PRUDENTIAL SUPERVISION

CHAPTER I

Principles of prudential supervision

Section I

Competence and duties of home and host Member States

Article 52

On-the-spot checking and inspection of branches established in another Member State

1 Host Member States shall provide that, where an institution authorised in another Member State carries out its activities through a branch, the competent authorities of the home Member State may, after having informed the competent authorities of the host Member State, carry out themselves or through the intermediary of persons they appoint for that purpose on-the-spot checks of the information referred to in Article 50 and inspections of such branches.

2 The competent authorities of the home Member State may also, for the purposes of the inspection of branches, have recourse to one of the other procedures set out in Article 118.

3 The competent authorities of the host Member State shall have the power to carry out, on a case-by-case basis, on-the-spot checks and inspections of the activities carried out by branches of institutions on their territory and require information from a branch about its activities and for supervisory purposes, where they consider it relevant for reasons of stability of the financial system in the host Member State. Before carrying out such checks and inspections, the competent authorities of the host Member State shall consult the competent authorities of the home Member State. After such checks and inspections, the competent authorities of the host Member State shall communicate to the competent authorities of the home Member State the information obtained and findings that are relevant for the risk assessment of the institution or the stability of the financial system in the host Member State. The competent authorities of the home Member State shall duly take into account that information and those findings in determining their supervisory examination programme referred to in Article 99, also having regard to the stability of the financial system in the host Member State.

4 The on-the-spot checks and inspections of branches shall be conducted in accordance with the law of the Member State where the check or inspection is carried out.
