

I

*(Acts whose publication is obligatory)***COUNCIL REGULATION (EEC) No 3006/77**

of 20 December 1977

opening, allocating and providing for the administration of a Community tariff quota for dried figs falling within subheading ex 08.03 B of the Common Customs Tariff originating in Spain (1978)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 43 and 113 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament⁽¹⁾,

Whereas the Agreement between the European Economic Community and Spain⁽²⁾ provides for the opening by the Community of an annual Community tariff quota of 200 tonnes of dried figs falling within subheading ex 08.03 B of the Common Customs Tariff, originating in Spain and imported in immediate packings of a net capacity of 15 kilograms or less; whereas the duty to be applied under the quota has been fixed at 30 % of the Common Customs Tariff duty; whereas these preferential tariff arrangements were laid down only for imports of these products into the Member States of the Community as originally constituted; whereas, under the Act of Accession, imports of these products into the three new Member States are subject to Common Customs Tariff duties with effect from 1 January 1978; whereas the import arrangements for these products should be uniform throughout the Community; whereas this Community tariff quota should be opened for the year 1978;

Whereas it is in particular necessary to ensure to all Community importers equal and uninterrupted access to the abovementioned quota and uninterrupted application of the rate laid down for that quota to all imports of the product concerned into all Member States until the quota has been used up; whereas, having regard to the principles mentioned above, the Community nature of the quota can be respected by

allocating the Community tariff quota among the Member States; whereas, in order to reflect more accurately the actual development of the market in the product concerned, such allocation should be in proportion to the needs of the Member States, assessed by reference to both the statistics of each State's imports of the said goods from Spain over a representative period and the economic outlook for the quota period concerned;

Whereas, during the last three years for which statistics are available, the corresponding imports by each of the Member States represent the following percentages of the imports into the Community from Spain of the products concerned:

Member States	1974	1975	1976
Benelux	—	2	4
Denmark	—	—	—
Germany	—	82	96
France	—	16	—
Ireland	—	—	—
Italy	—	—	—
United Kingdom	—	—	—

Whereas, in view of these factors and of the estimates submitted by certain Member States as well as the practical need to ensure that the obligations contracted under the Agreement concerned are allocated fairly among the Member States, initial quota shares may be fixed approximately at the following percentages:

Benelux	6
Denmark	6
Germany	38
France	19
Ireland	6
Italy	6
United Kingdom	19;

⁽¹⁾ Opinion delivered on 16 December 1977 (not yet published in the Official Journal).

⁽²⁾ OJ No L 182, 16. 8. 1970, p. 2.

Whereas, in order to take into account import trends for the product concerned in the different Member States, the quota amount should be divided into two tranches, the first tranche being allocated among the Member States, and the second forming a reserve intended ultimately to cover the requirements of the Member States which have used up their initial shares; whereas, in order to ensure a certain degree of security to importers in each Member State, the first tranche of the Community quota should be determined at a level which, under present circumstances, may be 80 % of the quota amount;

Whereas, the initial shares of the Member States may be used up at different times; whereas, in order to take this fact into account and avoid any break in continuity, it is important that any Member State having used up almost the whole of its initial share should draw an additional share from the reserve; whereas, this must be done by each Member State as and when each of its additional shares is almost entirely used up, and repeated as many times as the reserve allows; whereas the initial and additional shares must be available for use until the end of the quota period; whereas this method of administration calls for close cooperation between Member States and the Commission, which must, in particular, be able to observe the extent to which the quota amount is used and inform Member States thereof;

Whereas if, at a specified date in the quota period, a considerable quantity of the initial share is left over in a Member State it is essential that each Member State should return a significant proportion to the reserve to prevent a part of the Community quota from remaining unused in one Member State while it could be used in others;

Whereas since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united in and represented by the Benelux Economic Union any measure concerning the administration of shares allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

From 1 January until 31 December 1978, the Common Customs Tariff duty in respect of dried figs falling within subheading ex 08.03 B, originating in Spain and imported in immediate packings of a net capacity not exceeding 15 kilograms shall be partially suspended at 3 % within the limits of a Community tariff quota of 200 tonnes.

Article 2

1. A first tranche, amounting to 160 tonnes of the Community tariff quota referred to in Article 1, shall be shared among the Member States, the proportions which, subject to Article 5, shall be valid until 31 December 1978, shall be as follows:

	<i>(tonnes)</i>
Benelux	10
Denmark	10
Germany	60
France	30
Ireland	10
Italy	10
United Kingdom	30.

2. The second tranche of 40 tonnes shall constitute the reserve.

Article 3

1. If 90 % or more of the initial share of a Member State, as laid down in Article 2 (1), or 90 % or more of that share less the amount returned into the reserve, where the provisions of Article 5 have been applied, has been exhausted, that Member State shall proceed without delay, by notifying the Commission, to draw a second share equal to 15 % of its initial share, rounded up to the next unit where appropriate, to the extent that the amount in the reserve allows.

2. If, after its initial share has been exhausted, 90 % or more of the second share drawn by a Member State has been used, that Member State shall proceed without delay, in accordance with the conditions laid down in paragraph 1, to draw a third share equal to 7.5 % of its initial share, rounded up to the next unit where appropriate, to the extent that the amount in the reserve allows.

3. If, after its second share has been exhausted, 90 % or more of the third share drawn by a Member State has been used, that Member State shall proceed, in the same way, to draw a fourth share equal to the third.

This process shall be applied until the reserve is exhausted.

4. By way of derogation from paragraphs 1, 2 and 3, the Member States may proceed to draw shares smaller than those fixed in those paragraphs, if there is reason to believe that those shares might not be used up. They shall inform the Commission of the reasons which led them to apply this paragraph.

Article 4

The additional shares drawn pursuant to Article 3 shall be valid until 31 December 1978.

Article 5

The Member States shall return to the reserve, not later than 1 October 1978, the unused portion of their initial share which, on 15 September 1978, is in excess of 20 % of the initial amount. They shall return a larger quantity if there is reason to believe that such quantity might not be used.

The Member States shall, not later than 1 October 1978, notify the Commission of the total imports of the product concerned effected up to 15 September 1978 inclusive, and charged against the Community quota and, where appropriate, the proportion of their initial share that is being returned to the reserve.

Article 6

The Commission shall keep account of the shares opened by Member States in accordance with Articles 2 and 3 and shall inform each of them of the extent to which the reserve has been used as soon as it receives the notifications.

The Commission shall, not later than 5 October 1978, notify Member States of the amount in the reserve after the return of shares pursuant to Article 5.

The Commission shall ensure that any drawing which uses up the reserve is limited to the balance available and, for this purpose, shall specify the amount thereof to the Member State which makes the final drawing.

Article 7

1. The Member States shall take all appropriate measures to ensure that, when additional shares are

drawn pursuant to Article 3, it is possible for charges to be made without interruption against their accumulated shares of the Community quota.

2. The Member States shall ensure that importers of the said goods established in their territory have free access to the shares allocated to them.

3. The Member States shall charge imports of the product concerned against their shares as and when the goods are entered for home use.

4. The extent to which a Member State has used up its share shall be determined on the basis of the imports charged in accordance with paragraph 3.

Article 8

Member States shall inform the Commission at regular intervals of imports actually charged against their shares.

Article 9

The Member States and the Commission shall cooperate closely in order to ensure that this Regulation is observed.

Article 10

This Regulation shall enter into force on 1 January 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 December 1977.

For the Council

The President

H. SIMONET
