# Council Regulation (EC) No 338/97 of 9 December 1996 on the protection of species of wild fauna and flora by regulating trade therein

# COUNCIL REGULATION (EC) No 338/97

# of 9 December 1996

on the protection of species of wild fauna and flora by regulating trade therein

# THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 130s (1) thereof,

Having regard to the proposal from the Commission<sup>(1)</sup>,

Having regard to the opinion of the Economic and Social Committee<sup>(2)</sup>,

Acting in accordance with the procedure laid down in Article 189c of the Treaty<sup>(3)</sup>,

- (1) Whereas Regulation (EEC) No 3626/82<sup>(4)</sup> applies the Convention on International Trade in Endangered Species of Wild Fauna and Flora in the Community with effect from 1 January 1984; whereas the purpose of the Convention is to protect endangered species of fauna and flora through controls on international trade in specimens of those species;
- (2) Whereas, in order to improve the protection of species of wild fauna and flora which are threatened by trade or likely to be so threatened, Regulation (EEC) No 3626/82 must be replaced by a Regulation taking account of the scientific knowledge acquired since its adoption and the current structure of trade; whereas, moreover, the abolition of controls at internal borders resulting from the Single Market necessitates the adoption of stricter trade control measures at the Community's external borders, with documents and goods being checked at the customs office at the border where they are introduced;
- (3) Whereas the provisions of this Regulation do not prejudice any stricter measures which may be taken or maintained by Member States, in compliance with the Treaty, in particular with regard to the holding of specimens of species covered by this Regulation;
- (4) Whereas it is necessary to lay down objective criteria for the inclusion of species of wild fauna and flora in the Annexes to this Regulation;
- (5) Whereas the implementation of this Regulation necessitates the application of common conditions for the issue, use and presentation of documents relating to authorization of the introduction into the Community and the export or re-export from the Community of specimens of the species covered by this Regulation; whereas it is necessary to lay down specific provisions relating to the transit of specimens through the Community;
- (6) Whereas it is for a management authority of the Member State of destination, assisted by the scientific authority of that Member State and, where appropriate, taking into account any opinion of the Scientific Review Group, to decide on the requests for introduction of specimens into the Community;

- (7) Whereas it is necessary to supplement the provisions on re-export with a consultation procedure, in order to limit the risk of infringement;
- (8) Whereas, in order to guarantee effective protection of species of wild fauna and flora, additional restrictions may be imposed on the introduction of specimens into, and the export thereof from, the Community; whereas, with regard to live specimens, these restrictions may be supplemented by restrictions at Community level on the holding or movement of such specimens within the Community;
- (9) Whereas it is necessary to lay down specific provisions applicable to captive-born and bred, or artificially propagated specimens, to specimens which are personal or household effects, and to non-commercial loans, donations or exchanges between registered scientists and scientific institutions;
- (10) Whereas there is a need, in order to ensure the broadest possible protection for species covered by this Regulation, to lay down provisions for controlling trade and movement of specimens within the Community, and the conditions for housing specimens; whereas the certificates issued under this Regulation, which contribute to controlling these activities, must be governed by common rules on their issue, validity and use;
- (11) Whereas measures should be taken to minimize the adverse effects on live specimens of transport to their destination, from or within the Community;
- (12) Whereas, to ensure effective controls and to facilitate customs procedures, customs offices should be designated, with trained personnel responsible for carrying out the necessary formalities and corresponding checks where specimens are introduced into the Community, in order to assign them a customs-approved treatment or use within the meaning of Council Regulation (EEC) No 2913/92 of 12 October 1992 establishing the Community Customs Code<sup>(5)</sup>, or where they are exported or re-exported from the Community; whereas there should also be facilities guaranteeing that live specimens are adequately housed and cared for;
- (13) Whereas the implementation of this Regulation also calls for the designation of management and scientific authorities by the Member States;
- (14) Whereas informing the public and making them aware of the provisions of this Regulation, particularly at border crossing points, is likely to encourage compliance with these provisions;
- (15) Whereas, in order to ensure effective enforcement of this Regulation, Member States should closely monitor compliance with its provisions and, to that end, cooperate closely between themselves and with the Commission; whereas this requires the communication of information relating to the implementation of this Regulation;
- (16) Whereas the monitoring of levels of trade in the species of wild fauna and flora covered by this Regulation is of crucial importance for assessing the effects of trade on the conservation status of species; whereas detailed annual reports should be drawn up in a common format;

- (17) Whereas, in order to guarantee compliance with this Regulation, it is important that Member States impose sanctions for infringements in a manner which is both sufficient and appropriate to the nature and gravity of the infringement;
- (18) Whereas it is essential to lay down a Community procedure enabling the implementing provisions and amendments to the Annexes of this Regulation to be adopted within a suitable period; whereas a Committee must be set up to permit close and effective cooperation between the Member States and the Commission in this field;
- (19) Whereas the multitude of biological and ecological aspects to be considered in the implementation of this Regulation requires the setting up of a Scientific Review Group, whose opinions will be forwarded by the Commission to the Committee and the management bodies of the Member States, to assist them in making their decisions,

# HAS ADOPTED THIS REGULATION:

#### Article 1

### Object

The object of this Regulation is to protect species of wild fauna and flora and to guarantee their conservation by regulating trade therein in accordance with the following Articles.

This Regulation shall apply in compliance with the objectives, principles and provisions of the Convention defined in Article 2.

#### Article 2

#### Definitions

For the purposes of this Regulation:

- (a) 'Committee' shall mean the Committee on Trade in Wild Fauna and Flora, established under Article 18;
- (b) 'Convention' shall mean the Convention on International Trade in Endangered Species of Wild Fauna and Flora (Cites);
- (c) 'country of origin' shall mean the country in which a specimen was taken from the wild, captive-bred or artificially propagated;
- (d) 'import notification' shall mean the notification given by the importer or his agent or representative, at the time of the introduction into the Community of a specimen of a species included in Annexes C or D, on a form prescribed by the Commission in accordance with the procedure laid down in Article 18;
- (e) 'introduction from the sea' shall mean the introduction into the Community of any specimen which was taken in, and is being introduced directly from, the marine environment not under the jurisdiction of any State, including the air-space above the sea and the sea-bed and subsoil beneath the sea;

- (f) 'issuance' shall mean the completion of all procedures involved in preparing and validating a permit or certificate and its delivery to the applicant;
- (g) 'management authority' shall mean a national administrative authority designated, in the case of a Member State, in accordance with Article 13(1)(a) or, in the case of a third country party to the Convention, in accordance with Article IX of the Convention;
- (h) 'Member State of destination' shall mean the Member State of destination mentioned in the document used to export or re-export a specimen; in the event of introduction from the sea, it shall mean the Member State within whose jurisdiction the place of destination of a specimen lies;
- (i) 'offering for sale' shall mean offering for sale and any action that may reasonably be construed as such, including advertising or causing to be advertised for sale and invitation to treat;
- (j) 'personal or household effects' shall mean dead specimens, parts and derivatives thereof, that are the belongings of a private individual and that form, or are intended to form, part of his normal goods and chattels;
- (k) 'place of destination' shall mean the place at which at the time of introduction into the Community, it is intended that specimens will normally be kept; in the case of live specimens, this shall be the first place where specimens are intended to be kept following any period of quarantine or other confinement for the purposes of sanitary checks and controls;
- (l) 'population' shall mean a biologically or geographically distinct total number of individuals;
- (m) 'primarily commercial purposes' shall mean all purposes the non-commercial aspects of which do not clearly predominate;
- (n) 're-export from the Community' shall mean export from the Community of any specimen that has previously been introduced;
- (o) 'reintroduction into the Community' shall mean introduction into the Community of any specimen that has previously been exported or re-exported;
- (p) 'sale' shall mean any form of sale. For the purposes of this Regulation, hire, barter or exchange shall be regarded as sale; cognate expressions shall be similarly construed;
- (q) 'scientific authority' shall mean a scientific authority designated, in the case of a Member State, in accordance with Article 13(1)(b) or, in the case of a third country party to the Convention, in accordance with Article IX of the Convention;
- (r) 'Scientific Review Group' shall mean the consultative body established under Article 17;
- (s) 'species' shall mean a species, subspecies or population thereof;
- (t) 'specimen' shall mean any animal or plant, whether alive or dead, of the species listed in Annexes A to D, any part or derivative thereof, whether or not contained in other goods, as well as any other goods which appear from an accompanying document, the packaging or a mark or label, or from any other circumstances, to be or to contain parts or derivatives of animals or plants of those species, unless such parts or derivatives are specifically exempted from the provisions of this Regulation or from the provisions

relating to the Annex in which the species concerned is listed by means of an indication to that effect in the Annexes concerned.

A specimen will be considered to be a specimen of a species listed in Annexes A to D if it is, or is part of or derived from, an animal or plant at least one of whose 'parents' is of a species so listed. In cases where the 'parents' of such an animal or plant are of species listed in different Annexes, or of species only one of which is listed, the provisions of the more restrictive Annex shall apply. However, in the case of specimens of hybrid plants, if one of the 'parents' is of a species listed in Annex A, the provisions of the more restrictive Annex shall apply only if that species is annotated to that effect in the Annex;

- (u) 'trade' shall mean the introduction into the Community, including introduction from the sea, and the export and re-export therefrom, as well as the use, movement and transfer of possession within the Community, including within a Member State, of specimens subject to the provisions of this Regulation;
- (v) 'transit' shall mean the transport of specimens between two points outside the Community through the territory of the Community which are shipped to a named consignee and during which any interruption in the movement arises only from the arrangements necessitated by this form of traffic;
- (w) 'worked specimens that were acquired more than 50 years previously' shall mean specimens that were significantly altered from their natural raw state for jewellery, adornment, art, utility, or musical instruments, more than 50 years before the entry into force of this Regulation and that have been, to the satisfaction of the management authority of the Member State concerned, acquired in such conditions. Such specimens shall be considered as worked only if they are clearly in one of the aforementioned categories and require no further carving, crafting or manufacture to effect their purpose;
- (x) 'checks at the time of introduction, export, re-export and transit' shall mean documentary checks on the certificates, permits and notifications provided for in this Regulation and — in cases where Community provisions so provide or in other cases by representative sampling of the consignments — examination of the specimens, where appropriate accompanied by the taking of samples with a view to analysis or more detailed checks.

#### Article 3

#### Scope

- 1 Annex A shall contain:
  - a the species listed in Appendix I to the Convention for which the Member States have not entered a reservation;
  - b any species:
    - (i) which is, or may be, in demand for utilization in the Community or for international trade and which is either threatened with extinction or so rare that any level of trade would imperil the survival of the species;

or

(ii) which is in a genus of which most of the species or which is a species of which most of the subspecies are listed in Annex A in accordance with the criteria

in subparagraphs (a) or (b)(i) and whose listing in the Annex is essential for the effective protection of those taxa.

- 2 Annex B shall contain:
  - a the species listed in Appendix II to the Convention, other than those listed in Annex A, for which the Member States have not entered a reservation;
  - b the species listed in Appendix I to the Convention for which a reservation has been entered;
  - c any other species not listed in Appendices I or II to the Convention:
    - (i) which is subject to levels of international trade that might not be compatible:
       with its survival or with the survival of populations in certain countries, or
      - with the maintenance of the total population at a level consistent with the role of the species in the ecosystems in which it occurs:

or

- (ii) whose listing in the Annex for reasons of similarity in appearance to other species listed in Annex A or Annex B, is essential in order to ensure the effectiveness of controls on trade in specimens of such species;
- d species in relation to which it has been established that the introduction of live specimens into the natural habitat of the Community would constitute an ecological threat to wild species of fauna and flora indigenous to the Community.
- 3 Annex C shall contain:
  - a the species listed in Appendix III to the Convention, other than those listed in Annexes A or B, for which the Member States have not entered a reservation;
  - b the species listed in Appendix II to the Convention for which a reservation has been entered.
- 4 Annex D shall contain:
  - a species not listed in Annexes A to C which are imported into the Community in such numbers as to warrant monitoring;
  - b the species listed in Appendix III to the Convention for which a reservation has been entered.

5 Where the conservation status of species covered by this Regulation warrants their inclusion in one of the Appendices to the Convention, the Member States shall contribute to the necessary amendments.

#### Article 4

#### **Introduction into the Community**

1 The introduction into the Community of specimens of the species listed in Annex A shall be subject to completion of the necessary checks and the prior presentation, at the border customs office at the point of introduction, of an import permit issued by a management authority of the Member State of destination.

The import permit may be issued only in accordance with the restrictions established pursuant to paragraph 6 and when the following conditions have been met:

- a the competent scientific authority, after considering any opinion by the Scientific Review Group, has advised that the introduction into the Community:
  - (i) would not have a harmful effect on the conservation status of the species or on the extent of the territory occupied by the relevant population of the species;
  - (ii) is taking place:
    - for one of the purposes referred to in Article 8(3)(e), (f) and (g), or
    - for other purposes which are not detrimental to the survival of the species concerned;
- b (i) the applicant provides documentary evidence that the specimens have been obtained in accordance with the legislation on the protection of the species concerned which, in the case of import from a third country of specimens of a species listed in the Appendices to the Convention, shall be an export permit or re-export certificate, or copy thereof, issued in accordance with the Convention by a competent authority of the country of export or re-export;
  - (ii) however, the issuance of import permits for species listed in Annex A in accordance with Article 3(1)(a) shall not require such documentary evidence, but the original of any such import permit shall be withheld from the applicant pending presentation of the export permit or re-export certificate;
- c the competent scientific authority is satisfied that the intended accommodation for a live specimen at the place of destination is adequately equipped to conserve and care for it properly;
- d the management authority is satisfied that the specimen is not to be used for primarily commercial purposes;
- e the management authority is satisfied, following consultation with the competent scientific authority, that there are no other factors relating to the conservation of the species which militate against issuance of the import permit; and
- f in the case of introduction from the sea, the management authority is satisfied that any live specimen will be so prepared and shipped as to minimize the risk of injury, damage to health or cruel treatment.

2 The introduction into the Community of specimens of the species listed in Annex B shall be subject to completion of the necessary checks and the prior presentation, at the border customs office at the point of introduction, of an import permit issued by a management authority of the Member State of destination.

The import permit may be issued only in accordance with the restrictions established pursuant to paragraph 6 and when:

- a the competent scientific authority, after examining available data and considering any opinion from the Scientific Review Group, is of the opinion that the introduction into the Community would not have a harmful effect on the conservation status of the species or on the extent of the territory occupied by the relevant population of the species, taking account of the current or anticipated level of trade. This opinion shall be valid for subsequent imports as long as the abovementioned aspects have not changed significantly;
- b the applicant provides documentary evidence that the intended accommodation for a live specimen at the place of destination is adequately equipped to conserve and care for it properly;
- c the conditions referred to in paragraph 1(b)(i), (e) and (f) have been met.

**Changes to legislation:** There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

3 The introduction into the Community of specimens of the species listed in Annex C shall be subject to completion of the necessary checks and the prior presentation, at the border customs office at the point of introduction, of an import notification and:

- a in the case of export from a country mentioned in relation to the species concerned in Annex C, the applicant shall provide documentary evidence, by means of an export permit issued in accordance with the Convention by an authority of that country competent for the purpose, that the specimens have been obtained in accordance with the national legislation on the conservation of the species concerned; or
- b in the case of export from a country not mentioned in relation to the species concerned in Annex C or re-export from any country, the applicant shall present an export permit, a re-export certificate or a certificate of origin issued in accordance with the Convention by an authority of the exporting or re-exporting country competent for the purpose.

4 The introduction into the Community of specimens of the species listed in Annex D shall be subject to completion of the necessary checks and the prior presentation of an import notification at the border customs office at the point of introduction.

5 The conditions for the issuance of an import permit as referred to in paragraph 1(a) and (d) and in paragraph 2(a), (b) and (c) shall not apply to specimens for which the applicant provides documentary evidence:

- a that they had previously been legally introduced into or acquired in the Community and that they are, modified or not, being reintroduced into the Community; or
- b that they are worked specimens that were acquired more than 50 years previously.

 $[^{F1}6$  In consultation with the countries of origin concerned, in accordance with the regulatory procedure referred to in Article 18(2) and taking account of any opinion from the Scientific Review Group, the Commission may establish general restrictions, or restrictions relating to certain countries of origin, on the introduction into the Community:]

- a on the basis of the conditions referred to in paragraph 1(a)(i) or (e), of specimens of species listed in Annex A;
- b on the basis of the conditions referred to in paragraph 1(e) or paragraph 2(a), of specimens of species listed in Annex B; and
- c of live specimens of species listed in Annex B which have a high mortality rate during shipment or for which it has been established that they are unlikely to survive in captivity for a considerable proportion of their potential life span; or
- d of live specimens of species for which it has been established that their introduction into the natural environment of the Community presents an ecological threat to wild species of fauna and flora indigenous to the Community.

The Commission shall on a quarterly basis publish a list of such restrictions, if any, in the *Official Journal of the European Communities*.

 $[^{F1}7]$  Where special cases of transhipment, air transfer or rail transport occur following introduction into the Community, derogations from completion of the checks and presentations of import documents at the border customs office at the point of introduction which are referred to in paragraphs 1 to 4 shall be granted by the Commission in order to permit such checks and presentations to be made at another customs office designated in accordance with Article 12(1).

Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).]

