The coordinator, after consultation with the other relevant competent authorities, shall identify the type of transactions and risks regulated entities in a particular financial conglomerate shall report in accordance with the provisions of Article 7(2) and Article 8(2) on the reporting of intra-group transactions and risk concentration. When defining or giving their opinion about the type of transactions and risks, the coordinator and the relevant competent authorities shall take into account the specific group and risk management structure of the financial conglomerate. In order to identify significant intra-group transactions and significant risk concentration to be reported in accordance with the provisions of Articles 7 and 8, the coordinator, after consultation with the other relevant competent authorities and the conglomerate itself, shall define appropriate thresholds based on regulatory own funds and/or technical provisions.

When overviewing the intra-group transactions and risk concentrations, the coordinator shall in particular monitor the possible risk of contagion in the financial conglomerate, the risk of a conflict of interests, the risk of circumvention of sectoral rules, and the level or volume of risks.

Member States may allow their competent authorities to apply at the level of the financial conglomerate the provisions of the sectoral rules on intra-group transactions and risk concentration, in particular to avoid circumvention of the sectoral rules.
