

## COUNCIL REGULATION (EEC) No 3008/77

of 20 December 1977

## opening, allocating and providing for the administration of a Community tariff quota for certain petroleum products falling within Chapter 27 of the Common Customs Tariff, refined in Spain (1978)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas the Agreement between the European Economic Community and Spain<sup>(1)</sup>, provides in Article 2 (1) together with Article 3 of Annex I, for the opening by the Community of an annual total Community tariff quota of 1 200 000 tonnes of certain petroleum products falling within Chapter 27 of the Common Customs Tariff, refined in Spain; whereas, pursuant to Article 2 of the said Annex, the quota duty is equal to 40 % of the Common Customs Tariff duties; whereas this preferential tariff arrangement has been provided only for imports of these products into the Member States of the Community in its original composition; whereas, according to the Act of Accession, imports of these products into the three new Member States are subject to the rates of duty of the Common Customs Tariff from 1 July 1977; whereas the import arrangements relating to these products should be uniform throughout the Community; whereas the aforementioned annual quota volume should be increased to 1 400 000 tonnes; whereas this Community tariff quota should be opened for 1978;

Whereas it is in particular necessary to ensure for all Community importers equal and uninterrupted access to the abovementioned quota and uninterrupted application of the rate laid down for that quota to all imports of the product concerned into all Member States until the quota has been used up; whereas, having regard to the principles mentioned above, the Community nature of the quota can be respected by allocating the Community tariff quota among the Member States; whereas, to represent as closely as possible the actual development of the market in the products in question, the allocation should follow proportionately the requirement of the Member States calculated from both statistics of imports from Spain during a representative period and the economic outlook for the tariff period in question;

<sup>(1)</sup> OJ No L 182, 16. 8. 1970, p. 2.

Whereas, during the last three years for which statistics are available, the corresponding imports by each of the Member States represent the following percentages of the imports into the Community from Spain of the products concerned:

Member States	1974	1975	1976
Benelux	22.1	22.8	24.8
Denmark	0.0	0.0	0.0
Germany	45.4	54.4	32.4
France	9.1	0.9	8.5
Ireland	0.0	0.0	0.0
Italy	4.7	4.3	6.4
United Kingdom	18.8	17.6	27.9

Whereas, in view of these factors, of the foreseeable development of the market for the products in question and in particular of the estimates submitted by certain Member States, initial quota shares may be fixed approximately at the following percentages:

Benelux	22.77
Denmark	7.14
Germany	42.86
France	6.07
Ireland	0.18
Italy	4.91
United Kingdom	16.07;

Whereas, to take account of future import trends in the various Member States of the product under consideration, the total quota volume should be divided into two tranches, the first being shared between the Member States and the second held as a reserve to cover at a later date the requirements of those Member States having used up their initial share; whereas to give importers in each Member State a certain degree of security, the first tranche of the Community quota might be fixed at about 80 % of the quota volume;

Whereas the initial shares of Member States may be used up more or less quickly; whereas, therefore, to avoid disruption of supplies any Member State which has almost used up its initial share, must draw a supplementary share from the reserve; whereas this must be done by each Member State as each one of its supplementary shares is almost used up, and as many

times as the reserve allows; whereas the initial and supplementary shares must be valid until the end of the quota period; whereas this form of administration requires close collaboration between the Member States and the Commission, and the Commission must be in a position to follow the extent to which the quota volume has been used up and inform the Member States thereof;

Whereas if, at a given date in the quota period, a considerable quantity of the initial share is left over in a Member State, it is essential that each state should return a significant proportion to the reserve, to prevent a part of the Community quota from remaining unused in one Member State while it could be used in others;

Whereas since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united in and represented by the

Benelux Economic Union any measure concerning the administration of the shares allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

*Article 1*

#### Article 2

1. The first tranche, amounting to 1 120 000 tonnes of the Community tariff quota referred to in Article 1, shall be allocated among the Member States; the respective shares which, subject to Article 5, shall be valid until 31 December 1978 shall consist of the following amounts :

Denmark	80 000
Germany	480 000
France	68 000
Ireland	2 000
Italy	55 000
United Kingdom	180 000.

2. The second tranche, amounting to 280 000 tonnes, shall constitute a reserve.

#### Article 3

1. If 90 % or more of one of a Member State's initial share as specified in Article 2 (1), or of that share minus the portion returned to the reserve where Article 5 is applied, has been used up, that Member State shall without delay, by notifying the Commission, draw a second share equal to 15 % of its initial share, rounded up where necessary to the next unit, to the extent permitted by the amount of the reserve.

2. If, after its initial share has been used up, 90 % or more of the second share drawn by a Member State has been used up, that Member State shall, by notifying the Commission, draw a third share equal to 7.5 % of its initial share, rounded up to the next unit where necessary, to the extent permitted by the amount of the reserve.

3. If, after its second share has been used up, 90 % or more of the third share drawn by a Member State has been used up, that Member State shall in accordance with the same conditions, draw a fourth share equal to the third.

This process shall continue to apply until the reserve is used up.

4. By derogation from paragraphs 1, 2 and 3, the Member States may proceed to draw shares smaller than those fixed therein, if there is reason to believe that those shares might not be used up. They shall inform the Commission of the reasons which led them to apply this paragraph.

#### Article 4

Additional shares drawn pursuant to Article 3 shall be valid until 31 December 1978.

#### Article 5

The Member States shall return to the reserve, not later than 1 October 1978, the unused portion of their initial share which, on 15 September 1978, is in excess of 20 % of the initial amount. They may return a greater portion if there are grounds for believing that such portion may not be used in full.

Member States shall, not later than 1 October 1978, notify the Commission of the total quantities of the said goods imported up to and including 15 September 1978 and charged against the appropriate Community tariff quota and any quantities of the initial share returned to the reserve.

*Article 6*

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 2 and 3 and shall, as soon as it has been notified, inform each State of the extent to which the reserves have been used up.

It shall inform the Member States not later than 5 October 1978 of the amounts still in reserve after amounts have been returned thereto pursuant to Article 5.

It shall ensure that the drawing which uses up a reserve is limited to the balance available and to this end shall specify the amount thereof to the Member State making the last drawing.

*Article 7*

1. Member States shall take all measures necessary to ensure that supplementary shares drawn pursuant to Article 3 are opened in such a way that imports may be charged without interruption against their accumulated shares in the Community tariff quotas.

2. Member States shall ensure that importers of the said goods established in their territory have free access to the shares allocated to them.

3. Member States shall charge imports of the said goods against their shares as and when such goods are entered for home use.

*Article 8*

On receipt of a request from the Commission, Member States shall inform it of imports actually charged against their shares.