#### **Textual Amendments**

**F1** Substituted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.

#### Article 5

#### **Export or re-export from the Community**

1 The export or re-export from the Community of specimens of the species listed in Annex A shall be subject to completion of the necessary checks and the prior presentation, at the customs office at which the export formalities are completed, of an export permit or re-export certificate issued by a management authority of the Member State in which the specimens are located.

2 An export permit for specimens of the species listed in Annex A may be issued only when the following conditions have been met:

- a the competent scientific authority has advised in writing that the capture or collection of the specimens in the wild or their export will not have a harmful effect on the conservation status of the species or on the extent of the territory occupied by the relevant population of the species;
- b the applicant provides documentary evidence that the specimens have been obtained in accordance with the legislation in force on the protection of the species in question; where the application is made to a Member State other than the Member State of origin, such documentary evidence shall be furnished by means of a certificate stating that the specimen was taken from the wild in accordance with the legislation in force on its territory;
- c the management authority is satisfied that:
  - (i) any live specimen will be so prepared and shipped as to minimize the risk of injury, damage to health or cruel treatment; and
  - (ii) the specimens of species not listed in Annex I to the Convention will not be used for primarily commercial purposes, or
    - in the case of export to a State party to the Convention of specimens of the species referred to in Article 3(1)(a) of this Regulation, an import permit has been issued;

and

d the management authority of the Member State is satisfied, following consultation with the competent scientific authority, that there are no other factors relating to the conservation of the species which militate against issuance of the export permit.

3 A re-export certificate may be issued only when the conditions referred to in paragraph 2 (c) and (d) have been met and when the applicant provides documentary evidence that the specimens:

- a were introduced into the Community in accordance with the provisions of this Regulation;
- b if introduced into the Community before the entry into force of this Regulation, were introduced in accordance with the provisions of Regulation (EEC) No 3626/82; or

- c if introduced into the Community before 1984, entered international trade in accordance with the provisions of the Convention; or
- d were legally introduced into the territory of a Member State before the provisions of the Regulations referred to in (a) and (b) or of the Convention became applicable to them, or became applicable in that Member State.

4 The export or re-export from the Community of specimens of the species listed in Annexes B and C shall be subject to completion of the necessary checks and the prior presentation, at the customs office at which the export formalities are completed, of an export permit or re-export certificate issued by a management authority of the Member State in whose territory the specimens are located.

An export permit may be issued only when the conditions referred to in paragraph 2 (a), (b), (c) (i) and (d) have been met.

A re-export certificate may be issued only when the conditions referred to in paragraph 2 (c) (i) and (d) and in paragraph 3 (a) to (d) have been met.

 $[^{F1}5]$  Where an application for a re-export certificate concerns specimens introduced into the Community under an import permit issued by another Member State, the management authority must first consult the management authority which issued the permit. The consultation procedures and the cases in which consultation is necessary shall be established by the Commission. Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).]

6 The conditions for the issuance of an export permit or re-export certificate as referred to in paragraph 2 (a) and (c) (ii) shall not apply to:

- (i) worked specimens that were acquired more than 50 years previously; or
- (ii) dead specimens and parts and derivatives thereof for which the applicant provides documentary evidence that they were legally acquired before the provisions of this Regulation, or of Regulation (EEC) No 3626/82 or of the Convention became applicable to them.
- 7
- a The competent scientific authority in each Member State shall monitor the issuance of export permits by that Member State for specimens of species listed in Annex B and actual exports of such specimens. Whenever such scientific authority determines that the export of specimens of any such species should be limited in order to maintain that species throughout its range at a level consistent with its role in the ecosystem in which it occurs, and well above the level at which that species might become eligible for inclusion in Annex A in accordance with Article 3 (1) (a) or (b) (i), the scientific authority shall advise the competent management authority, in writing, of suitable measures to be taken to limit the issuance of export permits for specimens of that species
- [<sup>F1</sup>b Whenever a management authority is advised of the measures referred to in (a), it shall inform and send comments to the Commission which shall, if appropriate, recommend restrictions on exports of the species concerned in accordance with the regulatory procedure referred to in Article 18(2).]

**Textual Amendments** 

F1 Substituted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild

fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.

# Article 6

#### **Rejection of applications for permits and certificates referred to in Articles 4, 5 and 10**

1 When a Member State rejects an application for a permit or certificate in a case of significance in respect of the objectives of this Regulation, it shall immediately inform the Commission of the rejection and of the reasons for rejection.

2 The Commission shall communicate information received in accordance with paragraph 1 to the other Member States in order to ensure uniform application of this Regulation.

3 When an application is made for a permit or certificate relating to specimens for which such an application has previously been rejected, the applicant must inform the competent authority to which the application is submitted of the previous rejection.

4

- a Member States shall recognize the rejection of applications by the competent authorities of the other Member States, where such rejection is based on the provisions of this Regulation.
- b However, this need not apply where the circumstances have significantly changed or where new evidence to support an application has become available. In such cases, if a management authority issues a permit or certificate, it shall inform the Commission thereof, stating the reasons for issuance.

#### Article 7

#### **Derogations**

1 Specimens born and bred in captivity or artificially propagated

- a Save where Article 8 applies, specimens of species listed in Annex A that have been born and bred in captivity or artificially propagated shall be treated in accordance with the provisions applicable to specimens of species listed in Annex B.
- b In the case of artificially propagated plants, the provisions of Articles 4 and 5 may be waived under special conditions laid down by the Commission, relating to:
  - (i) the use of phytosanitary certificates;
  - (ii) trade by registered commercial traders and by the scientific institutions referred to in paragraph 4 of this Article; and
  - (iii) trade in hybrids.
- [<sup>F1</sup>c The criteria for determining whether a specimen has been born and bred in captivity or artificially propagated and whether for commercial purposes, as well as the special conditions referred to in (b), shall be specified by the Commission. Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).]
- 2 Transit

# *Changes to legislation:* There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

- a By way of derogation from Article 4, where a specimen is in transit through the Community, checks and presentation at the border customs office at the point of introduction of the prescribed permits, certificates and notifications shall not be required.
- b In the case of species listed in the Annexes in accordance with Article 3 (1) and Article 3 (2) (a) and (b), the derogation referred to in (a) shall apply only where a valid export or re-export document provided for by the Convention, relating to the specimens that it accompanies and specifying the destination of the specimens, has been issued by the competent authorities of the exporting or re-exporting third country.
- [<sup>F1</sup>c If the document referred to in (b) has not been issued before export or re-export, the specimen must be seized and may, where applicable, be confiscated unless the document is submitted retrospectively in compliance with the conditions specified by the Commission. Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).]

# [<sup>F1</sup>3 *Personal and household effects*

By way of derogation from Articles 4 and 5, the provisions therein shall not apply to dead specimens, parts and derivatives of species listed in Annexes A to D which are personal or household effects being introduced into the Community, or exported or re-exported therefrom, in compliance with provisions that shall be specified by the Commission. Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).

#### 4 *Scientific institutions*

The documents referred to in Articles 4, 5, 8 and 9 shall not be required in the case of non-commercial loans, donations and exchanges between scientists and scientific institutions, registered by the management authorities of the States in which they are located, of herbarium specimens and other preserved, dried or embedded museum specimens, and of live plant material, bearing a label, the model for which has been determined in accordance with the regulatory procedure referred to in Article 18(2) or a similar label issued or approved by a management authority of a third country.]

#### **Textual Amendments**

F1 Substituted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.

# Article 8

#### **Provisions relating to the control of commercial activities**

1 The purchase, offer to purchase, acquisition for commercial purposes, display to the public for commercial purposes, use for commercial gain and sale, keeping for sale, offering for sale or transporting for sale of specimens of the species listed in Annex A shall be prohibited.

2 Member States may prohibit the holding of specimens, in particular live animals of the species listed in Annex A.

3 In accordance with the requirements of other Community legislation on the conservation of wild fauna and flora, exemption from the prohibitions referred to in paragraph 1 may be granted by issuance of a certificate to that effect by a management authority of the Member State in which the specimens are located, on a case-by-case basis where the specimens:

- a were acquired in, or were introduced into, the Community before the provisions relating to species listed in Appendix I to the Convention or in Annex C1 to Regulation (EEC) No 3626/82 or in Annex A became applicable to the specimens; or
- b are worked specimens that were acquired more than 50 years previously; or
- c were introduced into the Community in compliance with the provisions of this Regulation and are to be used for purposes which are not detrimental to the survival of the species concerned; or
- d are captive-born and bred specimens of an animal species or artificially propagated specimens of a plant species or are parts or derivatives of such specimens; or
- e are required under exceptional circumstances for the advancement of science or for essential biomedical purposes pursuant to Council Directive 86/609/EEC of 24 November 1986 on the approximation of laws, regulations and administrative provisions of the Member States regarding the protection of animals used for experimental and other scientific purposes<sup>(6)</sup> where the species in question proves to be the only one suitable for those purposes and where there are no specimens of the species which have been born and bred in captivity; or
- f are intended for breeding or propagation purposes from which conservation benefits will accrue to the species concerned; or
- g are intended for research or education aimed at the preservation or conservation of the species; or
- h originate in a Member State and were taken from the wild in accordance with the legislation in force in that Member State.

 $[^{F1}4$  General derogations from the prohibitions referred to in paragraph 1 based on the conditions referred to in paragraph 3, as well as general derogations with regard to species listed in Annex A in accordance with point (ii) of Article 3(1)(b) may be defined by the Commission. Any such derogations must be in accordance with the requirements of other Community legislation on the conservation of wild fauna and flora. Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).]

5 The prohibitions referred to in paragraph 1 shall also apply to specimens of the species listed in Annex B except where it can be proved to the satisfaction of the competent authority of the Member State concerned that such specimens were acquired and, if they originated outside the Community, were introduced into it, in accordance with the legislation in force for the conservation of wild fauna and flora.

6 The competent authorities of the Member States shall have discretion to sell any specimen of the species listed in Annexes B to D they have confiscated under this Regulation, provided that it is not thus returned directly to the person or entity from whom it was confiscated or who was party to the offence. Such specimens may then be treated for all purposes as if they had been legally acquired.

#### **Textual Amendments**

**F1** Substituted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild

**Changes to legislation:** There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.

# Article 9

### Movement of live specimens

1 Any movement within the Community of a live specimen of a species listed in Annex A from the location indicated in the import permit or in any certificate issued in compliance with this Regulation shall require prior authorization from a management authority of the Member State in which the specimen is located. In other cases of movement, the person responsible for moving the specimen must be able, where applicable, to provide proof of the legal origin of the specimen.

- 2 Such authorization shall:
  - a be granted only when the competent scientific authority of such Member State or, where the movement is to another Member State, the competent scientific authority of the latter, is satisfied that the intended accommodation for a live specimen at the place of destination is adequately equipped to conserve and care for it properly;
  - b be confirmed by issuance of a certificate; and
  - c where applicable, be immediately communicated to a management authority of the Member State in which the specimen is to be located.

3 However, no such authorization shall be required if a live animal must be moved for the purpose of urgent veterinary treatment and is returned directly to its authorized location.

4 Where a live specimen of a species listed in Annex B is moved within the Community, the holder of the specimen may relinquish it only after ensuring that the intended recipient is adequately informed of the accommodation, equipment and practices required to ensure the specimen will be properly cared for.

5 When any live specimens are transported into, from or within the Community or are held during any period of transit or transhipment, they shall be prepared, moved and cared for in a manner such as to minimize the risk of injury, damage to health or cruel treatment and, in the case of animals, in conformity with Community legislation on the protection of animals during transport.

 $[^{F1}6$  The Commission may establish restrictions on the holding or movement of live specimens of such species in relation to which restrictions on introduction into the Community have been established in accordance with Article 4(6). Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).]

#### **Textual Amendments**

F1 Substituted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.

#### Article 10

#### Certificates to be issued

On receiving an application, together with all the requisite supporting documents, from the person concerned and provided that all the conditions governing their issuance have been fulfilled, a management authority of a Member State may issue a certificate for the purposes referred to in Article 5 (2) (b), 5 (3) and (4), Article 8 (3) and Article 9 (2) (b).

#### Article 11

#### Validity of and special conditions for permits and certificates

1 Without prejudice to stricter measures which the Member States may adopt or maintain, permits and certificates issued by the competent authorities of the Member States in accordance with this Regulation shall be valid throughout the Community.

2

- a However, any such permit or certificate, as well as any permit or certificate issued on the basis of it, shall be deemed void if a competent authority or the Commission, in consultation with the competent authority which issued the permit or certificate, establishes that it was issued on the false premise that the conditions for its issuance were met.
- b Specimens situated in the territory of a Member State and covered by such documents shall be seized by the competent authorities of that Member State and may be confiscated.

3 Any permit or certificate issued in accordance with this Regulation may stipulate conditions and requirements imposed by the issuing authority to ensure compliance with the provisions thereof. Where such conditions or requirements need to be incorporated in the design of permits or certificates, Member States shall inform the Commission thereof.

4 Any import permit issued on the basis of a copy of the corresponding export permit or re-export certificate shall be valid for the introduction of specimens into the Community only when accompanied by the original of the valid export permit or re-export certificate.

 $[^{F1}5$  The Commission shall establish time limits for the issuance of permits and certificates. Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).]

#### **Textual Amendments**

F1 Substituted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.

**Changes to legislation:** There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

# Article 12

# Places of introduction and export

1 Member States shall designate customs offices for carrying out the checks and formalities for the introduction into and export from the Community, in order to assign to them a customs-approved treatment or use, within the meaning of Regulation (EEC) No 2913/92, of specimens of species covered by this Regulation and shall state which offices are specifically intended to deal with live specimens.

2 All offices designated in accordance with paragraph 1 shall be provided with sufficient and adequately trained staff. Member States shall ensure that accommodation is provided in accordance with relevant Community legislation as regards the transport and accommodation of live animals and that, where necessary, adequate steps are taken for live plants.

3 All offices designated in accordance with paragraph 1 shall be notified to the Commission which shall publish a list of them in the *Official Journal of the European Communities*.

 $[^{F1}4$  In exceptional cases and in accordance with the criteria defined by the Commission, a management authority may authorise the introduction into the Community or the export or re-export therefrom at a customs office other than one designated in accordance with paragraph 1. Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).]

5 Member States shall ensure that at border crossing-points the public are informed of the implementing provisions of this Regulation.

#### Textual Amendments

**F1** Substituted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.

# Article 13

# Management and scientific authorities and other competent authorities

1

- a Each Member State shall designate a management authority with primary responsibility for implementation of this Regulation and for communication with the Commission:
- b Each Member State may also designate additional management authorities and other competent authorities to assist in implementation, in which case the primary management authority shall be responsible for providing the additional authorities with all the information required for correct application of this Regulation.

2 Each Member State shall designate one or more scientific authorities with appropriate qualifications whose duties shall be separate from those of any designated management authority.

#### 3

- a Not later than three months before the date of application of this Regulation, Member States shall forward the names and addresses of the designated management authorities, other authorities competent to issue permits or certificates and scientific authorities to the Commission, which shall publish this information in the *Official Journal of the European Communities* within a month.
- b Each management authority referred to in paragraph 1 (a) shall, if so requested by the Commission, communicate to it within two months the names and specimen signatures of people authorized to sign permits or certificates, and impressions of the stamps, seals or other devices used to authenticate permits or certificates.
- c Member States shall communicate to the Commission any changes in the information already provided, not later than two months after the implementation of such change.

#### Article 14

#### Monitoring of compliance and investigation of infringements

1

- a The competent authorities of the Member States shall monitor compliance with the provisions of this Regulation.
- b If, at any time, the competent authorities have reason to believe that these provisions are being infringed, they shall take the appropriate steps to ensure compliance or to instigate legal action.
- c Member States shall inform the Commission and, in the case of species listed in the Appendices to the Convention, the Convention Secretariat of any steps taken by the competent authorities in relation to significant infringements of this Regulation, including seizures and confiscations.

2 The Commission shall draw the attention of the competent authorities of the Member States to matters whose investigation it considers necessary under this Regulation. Member States shall inform the Commission and, in the case of species listed in the Appendices to the Convention, the Convention Secretariat of the outcome of any subsequent investigation.

3

- a An enforcement group shall be established consisting of the representatives of each Member State's authorities with responsibility for ensuring the implementation of the provisions of this Regulation. The group shall be chaired by the representative of the Commission.
- b The enforcement group shall examine any technical question relating to the enforcement of this Regulation raised by the chairman, either on his own initiative or at the request of the members of the group or the committee.
- c The Commission shall convey the opinions expressed in the enforcement group to the committee.

#### Article 15

#### **Communication of information**

1 The Member States and the Commission shall communicate to one another the information necessary for implementing this Regulation.

*Changes to legislation:* There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

The Member States and the Commission shall ensure that the necessary steps are taken to make the public aware and inform it of the provisions regarding implementation of the Convention and of this Regulation and of the latter's implementing measures.

2 The Commission shall communicate with the Convention Secretariat so as to ensure that the Convention is effectively implemented throughout the territory to which this Regulation applies.

3 The Commission shall immediately communicate any advice from the Scientific Review Group to the management authorities of the Member States concerned.

