for the settlement of the transactions executed in that facility. Member States shall require that investment firms and market operators operating an MTF or an OTF have put in place the necessary arrangements to facilitate the efficient settlement of the transactions concluded under the systems of that MTF or OTF.

7 Member States shall require that MTFs and OTFs have at least three materially active members or users, each having the opportunity to interact with all the others in respect to price formation.

8 Where a transferable security that has been admitted to trading on a regulated market is also traded on an MTF or an OTF without the consent of the issuer, the issuer shall not be subject to any obligation relating to initial, ongoing or ad hoc financial disclosure with regard to that MTF or an OTF.

9 Member States shall require that any investment firm and market operator operating an MTF or an OTF comply immediately with any instruction from its competent authority pursuant to Article 69(2) to suspend or remove a financial instrument from trading.

10 Member States shall require that investment firms and market operators operating an MTF or an OTF provide the competent authority with a detailed description of the functioning of the MTF or OTF, including, without prejudice to Article 20(1), (4) and (5), any links to or participation by a regulated market, an MTF, an OTF or a systematic internaliser owned by the same investment firm or market operator, and a list of their members, participants and/or users. Competent authorities shall make that information available to ESMA on request. Every authorisation to an investment firm or market operator as an MTF and an OTF shall be notified to ESMA. ESMA shall establish a list of all MTFs and OTFs in the Union. The list shall contain information on the services an MTF or an OTF provides and entail the unique code identifying the MTF and the OTF for use in reports in accordance with Articles 6, 10 and 26 of Regulation (EU) No 600/2014. It shall be updated on a regular basis. ESMA shall publish and keep up-to-date that list on its website.

11 ESMA shall develop draft implementing technical standards to determine the content and format of the description and notification referred to in paragraph 10.

ESMA shall submit those draft implementing technical standards to the Commission by 3 January 2016.

Power is conferred on the Commission to adopt the implementing technical standards referred to in the first subparagraph in accordance with Article 15 of Regulation (EU) No 1095/2010.
