

COUNCIL REGULATION (EC) No 3694/93

of 21 December 1993

laying down for 1994 certain measures for the conservation and management of fishery resources applicable to vessels registered in the Faroe Islands

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 3760/92 of 20 December 1992 establishing a Community system for fisheries and aquaculture ⁽¹⁾, and in particular Article 8 (4) thereof,

Having regard to the proposal from the Commission,

Whereas, in accordance with the procedure provided for in Article 2 of the Agreement on fisheries between the European Economic Community, of the one part, and the Government of Denmark and the Home Government of the Faroe Islands, of the other part ⁽²⁾, the Community and the Home Government of the Faroe Islands have held consultations concerning their mutual fishing rights for 1994;

Whereas, in the course of these consultations, the delegations agreed to recommend to their respective authorities that certain catch quotas for 1994 should be fixed for the vessels of the other party;

Whereas measures should be taken to implement the results of these consultations between the Community and the Faroe Islands and thus prevent any interruption of mutual fisheries relations as at 31 December 1993;

Whereas the fishing activities covered by this Regulation are subject to the relevant control measures provided for by Council Regulation (EEC) No 2847/93 of 12 October 1993 establishing a control system applicable to the common fisheries policy ⁽³⁾;

Whereas Article 3 (2) of Commission Regulation (EEC) No 1381/87 of 20 May 1987 establishing detailed rules concerning the marking and documentation of fishing vessels ⁽⁴⁾ provides that all vessels with chilled or refrigerated sea-water tanks are to keep on board a document certified by a competent authority and specifying the calibration of the tanks in cubic metres at 10-centimetre intervals,