- 4
- a The management authorities of the Member States shall communicate to the Commission before 15 June each year all the information relating to the preceding year required for drawing up the reports referred to in Article VIII.7 (a) of the Convention and equivalent information on international trade in all specimens of species listed in Annexes A, B and C and on introduction into the Community of specimens of species listed in Annex D. [<sup>F1</sup>The information to be communicated and the format for its presentation shall be specified by the Commission in accordance with the regulatory procedure referred to in Article 18(2).]
- b On the basis of the information referred to in (a), the Commission shall publish before 31 October each year a statistical report on the introduction into, and the export and re-export from, the Community of specimens of the species to which this Regulation applies and shall forward to the Convention Secretariat information on the species to which the Convention applies.
- c Without prejudice to Article 20, the management authorities of the Member States shall, before 15 June of each second year, and for the first time in 1999, communicate to the Commission all the information relating to the preceding two years required for drawing up the reports referred to in Article VIII.7 (b) of the Convention and equivalent information on the provisions of this Regulation that fall outside the scope of the Convention. [<sup>F1</sup>The information to be communicated and the format for its presentation shall be specified by the Commission in accordance with the regulatory procedure referred to in Article 18(2).]
- d On the basis of the information referred to in (c), the Commission shall, before 31 October of each second year, and for the first time in 1999, draw up a report on the implementation and enforcement of this Regulation.

 $[^{F1}5]$  With a view to the preparation of amendments to the Annexes, the competent authorities of the Member States shall forward all relevant information to the Commission. The Commission shall specify the information required, in accordance with the regulatory procedure referred to in Article 18(2).]

[<sup>X1</sup>6. Without prejudice to Council Directive 90/313/EEC of 7 June 1990 on the freedom of access to information on the environment<sup>(7)</sup>, the Commission shall take appropriate measures to protect the confidentiality of information obtained in implementation of this Regulation.]

#### **Editorial Information**

X1 Substituted by Corrigendum to Council Regulation (EC) No 338/97 of 9 December 1996 on the protection of species of wild fauna and flora by regulating trade therein (Official Journal of the European Communities L 61 of 3 March 1997).

#### **Textual Amendments**

F1 Substituted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.

# Article 16

# Sanctions

1 Member States shall take appropriate measures to ensure the imposition of sanctions for at least the following infringements of this Regulation:

- a introduction into, or export or re-export from, the Community of specimens without the appropriate permit or certificate or with a false, falsified or invalid permit or certificate or one altered without authorization by the issuing authority;
- b failure to comply with the stipulations specified on a permit or certificate issued in accordance with this Regulation;
- c making a false declaration or knowingly providing false information in order to obtain a permit or certificate;
- d using a false, falsified or invalid permit or certificate or one altered without authorization as a basis for obtaining a Community permit or certificate or for any other official purpose in connection with this Regulation;
- e making no import notification or a false import notification;
- f shipment of live specimens not properly prepared so as to minimize the risk of injury, damage to health or cruel treatment;
- g use of specimens of species listed in Annex A other than in accordance with the authorization given at the time of issuance of the import permit or subsequently;
- h trade in artificially propagated plants contrary to the provisions laid down in accordance with Article 7(1)(b);
- i shipment of specimens into or out of or in transit through the territory of the Community without the appropriate permit or certificate issued in accordance with this Regulation and, in the case of export or re-export from a third country party to the Convention, in accordance therewith, or without satisfactory proof of the existence of such permit or certificate;
- j purchase, offer to purchase, acquisition for commercial purposes, use for commercial gain, display to the public for commercial purposes, sale, keeping for sale, offering for sale or transporting for sale of specimens in contravention of Article 8;
- k use of a permit or certificate for any specimen other than one for which it was issued;
- 1 falsification or alteration of any permit or certificate issued in accordance with this Regualation;
- m failure to disclose rejection of an application for a Community import, export or reexport permit or certificate, in accordance with Article 6 (3).

2 The measures referred to in paragraph 1 shall be appropriate to the nature and gravity of the infringement and shall include provisions relating to the seizure and, where appropriate, confiscation of specimens.

3 Where a specimen is confiscated, it shall be entrusted to a competent authority of the Member State of confiscation which:

#### Status: Point in time view as at 10/06/2009. Changes to legislation: There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear

in the content and are referenced with annotations. (See end of Document for details)

- a following consultation with a scientific authority of that Member State, shall place or otherwise dispose of the specimen under conditions which it deems to be appropriate and consistent with the purposes and provisions of the Convention and this Regulation; and
- b in the case of a live specimen which has been introduced into the Community, may, after consultation with the State of export, return the specimen to that State at the expense of the convicted person.

4 Where a live specimen of a species listed in Annex B or C arrives at a point of introduction into the Community without the appropriate valid permit or certificate, the specimen must be seized and may be confiscated or, if the consignee refuses to acknowledge the specimen, the competent authorities of the Member State responsible for the point of introduction may, if appropriate, refuse to accept the shipment and require the carrier to return the specimen to its place of departure.

# Article 17

# The Scientific Review Group

1 A Scientific Review Group is hereby established, consisting of the representatives of each Member State's scientific authority or authorities and chaired by the representative of the Commission.

- 2
- a The Scientific Review Group shall examine any scientific question relating to the application of this Regulation in particular concerning Article 4 (1) (a), (2) (a) and (6) raised by the chairman, either on his own initiative or at the request of the members of the Group or the Committee.
- b The Commission shall convey the opinions of the Scientific Review Group to the Committee.

# *F<sup>2</sup>Article* 18

1 The Commission shall be assisted by a committee.

2 Where reference is made to this Article, Articles 5 and 7 of Decision 1999/468/EC<sup>(8)</sup> shall apply, having regard to the provisions of Article 8 thereof.

The period laid down in Article 5(6) of Decision 1999/468/EC shall be set at three months. As regards the Committee's tasks referred to in points 1 and 2 of Article 19, if, on the expiry of a period of three months from the date of referral to the Council, the Council has not acted, the proposed measures shall be adopted by the Commission.

 $[^{F1}3$  Where reference is made to this paragraph, Article 5a(1) to (4) and Article 7 of Decision 1999/468/EC shall apply, having regard to the provisions of Article 8 thereof.]

 $[^{F3}4$  Where reference is made to this paragraph, Article 5a(1) to (4) and (5)(b) and Article 7 of Decision 1999/468/EC shall apply, having regard to the provisions of Article 8 thereof.

The time limits laid down in Article 5a(3)(c) and (4)(b) and (e) of Decision 1999/468/ EC shall be set at one month, one month and two months respectively.]]

#### **Textual Amendments**

- F1 Substituted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.
- F2 Substituted by Regulation (EC) No 1882/2003 of the European Parliament and of the Council of 29 September 2003 adapting to Council Decision 1999/468/EC the provisions relating to committees which assist the Commission in the exercise of its implementing powers laid down in instruments subject to the procedure referred to in Article 251 of the EC Treaty.
- **F3** Inserted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.

# *[<sup>F1</sup>Article 19*

1 In accordance with the regulatory procedure referred to in Article 18(2), the Commission shall adopt the measures referred to in Article 4(6), Article 5(7)(b), Article 7(4), Article 15(4)(a) and (c), Article 15(5) and Article 21(3).

The Commission shall determine the design of the documents referred to in Articles 4, 5, 7(4) and 10 in accordance with the regulatory procedure referred to in Article 18(2).

2 The Commission shall adopt the measures referred to in Article 4(7), Article 5(5), Article 7(1)(c), (2)(c) and (3), Article 8(4), Article 9(6), Article 11(5) and Article 12(4). Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).

3 The Commission shall lay down uniform conditions and criteria for:

- a the issue, validity and use of the documents referred to in Articles 4, 5, 7(4) and 10;
- b the use of phytosanitary certificates referred to in Article 7(1)(b)(i);
- c the establishment of procedures, where necessary, for marking specimens in order to facilitate identification and ensure enforcement of the provisions.

Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).

4 The Commission shall adopt, where necessary, additional measures to implement resolutions of the Conference of the Parties to the Convention, decisions or recommendations of the Standing Committee of the Convention and recommendations of the Convention Secretariat. Those measures, designed to amend non-essential elements of this Regulation, by supplementing it, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(3).

5 The Commission shall amend Annexes A to D except in the case of amendments to Annex A which do not result from decisions of the Conference of the Parties to the Convention. Those measures, designed to amend non-essential elements of this Regulation, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 18(4).]

**Changes to legislation:** There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

#### **Textual Amendments**

**F1** Substituted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.

# Article 20

#### **Final provisions**

Each Member State shall notify the Commission and the Convention Secretariat of the provisions which it adopts specifically for the implementation of this Regulation and of all legal instruments used and measures taken for its implementation and enforcement.

The Commission shall communicate this information to the other Member States.

#### Article 21

1 Regulation (EEC) No 3626/82 is hereby repealed.

2 Until the measures provided for in points 1 and 2 of Article 19 have been adopted, Member States may maintain or continue to apply the measures adopted in accordance with Regulation (EEC) No 3626/82 and Commission Regulation (EEC) No 3418/83 of 28 November 1983 laying down provisions for the uniform issue and use of the documents required for the implementation in the Community of the Convention on International Trade in Endangered Species of Wild Fauna and Flora<sup>(9)</sup>.

 $[^{F1}3$  Two months before this Regulation is implemented the Commission, in accordance with the regulatory procedure referred to in Article 18(2) and in consultation with the Scientific Review Group:]

- a must check that there is no justification for restrictions on the introduction into the Community of the species listed in Annex C1 to Regulation (EEC) No 3626/82 which are not included in Annex A to this Regulation;
- b shall adopt a Regulation amending Annex D into a representative list of species meeting the criteria laid down in Article 3 (4) (a).

#### **Textual Amendments**

**F1** Substituted by Regulation (EC) No 398/2009 of the European Parliament and of the Council of 23 April 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein, as regards the implementing powers conferred on the Commission.

# Article 22

This Regulation shall enter into force on the date of its publication in the *Official Journal* of the European Communities.

It shall apply from 1 June 1997.

Articles 12, 13, 14 (3), 16, 17, 18, 19 and 21(3) shall apply from the date of entry into force of this Regulation.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

**Changes to legislation:** There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

# [<sup>F4</sup>ANNEX

### **Textual Amendments**

**F4** Substituted by Commission Regulation (EC) No 407/2009 of 14 May 2009 amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein.

# Notes on interpretation of Annexes A, B, C and D

1.

Species included in these Annexes A, B, C and D are referred to:

(a) by the name of the species; or

(b) as being all of the species included in a higher taxon or designated part thereof.

2.

The abbreviation 'spp.' is used to denote all species of a higher taxon.

3.

Other references to taxa higher than species are for the purposes of information or classification only.

4.

Species printed in bold in Annex A are listed there in consistency with their protection as provided for by Council Directive 79/409/EEC ('Birds Directive') or Council Directive 92/43/ EEC ('Habitats Directive').

5.

The following abbreviations are used for plant taxa below the level of species:

- (a) 'ssp.' is used to denote subspecies;
- (b) 'var(s).' is used to denote variety (varieties); and
- (c) 'fa' is used to denote forma.

6.

The symbols '(I)', '(II)' and '(III)' placed against the name of a species or higher taxon refer to the Appendices of the Convention in which the species concerned are listed as indicated in notes 7 to 9. Where none of these annotations appears, the species concerned are not listed in the Appendices to the Convention.

7.

(I) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix I to the Convention.

8.

(II) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix II to the Convention.

<i>Status:</i> Point in time view as at 10/06/2009.
Changes to legislation: There are outstanding changes not yet made to Council Regulation
(EC) No 338/97. Any changes that have already been made to the legislation appear
in the content and are referenced with annotations. (See end of Document for details)

#### 9.

(III) against the name of a species or higher taxon indicates that it is included in Appendix III to the Convention. In this case the country with respect to which the species or higher taxon is included in Appendix III is also indicated.

10.

Hybrids may be specifically included in the Appendices but only if they form distinct and stable populations in the wild. Hybrid animals that have in their previous four generations of the lineage one or more specimens of species included in Annexes A or B shall be subject to the provisions of this Regulation just as if they were full species, even if the hybrid concerned is not specifically included in the Annexes.

#### 11.

When a species is included in Annex A, B or C, all parts and derivatives of the species are also included in the same Annex unless the species is annotated to indicate that only specific parts and derivatives are included. In accordance with Article 2(t) of this Regulation, the symbol '#' followed by a number placed against the name of a species or higher taxon included in Annex B or C designates parts or derivatives which are specified in relation thereto for the purposes of the Regulation as follows:

#1	Designa	tes all parts and derivatives, except:
	(a)	seeds, spores and pollen (including pollinia);
	(b)	seedling or tissue cultures obtained <i>in vitro</i> , in solid or liquid media, transported in sterile containers;
	(c)	cut flowers of artificially propagated plants; and
	(d)	fruits and parts and derivatives thereof of artificially propagated plants of the genus <i>Vanilla</i> .
#2	Designa	tes all parts and derivations, except:
	(a)	seeds and pollen; and
#3 #4	0	finished products packaged and ready for retail trade. tes whole and sliced roots and parts of roots. tes all parts and derivatives, except:
	(a)	seeds, except those from Mexican cacti originating in Mexico, and pollen;
	(b)	seedling or tissue cultures obtained <i>in vitro</i> , in solid or liquid media, transported in sterile containers;
	(c)	cut flowers of artificially propagated plants;
	(d)	fruits and parts and derivatives thereof of naturalised or artificially propagated plants; and
	(e)	separate stem joints (pads) and parts and derivatives thereof of naturalised or artifically propagated plants of the genus <i>Opuntia</i> subgenus <i>Opuntia</i> .
#5 #6 #7	Designa	tes logs, sawn wood, veneer sheets and plywood. tes logs, wood-chips, powder and extracts.

26	Council Regulation (EC) No 338/97 of 9 December 1996 on the protection of Document Generated: 2024-02-29
	Status: Point in time view as at 10/06/2009.
	Changes to legislation: There are outstanding changes not yet made to Council Regulation
	(EC) No 338/97. Any changes that have already been made to the legislation appear
	in the content and are referenced with annotations. (See end of Document for details)
#8	Designates underground parts (i.e. roots, rhizomes): whole, parts and powdered.
#9	Designates all parts and derivatives, except those bearing a label 'Produced from <i>Hoodia</i> spp. material obtained through controlled harvesting and production in collaboration with the CITES Management Authorities of Botswana/Namibia/South Africa under agreement No BW/NA/ZA xxxxxx'
#10	Designates logs, sawn wood, veneer sheets, including unfinished

instruments. #11 Designates logs, sawn wood, veneer sheets, plywood, powder and extracts

wood articles used for the fabrication of bows for stringed musical

12.

As none of the species or higher taxa of FLORA included in Annex A is annotated to the effect that its hybrids shall be treated in accordance with the provisions of Article 4.1 of the Regulation, this means that artificially propagated hybrids produced from one or more of these species or taxa may be traded with a certificate of artificial propagation, and that seeds and pollen (including pollinia), cut flowers, seedling or tissue cultures obtained in vitro, in solid or liquid media, transported in sterile containers of these hybrids are not subject to the provisions of the Regulation.

#### 13.

Urine, faeces and ambergris which are waste products and gained without the manipulation of the animal concerned are not subject to the provisions of the Regulation.

14.

In respect of fauna species listed in Annex D, the provisions shall apply only to live specimens and whole, or substantially whole, dead specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:

§ 1	Any whole, or substantially whole, skins, raw or tanned.
§ 2	Any feathers or any skin or other part with feathers on it.

