

Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU (recast) (Text with EEA relevance)

TITLE II

AUTHORISATION AND OPERATING CONDITIONS FOR INVESTMENT FIRMS

CHAPTER I

Conditions and procedures for authorisation

Article 5

Requirement for authorisation

1 Each Member State shall require that the provision of investment services and/or the performance of investment activities as a regular occupation or business on a professional basis be subject to prior authorisation in accordance with this Chapter. Such authorisation shall be granted by the home Member State competent authority designated in accordance with Article 67.

2 By way of derogation from paragraph 1, Member States shall authorise any market operator to operate an MTF or an OTF, subject to the prior verification of their compliance with this Chapter.

3 Member States shall register all investment firms. The register shall be publicly accessible and shall contain information on the services or activities for which the investment firm is authorised. It shall be updated on a regular basis. Every authorisation shall be notified to ESMA.

ESMA shall establish a list of all investment firms in the Union. That list shall contain information on the services or activities for which each investment firm is authorised and it shall be updated on a regular basis. ESMA shall publish and keep up-to-date that list on its website.

Where a competent authority has withdrawn an authorisation in accordance with points (b), (c) and (d) of Article 8, that withdrawal shall be published on the list for a period of five years.

- 4 Each Member State shall require that:
- a any investment firm which is a legal person have its head office in the same Member State as its registered office;
 - b any investment firm which is not a legal person or any investment firm which is a legal person but under its national law has no registered office, have its head office in the Member State in which it actually carries out its business.

Article 6

Scope of authorisation

1 The home Member State shall ensure that the authorisation specifies the investment services or activities which the investment firm is authorised to provide. The authorisation may cover one or more of the ancillary services set out in Section B of Annex I. Authorisation shall in no case be granted solely for the provision of ancillary services.

2 An investment firm seeking authorisation to extend its business to additional investment services or activities or ancillary services not foreseen at the time of initial authorisation shall submit a request for extension of its authorisation.

3 The authorisation shall be valid for the entire Union and shall allow an investment firm to provide the services or perform the activities, for which it has been authorised, throughout the Union, either through the right of establishment, including through a branch, or through the freedom to provide services.

Article 7

Procedures for granting and refusing requests for authorisation

1 The competent authority shall not grant authorisation unless and until such time as it is fully satisfied that the applicant complies with all requirements under the provisions adopted pursuant to this Directive.

2 The investment firm shall provide all information, including a programme of operations setting out, inter alia, the types of business envisaged and the organisational structure, necessary to enable the competent authority to satisfy itself that the investment firm has established, at the time of initial authorisation, all the necessary arrangements to meet its obligations under this Chapter.

3 An applicant shall be informed, within six months of the submission of a complete application, whether or not authorisation has been granted.

4 ESMA shall develop draft regulatory technical standards to specify:

- a the information to be provided to the competent authorities under paragraph 2 of this Article including the programme of operations;
- b the requirements applicable to the management of investment firms under Article 9(6) and the information for the notifications under Article 9(5);
- c the requirements applicable to shareholders and members with qualifying holdings, as well as obstacles which may prevent effective exercise of the supervisory functions of the competent authority, under Article 10(1) and (2).

ESMA shall submit those draft regulatory technical standards to the Commission by 3 July 2015.

Power is delegated to the Commission to adopt the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1095/2010.

5 ESMA shall develop draft implementing technical standards to determine standard forms, templates and procedures for the notification or provision of information provided for in paragraph 2 of this Article and in Article 9(5).

ESMA shall submit those draft implementing technical standards to the Commission by 3 January 2016.

Power is conferred on the Commission to adopt the implementing technical standards referred to in the first subparagraph in accordance with Article 15 of Regulation (EU) No 1095/2010.

Article 8

Withdrawal of authorisations

The competent authority may withdraw the authorisation issued to an investment firm where such an investment firm:

- (a) does not make use of the authorisation within 12 months, expressly renounces the authorisation or has provided no investment services or performed no investment activity for the preceding six months, unless the Member State concerned has provided for authorisation to lapse in such cases;
- (b) has obtained the authorisation by making false statements or by any other irregular means;
- (c) no longer meets the conditions under which authorisation was granted, such as compliance with the conditions set out in Regulation (EU) No 575/2013;
- (d) has seriously and systematically infringed the provisions adopted pursuant to this Directive or Regulation (EU) No 600/2014 governing the operating conditions for investment firms;
- (e) falls within any of the cases where national law, in respect of matters outside the scope of this Directive, provides for withdrawal.

Every withdrawal of authorisation shall be notified to ESMA.

Article 9

Management body

1 Competent authorities granting the authorisation in accordance with Article 5 shall ensure that investment firms and their management bodies comply with Article 88 and Article 91 of Directive 2013/36/EU.

ESMA and EBA shall adopt, jointly, guidelines on the elements listed in Article 91(12) of Directive 2013/36/EU.

2 When granting the authorisation in accordance with Article 5, competent authorities may authorise members of the management body to hold one additional non-executive directorship than allowed in accordance with Article 91(3) of Directive 2013/36/EU. Competent authorities shall regularly inform ESMA of such authorisations.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

EBA and ESMA shall coordinate the collection of information provided for under the first subparagraph of this paragraph and under Article 91(6) of Directive 2013/36/EU in relation to investment firms.

3 Member States shall ensure that the management body of an investment firm defines, oversees and is accountable for the implementation of the governance arrangements that ensure effective and prudent management of the investment firm including the segregation of duties in the investment firm and the prevention of conflicts of interest, and in a manner that promotes the integrity of the market and the interest of clients.

Without prejudice to the requirements established in Article 88(1) of Directive 2013/36/EU, those arrangements shall also ensure that the management body define, approve and oversee:

- a the organisation of the firm for the provision of investment services and activities and ancillary services, including the skills, knowledge and expertise required by personnel, the resources, the procedures and the arrangements for the provision of services and activities, taking into account the nature, scale and complexity of its business and all the requirements the firm has to comply with;
- b a policy as to services, activities, products and operations offered or provided, in accordance with the risk tolerance of the firm and the characteristics and needs of the clients of the firm to whom they will be offered or provided, including carrying out appropriate stress testing, where appropriate;
- c a remuneration policy of persons involved in the provision of services to clients aiming to encourage responsible business conduct, fair treatment of clients as well as avoiding conflict of interest in the relationships with clients.

The management body shall monitor and periodically assess the adequacy and the implementation of the firm's strategic objectives in the provision of investment services and activities and ancillary services, the effectiveness of the investment firm's governance arrangements and the adequacy of the policies relating to the provision of services to clients and take appropriate steps to address any deficiencies.

Members of the management body shall have adequate access to information and documents which are needed to oversee and monitor management decision-making.

4 The competent authority shall refuse authorisation if it is not satisfied that the members of the management body of the investment firm are of sufficiently good repute, possess sufficient knowledge, skills and experience and commit sufficient time to perform their functions in the investment firm, or if there are objective and demonstrable grounds for believing that the management body of the firm may pose a threat to its effective, sound and prudent management and to the adequate consideration of the interest of its clients and the integrity of the market.

5 Member States shall require the investment firm to notify the competent authority of all members of its management body and of any changes to its membership, along with all information needed to assess whether the firm complies with paragraphs 1, 2 and 3.

6 Member States shall require that at least two persons meeting the requirements laid down in paragraph 1 effectively direct the business of the applicant investment firm.

By way of derogation from the first subparagraph, Member States may grant authorisation to investment firms that are natural persons or to investment firms that are legal persons managed by a single natural person in accordance with their constitutive rules and national laws. Member States shall nevertheless require that:

- a alternative arrangements be in place which ensure the sound and prudent management of such investment firms and the adequate consideration of the interest of clients and the integrity of the market;
- b the natural persons concerned are of sufficiently good repute, possess sufficient knowledge, skills and experience and commit sufficient time to perform their duties.

Article 10

Shareholders and members with qualifying holdings

1 The competent authorities shall not authorise the provision of investment services or performance of investment activities by an investment firm until they have been informed of the identities of the shareholders or members, whether direct or indirect, natural or legal persons, that have qualifying holdings and the amounts of those holdings.

The competent authorities shall refuse authorisation if, taking into account the need to ensure the sound and prudent management of an investment firm, they are not satisfied as to the suitability of the shareholders or members that have qualifying holdings.

Where close links exist between the investment firm and other natural or legal persons, the competent authority shall grant authorisation only if those links do not prevent the effective exercise of the supervisory functions of the competent authority.

2 The competent authority shall refuse authorisation if the laws, regulations or administrative provisions of a third country governing one or more natural or legal persons with which the undertaking has close links, or difficulties involved in their enforcement, prevent the effective exercise of its supervisory functions.

3 Member States shall require that, where the influence exercised by the persons referred to in the first subparagraph of paragraph 1 is likely to be prejudicial to the sound and prudent management of an investment firm, the competent authority take appropriate measures to put an end to that situation.

Such measures may include applications for judicial orders or the imposition of sanctions against directors and those responsible for management, or suspension of the exercise of the voting rights attaching to the shares held by the shareholders or members in question.

Article 11

Notification of proposed acquisitions

1 Member States shall require any natural or legal person or such persons acting in concert (the 'proposed acquirer'), who have taken a decision either to acquire, directly or indirectly, a qualifying holding in an investment firm or to further increase, directly or indirectly, such a qualifying holding in an investment firm as a result of which the proportion of the voting rights or of the capital held would reach or exceed 20 %, 30 % or 50 % or so that the investment firm would become its subsidiary (the 'proposed acquisition'), first to notify in writing the competent authorities of the investment firm in which they are seeking to acquire or increase a qualifying holding, indicating the size of the intended holding and relevant information, as referred to in Article 13(4).

Member States shall require any natural or legal person who has taken a decision to dispose, directly or indirectly, of a qualifying holding in an investment firm first to notify

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

in writing the competent authorities, indicating the size of the intended holding. Such a person shall likewise notify the competent authorities if he has taken a decision to reduce his qualifying holding so that the proportion of the voting rights or of the capital held would fall below 20 %, 30 % or 50 % or so that the investment firm would cease to be his subsidiary.

Member States need not apply the 30 % threshold where, in accordance with point (a) of Article 9(3) of Directive 2004/109/EC, they apply a threshold of one-third.

In determining whether the criteria for a qualifying holding referred to in Article 10 and in this Article are fulfilled, Member States shall not take into account voting rights or shares which investment firms or credit institutions may hold as a result of providing the underwriting of financial instruments and/or placing of financial instruments on a firm commitment basis included under point 6 of Section A of Annex I, provided that those rights are, on the one hand, not exercised or otherwise used to intervene in the management of the issuer and, on the other, disposed of within one year of acquisition.

2 The relevant competent authorities shall work in full consultation with each other when carrying out the assessment provided for in Article 13(1) (the ‘assessment’) if the proposed acquirer is one of the following:

- a a credit institution, assurance undertaking, insurance undertaking, reinsurance undertaking, investment firm or UCITS management company authorised in another Member State or in a sector other than that in which the acquisition is proposed;
- b the parent undertaking of a credit institution, assurance undertaking, insurance undertaking, reinsurance undertaking, investment firm or UCITS management company authorised in another Member State or in a sector other than that in which the acquisition is proposed; or
- c a natural or legal person controlling a credit institution, assurance undertaking, insurance undertaking, reinsurance undertaking, investment firm or UCITS management company authorised in another Member State or in a sector other than that in which the acquisition is proposed.

The competent authorities shall, without undue delay, provide each other with any information which is essential or relevant for the assessment. In that regard, the competent authorities shall communicate to each other upon request all relevant information and shall communicate on their own initiative all essential information. A decision by the competent authority that has authorised the investment firm in which the acquisition is proposed shall indicate any views or reservations expressed by the competent authority responsible for the proposed acquirer.

3 Member States shall require that, if an investment firm becomes aware of any acquisitions or disposals of holdings in its capital that cause holdings to exceed or fall below any of the thresholds referred to in the first subparagraph of paragraph 1, that investment firm is to inform the competent authority without delay.

At least once a year, investment firms shall also inform the competent authority of the names of shareholders and members possessing qualifying holdings and the sizes of such holdings as shown, for example, by the information received at annual general meetings of shareholders and members or as a result of compliance with the regulations applicable to companies whose transferable securities are admitted to trading on a regulated market.

