REGULATION (EEC) No 863/69 OF THE COMMISSION

of 8 May 1969

amending Regulation (EEC) No 1024/68 as regards the calculation of the import price
for calves

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty setting up the European Economic Community;

Having regard to Council Regulation (EEC) No 805/68¹ of 27 June 1968 on the common organisation of the market in beef and veal, and in particular Article 10 (5) thereof;

Whereas Commission Regulation (EEC) No 1024/68² of 22 July 1968 on the calculation of the import price for calves and adult bovine animals lays down that the import price of calves should be based on the weighted average of quotations recorded for the various qualities of calves on the most representative markets of Denmark; whereas weighting should be done with coefficients which reflect the quantity of each quality on those markets; whereas the weighted average referred to above must be increased by 1.25 units of account per 100 kilogramme live weight representing the cost of transport of calves to the frontiers of the Community and by the same amount per 100 kilogramme live weight in compensation for the differences in quality in comparison with calves in the Community;

Whereas, since the above-mentioned Regulation was adopted, exports of sucking calves (Mælkekalve) from Denmark to the Community have decreased considerably; whereas, consequently, it is advisable not to use the quotations recorded on the most representative markets in Denmark for the products in question; whereas to take this situation into

account the weighting coefficients applicable to feeder calves (Fedekalve) should be amended on the basis of the relative number of each quality;

Whereas the weighted average referred to above should be increased by 1.25 units of account per 100 kilogramme live weight representing the cost of transport of calves to the frontiers of the Community and by an amount of 10.50 units of account per 100 kilogramme live weight in compensation for differences in quality in comparison with calves in the Community;

Whereas the Management Committee for Beef and Veal has not issued an Opinion within the time limit set by its Chairman;

HAS ADOPTED THIS REGULATION:
