

Council Directive 2004/113/EC of 13 December 2004  
implementing the principle of equal treatment between men  
and women in the access to and supply of goods and services

CHAPTER I

**GENERAL PROVISIONS**

*Article 5*

**Actuarial factors**

1 Member States shall ensure that in all new contracts concluded after 21 December 2007 at the latest, the use of sex as a factor in the calculation of premiums and benefits for the purposes of insurance and related financial services shall not result in differences in individuals' premiums and benefits.

2 Notwithstanding paragraph 1, Member States may decide before 21 December 2007 to permit proportionate differences in individuals' premiums and benefits where the use of sex is a determining factor in the assessment of risk based on relevant and accurate actuarial and statistical data. The Member States concerned shall inform the Commission and ensure that accurate data relevant to the use of sex as a determining actuarial factor are compiled, published and regularly updated. These Member States shall review their decision five years after 21 December 2007, taking into account the Commission report referred to in Article 16, and shall forward the results of this review to the Commission.

3 In any event, costs related to pregnancy and maternity shall not result in differences in individuals' premiums and benefits.

Member States may defer implementation of the measures necessary to comply with this paragraph until two years after 21 December 2007 at the latest. In that case the Member States concerned shall immediately inform the Commission.