15

In respect of flora species listed in Annex D, the provisions shall apply only to live specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:

Dried and fresh plants, including, where appropriate; leaves, roots/ § 3 rootstock, stems, seeds/spores, bark and fruits. 84 Logs sawn wood and veneer sheets

	Addax nasomaculatus (I)			Addax
		Ammotragus lervia (II)		Barbary sheep
			<i>Antilope</i> <i>cervicapra</i> (III Nepal)	Blackbuck
		Bison bison athabascae (II)		Wood bison
	<i>Bos gaurus</i> (I) (Excludes the domesticated form referenced as <i>Bos frontalis</i> which is not subject to the provisions of this Regulation)			Gaur
	<i>Bos mutus</i> (I) (Excludes the domesticated form referenced as <i>Bos grunniens</i> which is not subject to the provisions of this Regulation)			Wild yak
	Bos sauveli (I)			Kouprey
			Bubalus arnee (III Nepal) (Excludes the domesticated form referenced as Bubalus bubalis, which is not subject to the	Wild Asiatic buffalo

# *Changes to legislation:* There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

		provisions of this Regulation)	
Bubalus depressicornis (I)			Lowland anoa
Bubalus mindorensis (I)			Tamarau
Bubalus quarlesi (I)			Mountain anoa
	Budorcas taxicolor (II)		Takin
Capra falconeri (I)			Markhor
Capricornis milneedwardsii (I)			Chinese serow
Capricornis rubidus (I)			Red serow
Capricornis sumatraensis (I)			Sumatran serow
<i>Capricornis thar</i> (I)			Himalayan serow
	Cephalophus brookei (II)		Brooke's duiker
	Cephalophus dorsalis (II)		Bay duiker
Cephalophus jentinki (I)			Jentink's duiker
	Cephalophus ogilbyi (II)		Ogilby's duiker
	Cephalophus silvicultor (II)		Yellow-backed duiker
	Cephalophus zebra (II)		Zebra duiker
	Damaliscus pygargus pygargus (II)		Bontebok
Gazella cuvieri (I)			Cuvier's gazelle
		<i>Gazella dorcas</i> (III Algeria/ Tunisia)	Dorcas gazelle

# *Changes to legislation:* There are outstanding changes not yet made to Council Regulation *(EC)* No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

Gazella leptoceros (I)		Slender-horned gazelle
Hippotragus niger variani (I)		Giant sable antelope
	Kobus leche (II)	Lechwe
Naemorhedus baileyi (I)		Red goral
Naemorhedus caudatus (I)		Long-tailed goral
Naemorhedus goral (I)		Himalayan goral
Naemorhedus griseus (I)		Chinese goral
Nanger dama (I)		Dama gazelle
Oryx dammah (I)		Scimitar-horned oryx
<i>Oryx leucoryx</i> (I)		Arabian oryx
	Ovis ammon (II) (Except for the subspecies included in Annex A)	Argali
Ovis ammon hodgsonii (I)		Tibetan argali
Ovis ammon nigrimontana (I)		Kara Tau argali
	Ovis canadensis (II) (Only the population of Mexico; no other population is included in the Annexes to this Regulation)	Mexican bighorn sheep
Ovis orientalis ophion (I)		Cyprus mouflon
	Ovis vignei (II) (Except for the subspecies included in Annex A)	Urial
Ovis vignei vignei (I)		Ladakh urial

	Pantholops hodgsonii (I)			Chiru
		Philantomba monticola (II)		Blue duiker
	Pseudoryx nghetinhensis (I)			Siola
	Rupicapra pyrenaica ornata (I)			Abruzzo chamois
		Saiga borealis (II)		Mongolian saiga
		Saiga tatarica (II)		Steppe saiga
			<i>Tetracerus quadricornis</i> (III Nepal)	Four-horned antelope
Camelidae				Camels, guanaco, vicuña
		Lama glama guanicoe (II)		Guanaco
	<i>Vicugna vicugna</i> (I) (Except for the populations of: Argentina [the population of the Provinces of Jujuy and Catamarca and the semi-captive populations of the Provinces of Jujuy, Salta, Catamarca, La Rioja and San Juan]; Bolivia [the whole population]; Chile [population of the Primera Región]; and Peru [the whole population]; which are included in Annex B)	Vicugna vicugna (II) (Only the populations of <b>Argentina</b> <sup>a</sup> [the population of the Provinces of Jujuy and Catamarca and the semi-captive populations of the Provinces of Jujuy, Salta, Catamarca, La Rioja and San Juan]; <b>Bolivia</b> <sup>b</sup> [the whole population]; <b>Chile</b> <sup>c</sup> [population of the Primera Región]; <b>Peru</b> <sup>d</sup> [the whole population]; all other populations are included in Annex A)		Vicuña

Cervidae				Deer, huemuls, muntjacs, pudus
	Axis calamianensis (I)			Calamian deer
	Axis kuhlii (I)			Bawean deer
	Axis porcinus annamiticus (I)			Indochina hog deer
	Blastocerus dichotomus (I)			Marsh deer
		Cervus elaphus bactrianus (II)		Bactrian deer
			<i>Cervus elaphus barbarus</i> (III Algeria/Tunisia)	Barbary deer
	Cervus elaphus hanglu (I)			Hangul
	Dama dama mesopotamica (I)			Persian fallow deer
	Hippocamelus spp. (I)			Huemuls
			Mazama temama cerasina (III Guatemala)	Central American red brocket
	Muntiacus crinifrons (I)			Black muntjac
	Muntiacus vuquangensis (I)			Giant muntjac
			Odocoileus virginianus mayensis (III Guatemala)	Guatemalan white-tailed dee
	Ozotoceros bezoarticus (I)			Pampas deer
		Pudu mephistophiles (II)		Northern pudu
	Pudu puda (I)			Southern pudu
	Rucervus duvaucelii (I)			Barasingha

# *Changes to legislation:* There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

	Rucervus eldii (I)		Eld's deer
Hippopotamidae			Hippopotamuses
		Hexaprotodon liberiensis (II)	Pygmy hippopotamus
		Hippopotamus amphibius (II)	Common hippopotamus
Moschidae			Musk deer
	<i>Moschus</i> spp. (I) (Only the populations of Afghanistan, Bhutan, India, Myanmar, Nepal and Pakistan; all other populations are included in Annex B)	<i>Moschus</i> spp. (II) (Except for the populations of Afghanistan, Bhutan, India, Myanmar, Nepal and Pakistan, which are included in Annex A)	Musk deer
Suidae			Babirusa, hogs, pigs
	Babyrousa babyrussa (I)		Buru babirusa
	Babyrousa bolabatuensis (I)		Bola Batu babirusa
	Babyrousa celebensis (I)		North Sulawesi babirusa
	Babyrousa togeanensis (I)		Malenge babirusa
	Sus salvanius (I)		Pygmy hog
Tayassuidae			Peccaries
		Tayassuidae spp. (II) (Except for the species included in Annex A and excluding the populations of <i>Pecari tajacu</i> of Mexico and the United States, which are not included in the Annexes to this Regulation)	Peccaries

Status: Point in time view as at 10/06/2009.

Changes to legislation: There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

	Catagonus wagneri (I)			Chacoan peccar
CARNIVORA	0 ()			
Ailuridae	_			
	Ailurus fulgens (I)			Red panda
Canidae				Dogs, foxes, wolves
			<i>Canis aureus</i> (III India)	Golden jackal
	<i>Canis lupus</i> (I/ II) (All populations except those of Spain north of the Duero and Greece north of the 39th parallel. Populations of Bhutan, India, Nepal and Pakistan are listed in Appendix I; all other populations are listed in Appendix II.)	<i>Canis lupus</i> (II) (Populations of Spain north of the Duero and Greece north of the 39th parallel)		Grey wolf
	Canis simensis			Ethiopian wolf
		<i>Cerdocyon thous</i> (II)		Crab-eating fox
		Chrysocyon brachyurus (II)		Maned wolf
		Cuon alpinus (II)		Dhole
		Lycalopex culpaeus (II)		Culpeo
		Lycalopex fulvipes (II)		Darwin's fox
		Lycalopex griseus (II)		South American grey fox
		Lycalopex gymnocercus (II)		Pampas fox
	Speothos venaticus (I)			Bush dog

# *Changes to legislation:* There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

			Vulpes bengalensis (III India)	Bengal fox
		Vulpes cana (II)		Blanford's fox
		Vulpes zerda (II)		Fennec fox
Eupleridae		I	I	
		<i>Cryptoprocta</i> <i>ferox</i> (II)		Fossa
		Eupleres goudotii (II)		Falanouc
		Fossa fossana (II)		Malagasy civet
Felidae				Cats, cheetahs, leopards, lions, tigers etc.
		Felidae spp. (II) (Except for the species included in Annex A. Specimens of the domesticated form are not subject to the provisions of this Regulation)		Cats
	Acinonyx jubatus (I) (Annual export quotas for live specimens and hunting trophies are granted as follows: Botswana: 5; Namibia: 150; Zimbabwe: 50. The trade in such specimens is subject to the provisions of Article 4.1 of this Regulation.)			Cheetah
	<i>Caracal caracal</i> (I) (Only the population of Asia; all other populations			Asian Caracal

are included in Annex B)	
Catopuma temminckii (I)	Asian golden cat
Felis nigripes (I)	Black-footed cat
Felis silvestris       (II)	Wild cat
Leopardus geoffroyi (I)	Geoffroy's cat
Leopardus jacobitus (I)	Andean mountain cat
Leopardus pardalis (I)	Ocelot
Leopardus tigrinus (I)	Oncilla
Leopardus wiedii (I)	Margay
Lynx lynx (II)	Eurasian lynx
Lynx pardinus (I)	Iberian lynx
Neofelis nebulosa (I)	Clouded leopard
Panthera leo persica (I)	Asiatic lion
Panthera onca (I)	Jaguar
Panthera pardus (I)	Leopard
Panthera tigris (I)	Tiger
Pardofelis marmorata (I)	Marbled cat
Prionailurusbengalensisbengalensis(I) (Only thepopulations ofBangladesh,India andThailand;all otherpopulationsare included inAnnex B.)	Bengal leopard cat

# *Changes to legislation:* There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

	Prionailurus iriomotensis (II)		Iriomote cat
	Prionailurus planiceps (I)		Flat-headed cat
	Prionailurus rubiginosus (I) (Only the population of India; all other populations are included in Annex B)		Rusty-spotted cat
	Puma concolor coryi (I)		Florida cougar
	Puma concolor costaricensis (I)		Costa Rican cougar
	Puma concolor couguar (I)		Eastern cougar
	<i>Puma</i> <i>yagouaroundi</i> (I) (Only the populations of Central and North America; all other populations are included in Annex B)		Jaguarundi
	Uncia uncia (I)		Snow leopard
Herpestidae			Mongooses
		Herpestes fuscus (III India)	Indian brown mongoose
		Herpestes edwardsi (III India)	Indian grey mongoose
		Herpestes javanicus auropunctatus (III India)	Small Indian mongoose
		Herpestes smithii (III India)	Ruddy mongoose
		Herpestes urva (III India)	Crab-eating mongoose

			<i>Herpestes</i> <i>vitticollis</i> (III India)	Stripe-necked mongoose
Hyaenidae				Aardwolf, hyenas
			Proteles cristata (III Botswana)	Aardwolf
Mephitidae				Skunks
		Conepatus humboldtii (II)		Humboldt's hog- nosed skunk
Mustelidae				Badgers, martens, weasels etc.
Lutrinae				Otters
		Lutrinae spp. (II) (Except for the species included in Annex A)		Otters
	<i>Aonyx capensis</i> <i>microdon</i> (I) (Only the populations of Cameroon and Nigeria; all other populations are included in Annex B)			Cameroon clawless otter
	Enhydra lutris nereis (I)			Southern sea otter
	Lontra felina (I)			Marine otter
	Lontra longicaudis (I)			Neotropical otter
	Lontra provocax (I)			Southern river otter
	Lutra lutra (I)			European otter
	Lutra nippon (I)			Japanese otter
	Pteronura brasiliensis (I)			Giant otter
Mustelinae				Grisons, martens, tayra, weasels
			<i>Eira barbara</i> (III Honduras)	Тауга

			<i>Galictis vittata</i> (III Costa Rica)	Greater grison
			Martes flavigula (III India)	Yellow-throated marten
			Martes foina intermedia (III India)	Stone marten
			<i>Martes</i> gwatkinsii (III India)	Nilgiri marten
			<i>Mellivora</i> <i>capensis</i> (III Botswana)	Honey badger
	Mustela nigripes (I)			Black-footed ferret
Odobenidae				Walrus
		Odobenus rosmarus (III Canada)		Walrus
Otariidae				Fur seals, sealions
		Arctocephalus spp (II) (Except for the species included in Annex A)		Fur seals
	Arctocephalus philippii (II)			Juan Fernández fur seal
	Arctocephalus townsendi (I)			Guadalupe fur seal
Phocidae				Seals
		Mirounga leonina (II)		Southern elephant seal
	Monachus spp. (I)			Monk seals
Procyonidae				Coatis, olingos
			Bassaricyon gabbii (III Costa Rica)	Olingo
			Bassariscus sumichrasti (III Costa Rica)	Cacomistle

			Nasua narica (III Honduras)	White-nosed coati
			Nasua nasua solitaria (III Uruguay)	South Brazilian coati
			Potos flavus (III Honduras)	Kinkajou
Ursidae				Bears
		Ursidae spp. (II) (Except for the species included in Annex A)		Bears
	Ailuropoda melanoleuca (I)			Giant panda
	Helarctos malayanus (I)			Sun bear
	Melursus ursinus (I)			Sloth bear
	Tremarctos ornatus (I)			Spectacled bear
	Ursus arctos (I/ II) (Only the populations of Bhutan, China, Mexico and Mongolia and the subspecies Ursus arctos isabellinus are listed in Appendix I; all other populations and subspecies are listed in Appendix II).			Brown bear
	Ursus thibetanus (I)			Asian black beau
Viverridae				Binturong, civets, linsangs, otter-civet, palm civet
			Arctictis binturong (III India)	Binturong

			<i>Civettictis civetta</i>	African civet
		Cynogale bennettii (II)	(III Botswana)	Otter civet
		Hemigalus derbyanus (II)		Banded palm civet
			Paguma larvata (III India)	Masked palm civet
			Paradoxurus hermaphroditus (III India)	Asian palm cive
			Paradoxurus jerdoni (III India)	Jerdon's palm civet
		Prionodon linsang (II)		Banded linsang
	Prionodon pardicolor (I)			Spotted linsang
			Viverra civettina (III India)	Malabar large- spotted civet
			Viverra zibetha (III India)	Large Indian civet
			<i>Viverricula</i> <i>indica</i> (III India)	Small Indian civet
CETACEA				Cetaceans (dolphins, porpoises, whales)
	CETACEA spp. (I/II) <sup>e</sup>			Cetaceans
<b>CHIROPTERA</b>	1	1	I	J
Phyllostomidae				Broad-nosed bats
			Platyrrhinus lineatus (III Uruguay)	White-lined bat
Pteropodidae				Fruit bats, flying foxes
		Acerodon spp. (II) (Except for the species included in Annex A)		Flying foxes

# *Changes to legislation:* There are outstanding changes not yet made to Council Regulation *(EC)* No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

		Armadillos
Pteropus yapensis (I)		Yap flying fox
Pteropus voeltzkowi (II)		Pemba flying for
Pteropus ualanus (I)		Kosrae flying fox
Pteropus tonganus (I)		Pacific flying fox
Pteropus samoensis (I)		Samoan flying fox
Pteropus rodricensis (II)		Rodrigues flying fox
Pteropus pilosus (I)		Large Pelew flying fox
Pteropus pelewensis (I)		Pelew flying for
Pteropus molossinus (I)		Caroline flying fox
Pteropus mariannus (I)		Marianas flying fox
Pteropus loochoensis (I)		Japanese flying fox
Pteropus livingstonii (II)		Comoro flying fox
Pteropus insularis (I)		Ruck flying fox
	Pteropus spp. (II) (Except for the species included in Annex A)	Flying foxes
Acerodon jubatus (I)		Golden-capped fruit bat

### *CINGULATA* Dasypodidae

		Armadillos
	<i>Cabassous</i> <i>centralis</i> (III Costa Rica)	Northern naked- tailed armadillo
	Cabassous tatouay (III Uruguay)	Greater naked- tailed armadillo
Chaetophrac nationi (II) (		Andean hairy armadillo

	Priodontes	zero annual export quota has been established. All specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly)	Giant armadillo
DASYUROMO	maximus (I)		
Dasyuridae			Dunnarts, marsupial mice, planigales
	Sminthopsis longicaudata (I)		Long-tailed dunnart
	Sminthopsis psammophila (I)		Sandhill dunnart
Thylacinidae			Tasmanian wolf, thylacine
	<i>Thylacinus</i> <i>cynocephalus</i> (possibly extinct) (I)		Thylacine
DIPROTODON	TIA		
Macropodidae			Kangaroos, wallabies
		Dendrolagus inustus (II)	Grizzled tree- kangaroo
		Dendrolagus ursinus (II)	Ursine tree- kangaroo
	Lagorchestes hirsutus (I)		Rufous hare- wallaby
	Lagostrophus fasciatus (I)		Banded hare- wallaby
	Onychogalea fraenata (I)		Bridled nail-tail wallaby
	Onychogalea lunata (I)		Crescent nail-tail wallaby
Phalangeridae			Cuscus

		Phalanger intercastellanus (II)	Eastern common cuscus
		Phalanger mimicus (II)	Southern common cuscus
		Phalanger orientalis (II)	Northern common cuscus
		Spilocuscus kraemeri (II)	Admiralty Island cuscus
		Spilocuscus maculatus (II)	Common spotted cuscus
		Spilocuscus papuensis (II)	Waigeou cuscus
Potoroidae			Rat-kangaroos
	<i>Bettongia</i> spp. (I)		Bettongs
	<i>Caloprymnus</i> <i>campestris</i> (possibly extinct) (I)		Desert rat- kangaroo
Vombatidae			Wombats
	Lasiorhinus krefftii (I)		Northern hairy- nosed wombat
LAGOMORPH	4		
Leporidae			Hares, rabbits
	Caprolagus hispidus (I)		Hispid hare
	Romerolagus diazi (I)		Volcano rabbit
MONOTREMA	TA		
Tachyglossidae			Echidnas, spiny anteaters
		Zaglossus spp. (II)	Long-beaked echidnas
PERAMELEM	ORPHIA		
Chaeropodidae			Bandicoots
	<i>Chaeropus</i> <i>ecaudatus</i> (possibly extinct) (I)		Pig-footed bandicoot
Peramelidae	_	ı	1

	Perameles bougainville (I)		Western barred bandicoot
Thylacomyidae	<u>  </u>		
	Macrotis lagotis (I)		Greater bilby
	Macrotis leucura (I)		Lesser bilby
PERISSODACT	<b>YLA</b>		
Equidae			Horses, wild asses, zebras
	<i>Equus africanus</i> (I) (Excludes the domesticated form referenced as <i>Equus asinus</i> , which is not subject to the provisions of this Regulation)		African ass
	Equus grevyi (I)		Grévy's zebra
	<i>Equus hemionus</i> (I/II) (The species is listed in Appendix II but subspecies <i>Equus hemionus</i> <i>hemionus</i> and <i>Equus hemionus</i> <i>khur</i> are listed in Appendix I)		Asiatic wild ass
	Equus kiang (II)		Kiang
	Equus przewalskii (I)		Przewalski's horse
		Equus zebra hartmannae (II)	Hartmann's mountain zebra
	Equus zebra zebra (I)		Cape mountain zebra
Rhinocerotidae			Rhinoceroses
	Rhinocerotidae spp. (I) (Except for the subspecies included in Annex B)		Rhinoceroses

