

Council Directive 2002/99/EC of 16 December 2002 laying down the animal health rules governing the production, processing, distribution and introduction of products of animal origin for human consumption

CHAPTER II

IMPORTS FROM THIRD COUNTRIES

Article 7

General provisions

Member States shall take measures to ensure that products of animal origin intended for human consumption are introduced from third countries only if they comply with the requirements of Chapter I applicable to all stages of the production, processing and distribution of such products in the Community or if they offer equivalent animal health guarantees.
