

COMMISSION REGULATION (EC) No 2025/2006

of 22 December 2006

amending Regulation (EC) No 796/2004 laying down detailed rules for the implementation of cross-compliance, modulation and the integrated administration and control system provided for in Council Regulation (EC) No 1782/2003 establishing common rules for direct support schemes under the common agricultural policy and establishing certain support schemes for farmers

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1782/2003 of 29 September 2003 establishing common rules for direct support schemes under the common agricultural policy and establishing certain support schemes for farmers and amending Regulations (EEC) No 2019/93, (EC) No 1452/2001, (EC) No 1453/2001, (EC) No 1454/2001, (EC) No 1868/94, (EC) No 1251/1999, (EC) No 1254/1999, (EC) No 1673/2000, (EEC) No 2358/71 and (EC) No 2529/2001⁽¹⁾, and in particular Article 145(c) and (n) thereof,

Whereas:

- (1) Following the amendments of the rules of eligibility of hemp under the single payment scheme introduced by Article 2 of Council Regulation (EC) No 953/2006⁽²⁾, Commission Regulation (EC) No 796/2004⁽³⁾ needs to be amended with regard to the application procedure. Moreover, experience has shown that certain provisions of that Regulation need to be simplified or clarified.
- (2) From 2007 onwards, hemp produced for other uses than fibre will, pursuant to Chapter 4 of Title III of Regulation (EC) No 1782/2003, be allowed as a land use under the single payment scheme. In this respect a contract or commitment for the hemp produced is no longer required. As a consequence, Article 13 of Regulation (EC) No 796/2004 should be adapted accordingly.
- (3) The aid to sugar beet and cane producers provided for in Chapter 10f of Title IV of Regulation (EC) No 1782/2003 is, due to its nature, not related to agricultural area. The provisions concerning the single application under Regulation (EC) No 796/2004 should therefore not apply to that aid scheme. Provisions should subsequently be made for an appropriate appli-

cation procedure. Moreover, since farmers are not bound anymore to declare separately the areas used for sugar beet or cane production, the provisions to draw an additional control sample from the farmers applying for the aid to sugar and cane producers should be abolished.

- (4) In order to harmonise the rules under the area-related aid schemes and to simplify the administration and the controls of the applications for aid, features referred to in acts listed in Annex III to Regulation (EC) No 1782/2003, or which may form part of the good agricultural and environmental condition as referred to in Article 5 of that Regulation and Annex IV thereto, shall be eligible not only for the single payment scheme but for all area-related aid schemes.
- (5) Article 54(6) of Regulation (EC) No 1782/2003 requires that set-aside entitlements are to be claimed before any other entitlements. In order to ensure equal treatment of farmers who do not have all the required set-aside area available to claim for all their set-aside entitlements, the provisions set out in Article 50(4) of Regulation (EC) No 796/2004 should be clarified.
- (6) Reductions of payments to be applied by way of off-setting against payments the following three years, and recovery of undue payment, are only possible against payments provided for under Titles III, IV and IVa of Regulation (EC) No 1782/2003. The off-setting and recovery payments should also be possible against payments of the additional amount of aid provided for in Article 12 of that Regulation.
- (7) Regulation (EC) No 796/2004 should therefore be amended accordingly.
- (8) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Direct Payments,

By way of derogation from point (c) of the first subparagraph, where sowing takes place after the deadline for submitting the single application, the labels shall be submitted by 30 June at the latest. Where the labels also have to be submitted to other national authorities, the Member States may provide for those labels to be returned to the farmer once they have been submitted in accordance with that point. The labels returned shall be marked as used for an application.

In the case where an application for aid for arable crops area payments in accordance with Chapter 10 of Title IV of Regulation (EC) No 1782/2003 contains a declaration of cultivation of flax and hemp grown for fibre as referred to in Article 106 of that Regulation, the single application shall contain a copy of the contract or commitment referred to in that Article, unless the Member State has provided that that copy may be submitted by a later date, which shall not be later than 15 September.
