

Commission Implementing Decision of 18 March 2014 on the organisation of a temporary experiment providing for certain derogations for the marketing of populations of the plant species wheat, barley, oats and maize pursuant to Council Directive 66/402/EEC (notified under document C(2014) 1681) (Text with EEA relevance) (2014/150/EU)

Article 7

Authorisation of populations

- 1 Member States shall authorise populations in accordance with paragraphs 2, 3 and 4.
- 2 An application for authorisation shall be submitted to the seed certification authority. That application shall include the following elements:
 - a name and address of the applicant;
 - b species and denomination of the population;
 - c a description of the type of technique used to generate the population, with reference, as applicable, to Article 2(c)(i), (ii) or (iii);
 - d objectives of the breeding programme;
 - e breeding and production method: breeding scheme as defined by the respective protocols, varieties used to breed and produce the population, and own production control programme used by the operator concerned;
 - f a description of its characteristics:
 - (i) documentation of its characteristics which the applicant considers as important as regards yield, quality, performance, usability for low input systems, disease resistance, yield stability, taste or colour;
 - (ii) experimental trial results concerning the characteristics referred to in point (i);
 - g region of production;
 - h a declaration of the applicant concerning the trueness of the elements referred to in Article 5(1);
 - i a representative sample of the population;
 - j name and address of the person responsible for the breeding, production and maintenance.
- 3 The seed certification authority shall check the following elements:
 - a compliance of the application with paragraph 2; and
 - b compliance of the population with the identification requirements of Article 5.

Compliance with the identification requirements of Article 5 shall be concluded on the basis of submitted documentation and inspections in the premises where the population is produced.

- 4 The authorisation of a population, and the elements set out in paragraph 2, shall be notified to the other Member States and the Commission.

Changes to legislation:

There are outstanding changes not yet made to Commission Implementing Decision of 18 March 2014 on the organisation of a temporary experiment providing for certain derogations for the marketing of populations of the plant species wheat, barley, oats and maize pursuant to Council Directive 66/402/EEC (notified under document C(2014) 1681) (Text with EEA relevance) (2014/150/EU). Any changes that have already been made to the legislation appear in the content and are referenced with annotations.
