

SECOND COMMISSION DIRECTIVE
of 6 November 1985
amending the Annex to Council Directive 82/471/EEC concerning certain
products used in animal nutrition

(85/509/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 82/471/EEC of 30 June 1982 concerning certain products used in animal nutrition ⁽¹⁾, as last amended by Commission Directive 84/443/EEC ⁽²⁾, and in particular Article 6 thereof,

Whereas Directive 82/471/EEC provides for regular amendment of the content of the Annexes thereto as a result of developments in scientific or technical knowledge;

Whereas it is unnecessary to require on the label or packaging of compound feedingstuffs a declaration stating 'by-products from the production of L-glutamic acid' or 'by-products from the production of L-lysine' as the other labelling requirements in respect of those products are sufficient to identify them;

Whereas studies on certain amino acids have shown that these products fulfil the requirements of Directive 82/471/EEC and that their use in animal nutrition may therefore be permitted under certain conditions;

Whereas the measures provided for in this Directive are in accordance with the opinion of the Standing Committee for Feedingstuffs,

HAS ADOPTED THIS DIRECTIVE:

Article 1

The Annex to Directive 82/471/EEC is amended as set out in the Annex hereto.

Article 2

The Member States shall bring into force the laws, regulations and administrative provisions necessary to comply with Article 1 not later than 30 June 1986. They shall immediately inform the Commission thereof.

Article 3

This Directive is addressed to the Member States.

Done at Brussels, 6 November 1985.

For the Commission

Frans ANDRIESEN

Vice-President

⁽¹⁾ OJ No L 213, 21. 7. 1982, p. 8.

⁽²⁾ OJ No L 245, 14. 9. 1984, p. 21.

ANNEX

1. Under group 2.3. 'By-products from the production of amino-acids by fermentation' in column 7 headed 'Special provisions' the first indent under 'Declarations to be made on the label or packaging of compound feedingstuffs' is to be deleted.

2. Under point 3 'Amino acids and their salts' the following products are added:

1 Name of product group	2 Name of product	3 Designation of nutritive principle or identity of micro-organism	4 Culture substrate (specifications, if any)	5 Composition characteristics of products	6 Animal species	7 Special provisions
	3.7. L-tryptophan, technically pure	$(C_8H_8NH)-CH_2-CH(NH_2)-COOH$	—	L-tryptophan minimum 98 %	All animal species	Declarations to be made on the label or packaging of the product: — the name: 'L-tryptophan', — L-tryptophan and moisture contents
	3.8. DL-tryptophan, technically pure	$(C_8H_8NH)-CH_2-CH(NH_2)-COOH$	—	DL-tryptophan minimum 98 %	All animal species	Declarations to be made on the label or packaging of the product: — the name: 'DL-tryptophan', — DL-tryptophan and moisture contents