4 Member States shall require that competent authorities take measures similar to those referred to in Article 10(3) in respect of persons who fail to comply with the obligation to provide prior information in relation to the acquisition or increase of a qualifying holding. If a holding is

acquired despite the opposition of the competent authorities, the Member States shall, regardless of any other sanctions to be adopted, provide either for exercise of the corresponding voting rights to be suspended, for the nullity of the votes cast or for the possibility of their annulment.

Article 12

Assessment period

1 The competent authorities shall, promptly and in any event within two working days following receipt of the notification required under the first subparagraph of Article 11(1), as well as following the possible subsequent receipt of the information referred to in paragraph 2 of this Article, acknowledge receipt thereof in writing to the proposed acquirer.

The competent authorities shall have a maximum of sixty working days as from the date of the written acknowledgement of receipt of the notification and all documents required by the Member State to be attached to the notification on the basis of the list referred to in Article 13(4) (the ‘assessment period’), to carry out the assessment.

The competent authorities shall inform the proposed acquirer of the date of the expiry of the assessment period at the time of acknowledging receipt.

2 The competent authorities may, during the assessment period, if necessary, and no later than on the 50th working day of the assessment period, request any further information that is necessary to complete the assessment. Such request shall be made in writing and shall specify the additional information needed.

For the period between the date of request for information by the competent authorities and the receipt of a response thereto by the proposed acquirer, the assessment period shall be interrupted. The interruption shall not exceed 20 working days. Any further requests by the competent authorities for completion or clarification of the information shall be at their discretion but may not result in an interruption of the assessment period.

3 The competent authorities may extend the interruption referred to in the second subparagraph of paragraph 2 up to 30 working days if the proposed acquirer is one of the following:

- a a natural or legal person situated or regulated outside the Union;
- b a natural or legal person not subject to supervision under this Directive or Directives 2009/65/EC, 2009/138/EC or 2013/36/EU.

4 If the competent authorities, upon completion of the assessment, decide to oppose the proposed acquisition, they shall, within two working days, and not exceeding the assessment period, inform the proposed acquirer in writing and provide the reasons for that decision. Subject to national law, an appropriate statement of the reasons for the decision may be made accessible to the public at the request of the proposed acquirer. This shall not prevent a Member State from allowing the competent authority to make such disclosure in the absence of a request by the proposed acquirer.

5 If the competent authorities do not oppose the proposed acquisition within the assessment period in writing, it shall be deemed to be approved.

6 The competent authorities may fix a maximum period for concluding the proposed acquisition and extend it where appropriate.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

7 Member States may not impose requirements for the notification to and approval by the competent authorities of direct or indirect acquisitions of voting rights or capital that are more stringent than those set out in this Directive.

8 ESMA shall develop draft regulatory technical standards to establish an exhaustive list of information, referred to in Article 13(4) to be included by proposed acquirers in their notification, without prejudice to paragraph 2 of this Article.

ESMA shall submit those draft regulatory technical standards to the Commission by 1 January 2014.

Power is delegated to the Commission to adopt the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1095/2010.

9 ESMA shall develop draft implementing technical standards to determine standard forms, templates and procedures for the modalities of the consultation process between the relevant competent authorities as referred to in Article 11(2).

ESMA shall submit those draft implementing technical standards to the Commission by 1 January 2014.

Power is conferred on the Commission to adopt the implementing technical standards referred to in the first subparagraph in accordance with Article 15 of Regulation (EU) No 1095/2010.

Article 13

Assessment

1 In assessing the notification provided for in Article 11(1) and the information referred to in Article 12(2), the competent authorities shall, in order to ensure the sound and prudent management of the investment firm in which an acquisition is proposed, and having regard to the likely influence of the proposed acquirer on the investment firm, appraise the suitability of the proposed acquirer and the financial soundness of the proposed acquisition against all of the following criteria:

- a the reputation of the proposed acquirer;
- b the reputation and experience of any person who will direct the business of the investment firm as a result of the proposed acquisition;
- c the financial soundness of the proposed acquirer, in particular in relation to the type of business pursued and envisaged in the investment firm in which the acquisition is proposed;
- d whether the investment firm will be able to comply and continue to comply with the prudential requirements based on this Directive and, where applicable, other Directives, in particular Directives 2002/87/EC and 2013/36/EU, in particular, whether the group of which it will become a part has a structure that makes it possible to exercise effective supervision, effectively exchange information among the competent authorities and determine the allocation of responsibilities among the competent authorities;
- e whether there are reasonable grounds to suspect that, in connection with the proposed acquisition, money laundering or terrorist financing within the meaning of Article 1 of Directive 2005/60/EC is being or has been committed or attempted, or that the proposed acquisition could increase the risk thereof.

The Commission shall be empowered to adopt delegated acts in accordance with Article 89 which adjust the criteria set out in the first subparagraph of this paragraph.

2 The competent authorities may oppose the proposed acquisition only if there are reasonable grounds for doing so on the basis of the criteria set out in paragraph 1 or if the information provided by the proposed acquirer is incomplete.

3 Member States shall neither impose any prior conditions in respect of the level of holding that must be acquired nor allow their competent authorities to examine the proposed acquisition in terms of the economic needs of the market.

4 Member States shall make publicly available a list specifying the information that is necessary to carry out the assessment and that must be provided to the competent authorities at the time of notification referred to in Article 11(1). The information required shall be proportionate and adapted to the nature of the proposed acquirer and the proposed acquisition. Member States shall not require information that is not relevant for a prudential assessment.

5 Notwithstanding Article 12(1), (2) and (3), where two or more proposals to acquire or increase qualifying holdings in the same investment firm have been notified to the competent authority, the latter shall treat the proposed acquirers in a non-discriminatory manner.

Article 14

Membership of an authorised investor compensation scheme

The competent authority shall verify that any entity seeking authorisation as an investment firm meets its obligations under Directive 97/9/EC at the time of authorisation.

The obligation laid down in the first paragraph shall be met in relation to structured deposits where the structured deposit is issued by a credit institution which is a member of a deposit guarantee scheme recognised under Directive 2014/49/EU.

Article 15

Initial capital endowment

Member States shall ensure that the competent authorities do not grant authorisation unless the investment firm has sufficient initial capital in accordance with the requirements of Regulation (EU) No 575/2013 having regard to the nature of the investment service or activity in question.

Article 16

Organisational requirements

1 The home Member State shall require that investment firms comply with the organisational requirements laid down in paragraphs 2 to 10 of this Article and in Article 17.

2 An investment firm shall establish adequate policies and procedures sufficient to ensure compliance of the firm including its managers, employees and tied agents with its obligations under this Directive as well as appropriate rules governing personal transactions by such persons.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

3 An investment firm shall maintain and operate effective organisational and administrative arrangements with a view to taking all reasonable steps designed to prevent conflicts of interest as defined in Article 23 from adversely affecting the interests of its clients.

An investment firm which manufactures financial instruments for sale to clients shall maintain, operate and review a process for the approval of each financial instrument and significant adaptations of existing financial instruments before it is marketed or distributed to clients.

The product approval process shall specify an identified target market of end clients within the relevant category of clients for each financial instrument and shall ensure that all relevant risks to such identified target market are assessed and that the intended distribution strategy is consistent with the identified target market.

An investment firm shall also regularly review financial instruments it offers or markets, taking into account any event that could materially affect the potential risk to the identified target market, to assess at least whether the financial instrument remains consistent with the needs of the identified target market and whether the intended distribution strategy remains appropriate.

An investment firm which manufactures financial instruments shall make available to any distributor all appropriate information on the financial instrument and the product approval process, including the identified target market of the financial instrument.

Where an investment firm offers or recommends financial instruments which it does not manufacture, it shall have in place adequate arrangements to obtain the information referred to in the fifth subparagraph and to understand the characteristics and identified target market of each financial instrument.

The policies, processes and arrangements referred to in this paragraph shall be without prejudice to all other requirements under this Directive and Regulation (EU) No 600/2014, including those relating to disclosure, suitability or appropriateness, identification and management of conflicts of interests, and inducements.

4 An investment firm shall take reasonable steps to ensure continuity and regularity in the performance of investment services and activities. To that end the investment firm shall employ appropriate and proportionate systems, resources and procedures.

5 An investment firm shall ensure, when relying on a third party for the performance of operational functions which are critical for the provision of continuous and satisfactory service to clients and the performance of investment activities on a continuous and satisfactory basis, that it takes reasonable steps to avoid undue additional operational risk. Outsourcing of important operational functions may not be undertaken in such a way as to impair materially the quality of its internal control and the ability of the supervisor to monitor the firm's compliance with all obligations.

An investment firm shall have sound administrative and accounting procedures, internal control mechanisms, effective procedures for risk assessment, and effective control and safeguard arrangements for information processing systems.

Without prejudice to the ability of competent authorities to require access to communications in accordance with this Directive and Regulation (EU) No 600/2014, an investment firm shall have sound security mechanisms in place to guarantee the security and authentication of the means of transfer of information, minimise the risk of data corruption and unauthorised access and to prevent information leakage maintaining the confidentiality of the data at all times.

6 An investment firm shall arrange for records to be kept of all services, activities and transactions undertaken by it which shall be sufficient to enable the competent authority to fulfil its supervisory tasks and to perform the enforcement actions under this Directive, Regulation (EU) No 600/2014, Directive 2014/57/EU and Regulation (EU) No 596/2014, and in particular to ascertain that the investment firm has complied with all obligations including those with respect to clients or potential clients and to the integrity of the market.

7 Records shall include the recording of telephone conversations or electronic communications relating to, at least, transactions concluded when dealing on own account and the provision of client order services that relate to the reception, transmission and execution of client orders.

Such telephone conversations and electronic communications shall also include those that are intended to result in transactions concluded when dealing on own account or in the provision of client order services that relate to the reception, transmission and execution of client orders, even if those conversations or communications do not result in the conclusion of such transactions or in the provision of client order services.

For those purposes, an investment firm shall take all reasonable steps to record relevant telephone conversations and electronic communications, made with, sent from or received by equipment provided by the investment firm to an employee or contractor or the use of which by an employee or contractor has been accepted or permitted by the investment firm.

An investment firm shall notify new and existing clients that telephone communications or conversations between the investment firm and its clients that result or may result in transactions will be recorded.

Such a notification may be made once, before the provision of investment services to new and existing clients.

An investment firm shall not provide, by telephone, investment services and activities to clients who have not been notified in advance about the recording of their telephone communications or conversations, where such investment services and activities relate to the reception, transmission and execution of client orders.

Orders may be placed by clients through other channels, however such communications must be made in a durable medium such as mails, faxes, emails or documentation of client orders made at meetings. In particular, the content of relevant face-to-face conversations with a client may be recorded by using written minutes or notes. Such orders shall be considered equivalent to orders received by telephone.

An investment firm shall take all reasonable steps to prevent an employee or contractor from making, sending or receiving relevant telephone conversations and electronic communications on privately-owned equipment which the investment firm is unable to record or copy.

The records kept in accordance with this paragraph shall be provided to the client involved upon request and shall be kept for a period of five years and, where requested by the competent authority, for a period of up to seven years.

8 An investment firm shall, when holding financial instruments belonging to clients, make adequate arrangements so as to safeguard the ownership rights of clients, especially in the event of the investment firm's insolvency, and to prevent the use of a client's financial instruments on own account except with the client's express consent.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

9 An investment firm shall, when holding funds belonging to clients, make adequate arrangements to safeguard the rights of clients and, except in the case of credit institutions, prevent the use of client funds for its own account.

10 An investment firm shall not conclude title transfer financial collateral arrangements with retail clients for the purpose of securing or covering present or future, actual or contingent or prospective obligations of clients.

11 In the case of branches of investment firms, the competent authority of the Member State in which the branch is located shall, without prejudice to the possibility of the competent authority of the home Member State of the investment firm to have direct access to those records, enforce the obligation laid down in paragraphs 6 and 7 with regard to transactions undertaken by the branch.

Member States may, in exceptional circumstances, impose requirements on investment firms concerning the safeguarding of client assets additional to the provisions set out in paragraphs 8, 9 and 10 and the respective delegated acts as referred to in paragraph 12. Such requirements must be objectively justified and proportionate so as to address, where investment firms safeguard client assets and client funds, specific risks to investor protection or to market integrity which are of particular importance in the circumstances of the market structure of that Member State.

