

REGULATION No 139/67/EEC OF THE COUNCIL

of 21 June 1967

laying down general rules for granting export refunds on cereals and criteria for fixing the amount of such refunds

THE COUNCIL OF THE EUROPEAN ECONOMIC COMMUNITY,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 120/67/EEC¹ of 13 June 1967 on the common organisation of the market in cereals, and in particular Article 16 (5) thereof;

Having regard to the proposal from the Commission;

Whereas export refunds on products subject to the common organisation of the market in cereals must be fixed in accordance with certain criteria which would make it possible to cover the difference between quotations and prices for those products within the Community and on the world market, while respecting the general aims of the common organisation; whereas to this end the supply situation and prices for cereals within the Community and the price situation on the world market for cereals and cereal products must be taken into account;

Whereas, in view of the considerable fluctuations in quotations for cereals on the world market over time and the disparity between the prices at which cereals are offered by various countries on that market, a refund should be fixed which, for the purpose of covering the difference between world prices and prices ruling within the Community, particularly in view of costs incurred in placing these products on the market, would take the difference between representative prices within the Community and the most favourable quotations on the world market into account;

Whereas to enable flour, groats and meal to be exported, the prices and quantities of cereals used in the manufacture of these products within the Community, the value of by-products and the possibilities and conditions for the sale of these products on the

world market should be taken into account when the amount of the refund is being fixed;

Whereas the second subparagraph of Article 16 (4) of Regulation No 120/67/EEC provides for the advance fixing of export refunds on flour, groats and meal; whereas, in view of the existence of a future market in international trade in these products, provision should be made for the advance fixing of the refund in respect of exports to be effected at a later date;

Whereas provision must be made for varying the amount of the refund according to the destination of the products, since markets in the countries of destination are at varying distances from Community markets and special conditions apply to imports in certain countries of destination;

Whereas to avoid distortions of competition between individual Community traders, the administrative conditions under which they operate must be identical throughout the Community;

Whereas to ensure Community traders sufficient stability in the amount of the refund, the period for which the amounts may remain unchanged should be fixed at one week, subject to any alterations which may be made in the intervening period pursuant to the second sentence of the fourth subparagraph of Article 16 (2) of Regulation No 120/67/EEC;

Whereas there does not appear to be any justification for granting a refund on cereals imported from third countries and re-exported to third countries; whereas the reimbursement, under certain conditions, of the levy collected on importation is sufficient to allow these cereals to be placed on the world market again;

HAS ADOPTED THIS REGULATION:

Article 1

This Regulation lays down rules for fixing and granting export refunds on the products listed in Article 1 of Regulation No 120/67/EEC.

¹ OJ No 117, 19.6.1967, p. 2269/67.

Article 2

The following shall be taken into account when refunds are being fixed:

- (a) the existing situation and the future trend with regard to:
 - prices and availabilities of cereals on the Community market;
 - prices for cereals and cereal products on the world market;
- (b) the aims of the common organisation of the market in cereals, which are to ensure equilibrium and the natural development of prices and trade on this market;
- (c) the need to avoid disturbances on the Community market; and
- (d) the economic aspect of the proposed exports.

Article 3

Refunds on the products listed in Article 1 (a) and (b) of Regulation No 120/67/EEC shall be fixed in accordance with the following specific criteria:

- (a) cereal prices ruling on the various representative export markets of the Community;
- (b) the most favourable quotations recorded on the various markets of importing third countries; and
- (c) marketing costs and the most favourable transport charges from the Community markets referred to in (a) to ports or other points of export in the Community serving these markets, as well as costs incurred in placing the goods on the world market.

Article 4

1. For the products listed in Article 1 (c) of Regulation No 120/67/EEC, the refund applicable on the day on which the application for export licence is lodged, adjusted on the basis of the threshold price in force during the month of exportation, shall be applied to exports to be effected during the validity of the export licence if the applicant so requests when applying for the licence.

2. Refunds shall be fixed in accordance with the following specific criteria:

- (a) cereal prices ruling on the various Community markets;
- (b) the quantities of cereals required for the manufacture of the products in question and the value of by-products;

- (c) possibilities and conditions for the sale of these products on the world market.

Article 5

1. The refund may be increased by a compensatory amount in respect of stocks of common wheat, durum wheat, rye, barley and maize harvested within the Community in hand at the end of the marketing year and forming part of that year's crop which are exported in the natural state or in the form of products listed in Article 1 (c) of Regulation No 120/67/EEC between the beginning of the following marketing year and dates still to be determined.

Before 15 March of each year the Council, acting in accordance with the voting procedure laid down in Article 43 (2) of the Treaty on a proposal from the Commission, shall, if necessary, determine the cereals to which the provisions of the preceding subparagraph shall apply.

2. The compensatory amount for each cereal shall be equal to the difference between the target price valid for the last month of the marketing year and that valid for the first month of the new marketing year.

This amount shall however be reduced by the amount of the carry-over payment already granted pursuant to Article 9 (2) and, where appropriate, Article 9 (1) of Regulation No 120/67/EEC.

3. The compensatory amount shall be granted only if stocks reach a minimum level.

Article 6

Where the world market situation or the specific requirements of certain markets make this necessary, the refund for the Community on the products listed in Article 1 (a), (b) and (c) of Regulation No 120/67/EEC may be varied according to destination.

Article 7

1. The refund shall be paid upon proof:

- that the products have been exported from the Community, and
- that the products listed in Article 1 (a) and (b) of Regulation No 120/67/EEC are of Community origin, except where Article 9 of the present Regulation applies.

2. Where Article 6 applies, the refund shall be paid under the conditions laid down in paragraph 1 of this Article, provided it is proved that the product has

reached the destination for which the refund was fixed.

Exceptions may be made to this rule in accordance with the procedure referred to in paragraph 3 of this Article, provided conditions are laid down which offer equivalent guarantees.

3. Additional provisions may be adopted in accordance with the procedure laid down in Article 26 of Regulation No 120/67/EEC.

Article 8

The refunds on the products listed in Article 1 (a), (b) and (c) of Regulation No 120/67/EEC shall be fixed once a week.

Article 9

No export refund shall be granted on products listed in Article 1 (a) and (b) of Regulation No 120/67/EEC

which are imported from third countries and re-exported to third countries, unless the exporter proves:

- that the product to be exported and the product previously imported are one and the same, and
- that the levy was collected on importation.

In such cases the refund on each product shall be equal to the levy collected on importation where this levy is lower than the refund applicable on the day of exportation; the refund shall be equal to the refund applicable on the day of exportation where the levy collected on importation is higher than this refund.

Article 10

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

It shall apply from 1 July 1967.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 21 June 1967.

For the Council

The President

R. VAN ELSLANDE
