REGULATION (EC) No 1893/2006 OF THE
EUROPEAN PARLIAMENT AND OF THE COUNCIL

of 20 December 2006

establishing the statistical classification of economic activities NACE
Revision 2 and amending Council Regulation (EEC) No 3037/90
as well as certain EC Regulations on specific statistical domains

(Text with EEA relevance)

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 285(1) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Central Bank⁽¹⁾,

Acting in accordance with the procedure laid down in Article 251 of the Treaty⁽²⁾,

Whereas:

- (1) Council Regulation (EEC) No 3037/90⁽³⁾ established the statistical classification of economic activities in the European Community (hereinafter referred to as 'NACE Rev. 1' or 'NACE Rev. 1.1').
- (2) In order to reflect the technological development and structural changes of the economy, an up-to-date classification, called NACE Revision 2, should be established (hereinafter referred to as 'NACE Rev. 2').
- (3) An up-to-date classification such as NACE Rev. 2 is central to the Commission's ongoing efforts to modernise the production of Community statistics; it is expected to contribute, through more comparable and relevant data, to better economic governance at both Community and national level.
- (4) In order to function, the internal market requires statistical standards applicable to the collection, transmission and publication of national and Community statistics so that businesses, financial institutions, governments and all other operators in the internal market can have access to reliable and comparable statistical data. To this end, it is vital that the various categories for classifying activities in the Community be interpreted uniformly in all the Member States.

Status: Point in time view as at 20/12/2006.

Changes to legislation: *There are currently no known outstanding effects for the Regulation (EC) No 1893/2006 of the European Parliament and of the Council. (See end of Document for details)*

- (5) Reliable and comparable statistics are necessary to enable businesses to assess their competitiveness, and are useful to the Community institutions in preventing distortions of competition.
- (6) The establishment of a revised common statistical classification of economic activities does not oblige Member States to collect, publish or supply data. Only if the Member States use activity classifications linked to the Community classification is it possible to provide integrated information with the reliability, speed, flexibility and degree of detail required for the management of the internal market.
- (7) Provision should be made for the Member States to be able, in order to meet national requirements, to integrate into their national classifications additional categories based on the statistical classification of economic activities in the Community.
- (8) The international comparability of economic statistics requires that the Member States and the Community institutions use classifications of economic activities which are directly linked to the International Standard Industrial Classification of all economic activities (ISIC) Rev. 4, as adopted by the Statistical Commission of the United Nations.
- (9) Use of the classification of economic activities in the Community requires that the Commission be assisted by the Statistical Programme Committee set up by Council Decision 89/382/EEC, Euratom⁽⁴⁾ in particular as regards: the examination of problems arising from implementation of NACE Rev. 2; ensuring a fully coordinated transition from NACE Rev. 1 to NACE Rev. 2; and, the preparation of future amendments to NACE Rev. 2.
- (10) Council Regulation (EEC) No 2186/93⁽⁵⁾ established a common framework for setting up statistical business registers with harmonised definitions, characteristics, scope and updating procedures.
- (11) The establishment of a revised statistical classification of economic activities makes it necessary to modify specifically various references to NACE Rev. 1 as well as to amend a number of relevant instruments. It is therefore necessary to amend the following instruments: Regulation (EEC) No 3037/90; Council Regulation (EEC) No 3924/91 of 19 December 1991 on the establishment of a Community survey of industrial production⁽⁶⁾; Council Regulation (EC, Euratom) No 58/97 of 20 December 1996 concerning structural business statistics⁽⁷⁾; Council Regulation (EC) No 1165/98 of 19 May 1998 concerning short term statistics⁽⁸⁾; Council Regulation (EC) No 1172/98 of 25 May 1998 on statistical returns in respect of the carriage of goods by road⁽⁹⁾; Council Regulation (EC) No 530/1999 of 9 March 1999 concerning structural statistics on earnings and on labour costs⁽¹⁰⁾; Regulation (EC) No 2150/2002 of the European Parliament and of the Council of 25 November 2002 on waste statistics⁽¹¹⁾; Regulation (EC) No 450/2003 of the European Parliament and of the Council of 27 February 2003 concerning the labour cost index⁽¹²⁾; Regulation (EC) No 48/2004 of the European Parliament and of the Council of 5 December 2003 on the production of annual Community statistics on the steel industry for the reference years 2003-2009⁽¹³⁾; Regulation (EC) No 808/2004 of the European Parliament and of the Council of 21 April 2004 concerning Community statistics on the information society⁽¹⁴⁾; and, Regulation

Status: Point in time view as at 20/12/2006.

(EC) No 1552/2005 of the European Parliament and of the Council of 7 September 2005 on statistics relating to vocational training in enterprises⁽¹⁵⁾.

- (12) A number of Community instruments need to be amended, according to the specific procedures applicable to them, before transition to NACE Rev. 2, namely: Council Regulation (EC) No 2223/96 of 25 June 1996 on the European system of national and regional accounts in the Community⁽¹⁶⁾; Regulation (EC) No 138/2004 of the European Parliament and of the Council of 5 December 2003 on the economic accounts for agriculture in the Community⁽¹⁷⁾; and Regulation (EC) No 184/2005 of the European Parliament and the Council of 12 January 2005 on Community statistics concerning balance of payments, international trade in services and foreign direct investment⁽¹⁸⁾.
- (13) The measures necessary for the implementation of this Regulation should be adopted in accordance with Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission⁽¹⁹⁾.
- (14) In particular, power should be conferred on the Commission to amend or supplement NACE Rev. 2 in order to take account of technological or economic developments or to align it with other economic and social classifications. Since these measures are of general scope and designed to amend non-essential elements of this Regulation or to supplement this Regulation by the addition of new non-essential elements, they should be adopted in accordance with the regulatory procedure with scrutiny provided for in Article 5a of Decision 1999/468/EC.
- (15) Since the objective of this Regulation, namely the creation of common statistical standards that permit the production of harmonised data, cannot be sufficiently achieved by the Member States and can therefore be better achieved at Community level, the Community may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary to achieve that objective.
- (16) The Statistical Programme Committee has been consulted,

HAVE ADOPTED THIS REGULATION:

4 In the event of incompatibility between certain NACE Rev. 2 headings and the national economic structure, the Commission may authorise a Member State to use an aggregation of NACE Rev. 2 headings in a specific sector.

- a to take account of technological or economic developments; or
- b to align it with other economic and social classifications.

3 Consideration shall be given to the principle that the benefits of updating NACE Rev. 2 must outweigh its costs, and to the principle that additional costs and burdens remain within a reasonable limit.
