

Corrigendum to Commission Directive 2002/42/EC of 17 May 2002 amending the Annexes to Council Directives 86/362/EEC, 86/363/EEC and 90/642/EEC as regards the fixing of maximum levels for pesticide residues (bentazone and pyridate) in and on cereals, foodstuffs of animal origin and certain products of plant origin, including fruit and vegetables

(Official Journal of the European Communities L 134 of 22 May 2002)

On page 36, footnote (p) to the table:

for: '(p) Indicates provisional maximum residue level. For those agricultural products listed in Annex II to Directive 90/642/EEC where the maximum residue levels for flupyrsulfuron-methyl, pymetrozine and azoxystrobin are indicated as provisional as "(p)", this shall mean that they are provisional in accordance with the provisions of Article 4(1)(f) of Directive 91/414/EEC. By 1 December 2005, provisional maximum residue levels for flupyrsulfuron-methyl and pymetrozine shall cease to be provisional and shall become definitive in the sense of Article 3 of Directive 90/624/EEC. For azoxystrobin this shall be 1 August 2003.'

read: '(p) Indicates provisional maximum residue level in accordance with Article 4(1)(f) of Directive 91/414/EEC: unless amended, this level will become definitive with effect from 4 years from date of coming into force of the Directive introducing this amendment.'

Corrigendum to the Protocol to the Europe Agreement establishing an Association between the European Communities and their Member States, of the one part, and the Republic of Hungary, of the other part, on Conformity Assessment and Acceptance of Industrial Products (PECA)

(Official Journal of the European Communities L 135 of 17 May 2001)

This correction has been made by a procès-verbal of rectification signed in Brussels on 11 March 2002 by the Council as depositary.

On page 54, Annex 'Medical devices', Section II, opposite the entry 'Spain':

for: 'Ministerio de Ciencia y Tecnología.'

read: 'Ministerio de Sanidad y Consumo.'
