- j arrangements for application of the cooling-off period;
- k general information on the tax arrangements applicable to the type of policy;
- l the arrangements for handling complaints concerning contracts by policy holders, lives assured or beneficiaries under contracts including, where appropriate, the existence of a complaints body, without prejudice to the right to take legal proceedings;
- m the law applicable to the contract where the parties do not have a free choice or, where the parties are free to choose the law applicable, the law the life insurance undertaking proposes to choose.

4 In addition, specific information shall be supplied in order to provide a proper understanding of the risks underlying the contract which are assumed by the policy holder.

5 The policy holder shall be kept informed throughout the term of the contract of any change concerning the following information:

- a the policy conditions, both general and special;
- b the name of the life insurance undertaking, its legal form or the address of its head office and, where appropriate, of the branch which concluded the contract;
- c all the information listed in points (d) to (j) of paragraph 3 in the event of a change in the policy conditions or amendment of the law applicable to the contract;
- d annually, information on the state of bonuses.

Where, in connection with an offer for or conclusion of a life insurance contract, the insurer provides figures relating to the amount of potential payments above and beyond the contractually agreed payments, the insurer shall provide the policy holder with a specimen calculation whereby the potential maturity payment is set out applying the basis for the premium calculation using three different rates of interest. This shall not apply to term insurances and contracts. The insurer shall inform the policy holder in a clear and comprehensible manner that the specimen calculation is only a model of computation based on notional assumptions, and that the policy holder shall not derive any contractual claims from the specimen calculation.

In the case of insurances with profit participation, the insurer shall inform the policy holder annually in writing of the status of the claims of the policy holder, incorporating the profit participation. Furthermore, where the insurer has provided figures about the potential future development of the profit participation, the insurer shall inform the policy holder of differences between the actual development and the initial data.

6 The information referred to in paragraphs 2 to 5 shall be provided in a clear and accurate manner, in writing, in an official language of the Member State of the commitment.

However, such information may be in another language if the policy holder so requests and the law of the Member State so permits or the policy holder is free to choose the law applicable.

7 The Member State of the commitment may require life insurance undertakings to furnish information in addition to that listed in paragraphs 2 to 5 only if it is necessary for a proper understanding by the policy holder of the essential elements of the commitment.

8 The detailed rules for implementing paragraphs 1 to 7 shall be laid down by the Member State of the commitment.

## *Article 186*

### **Cancellation period**

1 Member States shall provide for policy holders who conclude individual life insurance contracts to have a period of between 14 and 30 days from the time when they were informed that the contract had been concluded within which to cancel the contract.

The giving of notice of cancellation by the policy holders shall have the effect of releasing them from any future obligation arising from the contract.

The other legal effects and the conditions of cancellation shall be determined by the law applicable to the contract, notably as regards the arrangements for informing the policy holder that the contract has been concluded.

- 2 The Member States may opt not to apply paragraph 1 in the following cases:
- a where a contract has a duration of six months or less;
  - b where, because of the status of the policy holder or the circumstances in which the contract is concluded, the policy holder does not need special protection.

Where Member States make use of the option set out in the first subparagraph they shall specify that fact in their law.