		Ceratotherium	Southern white
		simum simum	rhinoceros
		(II) (Only the populations of	
		South Africa	
		and Swaziland;	
		all other	
		populations	
		are included in	
		Annex A. For	
		the exclusive	
		purpose of	
		allowing	
		international	
		trade in live animals to	
		appropriate and acceptable	
		destinations	
		and trade in	
		hunting trophies.	
		All other	
		specimens shall	
		be deemed to	
		be specimens of	
		species included	
		in Annex A	
		and trade in	
		them shall	
		be regulated accordingly)	
Tapiridae			Tapirs
_	Tanividae spn		Tapira
	<i>Tapiridae</i> spp. (I) (Except		Tapirs
	for the species		
	included in		
	Annex B)		
	,	Tanimus tomostuis	South American
		<i>Tapirus terrestris</i> (II)	tapir
PHOLIDOTA			upn
Manidae			Pangolins
		Manis spp. (II)	Pangolins
		(A zero annual	
		export quota has	
		been established	
		for Manis	
		crassicaudata,	
		Manis	
		culionensis,	
		Manis javanica	

		and <i>Manis</i> <i>pentadactyla</i> for specimens removed from the wild and traded for primarily commercial purposes)		
PILOSA	1	1		
Bradypodidae				Three-toed sloths
		Bradypus variegatus (II)		Brown-throated sloth
Megalonychidae				Two-toed sloth
			<i>Choloepus</i> <i>hoffmanni</i> (III Costa Rica)	Hoffmann's two- toed sloth
Myrmecophagid	ae			American anteaters
		Myrmecophaga tridactyla (II)		Giant anteater
			<i>Tamandua</i> <i>mexicana</i> (III Guatemala)	Northern tamandua
PRIMATES				Primates (apes and monkeys)
		PRIMATES spp. (II) (Except for the species included in Annex A)		Primates
Atelidae				Howlers, spider monkeys
	Alouatta coibensis (I)			Coiba Island howler
	Alouatta palliata (I)			Mantled howler
	Alouatta pigra (I)			Guatemalan black howler
	Ateles geoffroyi frontatus (I)			Black-browed spider monkey
	Ateles geoffroyi panamensis (I)			Red spider monkey

	Brachyteles arachnoides (I)	Southern muriqui
	Brachyteles hypoxanthus (I)	
	Oreonax flavicauda (I)	Yellow-tailed woolly monkey
Cebidae		Marmosets, tamarins, New- world monkeys
	Callimico goeldii (I)	Goeldi's marmoset
	Callithrix aurita (I)	Buffy-tufted marmoset
	Callithrix flaviceps (I)	Buffy-headed marmoset
	Leontopithecus spp. (I)	Lion tamarins
	Saguinus bicolor (I)	Pied tamarin
	Saguinus geoffroyi (I)	Geoffroy's tamarin
	Saguinus leucopus (I)	White-footed tamarin
	Saguinus martinsi (I)	
	Saguinus oedipus (I)	Cottontop tamarin
	Saimiri oerstedii (I)	Central American squirrel monkey
Cercopithecidae		Old-world monkeys
	Cercocebus galeritus (I)	Tana River mangabey
	Cercopithecus diana (I)	Diana monkey
	Cercopithecus roloway (I)	Roloway monkey
	Cercopithecus solatus (II)	Sun-tailed monkey
	Colobus satanas (II)	Black colobus

Macaca silenus (I)	Lion-tailed macaque
Mandrillus leucophaeus (I)	Drill
Mandrillus sphinx (I)	Mandrill
Nasalis larvatus (I)	Proboscis monkey
Piliocolobus foai (II)	Central African red colobus
Piliocolobus gordonorum (II)	Uzungwa red colobus
Piliocolobus kirkii (I)	Zanzibar red colobus
Piliocolobus pennantii (II)	Pennant's red colobus
Piliocolobus preussi (II)	Preuss's red colobus
Piliocolobus rufomitratus (I)	Tana River red colobus
Piliocolobus tephrosceles (II)	Ugandan red colobus
Piliocolobus tholloni (II)	Thollon's red colobus
Presbytis potenziani (I)	Mentawai langur
Pygathrix spp. (I)	Douc langurs
Rhinopithecusspp. (I)	Snub-nosed monkeys
Semnopithecus ajax (I)	Kashmir grey langur
Semnopithecus dussumieri (I)	Southern Plains grey langur
Semnopithecus entellus (I)	Northern Plains grey langur
Semnopithecus hector (I)	Tarai grey langur
Semnopithecus hypoleucos (I)	Black-footed grey langur

	Semnopithecus priam (I)	Tufted grey langur
	Semnopithecus schistaceus (I)	Nepal grey langur
	Simias concolor (I)	Simakobou
	Trachypithecus delacouri (II)	Delacour's langur
	Trachypithecus francoisi (II)	François's langur
	Trachypithecus geei (I)	Gee's golden langur
	Trachypithecus hatinhensis (II)	Hatinh langur
	Trachypithecus johnii (II)	Nilgiri langur
	Trachypithecus laotum (II)	Laotian langur
	Trachypithecus pileatus (I)	Capped langur
	Trachypithecus poliocephalus (II)	White-headed langur
	Trachypithecus shortridgei (I)	Shortridge's langur
Cheirogaleidae		Dwarf lemurs and mouse- lemurs
	Cheirogaleidae spp. (I)	Dwarf lemurs and mouse lemurs
Daubentoniidae		Aye-aye
	Daubentonia madagascariensis (I)	Aye-aye
Hominidae		Chimpanzees, gorillas, orang- utan
	Gorilla beringei (I)	Eastern gorilla
	Gorilla gorilla (I)	Western gorilla

	Pan spp. (I)	Chimpanzee and bonobo
	Pongo abelii (I)	Sumatran orangutan
	Pongo pygmaeus (I)	Bornean orangutan
Hylobatidae		Gibbons
	Hylobatidae spp. (I)	Gibbons
Indriidae		Indri, sifakas and woolly lemurs
	Indriidae spp. (I)	Indri, sifakas and woolly lemurs
Lemuridae		Large lemurs
	<i>Lemuridae</i> spp. (I)	Large lemurs
Lepilemuridae		Sportive lemurs
	Lepilemuridae spp. (I)	Sportive lemurs
Lorisidae		Lorises
	Nycticebus spp. (I)	Slow lorises
Pitheciidae		Uacaris, titis, sakis
	Cacajao spp. (I)	Uacaris
	Callicebus barbarabrownae (II)	Barbara Brown's Titi
	Callicebus melanochir (II)	Coastal Black- handed Titi
	Callicebus nigrifrons (II)	Black-fronted Titi
	Callicebus personatus (II)	Atlantic titi
	Chiropotes albinasus (I)	White-nosed saki
Tarsiidae		Tarsiers
	Tarsius spp. (II)	Tarsiers

Elephantidae				Elephants
	Elephas maximus (I)			Asian elephant
	<i>Loxodonta</i> <i>africana</i> (I) (Except for the populations of Botswana, Namibia, South Africa and Zimbabwe, which are included in Annex B)	<i>Loxodonta</i> <i>africana</i> (II) (Only the populations of Botswana, Namibia, South Africa and Zimbabwe <sup>f</sup> ; all other populations are included in Annex A)		African elephant
RODENTIA				
Chinchillidae				Chinchillas
	<i>Chinchilla</i> spp. (I) (Specimens of the domesticated form are not subject to the provisions of this Regulation)			Chinchillas
Cuniculidae				Pacas
			<i>Cuniculus paca</i> (III Honduras)	Lowland paca
Dasyproctidae				Agoutis
			Dasyprocta punctata (III Honduras)	Central American agouti
Erethizontidae				New-world porcupines
			Sphiggurus mexicanus (III Honduras)	Mexican hairy dwarf porcupine
			Sphiggurus spinosus (III Uruguay)	Paraguaian hairy dwarf porcupine
Hystricidae				Old-world porcupines
	Hystrix cristata			Crested porcupine

Muridae				Mice, rats
	Leporillus conditor (I)			Greater stick- nest rat
	Pseudomys fieldi praeconis (I)			Shark Bay mouse
	Xeromys myoides (I)			False water rat
	Zyzomys pedunculatus (I)			Central Australian rock rat
Sciuridae				Ground squirrels, tree squirrels
	Cynomys mexicanus (I)			Mexican prairie dog
			<i>Marmota</i> <i>caudata</i> (III India)	Long-tailed marmot
			Marmota himalayana (III India)	Himalayan marmot
		Ratufa spp. (II)		Giant squirrels
			<i>Sciurus deppei</i> (III Costa Rica)	Deppe's squirrel
SCANDENTIA				1
		SCANDENTIA spp. (II)		Tree shrews
SIRENIA		1		-
Dugongidae				Dugong
	Dugong dugon (I)			Dugong
Trichechidae				Manatees
	Trichechidae spp. (I/II) ( <i>Trichechus</i> <i>inunguis</i> and <i>Trichechus</i> <i>manatus</i> are listed in Appendix I. <i>Trichechus</i> <i>senegalensis</i> is listed in Appendix II.)			Manatees

AVES				Birds
ANSERIFO	RMES	1		
Anatidae				Ducks, geese, swans etc.
	Anas aucklandica (I)			Auckland Islands teal
		Anas bernieri (II)		Madagascar teal
	Anas chlorotis (I)			Brown teal
		Anas formosa (II)		Baikal teal
	Anas laysanensis (I)			Laysan duck
	Anas nesiotis (I)			Campbell Island teal
	Anas oustaleti (I)			Marianas mallard
	Anas querquedula			Garganey
	Asarcornis scutulata (I)			White-winged duck
	Aythya innotata			Madagascar pochard
	Aythya nyroca			Ferruginous duck
	Branta canadensis leucopareia (I)			Aleutian goose
	Branta ruficollis (II)			Red-breasted goose
	Branta sandvicensis (I)			Nene
			<i>Cairina</i> <i>moschata</i> (III Honduras)	Muscovy duck
		Coscoroba coscoroba (II)		Coscoroba swan
		Cygnus melancoryphus (II)		Black-necked swan

### Changes to legislation: There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

		Dendrocygna arborea (II)		West Indian whistling-duck
			Dendrocygna autumnalis (III Honduras)	Black-bellied whistling-duck
			Dendrocygna bicolor (III Honduras)	Fulvous whistling-duck
	Mergus octosetaceus			Brazilian merganser
		Oxyura jamaicensis		Ruddy duck
	Oxyura leucocephala (II)			White-headed duck
	Rhodonessa caryophyllacea (possibly extinct) (I)			Pink-headed duck
		Sarkidiornis melanotos (II)		Comb duck
	Tadorna cristata			Crested shelduck
APODIFORM Trochilidae				Hummingbirds
		Trochilidae spp. (II) (Except for the species included in Annex A)		Hummingbirds
	<i>Glaucis dohrnii</i> (I)			Hook-billed hermit
CHARADRIIF	ORMES	1		
Burhinidae				Thick-knees
			<i>Burhinus</i> <i>bistriatus</i> (III Guatemala)	Double-striped thick-knee
Laridae				Gulls, terns
	Larus relictus (I)			Relict gull
Scolopacidae				Curlews, greenshanks
	Numenius borealis (I)			Eskimo curlew

	Numenius tenuirostris (I)		Slender-billed curlew
	<i>Tringa guttifer</i> (I)		Nordmann's greenshank
CICONIIFORM	ES		
Ardeidae			Egrets, herons
	Ardea alba		Great egret
	Bubulcus ibis		Cattle egret
	Egretta garzetta		Little egret
Balaenicipitidae			Shoebill, whale- headed stork
		Balaeniceps rex (II)	Shoebill
Ciconiidae			Storks
	Ciconia boyciana (I)		Oriental stork
	Ciconia nigra (II)		Black stork
	Ciconia stormi		Storm's stork
	Jabiru mycteria (I)		Jabiru
	Leptoptilos dubius		Greater adjutant stork
	<i>Mycteria cinerea</i> (I)		Milky stork
Phoenicopterida	e		Flamingos
		Phoenicopteridae spp. (II) (Except for the species included in Annex A)	Flamingos
	Phoenicopterus ruber (II)		Greater flamingo
Threskiornithida	Threskiornithidae		Ibises, spoonbills
		Eudocimus ruber (II)	Scarlet ibis
	Geronticus calvus (II)		Bald ibis
	Geronticus eremita (I)		Waldrapp

	Nipponia nippon (I)			Crested ibis
	Platalea leucorodia (II)			Eurasian spoonbill
	Pseudibis gigantean			Giant ibis
COLUMBIFO	<b>DRMES</b>	1	1	1
Columbidae				Doves, pigeons
	Caloenas nicobarica (I)			Nicobar pigeon
	Claravis godefrida			Purple-winged ground-dove
	Columba livia			Rock pigeon
	Ducula mindorensis (I)			Mindoro zone- tailed pigeon
		Gallicolumba luzonica (II)		Luzon bleeding- heart
		Goura spp. (II)		Crowned- pigeons
	Leptotila wellsi			Grenada dove
			Nesoenas mayeri (III Mauritius)	Pink pigeon
	Streptopelia turtur			European turtle- dove
CORACIIFOR	RMES			
Bucerotidae				Hornbills
		Aceros spp. (II) (Except for the species included in Annex A)		Hornbills
	Aceros nipalensis (I)			Rufous-necked hornbill
		Anorrhinus spp. (II)		Hornbills
		Anthracoceros spp. (II)		Hornbills
		Berenicornis spp. (II)		Hornbills
		Buceros spp. (II) (Except for the species included in Annex A)		Hornbills

	Buceros bicornis (I)		Great hornbill
		Penelopides spp. (II)	Hornbills
	Rhinoplax vigil (I)		Helmeted hornbill
		Rhyticeros spp. (II) (Except for the species included in Annex A)	Hornbills
	Rhyticeros subruficollis (I)		Plain-pouched hornbill
CUCULIFORM	ES		
Musophagidae			Turacos
		<i>Tauraco</i> spp. (II) (Except for the species included in Annex A)	Turacos
	Tauraco bannermani (II)		Bannerman's turaco
FALCONIFORM	ES		Diurnal birds of prey (eagles, falcons, hawks, vultures)
		FALCONIFORMES spp. (II) (Except for the species included in Annex A and for one species of the family Cathartidae included in Annex C; the other species of that family are not included in the Annexes to this Regulation)	Diurnal birds of prey
Accipitridae			Hawks, eagles
	Accipiter brevipes (II)		Levant sparrowhawk
	Accipiter gentilis (II)		Northern goshawk

Accipiter nisus (II)	Eurasian sparrowhawk
Aegypius monachus (II)	Cinereous vulture
Aquila adalberti (I)	Adalbert's eagle
Aquila chrysaetos (II)	Golden eagle
Aquila clanga (II)	Greater spotted eagle
Aquila heliaca (I)	Imperial eagle
Aquila pomarina (II)	Lesser spotted eagle
Buteo buteo (II)	Common buzzard
Buteo lagopus (II)	Rough-legged buzzard
Buteo rufinus (II)	Long-legged buzzard
Chondrohierax uncinatus wilsonii (I)	Cuban hook- billed kite
Circaetus gallicus (II)	Short-toed snake-eagle
Circus aeruginosus (II)	Western marsh- harrier
Circus cyaneus (II)	Northern harrier
Circus macrourus (II)	Pallid harrier
Circus pygargus (II)	Montagu's harrier
Elanus caeruleus (II)	Black-winged kite
Eutriorchis astur (II)	Madagascar serpent-eagle
Gypaetus barbatus (II)	Lammergeier
Gyps fulvus (II)	Eurasian griffon
Haliaeetus spp. (I/II) (Haliaeetus	Sea-eagles

	<i>albicilla</i> is listed in Appendix I; the other species are listed in Appendix II)		
	Harpia harpyja (I)		Harpy eagle
	Hieraaetus fasciatus (II)		Bonelli's eagle
	Hieraaetus pennatus (II)		Booted eagle
	Leucopternis occidentalis (II)		Grey-backed hawk
	<i>Milvus migrans</i> (II)		Black kite
	Milvus milvus (II)		Red kite
	Neophron percnopterus (II)		Egyptian vulture
	Pernis apivorus (II)		European honey- buzzard
	Pithecophaga jefferyi (I)		Great Philippine eagle
Cathartidae			New world vultures
	<i>Gymnogyps</i> californianus (I)		California condor
		Sarcoramphus papa (III Honduras)	King vulture
	Vultur gryphus (I)		Andean condor
Falconidae			Falcons
	Falco araeus (I)		Seychelles kestrel
	Falco biarmicus (II)		Lanner falcon
	Falco cherrug (II)		Saker falcon
	Falco columbarius (II)		Merlin

# *Changes to legislation:* There are outstanding changes not yet made to Council Regulation *(EC)* No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

