

ANNEX III

CONFORMITY ASSESSMENT PROCEDURES

Module A (internal production control)

2. The manufacturer must draw up the technical documentation described in section 3 and either the manufacturer or his authorized representative established within the Community must keep it at the disposal of the relevant national authorities for inspection purposes for a period of ten years after the last of the pressure equipment has been manufactured.

Where neither the manufacturer nor his authorized representative is established within the Community, the obligation to keep the technical documentation available is the responsibility of the person who places the pressure equipment on the Community market.
