on the protection of young people at work

SECTION I

Article 1

Purpose

1 Member States shall take the necessary measures to prohibit work by children.

They shall ensure, under the conditions laid down by this Directive, that the minimum working or employment age is not lower than the minimum age at which compulsory full-time schooling as imposed by national law ends or 15 years in any event.

2 Member States ensure that work by adolescents is strictly regulated and protected under the conditions laid down in this Directive.

3 Member States shall ensure in general that employers guarantee that young people have working conditions which suit their age.

They shall ensure that young people are protected against economic exploitation and against any work likely to harm their safety, health or physical, mental, moral or social development or to jeopardize their education.

Article 2

Scope

1 This Directive shall apply to any person under 18 years of age having an employment contract or an employment relationship defined by the law in force in a Member State and/or governed by the law in force in a Member State.

2 Member States may make legislative or regulatory provision for this Directive not to apply, within the limits and under the conditions which they set by legislative or regulatory provision, to occasional work or short-term work involving:

- a domestic service in a private household, or
- b work regarded as not being harmful, damaging or dangerous to young people in a family undertaking.

Article 4

Prohibition of work by children

- 1 Member States shall adopt the measures necessary to prohibit work by children.
- 2 Taking into account the objectives set out in Article 1, Member States may make legislative or regulatory provision for the prohibition of work by children not to apply to:
 - a children pursuing the activities set out in Article 5;
 - b children of at least 14 years of age working under a combined work/training scheme or an in-plant work-experience scheme, provided that such work is done in accordance with the conditions laid down by the competent authority;

- 3 Member States that make use of the opinion referred to in paragraph 2 (c) shall determine, subject to the provisions of this Directive, the working conditions relating to the light work in question.

Article 5

Cultural or similar activities

- 1 The employment of children for the purposes of performance in cultural, artistic, sports or advertising activities shall be subject to prior authorization to be given by the competent authority in individual cases.
- 2 Member States shall by legislative or regulatory provision lay down the working conditions for children in the cases referred to in paragraph 1 and the details of the prior authorization procedure, on condition that the activities:
 - (i) are not likely to be harmful to the safety, health or development of children, and

(ii) are not such as to be harmful to their attendance at school, their participation in vocational guidance or training programmes approved by the competent authority or their capacity to benefit from the instruction received.

3 By way of derogation from the procedure laid down in paragraph 1, in the case of children of at least 13 years of age, Member States may authorize, by legislative or regulatory provision, in accordance with conditions which they shall determine, the employment of children for the purposes of performance in cultural, artistic, sports or advertising activities.

4 The Member States which have a specific authorization system for modelling agencies with regard to the activities of children may retain that system.

SECTION II

Article 6

General obligations on employers

1 Without prejudice to Article 4 (1), the employer shall adopt the measures necessary to protect the safety and health of young people, taking particular account of the specific risks referred to in Article 7 (1).

2 The employer shall implement the measures provided for in paragraph 1 on the basis of an assessment of the hazards to young people in connection with their work.

The assessment must be made before young people begin work and when there is any major change in working conditions and must pay particular attention to the following points:

- a the fitting-out and layout of the workplace and the workstation;
- b the nature, degree and duration of exposure to physical, biological and chemical agents;
- c the form, range and use of work equipment, in particular agents, machines, apparatus and devices, and the way in which they are handled;
- d the arrangement of work processes and operations and the way in which these are combined (organization of work);
- e the level of training and instruction given to young people.

Where this assessment shows that there is a risk to the safety, the physical or mental health or development of young people, an appropriate free assessment and monitoring of their health shall be provided at regular intervals without prejudice to Directive 89/391/EEC.

The free health assessment and monitoring may form part of a national health system.

3 The employer shall inform young people of possible risks and of all measures adopted concerning their safety and health.

Furthermore, he shall inform the legal representatives of children of possible risks and of all measures adopted concerning children's safety and health,

4 The employer shall involve the protective and preventive services referred to in Article 7 of Directive 89/391/EEC in the planning, implementation and monitoring of the safety and health conditions applicable to young people.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Article 7

Vulnerability of young people — Prohibition of work

1 Member States shall ensure that young people are protected from any specific risks to their safety, health and development which are a consequence of their lack of experience, of absence of awareness of existing or potential risks or of the fact that young people have not yet fully matured.

2 Without prejudice to Article 4 (1), Member States shall to this end prohibit the employment of young people for:

- a work which is objectively beyond their physical or psychological capacity;
- b work involving harmful exposure to agents which are toxic, carcinogenic, cause heritable genetic damage, or harm to the unborn child or which in any other way chronically affect human health;
- c work involving harmful exposure to radiation;
- d work involving the risk of accidents which it may be assumed cannot be recognized or avoided by young persons owing to their insufficient attention to safety or lack of experience or training; or
- e work in which there is a risk to health from extreme cold or heat, or from noise or vibration.

Work which is likely to entail specific risks for young people within the meaning of paragraph 1 includes:

- work involving harmful exposure to the physical, biological and chemical agents referred to in point I of the Annex, and
- processes and work referred to in point II of the Annex.

3 Member States may, by legislative or regulatory provision, authorize derogations from paragraph 2 in the case of adolescents where such derogations are indispensable for their vocational training, provided that protection of their safety and health is ensured by the fact that the work is performed under the supervision of a competent person within the meaning of Article 7 of Directive 89/391/EEC and provided that the protection afforded by that Directive is guaranteed.

SECTION III

Article 8

Working time

1 Member States which make use of the option in Article 4 (2) (b) or (c) shall adopt the measures necessary to limit the working time of children to:

- a eight hours a day and 40 hours a week for work performed under a combined work/training scheme or an in-plant work-experience scheme;
- b two hours on a school day and 12 hours a week for work performed in term-time outside the hours fixed for school attendance, provided that this is not prohibited by national legislation and/or practice;

- in no circumstances may the daily working time exceed seven hours; this limit may be raised to eight hours in the case of children who have reached the age of 15;
- c seven hours a day and 35 hours a week for work performed during a period of at least a week when school is not operating; these limits may be raised to eight hours a day and 40 hours a week in the case of children who have reached the age of 15;
 - d seven hours a day and 35 hours a week for light work performed by children no longer subject to compulsory full-time schooling under national law.
- 2 Member States shall adopt the measures necessary to limit the working time of adolescents to eight hours a day and 40 hours a week.
- 3 The time spent on training by a young person working under a theoretical and/or practical combined work/training scheme or an in-plant work-experience scheme shall be counted as working time.
- 4 Where a young person is employed by more than one employer, working days and working time shall be cumulative.
- 5 Member States may, by legislative or regulatory provision, authorize derogations from paragraph 1 (a) and paragraph 2 either by way of exception or where there are objective grounds for so doing.

Member States shall, by legislative or regulatory provision, determine the conditions, limits and procedure for implementing such derogations.

- b If point (a) is applied, work shall continue to be prohibited between midnight and 4 a.m.

However, Member States may, by legislative or regulatory provision, authorize work by adolescents during the period in which night work is prohibited in the following cases, where there are objective grounds for so doing and provided that adolescents are allowed suitable compensatory rest time and that the objectives set out in Article 1 are not called into question:

- work performed in the shipping or fisheries sectors;