Member States shall notify, without undue delay, the Commission of any requirement which they intend to impose in accordance with this paragraph and at least two months before the date appointed for that requirement to come into force. The notification shall include a justification for that requirement. Any such additional requirements shall not restrict or otherwise affect the rights of investment firms under Articles 34 and 35.

The Commission shall within two months of the notification referred to in the third subparagraph provide its opinion on the proportionality of and justification for the additional requirements.

Member States may retain additional requirements provided that they were notified to the Commission in accordance with Article 4 of Directive 2006/73/EC before 2 July 2014 and that the conditions laid down in that Article are met.

The Commission shall communicate to Member States and make public on its website the additional requirements imposed in accordance with this paragraph.

12 The Commission shall be empowered to adopt delegated acts in accordance with Article 89 to specify the concrete organisational requirements laid down in paragraphs 2 to 10 of this Article to be imposed on investment firms and on branches of third-country firms authorised in accordance with Article 41 performing different investment services and/or activities and ancillary services or combinations thereof.

Article 17

Algorithmic trading

1 An investment firm that engages in algorithmic trading shall have in place effective systems and risk controls suitable to the business it operates to ensure that its trading systems are resilient and have sufficient capacity, are subject to appropriate trading thresholds and limits and prevent the sending of erroneous orders or the systems otherwise functioning in a way that may create or contribute to a disorderly market. Such a firm shall also have in place effective systems and risk controls to ensure the trading systems cannot be used for any purpose that

is contrary to Regulation (EU) No 596/2014 or to the rules of a trading venue to which it is connected. The investment firm shall have in place effective business continuity arrangements to deal with any failure of its trading systems and shall ensure its systems are fully tested and properly monitored to ensure that they meet the requirements laid down in this paragraph.

2 An investment firm that engages in algorithmic trading in a Member State shall notify this to the competent authorities of its home Member State and of the trading venue at which the investment firm engages in algorithmic trading as a member or participant of the trading venue.

The competent authority of the home Member State of the investment firm may require the investment firm to provide, on a regular or ad-hoc basis, a description of the nature of its algorithmic trading strategies, details of the trading parameters or limits to which the system is subject, the key compliance and risk controls that it has in place to ensure the conditions laid down in paragraph 1 are satisfied and details of the testing of its systems. The competent authority of the home Member State of the investment firm may, at any time, request further information from an investment firm about its algorithmic trading and the systems used for that trading.

The competent authority of the home Member State of the investment firm shall, on the request of a competent authority of a trading venue at which the investment firm as a member or participant of the trading venue is engaged in algorithmic trading and without undue delay, communicate the information referred to in the second subparagraph that it receives from the investment firm that engages in algorithmic trading.

The investment firm shall arrange for records to be kept in relation to the matters referred to in this paragraph and shall ensure that those records be sufficient to enable its competent authority to monitor compliance with the requirements of this Directive.

An investment firm that engages in a high-frequency algorithmic trading technique shall store in an approved form accurate and time sequenced records of all its placed orders, including cancellations of orders, executed orders and quotations on trading venues and shall make them available to the competent authority upon request.

3 An investment firm that engages in algorithmic trading to pursue a market making strategy shall, taking into account the liquidity, scale and nature of the specific market and the characteristics of the instrument traded:

- a carry out this market making continuously during a specified proportion of the trading venue's trading hours, except under exceptional circumstances, with the result of providing liquidity on a regular and predictable basis to the trading venue;
- b enter into a binding written agreement with the trading venue which shall at least specify the obligations of the investment firm in accordance with point (a); and
- c have in place effective systems and controls to ensure that it fulfils its obligations under the agreement referred to in point (b) at all times.

4 For the purposes of this Article and of Article 48 of this Directive, an investment firm that engages in algorithmic trading shall be considered to be pursuing a market making strategy when, as a member or participant of one or more trading venues, its strategy, when dealing on own account, involves posting firm, simultaneous two-way quotes of comparable size and at competitive prices relating to one or more financial instruments on a single trading venue or across different trading venues, with the result of providing liquidity on a regular and frequent basis to the overall market.

5 An investment firm that provides direct electronic access to a trading venue shall have in place effective systems and controls which ensure a proper assessment and review of the suitability of clients using the service, that clients using the service are prevented from exceeding

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

appropriate pre-set trading and credit thresholds, that trading by clients using the service is properly monitored and that appropriate risk controls prevent trading that may create risks to the investment firm itself or that could create or contribute to a disorderly market or could be contrary to Regulation (EU) No 596/2014 or the rules of the trading venue. Direct electronic access without such controls is prohibited.

An investment firm that provides direct electronic access shall be responsible for ensuring that clients using that service comply with the requirements of this Directive and the rules of the trading venue. The investment firm shall monitor the transactions in order to identify infringements of those rules, disorderly trading conditions or conduct that may involve market abuse and that is to be reported to the competent authority. The investment firm shall ensure that there is a binding written agreement between the investment firm and the client regarding the essential rights and obligations arising from the provision of the service and that under the agreement the investment firm retains responsibility under this Directive.

An investment firm that provides direct electronic access to a trading venue shall notify the competent authorities of its home Member State and of the trading venue at which the investment firm provides direct electronic access accordingly.

The competent authority of the home Member State of the investment firm may require the investment firm to provide, on a regular or ad-hoc basis, a description of the systems and controls referred to in first subparagraph and evidence that those have been applied.

The competent authority of the home Member State of the investment firm shall, on the request of a competent authority of a trading venue in relation to which the investment firm provides direct electronic access, communicate without undue delay the information referred to in the fourth subparagraph that it receives from the investment firm.

The investment firm shall arrange for records to be kept in relation to the matters referred to in this paragraph and shall ensure that those records be sufficient to enable its competent authority to monitor compliance with the requirements of this Directive.

6 An investment firm that acts as a general clearing member for other persons shall have in place effective systems and controls to ensure clearing services are only applied to persons who are suitable and meet clear criteria and that appropriate requirements are imposed on those persons to reduce risks to the investment firm and to the market. The investment firm shall ensure that there is a binding written agreement between the investment firm and the person regarding the essential rights and obligations arising from the provision of that service.

7 ESMA shall develop draft regulatory technical standards to specify the following:

- a the details of organisational requirements laid down in paragraphs 1 to 6 to be imposed on investment firms providing different investment services and/or activities and ancillary services or combinations thereof, whereby the specifications in relation to the organisational requirements laid down in paragraph 5 shall set out specific requirements for direct market access and for sponsored access in such a way as to ensure that the controls applied to sponsored access are at least equivalent to those applied to direct market access;
- b the circumstances in which an investment firm would be obliged to enter into the market making agreement referred to in point (b) of paragraph 3 and the content of such agreements, including the proportion of the trading venue's trading hours laid down in paragraph 3;
- c the situations constituting exceptional circumstances referred to in paragraph 3, including circumstances of extreme volatility, political and macroeconomic issues,

- system and operational matters, and circumstances which contradict the investment firm's ability to maintain prudent risk management practices as laid down in paragraph 1;
- d the content and format of the approved form referred to in the fifth subparagraph of paragraph 2 and the length of time for which such records must be kept by the investment firm.

ESMA shall submit those draft regulatory technical standards to the Commission by 3 July 2015.

Power is delegated to the Commission to adopt the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1095/2010.

Article 18

Trading process and finalisation of transactions in an MTF and an OTF

1 Member States shall require that investment firms and market operators operating an MTF or an OTF, in addition to meeting the organisational requirements laid down in Article 16, establish transparent rules and procedures for fair and orderly trading and establish objective criteria for the efficient execution of orders. They shall have arrangements for the sound management of the technical operations of the facility, including the establishment of effective contingency arrangements to cope with risks of systems disruption.

2 Member States shall require that investment firms and market operators operating an MTF or an OTF establish transparent rules regarding the criteria for determining the financial instruments that can be traded under its systems.

Member States shall require that, where applicable, investment firms and market operators operating an MTF or an OTF provide, or are satisfied that there is access to, sufficient publicly available information to enable its users to form an investment judgement, taking into account both the nature of the users and the types of instruments traded.

3 Member States shall require that investment firms and market operators operating an MTF or an OTF establish, publish and maintain and implement transparent and non-discriminatory rules, based on objective criteria, governing access to its facility.

4 Member States shall require that investment firms and market operators operating an MTF or an OTF have arrangements to identify clearly and manage the potential adverse consequences for the operation of the MTF or OTF, or for the members or participants and users, of any conflict of interest between the interest of the MTF, the OTF, their owners or the investment firm or market operator operating the MTF or OTF and the sound functioning of the MTF or OTF.

5 Member States shall require that investment firms and market operators operating an MTF or OTF comply with Articles 48 and 49 and have in place all the necessary effective systems, procedures and arrangements to do so.

6 Member States shall require that investment firms and market operators operating an MTF or an OTF clearly inform its members or participants of their respective responsibilities for the settlement of the transactions executed in that facility. Member States shall require that investment firms and market operators operating an MTF or an OTF have put in place the

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

necessary arrangements to facilitate the efficient settlement of the transactions concluded under the systems of that MTF or OTF.

7 Member States shall require that MTFs and OTFs have at least three materially active members or users, each having the opportunity to interact with all the others in respect to price formation.

8 Where a transferable security that has been admitted to trading on a regulated market is also traded on an MTF or an OTF without the consent of the issuer, the issuer shall not be subject to any obligation relating to initial, ongoing or ad hoc financial disclosure with regard to that MTF or an OTF.

9 Member States shall require that any investment firm and market operator operating an MTF or an OTF comply immediately with any instruction from its competent authority pursuant to Article 69(2) to suspend or remove a financial instrument from trading.

10 Member States shall require that investment firms and market operators operating an MTF or an OTF provide the competent authority with a detailed description of the functioning of the MTF or OTF, including, without prejudice to Article 20(1), (4) and (5), any links to or participation by a regulated market, an MTF, an OTF or a systematic internaliser owned by the same investment firm or market operator, and a list of their members, participants and/or users. Competent authorities shall make that information available to ESMA on request. Every authorisation to an investment firm or market operator as an MTF and an OTF shall be notified to ESMA. ESMA shall establish a list of all MTFs and OTFs in the Union. The list shall contain information on the services an MTF or an OTF provides and entail the unique code identifying the MTF and the OTF for use in reports in accordance with Articles 6, 10 and 26 of Regulation (EU) No 600/2014. It shall be updated on a regular basis. ESMA shall publish and keep up-to-date that list on its website.

11 ESMA shall develop draft implementing technical standards to determine the content and format of the description and notification referred to in paragraph 10.

ESMA shall submit those draft implementing technical standards to the Commission by 3 January 2016.

Power is conferred on the Commission to adopt the implementing technical standards referred to in the first subparagraph in accordance with Article 15 of Regulation (EU) No 1095/2010.

Article 19

Specific requirements for MTFs

1 Member States shall require that investment firms and market operators operating an MTF, in addition to meeting the requirements laid down in Articles 16 and 18, shall establish and implement non-discretionary rules for the execution of orders in the system.

2 Member States shall require that the rules referred to in Article 18(3) governing access to an MTF comply with the conditions established in Article 53(3).

3 Member States shall require that investment firms and market operators operating an MTF to have arrangements:

- a to be adequately equipped to manage the risks to which it is exposed, to implement appropriate arrangements and systems to identify all significant risks to its operation, and to put in place effective measures to mitigate those risks;

- b to have effective arrangements to facilitate the efficient and timely finalisation of the transactions executed under its systems; and
- c to have available, at the time of authorisation and on an ongoing basis, sufficient financial resources to facilitate its orderly functioning, having regard to the nature and extent of the transactions concluded on the market and the range and degree of the risks to which it is exposed.

4 Member States shall ensure that Articles 24, 25, Article 27(1), (2) and (4) to (10) and Article 28 are not applicable to the transactions concluded under the rules governing an MTF between its members or participants or between the MTF and its members or participants in relation to the use of the MTF. However, the members of or participants in the MTF shall comply with the obligations provided for in Articles 24, 25, 27 and 28 with respect to their clients when, acting on behalf of their clients, they execute their orders through the systems of an MTF.

