cost accounting practices of the final beneficiary; and
 - (c) it must be declared in accordance with the requirements of applicable tax and social legislation.

I.6. Territorial scope

1. Expenditure for actions described in Articles 4 and 6 of the basic act must be incurred in the territory of the Member States, by the final beneficiaries defined in point I.1.1. (e), with the exception of:

- expenditure implementing actions relating to the general objective defined in Article 3(1)(d) of the basic act; expenditures for those actions may be incurred in the territory of the Member States and in third countries,
- actions relating to the surveillance of external borders; those actions may take place both within and beyond the territory of Member States.

2. Partners in the project registered and established in third countries may participate in projects only on a no-cost basis, except in the case of international public sector organisations set up by intergovernmental agreements, and specialised agencies set up by such organisations, the International Committee of the Red Cross (ICRC) and the International Federation of National Red Cross and Red Crescent Societies.
