Article 5

Own funds

1 The electronic money institution's own funds, as set out in Articles 57 to 61, 63, 64 and 66 of Directive 2006/48/EC shall not fall below the amount required under paragraphs 2 to 5 of this Article or under Article 4 of this Directive, whichever the higher.

2 In regard to the activities referred to in Article 6(1)(a) that are not linked to the issuance of electronic money, the own funds requirements of an electronic money institution shall be calculated in accordance with one of the three methods (A, B or C) set out in Article 8(1) and (2) of Directive 2007/64/EC. The appropriate method shall be determined by the competent authorities in accordance with national legislation.

In regard to the activity of issuing electronic money, the own funds requirements of an electronic money institution shall be calculated in accordance with Method D as set out in paragraph 3.

Where an electronic money institution has not completed a sufficient period of business, its own funds requirements shall be calculated on the basis of projected outstanding electronic money evidenced by its business plan subject to any adjustment to that plan having been required by the competent authorities.

6 Member States shall take the necessary measures to prevent the multiple use of elements eligible for own funds:

- a where the electronic money institution belongs to the same group as another electronic money institution, a credit institution, a payment institution, an investment firm, an asset management company or an insurance or reinsurance undertaking;
- b where an electronic money institution carries out activities other than the issuance of electronic money.

7 Where the conditions laid down in Article 69 of Directive 2006/48/EC are met, Member States or their competent authorities may choose not to apply paragraphs 2 and 3 of this Article to electronic money institutions which are included in the consolidated supervision of the parent credit institutions pursuant to Directive 2006/48/EC.

2 Electronic money institutions shall not take deposits or other repayable funds from the public within the meaning of Article 5 of Directive 2006/48/EC.

3 Any funds received by electronic money institutions from the electronic money holder shall be exchanged for electronic money without delay. Such funds shall not constitute either a deposit or other repayable funds received from the public within the meaning of Article 5 of Directive 2006/48/EC.

4 Article 16(2) and (4) of Directive 2007/64/EC shall apply to funds received for the activities referred to in paragraph 1(a) of this Article that are not linked to the activity of issuing electronic money.

1 Member States shall require an electronic money institution to safeguard funds that have been received in exchange for electronic money that has been issued, in accordance with Article 9(1) and (2) of Directive 2007/64/EC. Funds received in the form of payment by payment instrument need not be safeguarded until they are credited to the electronic money institution's payment account or are otherwise made available to the electronic money institution in accordance with the execution time requirements laid down in the Directive 2007/64/EC, where applicable. In any event, such funds shall be safeguarded by no later than five business days, as defined in point 27 of Article 4 of that Directive, after the issuance of electronic money.

2 For the purposes of paragraph 1, secure, low-risk assets are asset items falling into one of the categories set out in Table 1 of point 14 of Annex I to Directive 2006/49/EC of the European Parliament and of the Council of 14 June 2006 on the capital adequacy of investment firms and credit institutions⁽²⁾ for which the specific risk capital charge is no higher than 1,6 %, but excluding other qualifying items as defined in point 15 of that Annex.

For the purposes of paragraph 1, secure, low-risk assets are also units in an undertaking for collective investment in transferable securities (UCITS) which invests solely in assets as specified in the first subparagraph.

In exceptional circumstances and with adequate justification, the competent authorities may, based on an evaluation of security, maturity, value or other risk element of the assets as specified in the first and second subparagraphs, determine which of those assets do not constitute secure, low-risk assets for the purposes of paragraph 1.

3 Article 9 of Directive 2007/64/EC shall apply to electronic money institutions for the activities referred to in Article 6(1)(a) of this Directive that are not linked to the activity of issuing electronic money.

4 For the purposes of paragraphs 1 and 3, Member States or their competent authorities may determine, in accordance with national legislation, which method shall be used by the electronic money institutions to safeguard funds.

Article 8

Relations with third countries

1 Member States shall not apply to a branch of an electronic money institution having its head office outside the Community, when taking up or pursuing its business, provisions which result in more favourable treatment than that accorded to an electronic money institution having its head office within the Community.

2 The competent authorities shall notify the Commission of all authorisations for branches of electronic money institutions having their head office outside the Community.

3 Without prejudice to paragraph 1, the Community may, through agreements concluded with one or more third countries, agree to apply provisions that ensure that branches of an electronic money institution having its head office outside the Community are treated identically throughout the Community.

Article 9

Optional exemptions

1 Member States may waive or allow their competent authorities to waive the application of all or part of the procedures and conditions set out in Articles 3, 4, 5 and 7 of this Directive, with the exception of Articles 20, 22, 23 and 24 of Directive 2007/64/EC, and allow legal persons to be entered in the register for electronic money institutions if both of the following requirements are complied with:

- b none of the natural persons responsible for the management or operation of the business has been convicted of offences relating to money laundering or terrorist financing or other financial crimes.

Where an electronic money institution carries out any of the activities referred to in Article 6(1)(a) that are not linked to the issuance of electronic money or any of the activities referred to in Article 6(1)(b) to (e) and the amount of outstanding electronic money is unknown in advance, the competent authorities shall allow that electronic money institution to apply point (a) of the first subparagraph on the basis of a representative portion assumed to be used for the issuance of electronic money, provided that such a representative portion can be reasonably estimated on the basis of historical data and to the satisfaction of the competent authorities. Where an electronic money institution has not completed a sufficiently long period of business, that requirement shall be assessed on the basis of projected outstanding electronic money evidenced by its business plan subject to any adjustment to that plan having been required by the competent authorities.

Member States may also provide for the granting of the optional exemptions under this Article to be subject to an additional requirement of a maximum storage amount on the payment instrument or payment account of the consumer where the electronic money is stored.

2 A legal person registered in accordance with paragraph 1 shall be required to have its head office in the Member State in which it actually pursues its business.

3 A legal person registered in accordance with paragraph 1 shall be treated as an electronic money institution. However, Article 10(9) and Article 25 of Directive 2007/64/EC shall not apply to it.

4 Member States may provide for a legal person registered in accordance with paragraph 1 to engage only in some of the activities listed in Article 6(1).

5 A legal person referred to in paragraph 1 shall:

- a notify the competent authorities of any change in its situation which is relevant to the conditions specified in paragraph 1; and
- b at least annually, on date specified by the competent authorities, report on the average outstanding electronic money.

6 Member States shall take the necessary steps to ensure that where the conditions set out in paragraphs 1, 2 and 4 are no longer met, the legal person concerned shall seek authorisation within 30 calendar days in accordance with Article 3. Any such person that has not sought authorisation within that period shall be prohibited, in accordance with Article 10, from issuing electronic money.

7 Member States shall ensure that their competent authorities are sufficiently empowered to verify continued compliance with the requirements laid down in this Article.

8 This Article shall not apply in respect of the provisions of Directive 2005/60/EC or national anti-money-laundering provisions.

9 Where a Member State avails itself of the waiver provided for in paragraph 1, it shall notify the Commission accordingly by 30 April 2011. The Member State shall notify the Commission forthwith of any subsequent change. In addition, the Member State shall inform the Commission of the number of legal persons concerned and, on an annual basis, of the total amount of outstanding electronic money issued at 31 December of each calendar year, as referred to in paragraph 1.