5 Member States shall not allow investment firms or market operators operating an MTF to execute client orders against proprietary capital, or to engage in matched principal trading.

Article 20

Specific requirements for OTFs

1 Member States shall require that an investment firm and a market operator operating an OTF establishes arrangements preventing the execution of client orders in an OTF against the proprietary capital of the investment firm or market operator operating the OTF or from any entity that is part of the same group or legal person as the investment firm or market operator.

2 Member States shall permit an investment firm or market operator operating an OTF to engage in matched principal trading in bonds, structured finance products, emission allowances and certain derivatives only where the client has consented to the process.

An investment firm or market operator operating an OTF shall not use matched principal trading to execute client orders in an OTF in derivatives pertaining to a class of derivatives that has been declared subject to the clearing obligation in accordance with Article 5 of Regulation (EU) No 648/2012.

An investment firm or market operator operating an OTF shall establish arrangements ensuring compliance with the definition of matched principal trading in point (38) of Article 4(1).

3 Member States shall permit an investment firm or market operator operating an OTF to engage in dealing on own account other than matched principal trading only with regard to sovereign debt instruments for which there is not a liquid market.

4 Member States shall not allow the operation of an OTF and of a systematic internaliser to take place within the same legal entity. An OTF shall not connect with a systematic internaliser in a way which enables orders in an OTF and orders or quotes in a systematic internaliser to interact. An OTF shall not connect with another OTF in a way which enables orders in different OTFs to interact.

5 Member States shall not prevent an investment firm or a market operator operating an OTF from engaging another investment firm to carry out market making on that OTF on an independent basis.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

For the purposes of this Article, an investment firm shall not be deemed to be carrying out market making on an OTF on an independent basis if it has close links with the investment firm or market operator operating the OTF.

6 Member States shall require that the execution of orders on an OTF is carried out on a discretionary basis.

An investment firm or market operator operating an OTF shall exercise discretion only in either or both of the following circumstances:

- a when deciding to place or retract an order on the OTF they operate;
- b when deciding not to match a specific client order with other orders available in the systems at a given time, provided it is in compliance with specific instructions received from a client and with its obligations in accordance with Article 27.

For the system that crosses client orders the investment firm or market operator operating the OTF may decide if, when and how much of two or more orders it wants to match within the system. In accordance with paragraphs 1, 2, 4 and 5 and without prejudice to paragraph 3, with regard to a system that arranges transactions in non-equities, the investment firm or market operator operating the OTF may facilitate negotiation between clients so as to bring together two or more potentially compatible trading interest in a transaction.

That obligation shall be without prejudice to Articles 18 and 27.

7 The competent authority may require, either when an investment firm or market operator requests to be authorised for the operation of an OTF or on ad-hoc basis, a detailed explanation why the system does not correspond to and cannot operate as a regulated market, MTF, or systematic internaliser, a detailed description as to how discretion will be exercised, in particular when an order to the OTF may be retracted and when and how two or more client orders will be matched within the OTF. In addition, the investment firm or market operator of an OTF shall provide the competent authority with information explaining its use of matched principal trading. The competent authority shall monitor an investment firm's or market operator's engagement in matched principal trading to ensure that it continues to fall within the definition of such trading and that its engagement in matched principal trading does not give rise to conflicts of interest between the investment firm or market operator and its clients.

8 Member States shall ensure that Articles 24, 25, 27 and 28 are applied to the transactions concluded on an OTF.

CHAPTER II

Operating conditions for investment firms

Section 1

General provisions

Article 21

Regular review of conditions for initial authorisation

1 Member States shall require that an investment firm authorised in their territory comply at all times with the conditions for initial authorisation established in Chapter I.

2 Member States shall require competent authorities to establish the appropriate methods to monitor that investment firms comply with their obligation under paragraph 1. They shall require investment firms to notify the competent authorities of any material changes to the conditions for initial authorisation.

ESMA may develop guidelines regarding the monitoring methods referred to in this paragraph.

Article 22

General obligation in respect of on-going supervision

Member States shall ensure that the competent authorities monitor the activities of investment firms so as to assess compliance with the operating conditions provided for in this Directive. Member States shall ensure that the appropriate measures are in place to enable the competent authorities to obtain the information needed to assess the compliance of investment firms with those obligations.

Article 23

Conflicts of interest

1 Member States shall require investment firms to take all appropriate steps to identify and to prevent or manage conflicts of interest between themselves, including their managers, employees and tied agents, or any person directly or indirectly linked to them by control and their clients or between one client and another that arise in the course of providing any investment and ancillary services, or combinations thereof, including those caused by the receipt of inducements from third parties or by the investment firm's own remuneration and other incentive structures.

2 Where organisational or administrative arrangements made by the investment firm in accordance with Article 16(3) to prevent conflicts of interest from adversely affecting the interest of its client are not sufficient to ensure, with reasonable confidence, that risks of damage to client interests will be prevented, the investment firm shall clearly disclose to the client the general nature and/or sources of conflicts of interest and the steps taken to mitigate those risks before undertaking business on its behalf.

3 The disclosure referred to in paragraph 2 shall:

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After

IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- a be made in a durable medium; and
- b include sufficient detail, taking into account the nature of the client, to enable that client to take an informed decision with respect to the service in the context of which the conflict of interest arises.

4 The Commission shall be empowered to adopt delegated acts in accordance with Article 89 to:

- a define the steps that investment firms might reasonably be expected to take to identify, prevent, manage and disclose conflicts of interest when providing various investment and ancillary services and combinations thereof;
- b establish appropriate criteria for determining the types of conflict of interest whose existence may damage the interests of the clients or potential clients of the investment firm.

Section 2

Provisions to ensure investor protection

Article 24

General principles and information to clients

1 Member States shall require that, when providing investment services or, where appropriate, ancillary services to clients, an investment firm act honestly, fairly and professionally in accordance with the best interests of its clients and comply, in particular, with the principles set out in this Article and in Article 25.

2 Investment firms which manufacture financial instruments for sale to clients shall ensure that those financial instruments are designed to meet the needs of an identified target market of end clients within the relevant category of clients, the strategy for distribution of the financial instruments is compatible with the identified target market, and the investment firm takes reasonable steps to ensure that the financial instrument is distributed to the identified target market.

An investment firm shall understand the financial instruments they offer or recommend, assess the compatibility of the financial instruments with the needs of the clients to whom it provides investment services, also taking account of the identified target market of end clients as referred to in Article 16(3), and ensure that financial instruments are offered or recommended only when this is in the interest of the client.

3 All information, including marketing communications, addressed by the investment firm to clients or potential clients shall be fair, clear and not misleading. Marketing communications shall be clearly identifiable as such.

4 Appropriate information shall be provided in good time to clients or potential clients with regard to the investment firm and its services, the financial instruments and proposed investment strategies, execution venues and all costs and related charges. That information shall include the following:

- a when investment advice is provided, the investment firm must, in good time before it provides investment advice, inform the client:
 - (i) whether or not the advice is provided on an independent basis;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (ii) whether the advice is based on a broad or on a more restricted analysis of different types of financial instruments and, in particular, whether the range is limited to financial instruments issued or provided by entities having close links with the investment firm or any other legal or economic relationships, such as contractual relationships, so close as to pose a risk of impairing the independent basis of the advice provided;
 - (iii) whether the investment firm will provide the client with a periodic assessment of the suitability of the financial instruments recommended to that client;
- b the information on financial instruments and proposed investment strategies must include appropriate guidance on and warnings of the risks associated with investments in those instruments or in respect of particular investment strategies and whether the financial instrument is intended for retail or professional clients, taking account of the identified target market in accordance with paragraph 2;
- c the information on all costs and associated charges must include information relating to both investment and ancillary services, including the cost of advice, where relevant, the cost of the financial instrument recommended or marketed to the client and how the client may pay for it, also encompassing any third-party payments.

The information about all costs and charges, including costs and charges in connection with the investment service and the financial instrument, which are not caused by the occurrence of underlying market risk, shall be aggregated to allow the client to understand the overall cost as well as the cumulative effect on return of the investment, and where the client so requests, an itemised breakdown shall be provided. Where applicable, such information shall be provided to the client on a regular basis, at least annually, during the life of the investment.

5 The information referred to in paragraphs 4 and 9 shall be provided in a comprehensible form in such a manner that clients or potential clients are reasonably able to understand the nature and risks of the investment service and of the specific type of financial instrument that is being offered and, consequently, to take investment decisions on an informed basis. Member States may allow that information to be provided in a standardised format.

6 Where an investment service is offered as part of a financial product which is already subject to other provisions of Union law relating to credit institutions and consumer credits with respect to information requirements, that service shall not be additionally subject to the obligations set out in paragraphs 3, 4 and 5.

7 Where an investment firm informs the client that investment advice is provided on an independent basis, that investment firm shall:

- a assess a sufficient range of financial instruments available on the market which must be sufficiently diverse with regard to their type and issuers or product providers to ensure that the client's investment objectives can be suitably met and must not be limited to financial instruments issued or provided by:
 - (i) the investment firm itself or by entities having close links with the investment firm; or
 - (ii) other entities with which the investment firm has such close legal or economic relationships, such as contractual relationships, as to pose a risk of impairing the independent basis of the advice provided;
- b not accept and retain fees, commissions or any monetary or non-monetary benefits paid or provided by any third party or a person acting on behalf of a third party in relation to the provision of the service to clients. Minor non-monetary benefits that are capable

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

of enhancing the quality of service provided to a client and are of a scale and nature such that they could not be judged to impair compliance with the investment firm's duty to act in the best interest of the client must be clearly disclosed and are excluded from this point.

8 When providing portfolio management the investment firm shall not accept and retain fees, commissions or any monetary or non-monetary benefits paid or provided by any third party or a person acting on behalf of a third party in relation to the provision of the service to clients. Minor non-monetary benefits that are capable of enhancing the quality of service provided to a client and are of a scale and nature such that they could not be judged to impair compliance with the investment firm's duty to act in the best interest of the client shall be clearly disclosed and are excluded from this paragraph.

9 Member States shall ensure that investment firms are regarded as not fulfilling their obligations under Article 23 or under paragraph 1 of this Article where they pay or are paid any fee or commission, or provide or are provided with any non-monetary benefit in connection with the provision of an investment service or an ancillary service, to or by any party except the client or a person on behalf of the client, other than where the payment or benefit:

- a is designed to enhance the quality of the relevant service to the client; and
- b does not impair compliance with the investment firm's duty to act honestly, fairly and professionally in accordance with the best interest of its clients.

The existence, nature and amount of the payment or benefit referred to in the first subparagraph, or, where the amount cannot be ascertained, the method of calculating that amount, must be clearly disclosed to the client, in a manner that is comprehensive, accurate and understandable, prior to the provision of the relevant investment or ancillary service. Where applicable, the investment firm shall also inform the client on mechanisms for transferring to the client the fee, commission, monetary or non-monetary benefit received in relation to the provision of the investment or ancillary service.

The payment or benefit which enables or is necessary for the provision of investment services, such as custody costs, settlement and exchange fees, regulatory levies or legal fees, and which by its nature cannot give rise to conflicts with the investment firm's duties to act honestly, fairly and professionally in accordance with the best interests of its clients, is not subject to the requirements set out in the first subparagraph.

10 An investment firm which provides investment services to clients shall ensure that it does not remunerate or assess the performance of its staff in a way that conflicts with its duty to act in the best interests of its clients. In particular, it shall not make any arrangement by way of remuneration, sales targets or otherwise that could provide an incentive to its staff to recommend a particular financial instrument to a retail client when the investment firm could offer a different financial instrument which would better meet that client's needs.

11 When an investment service is offered together with another service or product as part of a package or as a condition for the same agreement or package, the investment firm shall inform the client whether it is possible to buy the different components separately and shall provide for a separate evidence of the costs and charges of each component.

Where the risks resulting from such an agreement or package offered to a retail client are likely to be different from the risks associated with the components taken separately, the investment firm shall provide an adequate description of the different components of the agreement or package and the way in which its interaction modifies the risks.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

ESMA, in cooperation with EBA and EIOPA, shall develop by 3 January 2016, and update periodically, guidelines for the assessment and the supervision of cross-selling practices indicating, in particular, situations in which cross-selling practices are not compliant with obligations laid down in paragraph 1.

12 Member States may, in exceptional cases, impose additional requirements on investment firms in respect of the matters covered by this Article. Such requirements must be objectively justified and proportionate so as to address specific risks to investor protection or to market integrity which are of particular importance in the circumstances of the market structure of that Member State.

Member States shall notify the Commission of any requirement which they intend to impose in accordance with this paragraph without undue delay and at least two months before the date appointed for that requirement to come into force. The notification shall include a justification for that requirement. Any such additional requirements shall not restrict or otherwise affect the rights of investment firms under Articles 34 and 35 of this Directive.

The Commission shall within two months from the notification referred to in the second subparagraph provide its opinion on the proportionality of and justification for the additional requirements.

The Commission shall communicate to Member States and make public on its website the additional requirements imposed in accordance with this paragraph.

Member States may retain additional requirements that were notified to the Commission in accordance with Article 4 of Directive 2006/73/EC before 2 July 2014 provided that the conditions laid down in that Article are met.

13 The Commission shall be empowered to adopt delegated acts in accordance with Article 89 to ensure that investment firms comply with the principles set out in this Article when providing investment or ancillary services to their clients, including:

- a the conditions with which the information must comply in order to be fair, clear and not misleading;
- b the details about content and format of information to clients in relation to client categorisation, investment firms and their services, financial instruments, costs and charges;
- c the criteria for the assessment of a range of financial instruments available on the market;
- d the criteria to assess compliance of firms receiving inducements with the obligation to act honestly, fairly and professionally in accordance with the best interest of the client.

In formulating the requirements for information on financial instruments in relation to point b of paragraph 4 information on the structure of the product shall be included, where applicable, taking into account any relevant standardized information required under Union law.

14 The delegated acts referred to in paragraph 13 shall take into account:

- a the nature of the service(s) offered or provided to the client or potential client, taking into account the type, object, size and frequency of the transactions;
- b the nature and range of products being offered or considered including different types of financial instruments;
- c the retail or professional nature of the client or potential clients or, in the case of paragraphs 4 and 5, their classification as eligible counterparties.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Article 25

Assessment of suitability and appropriateness and reporting to clients

1 Member States shall require investment firms to ensure and demonstrate to competent authorities on request that natural persons giving investment advice or information about financial instruments, investment services or ancillary services to clients on behalf of the investment firm possess the necessary knowledge and competence to fulfil their obligations under Article 24 and this Article. Member States shall publish the criteria to be used for assessing such knowledge and competence.

2 When providing investment advice or portfolio management the investment firm shall obtain the necessary information regarding the client's or potential client's knowledge and experience in the investment field relevant to the specific type of product or service, that person's financial situation including his ability to bear losses, and his investment objectives including his risk tolerance so as to enable the investment firm to recommend to the client or potential client the investment services and financial instruments that are suitable for him and, in particular, are in accordance with his risk tolerance and ability to bear losses.

Member States shall ensure that where an investment firm provides investment advice recommending a package of services or products bundled pursuant to Article 24(11), the overall bundled package is suitable.

3 Member States shall ensure that investment firms, when providing investment services other than those referred to in paragraph 2, ask the client or potential client to provide information regarding that person's knowledge and experience in the investment field relevant to the specific type of product or service offered or demanded so as to enable the investment firm to assess whether the investment service or product envisaged is appropriate for the client. Where a bundle of services or products is envisaged pursuant to Article 24(11), the assessment shall consider whether the overall bundled package is appropriate.

Where the investment firm considers, on the basis of the information received under the first subparagraph, that the product or service is not appropriate to the client or potential client, the investment firm shall warn the client or potential client. That warning may be provided in a standardised format.

Where clients or potential clients do not provide the information referred to under the first subparagraph, or where they provide insufficient information regarding their knowledge and experience, the investment firm shall warn them that the investment firm is not in a position to determine whether the service or product envisaged is appropriate for them. That warning may be provided in a standardised format.

4 Member States shall allow investment firms when providing investment services that only consist of execution or reception and transmission of client orders with or without ancillary services, excluding the granting of credits or loans as specified in Section B.1 of Annex I that do not comprise of existing credit limits of loans, current accounts and overdraft facilities of clients, to provide those investment services to their clients without the need to obtain the information or make the determination provided for in paragraph 3 where all the following conditions are met:

- a the services relate to any of the following financial instruments:
 - (i) shares admitted to trading on a regulated market or on an equivalent third-country market or on a MTF, where those are shares in companies, and

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- excluding shares in non-UCITS collective investment undertakings and shares that embed a derivative;
- (ii) bonds or other forms of securitised debt admitted to trading on a regulated market or on an equivalent third country market or on a MTF, excluding those that embed a derivative or incorporate a structure which makes it difficult for the client to understand the risk involved;
 - (iii) money-market instruments, excluding those that embed a derivative or incorporate a structure which makes it difficult for the client to understand the risk involved;
 - (iv) shares or units in UCITS, excluding structured UCITS as referred to in the second subparagraph of Article 36(1) of Regulation (EU) No 583/2010;
 - (v) structured deposits, excluding those that incorporate a structure which makes it difficult for the client to understand the risk of return or the cost of exiting the product before term;
 - (vi) other non-complex financial instruments for the purpose of this paragraph.

[^{F1}For the purpose of this point, a third-country market shall be considered to be equivalent to a regulated market if the requirements and the procedure laid down under the third and the fourth subparagraphs are fulfilled.

At the request of the competent authority of a Member State, the Commission shall adopt equivalence decisions in accordance with the examination procedure referred to in Article 89a(2), stating whether the legal and supervisory framework of a third country ensures that a regulated market authorised in that third country complies with legally binding requirements which are, for the purpose of the application of this point, equivalent to the requirements resulting from Regulation (EU) No 596/2014, from Title III of this Directive, from Title II of Regulation (EU) No 600/2014 and from Directive 2004/109/EC, and which are subject to effective supervision and enforcement in that third country. The competent authority shall indicate why it considers that the legal and supervisory framework of the third country concerned is to be considered equivalent and shall provide relevant information to that end.

Such third-country legal and supervisory framework may be considered equivalent where that framework fulfils at least the following conditions:

- (i) the markets are subject to authorisation and to effective supervision and enforcement on an ongoing basis;
 - (ii) the markets have clear and transparent rules regarding the admission of securities to trading so that such securities are capable of being traded in a fair, orderly and efficient manner, and are freely negotiable;
 - (iii) security issuers are subject to periodic and ongoing information requirements ensuring a high level of investor protection; and
 - (iv) market transparency and integrity are ensured by the prevention of market abuse in the form of insider dealing and market manipulation.]
- b the service is provided at the initiative of the client or potential client;
 - c the client or potential client has been clearly informed that in the provision of that service the investment firm is not required to assess the appropriateness of the financial instrument or service provided or offered and that therefore he does not benefit from

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

the corresponding protection of the relevant conduct of business rules. Such a warning may be provided in a standardised format;

- d the investment firm complies with its obligations under Article 23.

5 The investment firm shall establish a record that includes the document or documents agreed between the investment firm and the client that set out the rights and obligations of the parties, and the other terms on which the investment firm will provide services to the client. The rights and duties of the parties to the contract may be incorporated by reference to other documents or legal texts.

6 The investment firm shall provide the client with adequate reports on the service provided in a durable medium. Those reports shall include periodic communications to clients, taking into account the type and the complexity of financial instruments involved and the nature of the service provided to the client and shall include, where applicable, the costs associated with the transactions and services undertaken on behalf of the client.

When providing investment advice, the investment firm shall, before the transaction is made, provide the client with a statement on suitability in a durable medium specifying the advice given and how that advice meets the preferences, objectives and other characteristics of the retail client.

Where the agreement to buy or sell a financial instrument is concluded using a means of distance communication which prevents the prior delivery of the suitability statement, the investment firm may provide the written statement on suitability in a durable medium immediately after the client is bound by any agreement, provided both the following conditions are met:

- a the client has consented to receiving the suitability statement without undue delay after the conclusion of the transaction; and
- b the investment firm has given the client the option of delaying the transaction in order to receive the statement on suitability in advance.

Where an investment firm provides portfolio management or has informed the client that it will carry out a periodic assessment of suitability, the periodic report shall contain an updated statement of how the investment meets the client's preferences, objectives and other characteristics of the retail client.

7 If a credit agreement relating to residential immovable property, which is subject to the provisions concerning creditworthiness assessment of consumers laid down in Directive 2014/17/EU of the European Parliament and the Council⁽¹⁾, has as a prerequisite the provision to that same consumer of an investment service in relation to mortgage bonds specifically issued to secure the financing of and having identical terms as the credit agreement relating to residential immovable property, in order for the loan to be payable, refinanced or redeemed, that service shall not be subject to the obligations set out in this Article.

8 The Commission shall be empowered to adopt delegated acts in accordance with Article 89 to ensure that investment firms comply with the principles set out in paragraphs 2 to 6 of this Article when providing investment or ancillary services to their clients, including information to obtain when assessing the suitability or appropriateness of the services and financial instruments for their clients, criteria to assess non-complex financial instruments for the purposes of point (a)(vi) of paragraph 4 of this Article, the content and the format of records and agreements for the provision of services to clients and of periodic reports to clients on the services provided. Those delegated acts shall take into account:

- a the nature of the service(s) offered or provided to the client or potential client, having regard to the type, object, size and frequency of the transactions;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- b the nature of the products being offered or considered, including different types of financial instruments;
- c the retail or professional nature of the client or potential clients or, in the case of paragraph 6, their classification as eligible counterparties.

9 ESMA shall adopt by 3 January 2016 guidelines specifying criteria for the assessment of knowledge and competence required under paragraph 1.

10 ESMA shall develop by 3 January 2016, and update periodically, guidelines for the assessment of:

- a financial instruments incorporating a structure which makes it difficult for the client to understand the risk involved in accordance with points (a)(ii) and (a)(iii) of paragraph 4;
- b structured deposits incorporating a structure which makes it difficult for the client to understand the risk of return or the cost of exiting the product before term, in accordance with point (a)(v) of paragraph 4.

11 ESMA may develop guidelines, and update them periodically, for the assessment of financial instruments being classified as non-complex for the purpose of point (a)(vi) of paragraph 4, taking into account the delegated acts adopted under paragraph 8.

Textual Amendments

- F1** Substituted by [Directive \(EU\) 2016/1034 of the European Parliament and of the Council of 23 June 2016 amending Directive 2014/65/EU on markets in financial instruments \(Text with EEA relevance\)](#).

Article 26

Provision of services through the medium of another investment firm

Member States shall allow an investment firm receiving an instruction to provide investment or ancillary services on behalf of a client through the medium of another investment firm to rely on client information transmitted by the latter investment firm. The investment firm which mediates the instructions will remain responsible for the completeness and accuracy of the information transmitted.

The investment firm which receives an instruction to undertake services on behalf of a client in that way shall also be able to rely on any recommendations in respect of the service or transaction that have been provided to the client by another investment firm. The investment firm which mediates the instructions will remain responsible for the suitability for the client of the recommendations or advice provided.

The investment firm which receives client instructions or orders through the medium of another investment firm shall remain responsible for concluding the service or transaction, based on any such information or recommendations, in accordance with the relevant provisions of this Title.

Article 27

Obligation to execute orders on terms most favourable to the client

1 Member States shall require that investment firms take all sufficient steps to obtain, when executing orders, the best possible result for their clients taking into account price, costs,

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

speed, likelihood of execution and settlement, size, nature or any other consideration relevant to the execution of the order. Nevertheless, where there is a specific instruction from the client the investment firm shall execute the order following the specific instruction.

Where an investment firm executes an order on behalf of a retail client, the best possible result shall be determined in terms of the total consideration, representing the price of the financial instrument and the costs relating to execution, which shall include all expenses incurred by the client which are directly relating to the execution of the order, including execution venue fees, clearing and settlement fees and any other fees paid to third parties involved in the execution of the order.

For the purposes of delivering best possible result in accordance with the first subparagraph where there is more than one competing venue to execute an order for a financial instrument, in order to assess and compare the results for the client that would be achieved by executing the order on each of the execution venues listed in the investment firm's order execution policy that is capable of executing that order, the investment firm's own commissions and the costs for executing the order on each of the eligible execution venues shall be taken into account in that assessment.

