A claim for benefits sent to the institution of one Member State shall automatically involve the concurrent award of benefits under the legislation of all the Member States in question whose conditions the claimant satisfies except where, under Article 44 (2) of the Regulation, the claimant asks for postponement of any old-age benefits to which he would be entitled under the legislation of one or more Member States.

### Article 37

The provisions of the second and third subparagraphs of Article 25 (2) of the implementing Regulation shall apply by analogy.

In place of the certified statement provided for in the first subparagraph, the institution responsible for the award of benefits may require the claimant to supply recent civil status documents relating to the members of his family, his children excepted, who are residing in the territory of a Member State other than the State in which the said institution is situated.

2. In the case referred to in paragraph 1, if the legislation administered by the institution concerned requires that the members of the family should live under the same roof as the pensioner, the fact that the said members of the family who do not satisfy that condition are nevertheless mainly dependent on the claimant must be established by documents proving the regular transmission of part of the claimant's earnings.

### Article 39 (11)

### Article 43

1. The investigating institution shall enter on the form provided for in Article 42 (1) of the implementing Regulation the periods of insurance or residence completed under the legislation which it administers and it shall forward a copy of that form to the institution administering insurance in respect of invalidity, old-age or death (pensions) of any Member State with which the employed or self-employed person has been insured enclosing, where appropriate, any employment certificates produced by the claimant.

- (b) the amount of benefit which the claimant could claim in respect of those periods of insurance or residence only;

(c) the theoretical amount and the actual amount of benefits calculated in accordance with the provisions of Article 46 (2) of the Regulation.

The form, thus completed, shall be returned to the investigating institution.

If a right to benefits is acquired taking into account only the periods of insurance or residence completed under the legislation administered by the institution of the second Member State, and if the amount of benefit corresponding to those periods can be determined without delay, whereas the calculation procedure referred to in subparagraph (c) requires an appreciably longer period of time, the form shall be returned to the investigating institution with the information referred to in subparagraphs (a) and (b); the information referred to in subparagraph (c) shall be forwarded to the investigating institution as soon as possible.

3. If two or more other institutions are involved, each one of those institutions shall complete the said form by indicating the periods of insurance or residence completed under the legislation which it administers, and shall return it to the investigating institution.

If a right to benefits is acquired taking into account only the periods of insurance or residence completed under the legislation administered by one or more of those institutions, and if the amount of benefit corresponding to those periods can be determined without delay, the investigating institution shall be simultaneously notified of that amount and of the periods of insurance or residence; if the determination of the said amount involves some delay, the investigating institution shall be notified of that amount as soon as it has been determined.

On receipt of all the forms giving information concerning periods of insurance or residence and, where appropriate, the amount or amounts due under the legislation of one or more of the Member States concerned, the investigating institution shall forward a copy of the forms thus completed to each of the institutions concerned which shall specify thereon the theoretical amount and the actual amount of the benefits, calculated in accordance with the provisions of Article 46 (2) of the Regulation, and shall return the form to the investigating institution.

5. In the case provided for in Article 37 (d) of the implementing Regulation, the institutions of the Member States to whose legislation the claimant has been subject but to which he has applied for post-ponement of the award of the benefits shall enter on the form provided for in Article 42 (1) of the implementing Regulation only the periods of insurance or residence completed by the claimant under the legislation which they administer.

It shall take such a decision as soon as it is in a position to determine whether, taking account, where appropriate, of the provisions of Article 45 of the Regulation, the conditions for entitlement fixed by the legislation which it administers are fulfilled. It shall notify such decision forthwith to the other institutions concerned.

2. If the claimant is not entitled to benefits under paragraph 1 but, from information supplied to the investigating institution pursuant to Article 43 (2) or (3) of the implementing Regulation, it transpires that a right to benefits is acquired under the legislation of another Member State taking into account only the periods of insurance or residence completed under that legislation, the institution which administers the said legislation shall pay such benefits on a provisional basis as soon as the investigating institution has informed it of its obligation to do so.

3. If, in the case referred to in paragraph 2, a right to benefits is acquired under the legislation of more than one Member State, taking into account only those periods of insurance or residence completed under each one of those legislations, the payment of benefits on a provisional basis shall be the responsibility of the institution which in the first place informed the investigating institution of the existence of such a right; it shall be the duty of the investigating institution to inform the other institutions concerned.

6. Two Member States or the competent authorities or those member States may agree to apply other methods of payment of benefits on a provisional basis in cases where only the institutions of those States are concerned. Any such agreements which are concluded on this subject shall be notified to the Administrative Commission.

The amount actually due, calculated in accordance with Article 46 (2) of the Regulation, shall be increased by the amount which corresponds to the periods of voluntary or optional continued insurance, which have not been taken into account under Article 15 (1) (b) of the implementing Regulation. This increase shall be calculated in accordance with the provisions of the Member State's legislation under which the periods of voluntary insurance or of optional continued insurance have been completed.