	Falco eleonorae (II)	Eleonora's falcon
	Falco jugger (I)	Laggar falcon
	Falco naumanni (II)	Lesser kestrel
	<i>Falco newtoni</i> (I) (Only the population of the Seychelles)	Newton's kestrel
	Falco pelegrinoides (I)	Barbary falcon
	Falco peregrinus (I)	Peregrine falcon
	Falco punctatus (I)	Mauritius kestrel
	Falco rusticolus (I)	Gyrfalcon
	Falco subbuteo (II)	Eurasian hobby
	Falco tinnunculus (II)	Common kestrel
	Falco vespertinus (II)	Red-footed falcon
Pandionidae		Ospreys
	Pandion haliaetus (II)	Osprey

### GALLIFORMES

0	•	1		
Cra	CL	da	e	
Ulu	vr	uu		

	Crax fasciolata		Bare-faced Curassow
<i>Crax alberti</i> (I Colombia)			Blue-knobbed curassow
Crax blumenbachii	(I)		Red-billed curassow
		Crax daubentoni (III Colombia)	Yellow-knobbed curassow
		Crax globulosa (III Colombia)	Wattled curassow
		<i>Crax rubra</i> (III Colombia, Costa Rica, Guatemala and Honduras)	Great currasow

#### Status: Point in time view as at 10/06/2009. Changes to legislation: There are outstanding changes not yet made to Council Regulation

(EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

	Mitu mitu (I)			Alagoas curassow
	Oreophasis derbianus (I)			Horned guan
		[ <sup>x2</sup> Ortalis vetula (III Guatemala/ Honduras)]	[ <sup>x3</sup> Ortalis vetula (III Guatemala/ Honduras)]	Plain chachalaca
		[ <sup>x2</sup> Pauxi pauxi (III Colombia)]	[ <sup>x3</sup> Pauxi pauxi (III Colombia)]	Helmeted curassow
	Penelope albipennis (I)			White-winged guan
			Penelope purpurascens (III Honduras)	Crested guan
			Penelopina nigra (III Guatemala)	Highland guan
	<i>Pipile jacutinga</i> (I)			Black-fronted piping guan
	Pipile pipile (I)			Trinidad piping guan
Megapodiidae				Megapodes, scrubfowl
	Macrocephalon maleo (I)			Maleo
Phasianidae				Grouse, guineafowl, partridges, pheasants, tragopans
			<i>Arborophila</i> <i>campbelli</i> (III Malaysia)	Grey-breasted partridge
			Arborophila charltonii (III Malaysia)	Chestnut- necklaced partridge
		Argusianus argus (II)		Great argus
			<i>Caloperdix</i> <i>oculeus</i> (III Malaysia)	Ferruginous partridge
	Catreus wallichii (I)			Cheer pheasant

Colinus virginianus ridgwayi (I)			Masked bobwhite
Crossoptilon crossoptilon (I)			White eared- pheasant
Crossoptilon mantchuricum (I)			Brown eared- pheasant
	Gallus sonneratii (II)		Grey junglefowl
	Ithaginis cruentus (II)		Blood pheasant
Lophophorus impejanus (I)			Himalayan monal
Lophophorus lhuysii (I)			Chinese monal
Lophophorus sclateri (I)			Sclater's monal
Lophura edwardsi (I)			Edwards' pheasant
		Lophura erythrophthalma (III Malaysia)	Crestless fireback
	Lophura hatinhensis		Vietnamese fireback
		Lophura ignita (III Malaysia)	Crested fireback
Lophura imperialis (I)			Imperial pheasant
Lophura swinhoii (I)			Swinhoe's pheasant
		<i>Melanoperdix</i> <i>niger</i> (III Malaysia)	Black partridge
		<i>Meleagris</i> <i>ocellata</i> (III Guatemala)	Ocellated turkey
Odontophorus strophium			Gorgeted wood- quail
Ophrysia superciliosa			Himalayan quail

	Pavo muticus (II)		Green peafowl
	Polyplectron bicalcaratum (II)		Grey peacock- pheasant
	Polyplectron germaini (II)		Germain's peacock- pheasant
		Polyplectron inopinatum (III Malaysia)	Mountain peacock- pheasant
	Polyplectron malacense (II)		Malayan peacock- pheasant
Polyplectron napoleonis (I)			Palawan peacock- pheasant
	Polyplectron schleiermacheri (II)		Bornean peacock- pheasant
Rheinardia ocellata (I)			Crested argus
		Rhizothera dulitensis (III Malaysia)	Hose's partridge
		<i>Rhizothera longirostris</i> (III Malaysia)	Long-billed partridge
		<i>Rollulus rouloul</i> (III Malaysia)	Crested partridge
Syrmaticus ellioti (I)			Elliot's pheasant
Syrmaticus humiae (I)			Hume's pheasant
Syrmaticus mikado (I)			Mikado pheasant
Tetraogallus caspius (I)			Caspian snowcock
Tetraogallus tibetanus (I)			Tibetan snowcock
<i>Tragopan blythii</i> (I)			Blyth's tragopan
<i>Tragopan caboti</i> (I)			Cabot's tragopan

	Tragopan melanocephalus (I)			Western tragopan
			<i>Tragopan satyra</i> (III Nepal)	Satyr tragopan
	Tympanuchus cupido attwateri (I)			Attwater's prairie-chicken
GRUIFORM	ES	1	1	Т
Gruidae				Cranes
		Gruidae spp. (II) (Except for the species included in Annex A)		Cranes
	Grus americana (I)			Whooping crane
	Grus canadensis (I/II) (The species is listed in Appendix II but subspecies Grus canadensis nesiotes and Grus canadensis pulla are listed in Appendix I)			Sandhill crane
	Grus grus (II)			Common crane
	<i>Grus japonensis</i> (I)			Red-crowned crane
	Grus leucogeranus (I)			Siberian crane
	Grus monacha (I)			Hooded crane
	Grus nigricollis (I)			Black-necked crane
	Grus vipio (I)			White-necked crane
Otididae				Bustards
		Otididae spp. (II) (Except for the species included in Annex A)		Bustards
	Ardeotis nigriceps (I)			Indian bustard

	Chlamydotis macqueenii (I)			Macqueen's bustard
	Chlamydotis undulata (I)			Houbara bustard
	Houbaropsis bengalensis (I)			Bengal florican
	Otis tarda (II)			Great bustard
	Sypheotides indicus (II)			Lesser florican
	Tetrax tetrax (II)			Little bustard
Rallidae				Coots, rails
	Gallirallus sylvestris (I)			Lord Howe rail
Rhynochetidae				Kagu
	Rhynochetos jubatus (I)			Kagu
PASSERIFORM	1			
Atrichornithida	e			Scrub-birds
	Atrichornis clamosus (I)			Noisy scrub-bird
Cotingidae				Cotingas
			<i>Cephalopterus</i> <i>ornatus</i> (III Colombia)	Amazonian umbrella bird
			<i>Cephalopterus penduliger</i> (III Colombia)	Long-wattled umbrella bird
	Cotinga maculata (I)			Banded cotinga
		Rupicola spp. (II)		Cocks-of-the- rock
	Xipholena atropurpurea (I)			White-winged cotinga
Emberizidae				Cardinals, tanagers
		Gubernatrix cristata (II)		Yellow cardinal
		Paroaria capitata (II)		Yellow-billed cardinal
		Paroaria		Red-crested cardinal

		Tangara fastuosa (II)	Seven-coloured tanager
Estrildidae			Mannikins, waxbills
		Amandava formosa (II)	Green avadavat
		Lonchura fuscata	Timor sparrow
		Lonchura oryzivora (II)	Java sparrow
		Poephila cincta cincta (II)	Southern black- throated finch
Fringillidae			Finches
	Carduelis cucullata (I)		Red siskin
		Carduelis yarrellii (II)	Yellow-faced siskin
Hirundinidae			Martins
	Pseudochelidon sirintarae (I)		White-eyed river-martin
Icteridae			New-world blackbirds
	Xanthopsar flavus (I)		Saffron-cowled blackbird
Meliphagidae			Honey-eaters
	Lichenostomus melanops cassidix (I)		Helmeted honeyeater
Muscicapidae			Old-world flycatchers
	<i>Acrocephalus</i> <i>rodericanus</i> (III Mauritius)		Rodrigues brush- warbler
		Cyornis ruckii (II)	Rueck's blue- flycatcher
	Dasyornis broadbenti litoralis (possibly extinct) (I)		Western rufous bristlebird
	Dasyornis longirostris (I)		Western bristlebird

		Garrulax canorus (II)		Melodious laughingthrush
		Leiothrix argentauris (II)		Silver-eared mesia
		<i>Leiothrix lutea</i> (II)		Red-billed leiothrix
		Liocichla omeiensis (II)		Omei Shan liocichla
	Picathartes gymnocephalus (I)			White-necked rockfowl
	Picathartes oreas (I)			Grey-necked rockfowl
			<i>Terpsiphone</i> <i>bourbonnensis</i> (III Mauritius)	Mascarene paradise- flycatcher
Paradisaeidae				Birds of paradise
		Paradisaeidae spp. (II)		Birds of paradise
Pittidae				Pittas
		<i>Pitta guajana</i> (II)		Banded pitta
	Pitta gurneyi (I)			Gurney's pitta
	Pitta kochi (I)			Whiskered pitta
		Pitta nympha (II)		Fairy pitta
Pycnonotidae				Bulbuls
		Pycnonotus zeylanicus (II)		Straw-headed bulbul
Sturnidae				Mynas
		Gracula religiosa (II)		Hill myna
	Leucopsar rothschildi (I)			Bali myna
Zosteropidae				White-eyes
	Zosterops albogularis (I)			White-chested white-eye
PELECANIFO	RMES	, I		
Fregatidae				Frigatebirds

	Fregata andrewsi (I)			Christmas frigatebird
Pelecanidae				Pelicans
	Pelecanus crispus (I)			Dalmatian pelican
Sulidae				Boobies
	Papasula abbotti (I)			Abbott's booby
PICIFORMES		1	1	
Capitonidae				Barbets
			Semnornis ramphastinus (III Colombia)	Toucan barbet
Picidae				Woodpeckers
	Campephilus imperialis (I)			Imperial woodpecker
	Dryocopus javensis richardsi (I)			Tristram's woodpecker
Ramphastidae				Toucans
			Baillonius bailloni (III Argentina)	Saffron toucanet
		Pteroglossus aracari (II)		Black-necked aracari
			Pteroglossus castanotis (III Argentina)	Chestnut-eared aracari
		Pteroglossus viridis (II)		Green aracari
			Ramphastos dicolorus (III Argentina)	Red-breasted toucan
		Ramphastos sulfuratus (II)		Keel-billed toucan
		Ramphastos toco (II)		Toco toucan
		Ramphastos tucanus (II)		Red-billed toucan
		Ramphastos vitellinus (II)		Channel-billed toucan

PODICIDEDU			Selenidera maculirostris (III Argentina)	Spot-billed toucanet
<i>PODICIPEDIF</i> Podicipedidae	ORMES			Grebes
F	Podilymbus gigas (I)			Atitlan Grebe
PROCELLARI	IFORMES	1	1	
Diomedeidae				Albatrosses
	Phoebastria albatrus (I)			Short-tailed albatross
PSITTACIFORM	IES			Cockatoos, lories, macaws, parakeets, parrots etc.
		PSITTACIFORM spp. (II) (Except for the species included in Annex A and excluding Agapornis roseicollis, Melopsittacus undulatus, Nymphicus hollandicus and Psittacula krameri, which are not included in the Annexes to this Regulation)	ES	Parrots, etc.
Cacatuidae				Cockatoos
	<i>Cacatua goffini</i> (I)			Tanimbar cockatoo
	Cacatua haematuropygia (I)			Philippine cockatoo
	Cacatua moluccensis (I)			Salmon-crested cockatoo
	Cacatua sulphurea (I)			Yellow-crested cockatoo
	Probosciger aterrimus (I)			Palm cockatoo

Loriidae		Lories, lorikeets
	Eos histrio (I)	Red and blue lory
	Vini spp. (I/II) (Vini ultramarina is listed in Appendix I, the other species are listed in Appendix II)	Blue lorikeets
Psittacidae		Amazons, macaws, parakeets, parrots
	Amazona arausiaca (I)	Red-necked parrot
	Amazona auropalliata (I)	Yellow-naped parrot
	Amazona barbadensis (I)	Yellow- shouldered parrot
	Amazona brasiliensis (I)	Red-tailed parrot
	Amazona finschi (I)	Lilac-crowned parrot
	Amazona guildingii (I)	St Vincent parrot
	Amazona imperialis (I)	Imperial parrot
	Amazona leucocephala (I)	Cuban parrot
	Amazona oratrix (I)	Yellow-headed parrot
	Amazona pretrei (I)	Red-spectacled parrot
	Amazona rhodocorytha (I)	Red-browed parrot
	Amazona tucumana (I)	Tucuman parrot
	Amazona versicolor (I)	Saint Lucia parrot

Amazona vinacea (I)	Vinaceous parrot
Amazona viridigenalis (I)	Green-cheeked parrot
Amazona vittata (I)	Puerto Rican parrot
Anodorhynchus spp. (I)	Blue macaws
Ara ambiguus (I)	Great green macaw
Ara glaucogularis (I)	Blue-throated macaw
Ara macao (I)	Scarlet macaw
Ara militaris (I)	Military macaw
Ara rubrogenys (I)	Red-fronted macaw
Cyanopsitta spixii (I)	Spix's macaw
Cyanoramphus cookii (I)	Norfolk Island parakeet
Cyanoramphus forbesi (I)	Chatham Island yellow-fronted parakeet
Cyanoramphus novaezelandiae (I)	Red-fronted parakeet
Cyanoramphus saisseti (I)	Red-crowned parakeet
Cyclopsitta diophthalma coxeni (I)	Coxen's double- eyed fig parrot
Eunymphicus cornutus (I)	Horned parakeet
Guarouba guarouba (I)	Golden parakeet
Neophema chrysogaster (I)	Orange-bellied parrot
Ognorhynchus icterotis (I)	Yellow-eared parrot
Pezoporus occidentalis	Night parrot

### Changes to legislation: There are outstanding changes not yet made to Council Regulation (EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

	(possibly extinct) (I)			
	Pezoporus wallicus (I)			Ground parrot
	Pionopsitta pileata (I)			Pileated parrot
	Primolius couloni (I)			Blue-headed macaw
	Primolius maracana (I)			Blue-winged macaw
	Psephotus chrysopterygius (I)			Golden- shouldered parrot
	Psephotus dissimilis (I)			Hooded parrot
	Psephotus pulcherrimus (possibly extinct) (I)			Paradise parrot
	Psittacula echo (I)			Mauritius parakeet
	Pyrrhura cruentata (I)			Blue-throated parakeet
	<i>Rhynchopsitta</i> spp. (I)			Thick-billed parrots
	Strigops habroptilus (I)			Kakapo
RHEIFORMES		1	1	
Rheidae				Rheas
	Pterocnemia pennata (I) (Except Pterocnemia pennata pennata which is included in Annex B)			Lesser rhea
		Pterocnemia pennata pennata (II)		Lesser rhea
		Rhea americana (II)		Greater rhea
SPHENISCIFO	RMES			
Spheniscidae				Penguins

		Spheniscus demersus (II)	Jackass penguin
	Spheniscus humboldti (I)		Humboldt penguin
STRIGIFORMES			Owls
		STRIGIFORMES spp. (II) (Except for the species included in Annex A)	Owls
Strigidae			Owls
	Aegolius funereus (II)		Boreal owl
	Asio flammeus (II)		Short-eared owl
	Asio otus (II)		Long-eared owl
	Athene noctua (II)		Little owl
	Bubo bubo (II)		Eurasian eagle- owl
	Glaucidium passerinum (II)		Eurasian pygmy- owl
	Heteroglaux blewitti (I)		Forest owlet
	Mimizuku gurneyi (I)		Lesser eagle-owl
	Ninox natalis (I)		Christmas hawk- owl
	Ninox novaeseelandiae undulata (I)		Norfolk boobook
	Nyctea scandiaca (II)		Snowy owl
	Otus ireneae (II)		Sokoke scops- owl
	Otus scops (II)		Eurasian scops- owl
	Strix aluco (II)		Tawny owl
	Strix nebulosa (II)		Great grey owl

	<i>Strix uralensis</i> (II)			Ural owl
	Surnia ulula (II)			Northern hawk owl
Tytonidae				Barn owls
	<i>Tyto alba</i> (II)			Barn owl
	<i>Tyto soumagnei</i> (I)			Soumagne's owl
STRUTHIONI	FORMES	1		
Struthionidae				Ostrich
	Struthio camelus (I) (Only the populations of Algeria, Burkina Faso, Cameroon, the Central African Republic, Chad, Mali, Mauritania, Morocco, the Niger, Nigeria, Senegal and the Sudan; all other populations are not included in the Annexes to this Regulation)			Ostrich
TINAMIFORM	IES	1	1	
Tinamidae				Tinamous
	Tinamus solitarius (I)			Solitary tinamou
TROGONIFOR				
Trogonidae				Quetzals
	Pharomachrus mocinno (I)			Resplendent quetzal
REPTILIA				Reptiles
CROCODYLIA				Alligators, caimans, crocodiles
		CROCODYLIA spp. (II) (Except for the species included in Annex A)		Alligators, caimans, crocodiles

Alligatoridae		Alligators, caimans
	Alligator sinensis (I)	Chinese alligator
	Caiman crocodilus apaporiensis (I)	Rio Apaporis spectacled caiman
	Caiman latirostris (I) (Except for the population of Argentina, which is included in Annex B)	Broad-nosed caiman
	Melanosuchusniger (I)(Except for thepopulation ofBrazil, whichis included inAnnex B, andpopulation ofEcuador, whichis included inAnnex B andis subject toa zero annualexport quotauntil an annualexport quota hasbeen approvedby the CITESSecretariatand the IUCN/SSC CrocodileSpecialistGroup)	Black caiman
Crocodylidae		Crocodiles
	Crocodylus acutus (I) (Except for the population of Cuba, which is included in Annex B)	American crocodile
	Crocodylus cataphractus (I)	African slender- snouted crocodile

Crocodylus	Orinoco
intermedius (I)	crocodile
Crocodylus	Philippine
mindorensis (I)	crocodile
Crocodylus	Morelet's
moreletii (I)	crocodile
Crocodylus niloticus (I) (Except for the populations of Botswana, Ethiopia, Kenya, Madagascar, Malawi, Mozambique, Namibia, South Africa, Uganda, the United Republic of Tanzania [subject to an annual export quota of no more than 1 600 wild specimens including hunting trophies, in addition to ranched specimens], Zambia and Zimbabwe; these populations are included in Annex B)	Nile crocodile
Crocodylus	Mugger
palustris (I)	crocodile
Crocodylus porosus (I) (Except for the populations of Australia, Indonesia and Papua New Guinea, which are included in Annex B)Indonesia Anney 	Estuarine crocodile
Crocodylus rhombifer (I)	Cuban crocodile

	Crocodylus siamensis (I)		Siamese crocodile
	Osteolaemus tetraspis (I)		West African dwarf crocodile
	Tomistoma schlegelii (I)		False gharial
Gavialidae			Gavial or gharial
	Gavialis gangeticus (I)		Gharial
RHYNCHOCEP	HALIA		
Sphenodontidae			Tuataras
	<i>Sphenodon</i> spp. (I)		Tuataras
SAURIA	1	1	
Agamidae			Spiny-tailed lizards (Agamas, mastigures)
		<i>Uromastyx</i> spp. (II)	Spiny-tailed lizards
Chamaeleonidae			Chameleons
		Bradypodion spp. (II)	Dwarf chameleons
		Brookesia spp. (II) (Except for the species included in Annex A)	Dwarf chameleons
	Brookesia perarmata (I)		Dwarf spiny chameleon
		<i>Calumma</i> spp. (II)	Madagascar chameleons
		<i>Chamaeleo</i> spp. (II) (Except for the species included in Annex A)	Chameleons
	Chamaeleo chamaeleon (II)		European chameleon
		Furcifer spp. (II)	Madagascar chameleons

Cordylidae				Spiny-tailed lizards
		Cordylus spp. (II)		Girdled lizards
Gekkonidae				Geckos
		Cyrtodactylus serpensinsula (II)		Serpent Island gecko
			Hoplodactylus spp. (III New Zealand)	Sticky-toed geckos
			<i>Naultinus</i> spp. (III New Zealand)	New Zealand tree geckos
		Phelsuma spp. (II) (Except for the species included in Annex A)		Day geckos
	Phelsuma guentheri (II)			Round Island day gecko
		Uroplatus spp. (II)		Flat-tailed geckos
Helodermatidae				Gila monster and beaded lizard
		Heloderma spp. (II) (Except for the subspecies included in Annex A)		Gila monster and beaded lizard
	Heloderma horridum charlesbogerti (I)			Guatemalan beaded lizard
Iguanidae				Iguanas
		Amblyrhynchus cristatus (II)		Galapagos marine iguana
	Brachylophus spp. (I)			Fiji iguanas
		Conolophus spp. (II)		Galapagos land iguanas
	Cyclura spp. (I)			Ground iguanas

		Iguana spp. (II)	Iguanas
		Phrynosoma coronatum (II)	Coast horned lizard
	Sauromalus varius (I)		San Esteban Island chuckwalla
Lacertidae			Lizards
	Gallotia simonyi (I)		Hierro giant lizard
	<i>Podarcis lilfordi</i> (II)		Lilford's wall lizard
	Podarcis pityusensis (II)		Ibiza wall lizard
Scincidae			Skinks
		Corucia zebrata (II)	Prehensile-tailed skink
Teiidae			Caiman lizards, tegu lizards
		Crocodilurus amazonicus (II)	Dragon lizard
		Dracaena spp. (II)	Caiman lizards
		<i>Tupinambis</i> spp. (II)	Tegus
Varanidae			Monitor lizards
		Varanus spp. (II) (Except for the species included in Annex A)	Monitor lizards
	Varanus bengalensis (I)		Indian monitor
	Varanus flavescens (I)		Yellow monitor
	Varanus griseus (I)		Desert monitor
	Varanus komodoensis (I)		Komodo dragon
	Varanus nebulosus (I)		Clouded monitor
	Varanus olivaceus (II)		Gray's monitor

Xenosauridae				Chinese crocodile lizard
		Shinisaurus crocodilurus (II)		Chinese crocodile lizard
SERPENTES				Snakes
Boidae				Boas
		<i>Boidae</i> spp. (II) (Except for the species included in Annex A)		Boas
	<i>Acrantophis</i> spp. (I)			Madagascar ground boas
	Boa constrictor occidentalis (I)			Argentine boa constrictor
	<i>Epicrates</i> <i>inornatus</i> (I)			Puerto Rican boa
	Epicrates monensis (I)			Virgin Island tree boa
	<i>Epicrates</i> <i>subflavus</i> (I)			Jamaican boa
	Eryx jaculus (II)			Spotted sand boa
	Sanzinia madagascariensis (I)			Madagascar tree boa
Bolyeriidae				Round Island boas
		Bolyeriidae spp. (II) (Except for the species included in Annex A)		Round Island boas
	Bolyeria multocarinata (I)			Round Island boa
	Casarea dussumieri (I)			Round Island keel-scaled boa
Colubridae				Typical snakes, water snakes, whip snakes
			Atretium schistosum (III India)	Olive keel-back

		<i>Cerberus</i> <i>rynchops</i> (III India)	Dog-faced water snake
	Clelia clelia (II)		Mussurana
	<i>Cyclagras gigas</i> (II)		False cobra
	Elachistodon westermanni (II)		Indian egg- eating snake
	Ptyas mucosus (II)		Common rat snake
		Xenochrophis piscator (III India)	Checkered keel- back
Elapidae			Cobras, coral snakes
	Hoplocephalus bungaroides (II)		Broad-headed snake
		<i>Micrurus diastema</i> (III Honduras)	Atlantic coral snake
		<i>Micrurus</i> <i>nigrocinctus</i> (III Honduras)	Central American coral snake
	Naja atra (II)		Chinese spitting cobra
	Naja kaouthia (II)		Monocellate cobra
	Naja mandalayensis (II)		Burmese spitting cobra
	Naja naja (II)		Indian cobra
	Naja oxiana (II)		Central Asian cobra
	Naja philippinensis (II)		North Philippine spitting cobra
	Naja sagittifera (II)		Andaman cobra
	Naja samarensis (II)		South-east Philippine spitting cobra
	Naja siamensis (II)		Indochinese spitting cobra

		Naja sputatrix (II)		South Indonesian spitting cobra
		Naja sumatrana (II)		Golden spitting cobra
		Ophiophagus hannah (II)		King cobra
Loxocemidae				Mexican dwarf boa
		Loxocemidae spp. (II)		Mexican dwarf boa
Pythonidae				Pythons
		Pythonidae spp. (II) (Except for the subspecies included in Annex A)		Pythons
	Python molurus molurus (I)			Indian python
Tropidophiidae				Wood boas
		Tropidophiidae spp. (II)		Wood boas
Viperidae				Vipers
			<i>Crotalus</i> <i>durissus</i> (III Honduras)	Neotropical rattlesnake
		Crotalus durissus unicolor		Aruba rattlesnake
			Daboia russelii (III India)	Russell's viper
	Vipera latifii			Latifi's viper
	Vipera ursinii (I) (Only the population of Europe, except the area which formerly constituted the USSR; these latter populations are not included in the Annexes to			Orsini's viper

		Vipera wagneri (II)		Wagner's viper
TESTUDINES	<u> </u>	1	1	
Carettochelyidae				Pig-nosed turtles
		Carettochelys insculpta (II)		Pig-nosed turtle
Chelidae				Austro- American sideneck turtles
		Chelodina mccordi (II)		Roti snake- necked turtle
	Pseudemydura umbrina (I)			Western swamp turtle
Cheloniidae				Sea turtles
	Cheloniidae spp. (I)			Sea turtles
Chelydridae				Snapping turltes
			Macrochelys temminckii (III United States of America)	Alligator snapping turtle
Dermatemydidae	•			Central American river turtle
		Dermatemys mawii (II)		Central American river turtle
Dermochelyidae				Leatherback turtle
	Dermochelys coriacea (I)			Leatherback turtle
Emydidae				Box turtles, freshwater turtles
		Chrysemys picta		Painted turtle
		Glyptemys insculpta (II)		Wood turtle
	Glyptemys muhlenbergii (I)			Bog turtle

			<i>Graptemys</i> spp. (III United States of America)	Map turtles
		<i>Terrapene</i> spp. (II) (Except for the species included in Annex A)		Box turtles
	Terrapene coahuila (I)			Aquatic box turtle
		Trachemys scripta elegans		Red-eared terrapin
Geoemydidae			1	1
	Batagur baska (I)			Batagur
		Callagur borneoensis (II)		Painted terrapin
		Cuora spp. (II)		Asian box turtles
	Geoclemys hamiltonii (I)			Black pond turtle
			Geoemyda spengleri (III China)	Black-breasted leaf turtle
		Heosemys annandalii (II)		Yellow-headed temple turtle
		Heosemys depressa (II)		Arakan forest turtle
		Heosemys grandis (II)		Giant Asian turtle
		Heosemys spinosa (II)		Spiny turtle
		<i>Kachuga</i> spp. (II)		Roofed turtles
		Leucocephalon yuwonoi (II)		Sulawesi forest turtle
		Malayemys macrocephala (II)		Snail-eating turtle
		Malayemys subtrijuga (II)		Ricefield turtle
		Mauremys annamensis (II)		Annam pond turtle

		<i>Mauremys</i> <i>iversoni</i> (III China)	Fujian pond turtle
		Mauremys megalocephala (III China)	Big-headed pond turtle
	Mauremys mutica (II)		Yellow pond turtle
		Mauremys nigricans (III China)	Red-necked turtle
		Mauremys pritchardi (III China)	Pritchard's pond turtle
		<i>Mauremys</i> <i>reevesii</i> (III China)	Reeves's turtle
		Mauremys sinensis (III China)	Chinese stripe- necked turtle
Melanochelys tricarinata (I)			Three-keeled land tortoise
Morenia ocellata (I)			Burmese swamp turtle
	Notochelys platynota (II)		Malayan flat- shelled turtle
		Ocadia glyphistoma (III China)	Notch-mouthed stripe-necked turtle
		<i>Ocadia</i> <i>philippeni</i> (III China)	Philippen's stripe-necked turtle
	Orlitia borneensis (II)		Malayan giant turtle
	Pangshura spp. (Except for the species included in Annex A)		Roofed turtles
Pangshura tecta (I)			Indian roofed turtle
		<i>Sacalia bealei</i> (III China)	Beal's eyed turtle

			Sacalia pseudocellata (III China)	Chinese false- eyed turtle
			Sacalia quadriocellata (III China)	Four-eyed turtle
		Siebenrockiella crassicollis (II)		Black marsh turtle
		Siebenrockiella leytensis (II)		Philippine pond turtle
Platysternidae				Big-headed turtle
		Platysternon megacephalum (II)		Big-headed turtle
Podocnemididae				Afro-American sideneck turtles
		Erymnochelys madagascariensis (II)		Madagascar sideneck turtle
		Peltocephalus dumerilianus (II)		Big-headed sideneck turtle
		Podocnemis spp. (II)		Sideneck turtles
Testudinidae				Tortoises
		Testudinidae spp. (II) (Except for the species included in Annex A; a zero annual export quota has been established for <i>Geochelone</i> <i>sulcata</i> for specimens removed from the wild and traded for primarily commercial purposes.)		Tortoises
	Astrochelys radiata (I)			Radiated tortoise

#### **Status:** Point in time view as at 10/06/2009. **Changes to legislation:** There are outstanding changes not yet made to Council Regulation

(EC) No 338/97. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

**SCORPIONES** 

Scorpionidae				Scorpions
		Pandinus dictator (II)		
		Pandinus gambiensis (II)		Giant Senegalese scorpion
		Pandinus imperator (II)		Emperor scorpion
INSECTA				Insects
COLEOPTERA				Beetles
Lucanidae				Stag beetles
			<i>Colophon</i> spp. (III South Africa)	Cape stag beetles
LEPIDOPTERA				Butterflies
Papilionidae				Birdwing and swallowtail butterflies
		Atrophaneura jophon (II)		Sri Lankan rose
		Atrophaneura palu		Palu swallowtail butterfly
		Atrophaneura pandiyana (II)		Malabar rose
		Bhutanitis spp. (II)		Swallowtail butterflies
		Graphium sandawanum		Apo swallowtail butterfly
		Graphium stresemanni		Seram swallowtail
		Ornithoptera spp. (II) (except for the species included in Annex A)		Birdwing butterflies
	Ornithoptera alexandrae (I)			Queen Alexandra's birdwing
		Papilio benguetanus		
	Papilio chikae (I)			Luzon peacock swallowtail

		Papilio	
		esperanza	
	Papilio homerus (I)		Homerus swallowtail
	Papilio hospiton (I)		Corsican swallowtail
		Papilio morondavana	Madagascan emperor swallowtail
		Papilio neumoegeni	
		Parides ascanius	Fluminense swallowtail butterfly
		Parides hahneli	Hahnel's amazonian swallowtail butterfly
	Parnassius apollo (II)		Mountain apollo
		<i>Teinopalpus</i> spp. (II)	Kaiser-I-Hind butterflies
		Trogonoptera spp. (II)	Birdwing butterflies
		Troides spp. (II)	Birdwing butterflies
ANNELIDA (	SEGMENTED WO	RMS AND LEECHES)	
HIRUDINOID	EA		Leeches
ARHYNCHOE	BDELLIDA		
Hirudinidae			Leeches
		Hirudo medicinalis (II)	Medicinal leech
MOLLUSCA	(MOLLUSCS)		
BIVALVIA			Bivalve molluscs (clams, mussels etc.)
MYTILOIDA			
Mytilidae			Marine mussels
		Lithophaga lithophaga (II)	European date mussel
UNIONOIDA	I	<u>I</u>	I

Unionidae			Freshwater mussels, pearly mussels
	Conradilla caelata (I)		Birdwing pearly mussel
		Cyprogenia aberti (II)	Western fanshell mussel
	Dromus dromas (I)		Dromedary pearly mussel
	Epioblasma curtisii (I)		Curtis' pearly mussel
	Epioblasma florentina (I)		Yellow-blossom pearly mussel
	Epioblasma sampsonii (I)		Wabash riffleshell
	Epioblasma sulcata perobliqua (I)		White catspaw mussel
	Epioblasma torulosa gubernaculum (I)		Green-blossom pearly mussel
		Epioblasma torulosa rangiana (II)	Northern riffleshell
	Epioblasma torulosa torulosa (I)		Turbercled- blossom pearly mussel
	Epioblasma turgidula (I)		Turgid-blossom pearly mussel
	Epioblasma walkeri (I)		Tan riffleshell
	Fusconaia cuneolus (I)		Fine-rayed pigtoe pearly mussel
	Fusconaia edgariana (I)		Shiny pigtoe pearly mussel
	Lampsilis higginsii (I)		Higgins' eye pearly mussel
	Lampsilis orbiculata orbiculata (I)		Pink mucket pearly mussel

ARCHAEOGAS	IKUPUDA		Abalones
GASTROPODA			Slugs, snails and conches
		Tridacnidae spp. (II)	Giant clams
Tridacnidae			Giant clams
VENEROIDA	l	I	
	Villosa trabalis (I)		Cumberland bean pearly mussel
	Unio tampicoensis tecomatensis (I)		Tampico pearly mussel
	Unio nickliniana (I)		Nicklin's pearly mussel
	Toxolasma cylindrellus (I)		Pale lilliput pearly mussel
	Quadrula sparsa (I)		Appalachian monkey-face pearly mussel
	Quadrula intermedia (I)		Cumberland monkey-face pearly mussel
	Potamilus capax (I)		Fat pocketbook pearly mussel
	Pleurobema plenum (I)		Rough pigtoe pearly mussel
		Pleurobema clava (II)	Clubshell pearly mussel
	Plethobasus cooperianus (I)		Orange-footed pimpleback mussel
	Plethobasus cicatricosus (I)		White warty- back pearly mussel
	Lampsilis virescens (I)		Alabama lamp pearly mussel
	Lampsilis satur (I)		Sandback pocketbook mussel

			Haliotis midae (III South Africa)	Midas ear abalone
MESOGASTRO	PODA		1	I
Strombidae				Conches
		Strombus gigas (II)		Queen conch
STYLOMMATO	PHORA			
Achatinellidae				Agate snails, oahu tree snails
	Achatinella spp. (I)			Little agate shells
Camaenidae				Green tree snail
		Papustyla pulcherrima (II)		Manus green tree snail
CNIDARIA (CO	DRALS, FIRE CO	RALS, SEA ANE	MONES)	
ANTHOZOA				Corals, sea anemones
ANTIPATHARI	4		I	
		ANTIPATHARIA spp. (II)		Black corals
GORGONACEA	E			
Coralliidae			<i>Corallium elatius</i> (III China)	
			<i>Corallium japonicum</i> (III China)	
			<i>Corallium konjoi</i> (III China)	
			<i>Corallium</i> <i>secundum</i> (III China)	
HELIOPORACI	EA	1	1	1
Helioporidae				Blue coral
		Helioporidae spp. (II) (Includes only the species <i>Heliopora</i> <i>coerulea</i> ) <sup>g</sup>		Blue coral
	*			

**SCLERACTINIA** 

		SCLERACTINIA	Stony corals
		spp. (II) <sup>g</sup>	
STOLONIFERA	[	1	
Tubiporidae			<b>Organpipe</b> corals
		Tubiporidae spp. (II) <sup>g</sup>	Organpipe corals
HYDROZOA			Sea ferns, fire corals, stinging medusas
MILLEPORINA			
Milleporidae			Wello fire corals
		Milleporidae spp. (II) <sup>g</sup>	Wello fire corals
STYLASTERIN	4		
Stylasteridae			Lace corals
		Stylasteridae spp. (II) <sup>g</sup>	Lace corals
FLORA	1		
AGAVACEAE			Agaves
	Agave parviflora (I)		Santa Cruz striped agave
		Agave victoriae- reginae (II) #1	Queen Victoria agave
		Nolina interrata (II)	Dehesa bear- grass
AMARYLLIDACE	AE		Amaryllids
		Galanthus spp. (II) #1	Snowdrops
		Sternbergia spp. (II) #1	Sternbergias
APOCYNACEAE			Dogbanes
		Hoodia spp. (II) #9	Hoodia
		Pachypodium spp. (II) (Except for the species included in Annex A) #1	Elephant trunks
	Pachypodium ambongense (I)		

	Pachypodium baronii (I)		
	Pachypodium decaryi (I)		
		Rauvolfia serpentina (II) #2	Snake-root devil- pepper
ARALIACEAE			Aralias
		Panax ginseng (II) (Only the population of the Russian Federation; no other population is included in the Annexes to this Regulation) #3	Asian ginseng
		Panax quinquefolius (II) #3	American ginseng
ARAUCARIACEA	E		Araucarias
	Araucaria araucana (I)		Monkey-puzzle tree
BERBERIDACEA	E		Barberries
		Podophyllum hexandrum (II) #2	Himalayan may- apple
BROMELIACEAE			Air plants, bromelias
		Tillandsia harrisii (II) #1	Harris' tillandsia
		Tillandsia kammii (II) #1	Kamm's tillandsia
		Tillandsia kautskyi (II) #1	Kautsky's tillandsia
		Tillandsia mauryana (II) #1	Maury's tillandsia
		Tillandsia sprengeliana (II) #1	Sprengel's tillandsia
		<i>Tillandsia sucrei</i> (II) #1	Sucre tillandsia

		Tillandsia xerographica (II) #1	Xerographic tillandsia
CACTACEAE			Cacti
		CACTACEAE spp. (II) (Except for the species included in Annex A and <i>Pereskia</i> spp., <i>Pereskiopsis</i> spp. and <i>Quiabentia</i> spp.) <sup>h</sup> #4	Cacti
	<i>Ariocarpus</i> spp. (I)		Living rock cacti
	Astrophytum asterias (I)		Star cactus
	Aztekium ritteri (I)		Aztec cactus
	Coryphantha werdermannii (I)		Jobali pincushion cactus
	<i>Discocactus</i> spp. (I)		Discocacti
	Echinocereus ferreirianus ssp. lindsayi (I)		Lindsay's hedgehog cacti
	Echinocereus schmollii (I)		Lamb's-tail cactus
	Escobaria minima (I)		Nelle's cactus
	Escobaria sneedii (I)		Sneed's pincushion cactus
	Mammillaria pectinifera (I)		Conchilinque
	Mammillaria solisioides (I)		Pitayita
	Melocactus conoideus (I)		Conelike Turk's- cap cactus
	Melocactus deinacanthus (I)		Wonderfully- bristled Turk's cap cactus

Melocactus glaucescens (I)	Woolly waxy- stemmed Turk's- cap cactus
Melocactus paucispinus (I)	Few-spined Turk's-cap cactus
Obregonia denegrii (I)	Artichoke cactus
Pachycereus militaris (I)	Grenadier's cap
Pediocactus bradyi (I)	Brady's pincushion cactus
Pediocactus knowltonii (I)	Knowlton's cactus
Pediocactus paradinei (I)	Houserock valley cactus
Pediocactus peeblesianus (I)	Peebles's Navajo cactus
Pediocactus sileri (I)	Siler's pincushion cactus
Pelecyphora spp. (I)	Pine cane cactus
Sclerocactus brevihamatus ssp. tobuschii (I)	Tobusch fishhook cactus
Sclerocactus erectocentrus (I)	Needle-spined pineapple cactus
Sclerocactus glaucus (I)	Uinta Basin hookless cactus
Sclerocactus mariposensis (I)	Mariposa cactus
Sclerocactus mesae-verdae (I)	Mesa Verde cactus
Sclerocactus nyensis (I)	Tonopah fishook cactus
Sclerocactus papyracanthus (I)	Grama-grass cactus
Sclerocactus pubispinus (I)	Great-Basin fishhook cactus
Sclerocactus wrightiae (I)	Wright's fishhook cactus

	Strombocactus spp. (I)		Peyote
	<i>Turbinicarpus</i> spp. (I)		Turbinicarps
	<i>Uebelmannia</i> spp. (I)		Uebelmann cacti
CARYOCARACEA	1 <i>E</i>		Ajos
		Caryocar costaricense (II) #1	Ajillo
COMPOSITAE (ASTERACEAE)			Asters, daisies, costus
	Saussurea costus (I) (also known as S. lappa or Aucklandia costus)		Costus
CRASSULACEAE			Dudleyas, crassulas
		Dudleya stolonifera (II)	Laguna beach dudleya
		Dudleya traskiae (II)	Santa Barbara Island dudleya
CUPRESSACEAE			Cypresses
	Fitzroya cupressoides (I)		Alerce
	Pilgerodendron uviferum (I)		Pilgerodendron
CYATHEACEAE			Tree ferns
		Cyathea spp. (II) #1	Tree ferns
CYCADACEAE			Cycads
		CYCADACEAE spp. (II) (Except for the species included in Annex A) #1	Cycads
	Cycas beddomei (I)		Beddome's cycad
DICKSONIACEA	E		Tree ferns
		Cibotium barometz (II) #1	

	Dicksonia spp. (II) (Only the populations of the Americas; no other populations are included in the Annexes to this Regulation: includes Dicksonia berteriana, D. externa, D. sellowiana and D. stuebelii) #1	Tree ferns
DIDIEREACEAE		Didiereas
	DIDIEREACEAE spp. (II) #1	Alluaudias, didiereas
DIOSCOREACEAE		Yams

 Population of Argentina (listed in Annex B): For the exclusive purpose of allowing international trade in wool sheared from live vicuñas of the populations included in Annex B, in cloth and in derived manufactured products and other handicraft artefacts. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA-ARGENTINA'. Other products must bear a label including the logotype and the designation 'VICUÑA-ARGENTINA-ARTESANÍA'. All other specimens shall be deemed to be

specimens of species included in Annex A and the trade in them shall be regulated accordingly.

b Population of Bolivia (listed in Annex B): For the exclusive purpose of allowing international trade in wool sheared from live vicuñas and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA-BOLIVIA'. Other products must bear a label including the logotype and the designation 'VICUÑA-BOLIVIA-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly.

c Population of Chile (listed in Annex B): For the exclusive purpose of allowing international trade in wool sheared from live vicuñas of the populations included in Annex B, and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA-CHILE'. Other products must bear a label including the logotype and the designation 'VICUÑA-CHILE-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly. d Population of Peru (listed in Annex B): For the exclusive purpose of allowing international trade in wool sheared from live vicuñas and in the stock extant at the time of the ninth meeting of the Conference of the Parties (November 1994) of 3 249 kg of wool, and in cloth and items made thereof, including luxury handicrafts and knitted articles. The reverse side of the cloth must bear the logotype adopted by the range States of the species, which are signatories to the Convenio para la Conservación y Manejo de la Vicuña, and the selvages the words 'VICUÑA-PERU'. Other products must bear a label including the logotype and the designation 'VICUÑA-PERU-ARTESANÍA'. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly.

e All species are listed in Appendix II except Balaena mysticetus, Eubalaena spp., Balaenoptera acutorostrata (except population of West Greenland), Balaenoptera bonaerensis, Balaenoptera borealis, Balaenoptera edeni, Balaenoptera musculus, Balaenoptera physalus, Megaptera novaeangliae, Orcaella brevirostris, Sotalia spp, Sousa spp, Eschrichtius robustus, Lipotes vexillifer, Caperea marginata, Neophocaena phocaenoides, Phocoena sinus, Physeter catodon, Platanista spp., Berardius spp., Hyperoodon spp., which are listed in Appendix I. Specimens of the species listed in Appendix II to the Convention, including products and derivatives other than meat products for commercial purposes, taken by the people of Greenland under licence granted by the competent authority concerned, shall be treated as belonging to Annex B. A zero annual export quota is established for live specimens from the Black Sea population of *Tursiops truncatus* removed from the wild and traded for primarily commercial purposes.

f Populations of Botswana, Namibia, South Africa and Zimbabwe (listed in Annex B): For the exclusive purpose of allowing: a) trade in hunting trophies for non-commercial purposes; b) trade in live animals to appropriate and acceptable destinations as defined in Res. Conf. 11.20 for Botswana and Zimbabwe and for in situ conservation programmes for Namibia and South Africa; c) trade in hides; d) trade in hair; e) trade in leather goods for commercial or non-commercial purposes for Botswana, Namibia and South Africa and for non-commercial purposes for Zimbabwe; f) trade in individually marked and certified Ekipas incorporated in finished jewellery for non-commercial purposes for Namibia and ivory carvings for non commercial purposes for Zimbabwe; g) trade in registered raw ivory (for Botswana, Namibia, South Africa and Zimbabwe whole tusks and pieces) subject to the following: i) only registered government-owned stocks, originating in the State (excluding seized ivory and ivory of unknown origin); ii) only to trading partners that have been verified by the Secretariat, in consultation with the Standing Committee, to have sufficient national legislation and domestic trade controls to ensure that the imported ivory will not be re-exported and will be managed in accordance with all requirements of Resolution Conf. 10.10 (Rev. CoP14) concerning domestic manufacturing and trade; iii) not before the Secretariat has verified the prospective importing countries and the registered government-owned stocks; iv) Raw ivory pursuant to the conditional sale of registered government-owned ivory stocks agreed at COP12 which are 20 000 kg (Botswana), 10 000 kg (Namibia), 30 000 kg (South Africa); v) In addition to the quantities agreed at COP12, government-owned ivory from Botswana, Zimbabwe, Namibia and South Africa registered by the 31st of January 2007 and verified by the Secretariat may be traded and despatched, with the ivory in g) iv) in a single sale per destination under strict supervision of the Secretariat; vi) the proceeds of the trade are used exclusively for elephant conservation and community conservation and development programmes within or adjacent to the elephant range; and vii) The additional quantities specified in g) v) shall be traded only after the Standing Committee has agreed that the above conditions have been met; h) No further proposals to allow trade in elephant ivory from populations already on Annex B shall be submitted to the Conference of the Parties for the period from COP14 and ending nine years from the date of the single sale of ivory that is to take place in accordance with provisions in paragraph g) i), g) ii), g) iii), g) vi) and g) vii). In addition, such further proposals shall be dealt with in accordance with Decisions 14.77 and 14.78. On a proposal from the Secretariat, the Standing Committee can decide to cause this trade to cease partially or completely in the event of non-compliance by exporting or importing countries, or in the case of proven detrimental impacts of the trade on other elephant populations. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly.

**g** The following are not subject to the provisions of this Regulation:

Fossils

Coral sand, that is to say material consisting entirely or in part of finely crushed fragments of dead coral no larger than 2 mm in diameter and which may also contain, amongst other things, the remains of Foraminifera, molluse and crustacean shell, and coralline algae

Coral fragments (including gravel and rubble), that is to say unconsolidated fragments of broken finger-like dead coral and other material between 2 and 30 mm in diameter.

h Artificially propagated specimens of the following hybrids and/or cultivars are not subject to the provisions of this Regulation:

Hatiora x graeseri

Schlumbergera x buckleyi

Schlumbergera russelliana x Schlumbergera truncata

Schlumbergera orssichiana x Schlumbergera truncata

Schlumbergera opuntioides x Schlumbergera truncata

- Schlumbergera truncata (cultivars)
- Castagaga ann aglaur mutanta lagling abla

Cactaceae spp. colour mutants lacking chlorophyll, grafted on the following grafting stocks: *Harrisia*'Jusbertii', *Hylocereus trigonus* or *Hylocereus undatus* 

- Opuntia microdasys (cultivars)
- Artificially propagated hybrids of the following genera are not subject to the provisions of this Regulation, if conditions, as indicated in paragraphs a) and b) below, are met: Cymbidium, Dendrobium, Phalaenopsis and Vanda:
   a) Specimens are readily recognisable as artificially propagated and do not show any signs of having been collected

) Specimens are readily recognisable as artificially propagated and do not show any signs of having been collected in the wild such as mechanical damage or strong dehydration resulting from collection, irregular growth and

	Ranodon sibiricus	Semirechensk salamander / Central Asian salamander / Siberian salamander
Plethodontidae		Lungless salamanders
	Bolitoglossa dofleini	Giant palm salamander
Salamandridae		Newts and salamanders
	Cynops ensicauda	Sword-tailed newt
	<i>Echinotriton andersoni</i>	Anderson's salamander
		Sword-tailed newt Anderson's salamander

	Pachytriton labiatus	Paddletail newt
	Paramesotriton spp.	Warty newt
	Salamandra algira	North African fire salamander
	Tylototriton spp.	Crocodile newts
ACTINOPTERYGII		Fish
PERCIFORMES		
Apogonidae		
	Pterapogon kauderni	Banggai cardinalfish
ARTHROPODA (ARTI	HROPODS)	<b>.</b>
INSECTA		Insects
LEPIDOPTERA		Butterflies
Papilionidae		Birdwing and swallow-tail butterflies
	Baronia brevicornis	Short-horned baronia
	Papilio grosesmithi	
	Papilio maraho	Broad-tailed swallowtail
FLORA	•	
AGAVACEAE		Agaves
	Calibanus hookeri	
	Dasylirion longissimum	Beargrass
ARACEAE		Arums
	Arisaema dracontium	Green dragon
	Arisaema erubescens	
	Arisaema galeatum	
	Arisaema nepenthoides	
	Arisaema sikokianum	
	Arisaema thunbergii var. urashima	
	Arisaema tortuosum	
	Biarum davisii ssp. marmarisense	
	Biarum ditschianum	
COMPOSITAE		Asters, daisies, costus
(ASTERACEAE)	Arnica montana §3	Mountain tobacco
	Othonna cacalioides	
	Othonna clavifolia	

	Othonna hallii	
	Othonna herrei	
	Othonna lepidocaulis	
	Othonna retrorsa	
ERICACEAE		Heathers, rhododendrons
	Arctostaphylos uva-ursi §3	Bearberry
GENTIANACEAE		Gentians
	Gentiana lutea §3	Great yellow gentian
LEGUMINOSAE		Legumes
(FABACEAE)	Dalbergia granadillo §4	Black rosewood
	Dalbergia retusa (Except for the populations which are included in Annex C) §4	Black rosewood
	Dalbergia stevensonii (Except for the populations which are included in Annex C) §4	Honduras rosewood
LYCOPODIACEAE		Clubmosses
	Lycopodium clavatum §3	Stagshorn clubmoss
MELIACEAE		Mahoganies
	Cedrela fissilis §4	
	Cedrela lilloi (C. angustifolia) §4	
	Cedrela montana §4	
	Cedrela oaxacensis §4	
	<i>Cedrela odorata</i> (Except for the populations which are included in Annex C) §4	Spanish cedar
	Cedrela salvadorensis §4	
	Cedrela tonduzii §4	
MENYANTHACEAE		Bogbeans
	Menyanthes trifoliata §3	Bogbean
PARMELIACEAE		Parmelioid lichens
	Cetraria islandica §3	Icelandic moss
PASSIFLORACEAE		Desert roses
	Adenia glauca	Desert rose
	Adenia pechuelli	Desert rose

PORTULACACEAE		Portulas, purslanes
	Ceraria carrissoana	
	Ceraria fruticulosa	
LILIACEAE		Lilies
	Trillium pusillum	Dwarf wakerobin
	Trillium rugelii	Illscented wakerobin
	Trillium sessile	Sessile-flowered wakerobin wood-lily
PEDALIACEAE		Sesame, devil's claw
	Harpagophytum spp. §3	Devil's claw
SELAGINELLACEAE		Clubmosses, spikemosses
	Selaginella lepidophylla	Rose of Jericho]