2 An investment firm shall not receive any remuneration, discount or non-monetary benefit for routing client orders to a particular trading venue or execution venue which would infringe the requirements on conflicts of interest or inducements set out in paragraph 1 of this Article and Article 16(3) and Articles 23 and 24.

3 Member States shall require that for financial instruments subject to the trading obligation in Articles 23 and 28 Regulation (EU) No 600/2014 each trading venue and systematic internaliser and for other financial instruments each execution venue makes available to the public, without any charges, data relating to the quality of execution of transactions on that venue on at least an annual basis and that following execution of a transaction on behalf of a client the investment firm shall inform the client where the order was executed. Periodic reports shall include details about price, costs, speed and likelihood of execution for individual financial instruments.

4 Member States shall require investment firms to establish and implement effective arrangements for complying with paragraph 1. In particular, Member States shall require investment firms to establish and implement an order execution policy to allow them to obtain, for their client orders, the best possible result in accordance with paragraph 1.

5 The order execution policy shall include, in respect of each class of financial instruments, information on the different venues where the investment firm executes its client orders and the factors affecting the choice of execution venue. It shall at least include those venues that enable the investment firm to obtain on a consistent basis the best possible result for the execution of client orders.

Member States shall require that investment firms provide appropriate information to their clients on their order execution policy. That information shall explain clearly, in sufficient detail and in a way that can be easily understood by clients, how orders will be executed by the investment firm for the client. Member States shall require that investment firms obtain the prior consent of their clients to the order execution policy.

Member States shall require that, where the order execution policy provides for the possibility that client orders may be executed outside a trading venue, the investment firm shall, in particular, inform its clients about that possibility. Member States shall require that investment firms obtain the prior express consent of their clients before proceeding to execute their orders outside a trading venue. Investment firms may obtain

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

such consent either in the form of a general agreement or in respect of individual transactions.

6 Member States shall require investment firms who execute client orders to summarise and make public on an annual basis, for each class of financial instruments, the top five execution venues in terms of trading volumes where they executed client orders in the preceding year and information on the quality of execution obtained.

7 Member States shall require investment firms who execute client orders to monitor the effectiveness of their order execution arrangements and execution policy in order to identify and, where appropriate, correct any deficiencies. In particular, they shall assess, on a regular basis, whether the execution venues included in the order execution policy provide for the best possible result for the client or whether they need to make changes to their execution arrangements, taking account of, inter alia, the information published under paragraphs 3 and 6. Member States shall require investment firms to notify clients with whom they have an ongoing client relationship of any material changes to their order execution arrangements or execution policy.

8 Member States shall require investment firms to be able to demonstrate to their clients, at their request, that they have executed their orders in accordance with the investment firm's execution policy and to demonstrate to the competent authority, at its request, their compliance with this Article.

9 The Commission shall be empowered to adopt delegated acts in accordance with Article 89 concerning:

- a the criteria for determining the relative importance of the different factors that, pursuant to paragraph 1, may be taken into account for determining the best possible result taking into account the size and type of order and the retail or professional nature of the client;
- b factors that may be taken into account by an investment firm when reviewing its execution arrangements and the circumstances under which changes to such arrangements may be appropriate. In particular, the factors for determining which venues enable investment firms to obtain on a consistent basis the best possible result for executing the client orders;
- c the nature and extent of the information to be provided to clients on their execution policies, pursuant to paragraph 5.

10 ESMA shall develop draft regulatory technical standards to determine:

- a the specific content, the format and the periodicity of data relating to the quality of execution to be published in accordance with paragraph 3, taking into account the type of execution venue and the type of financial instrument concerned;
- b the content and the format of information to be published by investment firms in accordance with paragraph 6.

ESMA shall submit those draft regulatory technical standards to the Commission by 3 July 2015.

Power is delegated to the Commission to adopt the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1095/2010.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Article 28

Client order handling rules

1 Member States shall require that investment firms authorised to execute orders on behalf of clients implement procedures and arrangements which provide for the prompt, fair and expeditious execution of client orders, relative to other client orders or the trading interests of the investment firm.

Those procedures or arrangements shall allow for the execution of otherwise comparable client orders in accordance with the time of their reception by the investment firm.

2 Member States shall require that, in the case of a client limit order in respect of shares admitted to trading on a regulated market or traded on a trading venue which are not immediately executed under prevailing market conditions, investment firms are, unless the client expressly instructs otherwise, to take measures to facilitate the earliest possible execution of that order by making public immediately that client limit order in a manner which is easily accessible to other market participants. Member States may decide that investment firms comply with that obligation by transmitting the client limit order to a trading venue. Member States shall provide that the competent authorities may waive the obligation to make public a limit order that is large in scale compared with normal market size as determined under Article 4 of Regulation (EU) No 600/2014.

3 The Commission shall be empowered to adopt delegated acts in accordance with Article 89 to define:

- a the conditions and nature of the procedures and arrangements which result in the prompt, fair and expeditious execution of client orders and the situations in which or types of transaction for which investment firms may reasonably deviate from prompt execution so as to obtain more favourable terms for clients;
- b the different methods through which an investment firm can be deemed to have met its obligation to disclose not immediately executable client limit orders to the market.

Article 29

Obligations of investment firms when appointing tied agents

1 Member States shall allow an investment firm to appoint tied agents for the purposes of promoting the services of the investment firm, soliciting business or receiving orders from clients or potential clients and transmitting them, placing financial instruments and providing advice in respect of such financial instruments and services offered by that investment firm.

2 Member States shall require that where an investment firm decides to appoint a tied agent it remains fully and unconditionally responsible for any action or omission on the part of the tied agent when acting on behalf of the investment firm. Member States shall require the investment firm to ensure that a tied agent discloses the capacity in which he is acting and the investment firm which he is representing when contacting or before dealing with any client or potential client.

Member States may allow, in accordance with Article 16(6), (8) and (9), tied agents registered in their territory to hold money and/or financial instruments of clients on behalf and under the full responsibility of the investment firm for which they are acting

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

within their territory or, in the case of a cross border operation, in the territory of a Member State which allows a tied agent to hold client money.

Member States shall require the investment firms to monitor the activities of their tied agents so as to ensure that they continue to comply with this Directive when acting through tied agents.

3 Tied agents shall be registered in the public register in the Member State where they are established. ESMA shall publish on its website references or hyperlinks to the public registers established under this Article by the Member States that decide to allow investment firms to appoint tied agents.

Member States shall ensure that tied agents are only admitted to the public register if it has been established that they are of sufficiently good repute and that they possess the appropriate general, commercial and professional knowledge and competence so as to be able to deliver the investment service or ancillary service and to communicate accurately all relevant information regarding the proposed service to the client or potential client.

Member States may decide that, subject to appropriate control, investment firms can verify whether the tied agents which they have appointed are of sufficiently good repute and possess the knowledge and competence referred to in the second subparagraph.

The register shall be updated on a regular basis. It shall be publicly available for consultation.

4 Member States shall require that investment firms appointing tied agents take adequate measures in order to avoid any negative impact that the activities of the tied agent not covered by the scope of this Directive could have on the activities carried out by the tied agent on behalf of the investment firm.

Member States may allow competent authorities to collaborate with investment firms and credit institutions, their associations and other entities in registering tied agents and in monitoring compliance of tied agents with the requirements of paragraph 3. In particular, tied agents may be registered by an investment firm, credit institution or their associations and other entities under the supervision of the competent authority.

5 Member States shall require that investment firms appoint only tied agents entered in the public registers referred to in paragraph 3.

6 Member States may adopt or retain provisions that are more stringent than those set out in this Article or add further requirements for tied agents registered within their jurisdiction.

Article 30

Transactions executed with eligible counterparties

1 Member States shall ensure that investment firms authorised to execute orders on behalf of clients and/or to deal on own account and/or to receive and transmit orders, may bring about or enter into transactions with eligible counterparties without being obliged to comply with the obligations under Article 24, with the exception of paragraphs 4 and 5, Article 25, with the exception of paragraph 6, Article 27 and Article 28(1) in respect of those transactions or in respect of any ancillary service directly relating to those transactions.

Member States shall ensure that, in their relationship with eligible counterparties, investment firms act honestly, fairly and professionally and communicate in a way

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

which is fair, clear and not misleading, taking into account the nature of the eligible counterparty and of its business.

2 Member States shall recognise as eligible counterparties for the purposes of this Article investment firms, credit institutions, insurance companies, UCITS and their management companies, pension funds and their management companies, other financial institutions authorised or regulated under Union law or under the national law of a Member State, national governments and their corresponding offices including public bodies that deal with public debt at national level, central banks and supranational organisations.

Classification as an eligible counterparty under the first subparagraph shall be without prejudice to the right of such entities to request, either on a general form or on a trade-by-trade basis, treatment as clients whose business with the investment firm is subject to Articles 24, 25, 27 and 28.

3 Member States may also recognise as eligible counterparties other undertakings meeting pre-determined proportionate requirements, including quantitative thresholds. In the event of a transaction where the prospective counterparties are located in different jurisdictions, the investment firm shall defer to the status of the other undertaking as determined by the law or measures of the Member State in which that undertaking is established.

Member States shall ensure that the investment firm, when it enters into transactions in accordance with paragraph 1 with such undertakings, obtains the express confirmation from the prospective counterparty that it agrees to be treated as an eligible counterparty. Member States shall allow the investment firm to obtain that confirmation either in the form of a general agreement or in respect of each individual transaction.

4 Member States may recognise as eligible counterparties third country entities equivalent to those categories of entities referred to in paragraph 2.

Member States may also recognise as eligible counterparties third country undertakings such as those referred to in paragraph 3 on the same conditions and subject to the same requirements as those laid down in paragraph 3.

5 The Commission shall be empowered to adopt delegated acts in accordance with Article 89 to specify:

- a the procedures for requesting treatment as clients under paragraph 2;
- b the procedures for obtaining the express confirmation from prospective counterparties under paragraph 3;
- c the pre-determined proportionate requirements, including quantitative thresholds that would allow an undertaking to be considered to be an eligible counterparty under paragraph 3.

Section 3

Market transparency and integrity

Article 31

Monitoring of compliance with the rules of the MTF or the OTF and with other legal obligations

1 Member States shall require that investment firms and market operators operating an MTF or OTF establish and maintain effective arrangements and procedures, relevant to the MTF or OTF, for the regular monitoring of the compliance by its members or participants or users with its rules. Investment firms and market operators operating an MTF or an OTF shall monitor the orders sent, including cancellations and the transactions undertaken by their members or participants or users under their systems, in order to identify infringements of those rules, disorderly trading conditions, conduct that may indicate behaviour that is prohibited under Regulation (EU) No 596/2014 or system disruptions in relation to a financial instrument and shall deploy the resource necessary to ensure that such monitoring is effective.

2 Member States shall require investment firms and market operators operating an MTF or an OTF to inform its competent authority immediately of significant infringements of its rules or disorderly trading conditions or conduct that may indicate behaviour that is prohibited under Regulation (EU) No 596/2014 or system disruptions in relation to a financial instrument.

The competent authorities of the investment firms and market operators operating an MTF or an OTF shall communicate to ESMA and to the competent authorities of the other Member States the information referred to in the first subparagraph.

In relation to conduct that may indicate behaviour that is prohibited under Regulation (EU) No 596/2014, a competent authority must be convinced that such behaviour is being or has been carried out before it notifies the competent authorities of the other Member States and ESMA.

3 Member States shall also require investment firms and market operators operating an MTF or an OTF to also supply without undue delay the information referred to in paragraph 2 to the authority competent for the investigation and prosecution of market abuse and to provide full assistance to the latter in investigating and prosecuting market abuse occurring on or through its systems.

4 The Commission shall be empowered to adopt delegated acts in accordance with Article 89 to determine circumstances that trigger an information requirement as referred to in paragraph 2 of this Article.

Article 32

Suspension and removal of financial instruments from trading on an MTF or an OTF

1 Without prejudice to the right of the competent authority under Article 69(2) to demand suspension or removal of a financial instrument from trading, an investment firm or a market operator operating an MTF or an OTF may suspend or remove from trading a financial instrument which no longer complies with the rules of the MTF or an OTF unless such suspension or removal would be likely to cause significant damage to the investors' interests or the orderly functioning of the market.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

2 Member States shall require that an investment firm or a market operator operating an MTF or an OTF that suspends or removes from trading a financial instrument also suspends or removes derivatives referred to in points (4) to (10) of Section C of Annex I that relate or are referenced to that financial instrument where necessary to support the objectives of the suspension or removal of the underlying financial instrument. The investment firm or market operator operating an MTF or an OTF shall make public its decision on the suspension or removal of the financial instrument and of any related derivative and communicate the relevant decisions to its competent authority.

The competent authority, in whose jurisdiction the suspension or removal originated, shall require that regulated markets, other MTFs, other OTFs and systematic internalisers, which fall under its jurisdiction and trade the same financial instrument or derivatives referred to in points (4) to (10) of Section C of Annex I to this Directive that relate or are referenced to that financial instrument, also suspend or remove that financial instrument or derivatives from trading, where the suspension or removal is due to suspected market abuse, a take-over bid or the non-disclosure of inside information about the issuer or financial instrument infringing Articles 7 and 17 of Regulation (EU) No 596/2014 except where such suspension or removal could cause significant damage to the investors' interests or the orderly functioning of the market.

The competent authority shall immediately make public and communicate to ESMA and the competent authorities of the other Member States such a decision.

The notified competent authorities of the other Member States shall require that regulated markets, other MTFs, other OTFs and systematic internalisers, which fall under their jurisdiction and trade the same financial instrument or derivatives referred to in points (4) to (10) of Section C of Annex I that relate or are referenced to that financial instrument, also suspend or remove that financial instrument or derivatives from trading, where the suspension or removal is due to suspected market abuse, a take-over bid or the non-disclosure of inside information about the issuer or financial instrument infringing Articles 7 and 17 of Regulation (EU) No 596/2014 except where such suspension or removal could cause significant damage to the investors' interests or the orderly functioning of the market.

Each notified competent authority shall communicate its decision to ESMA and other competent authorities, including an explanation if the decision was not to suspend or remove from trading the financial instrument or derivatives referred to in points (4) to (10) of Section C of Annex I that relate or are referenced to that financial instrument.

This paragraph also applies when the suspension from trading of a financial instrument or derivatives referred to in points (4) to (10) of Section C of Annex I that relate or are referenced to that financial instrument is lifted.

The notification procedure referred to in this paragraph shall also apply in the case where the decision to suspend or remove from trading a financial instrument or derivatives referred to in points (4) to (10) of Section C of Annex I that relate or are referenced to that financial instrument is taken by the competent authority pursuant to points (m) and (n) of Article 69(2).

In order to ensure that the obligation to suspend or remove from trading such derivatives is applied proportionately, ESMA shall develop draft regulatory technical standards to further specify the cases in which the connection between a derivative as referred to in points (4) to (10) of Section C of Annex I relating or referenced to a financial instrument suspended or removed from trading and the original financial instrument implies that

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

the derivative is also to be suspended or removed from trading, in order to achieve the objective of the suspension or removal of the underlying financial instrument.

ESMA shall submit those draft regulatory technical standards to the Commission by 3 July 2015.

Power is delegated to the Commission to adopt the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1095/2010.

3 ESMA shall develop draft implementing technical standards to determine the format and timing of the communications and the publication referred to in paragraph 2.

ESMA shall submit those draft implementing technical standards to the Commission by 3 January 2016.

Power is conferred on the Commission to adopt the implementing technical standards referred to in the first subparagraph in accordance with Article 15 of Regulation (EU) No 1095/2010.

4 The Commission shall be empowered to adopt delegated acts in accordance with Article 89 to list situations constituting significant damage to the investors' interests and the orderly functioning of the market referred to in paragraphs 1 and 2 of this Article.

Section 4

SME growth markets

Article 33

SME growth markets

1 Member States shall provide that the operator of a MTF may apply to its home competent authority to have the MTF registered as an SME growth market.

2 Member States shall provide that the home competent authority may register the MTF as an SME growth market if the competent authority receives an application referred to in paragraph 1 and is satisfied that the requirements in paragraph 3 are complied with in relation to the MTF.

3 Member States shall ensure that MTFs are subject to effective rules, systems and procedures which ensure that the following is complied with:

- a at least 50 % of the issuers whose financial instruments are admitted to trading on the MTF are SMEs at the time when the MTF is registered as an SME growth market and in any calendar year thereafter;
- b appropriate criteria are set for initial and ongoing admission to trading of financial instruments of issuers on the market;
- c on initial admission to trading of financial instruments on the market there is sufficient information published to enable investors to make an informed judgment about whether or not to invest in the financial instruments, either an appropriate admission document or a prospectus if the requirements laid down in Directive 2003/71/EC are applicable in respect of a public offer being made in conjunction with the initial admission to trading of the financial instrument on the MTF;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- d there is appropriate ongoing periodic financial reporting by or on behalf of an issuer on the market, for example audited annual reports;
- e issuers on the market as defined in point (21) of Article 3(1) of Regulation (EU) No 596/2014, persons discharging managerial responsibilities as defined in point (25) of Article 3(1) of Regulation (EU) No 596/2014 and persons closely associated with them as defined in point (26) of Article 3(1) of Regulation (EU) No 596/2014 comply with relevant requirements applicable to them under Regulation (EU) No 596/2014;
- f regulatory information concerning the issuers on the market is stored and disseminated to the public;
- g there are effective systems and controls aiming to prevent and detect market abuse on that market as required under the Regulation (EU) No 596/2014.

4 The criteria in paragraph 3 are without prejudice to compliance by the investment firm or market operator operating the MTF with other obligations under this Directive relevant to the operation of MTFs. They also do not prevent the investment firm or market operator operating the MTF from imposing additional requirements to those specified in that paragraph.

5 Member States shall provide that the home competent authority may deregister a MTF as an SME growth market in any of the following cases:

- a the investment firm or market operator operating the market applies for its deregistration;
- b the requirements in paragraph 3 are no longer complied with in relation to the MTF.

6 Member States shall require that if a home competent authority registers or deregisters an MTF as an SME growth market under this Article it shall as soon as possible notify ESMA of that registration or deregistration. ESMA shall publish on its website a list of SME growth markets and shall keep that list up to date.

7 Member States shall require that where a financial instrument of an issuer is admitted to trading on one SME growth market, the financial instrument may also be traded on another SME growth market only where the issuer has been informed and has not objected. In such a case however, the issuer shall not be subject to any obligation relating to corporate governance or initial, ongoing or ad hoc disclosure with regard to the latter SME growth market.

8 The Commission shall be empowered to adopt delegated acts in accordance with Article 89 further specifying the requirements laid down in paragraph 3 of this Article. The measures shall take into account the need for the requirements to maintain high levels of investor protection to promote investor confidence in those markets while minimising the administrative burdens for issuers on the market and that de-registrations do not occur nor shall registrations be refused as a result of a merely temporary failure to meet the conditions set out in point (a) of paragraph 3 of this Article.

[^{F29} The Commission shall set up an expert stakeholder group by 1 July 2020 to monitor the functioning and success of SME growth markets. By 1 July 2021, the expert stakeholder group shall publish a report on its conclusions.]

Textual Amendments

- F2** Inserted by [Regulation \(EU\) 2019/2115 of the European Parliament and of the Council of 27 November 2019 amending Directive 2014/65/EU and Regulations \(EU\) No 596/2014 and \(EU\) 2017/1129 as regards the promotion of the use of SME growth markets \(Text with EEA relevance\).](#)

CHAPTER III

Rights of investment firms

Article 34

Freedom to provide investment services and activities

1 Member States shall ensure that any investment firm authorised and supervised by the competent authorities of another Member State in accordance with this Directive, and in respect of credit institutions in accordance with Directive 2013/36/EU, may freely provide investment services and/or perform investment activities as well as ancillary services within their territories, provided that such services and activities are covered by its authorisation. Ancillary services may only be provided together with an investment service and/or activity.

Member States shall not impose any additional requirements on such an investment firm or credit institution in respect of the matters covered by this Directive.

2 Any investment firm wishing to provide services or activities within the territory of another Member State for the first time, or which wishes to change the range of services or activities so provided, shall communicate the following information to the competent authorities of its home Member State:

- a the Member State in which it intends to operate;
- b a programme of operations stating in particular the investment services and/or activities as well as ancillary services which it intends to provide in the territory of that Member State and whether it intends to do so through the use of tied agents, established in its home Member State. Where an investment firm intends to use tied agents, the investment firm shall communicate to the competent authority of its home Member State the identity of those tied agents.

Where an investment firm intends to use tied agents established in its home Member State, in the territory of the Member States in which it intends to provide services the competent authority of the home Member State of the investment firm shall, within one month from receipt of all the information, communicate to the competent authority of the host Member State designated as contact point in accordance with Article 79(1) the identity of the tied agents that the investment firm intends to use to provide investment services and activities in that Member State. The host Member State shall publish such information. ESMA may request access to that information in accordance with the procedure and under the conditions set out in Article 35 of Regulation (EU) No 1095/2010.

3 The competent authority of the home Member State shall, within one month of receiving the information, forward it to the competent authority of the host Member State designated as contact point in accordance with Article 79(1). The investment firm may then start to provide the investment services and activities concerned in the host Member State.

4 In the event of a change in any of the particulars communicated in accordance with paragraph 2, an investment firm shall give written notice of that change to the competent authority of the home Member State at least one month before implementing the change. The competent authority of the home Member State shall inform the competent authority of the host Member State of that change.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

5 Any credit institution wishing to provide investment services or activities as well as ancillary services in accordance with paragraph 1 through tied agents shall communicate to the competent authority of its home Member State the identity of those tied agents.

Where the credit institution intends to use tied agents established in its home Member State in the territory of the Member States in which it intends to provide services, the competent authority of the home Member State of the credit institution shall, within one month from the receipt of all the information, communicate to the competent authority of the host Member State designated as contact point in accordance with Article 79(1) the identity of the tied agents that the credit institution intends to use to provide services in that Member State. The host Member State shall publish such information.

6 Member States shall, without further legal or administrative requirement, allow investment firms and market operators operating MTFs and OTFs from other Member States to provide appropriate arrangements on their territory so as to facilitate access to and trading on those markets by remote users, members or participants established in their territory.

7 The investment firm or the market operator operating an MTF or an OTF shall communicate to the competent authority of its home Member State the Member State in which it intends to provide such arrangements. The competent authority of the home Member State shall communicate, within one month, that information to the competent authority of the Member State in which the MTF or the OTF intends to provide such arrangements.

The competent authority of the home Member State of the MTF shall, on the request of the competent authority of the host Member State of the MTF and without undue delay, communicate the identity of the remote members or participants of the MTF established in that Member State.

8 ESMA shall develop draft regulatory technical standards to specify the information to be notified in accordance with paragraphs 2, 4, 5 and 7.

ESMA shall submit those draft regulatory technical standards to the Commission by 3 July 2015.

Power is delegated to the Commission to adopt the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1095/2010.

9 [^{X1}ESMA shall develop draft implementing technical standards to establish standard forms, templates and procedures for the transmission of information in accordance with paragraphs 2, 3, 4, 5 and 7.]

ESMA shall submit those draft implementing technical standards to the Commission by 31 December 2016.

Power is conferred on the Commission to adopt the implementing technical standards referred to in the first subparagraph in accordance with Article 15 of Regulation (EU) No 1095/2010.

Article 35

Establishment of a branch

1 Member States shall ensure that investment services and/or activities as well as ancillary services may be provided within their territories in accordance with this Directive and with Directive 2013/36/EU through the right of establishment, whether by the establishment of a branch or by the use of a tied agent established in a Member State outside its home Member State, provided that those services and activities are covered by the authorisation granted to the investment firm or the credit institution in the home Member State. Ancillary services may only be provided together with an investment service and/or activity.

Member States shall not impose any additional requirements save those allowed under paragraph 8, on the organisation and operation of the branch in respect of the matters covered by this Directive.

2 Member States shall require any investment firm wishing to establish a branch within the territory of another Member State or to use tied agents established in another Member State in which it has not established a branch, first to notify the competent authority of its home Member State and to provide it with the following information:

- a the Member States within the territory of which it plans to establish a branch or the Member States in which it has not established a branch but plans to use tied agents established there;
- b a programme of operations setting out, inter alia, the investment services and/or activities as well as the ancillary services to be offered;
- c where established, the organisational structure of the branch and indicating whether the branch intends to use tied agents and the identity of those tied agents;
- d where tied agents are to be used in a Member State in which an investment firm has not established a branch, a description of the intended use of the tied agent(s) and an organisational structure, including reporting lines, indicating how the agent(s) fit into the corporate structure of the investment firm;
- e the address in the host Member State from which documents may be obtained;
- f the names of those responsible for the management of the branch or of the tied agent.

Where an investment firm uses a tied agent established in a Member State outside its home Member State, such tied agent shall be assimilated to the branch, where one is established, and shall in any event be subject to the provisions of this Directive relating to branches.

3 Unless the competent authority of the home Member State has reason to doubt the adequacy of the administrative structure or the financial situation of an investment firm, taking into account the activities envisaged, it shall, within three months of receiving all the information, communicate that information to the competent authority of the host Member State designated as contact point in accordance with Article 79(1) and inform the investment firm concerned accordingly.

4 In addition to the information referred to in paragraph 2, the competent authority of the home Member State shall communicate details of the accredited compensation scheme of which the investment firm is a member in accordance with Directive 97/9/EC to the competent authority of the host Member State. In the event of a change in the particulars, the competent authority of the home Member State shall inform the competent authority of the host Member State accordingly.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

5 Where the competent authority of the home Member State refuses to communicate the information to the competent authority of the host Member State, it shall give reasons for its refusal to the investment firm concerned within three months of receiving all the information.

6 On receipt of a communication from the competent authority of the host Member State, or failing such communication from the latter at the latest after two months from the date of transmission of the communication by the competent authority of the home Member State, the branch may be established and commence business.

7 Any credit institution wishing to use a tied agent established in a Member State outside its home Member State to provide investment services and/or activities as well as ancillary services in accordance with this Directive shall notify the competent authority of its home Member State and provide it with the information referred to in paragraph 2.

Unless the competent authority of the home Member State has reason to doubt the adequacy of the administrative structure or the financial situation of a credit institution, it shall, within three months of receiving all the information, communicate that information to the competent authority of the host Member State designated as contact point in accordance with Article 79(1) and inform the credit institution concerned accordingly.

Where the competent authority of the home Member State refuses to communicate the information to the competent authority of the host Member State, it shall give reasons for its refusal to the credit institution concerned within three months of receiving all the information.

On receipt of a communication from the competent authority of the host Member State, or failing such communication from the latter at the latest after two months from the date of transmission of the communication by the competent authority of the home Member State, the tied agent can commence business. Such tied agent shall be subject to the provisions of this Directive relating to branches.

8 The competent authority of the Member State in which the branch is located shall assume responsibility for ensuring that the services provided by the branch within its territory comply with the obligations laid down in Articles 24, 25, 27, 28, of this Directive and Articles 14 to 26 of Regulation (EU) No 600/2014 and the measures adopted pursuant thereto by the host Member State where allowed in accordance with Article 24(12).

The competent authority of the Member State in which the branch is located shall have the right to examine branch arrangements and to request such changes as are strictly needed to enable the competent authority to enforce the obligations under Articles 24, 25, 27, 28 of this Directive and Articles 14 to 26 of Regulation (EU) No 600/2014 and measures adopted pursuant thereto with respect to the services and/or activities provided by the branch within its territory.

9 Each Member State shall provide that, where an investment firm authorised in another Member State has established a branch within its territory, the competent authority of the home Member State of the investment firm, in the exercise of its responsibilities and after informing the competent authority of the host Member State, may carry out on-site inspections in that branch.

10 In the event of a change in any of the information communicated in accordance with paragraph 2, an investment firm shall give written notice of that change to the competent authority of the home Member State at least one month before implementing the change. The competent authority of the host Member State shall also be informed of that change by the competent authority of the home Member State.

11 ESMA shall develop draft regulatory technical standards to specify the information to be notified in accordance with paragraphs 2, 4, 7 and 10.

ESMA shall submit those draft regulatory technical standards to the Commission by 3 July 2015.

Power is delegated to the Commission to adopt the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1095/2010.

12 [^{XI}ESMA shall develop draft implementing technical standards to establish standard forms, templates and procedures for the transmission of information in accordance with paragraphs 2, 3, 4, 7 and 10.]

ESMA shall submit those draft implementing technical standards to the Commission by 3 January 2016.

Power is conferred on the Commission to adopt the implementing technical standards referred to in the first subparagraph in accordance with Article 15 of Regulation (EU) No 1095/2010.

Article 36

Access to regulated markets

1 Member States shall require that investment firms from other Member States which are authorised to execute client orders or to deal on own account have the right of membership or have access to regulated markets established in their territory by means of any of the following arrangements:

- a directly, by setting up branches in the host Member States;
- b by becoming remote members of or having remote access to the regulated market without having to be established in the home Member State of the regulated market, where the trading procedures and systems of the market in question do not require a physical presence for conclusion of transactions on the market.

2 Member States shall not impose any additional regulatory or administrative requirements, in respect of matters covered by this Directive, on investment firms exercising the right conferred by paragraph 1.

Article 37

Access to CCP, clearing and settlement facilities and right to designate settlement system

1 Without prejudice to Titles III, IV or V of Regulation (EU) No 648/2012, Member States shall require that investment firms from other Member States have the right of direct and indirect access to CCP, clearing and settlement systems in their territory for the purposes of finalising or arranging the finalisation of transactions in financial instruments.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Member States shall require that direct and indirect access of those investment firms to such facilities be subject to the same non-discriminatory, transparent and objective criteria as apply to local members or participants. Member States shall not restrict the use of those facilities to the clearing and settlement of transactions in financial instruments undertaken on a trading venue in their territory.

2 Member States shall require that regulated markets in their territory offer all their members or participants the right to designate the system for the settlement of transactions in financial instruments undertaken on that regulated market, subject to the following conditions:

- a such links and arrangements between the designated settlement system and any other system or facility as are necessary to ensure the efficient and economic settlement of the transaction in question;
- b agreement by the competent authority responsible for the supervision of the regulated market that technical conditions for settlement of transactions concluded on the regulated market through a settlement system other than that designated by the regulated market are such as to allow the smooth and orderly functioning of financial markets.

That assessment of the competent authority of the regulated market shall be without prejudice to the competencies of the national central banks as overseers of settlement systems or other supervisory authorities with competence in relation to such systems. The competent authority shall take into account the oversight/supervision already exercised by those institutions in order to avoid undue duplication of control.

Article 38

Provisions regarding CCPs, clearing and settlement arrangements in respect of MTFs

1 Member States shall not prevent investment firms and market operators operating an MTF from entering into appropriate arrangements with a CCP or clearing house and a settlement system of another Member State with a view to providing for the clearing and/or settlement of some or all trades concluded by the members or participants under their systems.

2 The competent authority of investment firms and market operators operating an MTF may not oppose the use of CCP, clearing houses and/or settlement systems in another Member State except where demonstrably necessary in order to maintain the orderly functioning of that MTF and taking into account the conditions for settlement systems established in Article 37(2).

In order to avoid undue duplication of control, the competent authority shall take into account the oversight and supervision of the clearing and settlement system already exercised by the central banks as overseers of clearing and settlement systems or by other supervisory authorities with competence in relation to such systems.

CHAPTER IV

Provision of investment services and activities by third country firms

Section 1

Provision of services or performance of activities through the establishment of a branch

Article 39

Establishment of a branch

- 1 A Member State may require that a third-country firm intending to provide investment services or perform investment activities with or without any ancillary services to retail clients or to professional clients within the meaning of Section II of Annex II in its territory establish a branch in that Member State.
- 2 Where a Member State requires that a third-country firm intending to provide investment services or to perform investment activities with or without any ancillary services in its territory establish a branch, the branch shall acquire a prior authorisation by the competent authorities of that Member State in accordance with the following conditions:
 - a the provision of services for which the third-country firm requests authorisation is subject to authorisation and supervision in the third country where the firm is established and the requesting firm is properly authorised, whereby the competent authority pays due regard to any FATF recommendations in the context of anti-money laundering and countering the financing of terrorism;
 - b cooperation arrangements, that include provisions regulating the exchange of information for the purpose of preserving the integrity of the market and protecting investors, are in place between the competent authorities in the Member State where the branch is to be established and competent supervisory authorities of the third country where the firm is established;
 - c sufficient initial capital is at free disposal of the branch;
 - d one or more persons are appointed to be responsible for the management of the branch and they all comply with the requirement laid down in Article 9(1);
 - e the third country where the third-country firm is established has signed an agreement with the Member State where the branch is to be established, which fully comply with the standards laid down in Article 26 of the OECD Model Tax Convention on Income and on Capital and ensures an effective exchange of information in tax matters, including, if any, multilateral tax agreements;
 - f the firm belongs to an investor-compensation scheme authorised or recognised in accordance with Directive 97/9/EC.
- 3 The third-country firm referred to in paragraph 1 shall submit its application to the competent authority of the Member State where it intends to establish a branch.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Article 40

Obligation to provide information

A third-country firm intending to obtain authorisation for the provision of any investment services or the performance of investment activities with or without any ancillary services in the territory of a Member State through a branch shall provide the competent authority of that Member State with the following:

- (a) the name of the authority responsible for its supervision in the third country concerned. When more than one authority is responsible for supervision, the details of the respective areas of competence shall be provided;
- (b) all relevant details of the firm (name, legal form, registered office and address, members of the management body, relevant shareholders) and a programme of operations setting out the investment services and/or activities as well as the ancillary services to be provided and the organisational structure of the branch, including a description of any outsourcing to third parties of essential operating functions;
- (c) the name of the persons responsible for the management of the branch and the relevant documents to demonstrate compliance with requirements laid down in Article 9(1);
- (d) information about the initial capital at free disposal of the branch.

Article 41

Granting of the authorisation

1 The competent authority of the Member State where the third-country firm has established or intends to establish its branch shall only grant authorisation when the competent authority is satisfied that:

- a the conditions under Article 39 are fulfilled; and
- b the branch of the third-country firm will be able to comply with the provisions referred to in paragraph 2.

The competent authority shall inform the third-country firm, within six months of submission of a complete application, whether or not the authorisation has been granted.

2 The branch of the third-country firm authorised in accordance with paragraph 1, shall comply with the obligations laid down in Articles 16 to 20, 23, 24, 25 and 27, Article 28(1), and Articles 30, 31 and 32 of this Directive and in Articles 3 to 26 of Regulation (EU) No 600/2014 and the measures adopted pursuant thereto and shall be subject to the supervision of the competent authority in the Member State where the authorisation was granted.

Member States shall not impose any additional requirements on the organisation and operation of the branch in respect of the matters covered by this Directive and shall not treat any branch of third-country firms more favourably than Union firms.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Article 42

Provision of services at the exclusive initiative of the client

Member States shall ensure that where a retail client or professional client within the meaning of Section II of Annex II established or situated in the Union initiates at its own exclusive initiative the provision of an investment service or activity by a third-country firm, the requirement for authorisation under Article 39 shall not apply to the provision of that service or activity by the third country firm to that person including a relationship specifically relating to the provision of that service or activity. An initiative by such clients shall not entitle the third-country firm to market otherwise than through the branch, where one is required in accordance with national law, new categories of investment products or investment services to that client.

Section 2

Withdrawal of authorisations

Article 43

Withdrawal of authorisations

The competent authority which granted an authorisation under Articles 41 may withdraw the authorisation issued to a third country firm where such a firm:

- (a) does not make use of the authorisation within 12 months, expressly renounces the authorisation or has provided no investment services or performed no investment activity for the preceding six months, unless the Member State concerned has provided for the authorisation to lapse in such cases;
- (b) has obtained the authorisation by making false statements or by any other irregular means;
- (c) no longer meets the conditions under which authorisation was granted;
- (d) has seriously and systematically infringed the provisions adopted pursuant to this Directive governing the operating conditions for investment firms and applicable to third-country firms;
- (e) falls within any of the cases where national law, in respect of matters outside the scope of this Directive, provides for withdrawal.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (1) Directive 2014/17/EU of the European Parliament and of the Council of 4 February 2014 on credit agreements for consumers relating to residential immovable property and amending Directives 2008/48/EC and 2013/36/EU and Regulation (EU) No 1093/2010 ([OJ L 60, 28.2.2014, p. 34](#)).
