## ANNEX I

### LIST OF POSSIBLE VECTOR SPECIES AND THE CONDITIONS UNDER WHICH THOSE SPECIES SHALL BE REGARDED AS VECTORS

Diseases	Vectors		
	Species which shall be regarded as vectors for the purposes of Article 17(1) and (2) where the additional conditions set out in Columns 3 and 4 of this table are fulfilled	Additional conditions related to the place of origin of the aquatic animals of the species listed in Column 2	Additional conditions related to the place of destination of the aquatic animals of the species listed in Column 2
Column 1	Column 2	Column 3	Column 4
Epizootic haematopoietic necrosis	Bighead carp ( <i>Aristichthys nobilis</i> ), goldfish ( <i>Carassius auratus</i> ), crucian carp ( <i>C. carassius</i> ), common carp and koi carp ( <i>Cyprinus carpio</i> ), silver carp ( <i>Hypophthalmichthys molitrix</i> ), Chub ( <i>Leuciscus spp</i> ), Roach ( <i>Rutilus rutilus</i> ), Rudd ( <i>Scardinius erythrophthalmus</i> ), tench ( <i>Tinca tinca</i> )	No additional conditions	No additional conditions
[ <sup>F1</sup> ]			
Infection with <i>Bonamia exitiosa</i>	Portuguese oyster ( <i>Crassostrea angulata</i> ), Pacific cupped oyster ( <i>Crassostrea gigas</i> ), American cupped oyster ( <i>Crassostrea virginica</i> )	Aquatic animals of the species listed in Column 2 shall only be regarded as vectors for the disease listed in Column 1 where they originate from a farm or mollusc farming area where species susceptible to that disease are present.	Aquatic animals of the species listed in Column 2 shall only be regarded as vectors for the disease listed in Column 1 where they are intended for a farm or mollusc farming area keeping species susceptible to that disease.
Infection with <i>Perkinsus marinus</i>	European lobster ( <i>Homarus gammarus</i> ), Marine	Aquatic animals of the species listed in Column 2 shall	Aquatic animals of the species listed in Column 2 shall

EUROPEAN UNION		Placing on the market of aquaculture animals or products thereof for human consumption	
II. Health information		II.a. Certificate reference No	II.b.
Part II: Certification	<b>II.1 General requirements</b>		
	I, the undersigned official inspector, hereby certify that the aquaculture animals or products thereof referred to in Part I of this certificate:		
	II.1.1	comply with the requirements for placing on the market laid down in Council Directive 2006/88/EC.	
	<b>II.2</b>	<sup>(1)(2)</sup> [Requirements for species susceptible to Viral haemorrhagic septicaemia (VHS), Infectious haematopoietic necrosis (IHN), Infectious salmon anaemia (ISA), Koi herpes virus (KHV), Marteilia refringens, Bonamia ostreae, and/or White spot disease]	
	I, the undersigned official inspector, hereby certify that the aquaculture animals or products thereof referred to above:		
	II.2.1	<sup>(1)</sup> originate from a Member State, zone or compartment declared free from <sup>(1)</sup> [VHS] <sup>(1)</sup> [IHN] <sup>(1)</sup> [ISA] <sup>(1)</sup> [KHV] <sup>(1)</sup> [Marteilia refringens] <sup>(1)</sup> [Bonamia ostreae] <sup>(1)</sup> [White spot disease] in accordance with Chapter VII of Directive 2006/88/EC.]	
	<b>II.3 Transport and labelling requirements</b>		
	I, the undersigned official inspector, hereby certify that:		
	II.3.1	the aquaculture animals or products thereof referred to above,	
		(i) are placed under conditions, including with a water quality, that do not alter their health status;	
		(ii) as appropriate, comply with the general conditions for the transport of animals laid down in Article 3 of Council Regulation (EC) No 1/2005;	
	II.3.2	the transport container or well boat prior to loading is clean and disinfected or previously unused; and	
	II.3.3	the consignment is identified by a legible label on the exterior of the container, or when transported by well boat, in the ship's manifest, with the relevant information referred to in boxes I.8 to I.13 of Part I of this certificate, and the following statement:  " <sup>(1)</sup> [Fish] <sup>(1)</sup> [Molluscs] <sup>(1)</sup> [Crustaceans] intended for <sup>(1)</sup> [further processing] <sup>(1)</sup> [dispatch centres or similar businesses] <sup>(1)</sup> [purification centres or similar businesses] before human consumption in the European Union".	
	<b>II.4</b>	<sup>(1)(3)</sup> [Attestation for consignments originating from an area subject to disease control measures]	
	I, the undersigned official inspector, hereby certify that:		
II.4.1	either <sup>(1)</sup> [the animals referred to above have been inspected within 24 hours of loading, and showed no clinical signs of disease],  or <sup>(1)</sup> [in the case of eggs and molluscs, come from a farm or mollusc farming area where, according to the records of the farm or mollusc farming area, there is no indication of disease problems];		
II.4.2	the animals referred to above originate from an area subject to disease control measures regarding <sup>(1)</sup> [Epizootic ulcerative syndrome (EUS)] <sup>(1)</sup> [Epizootic haematopoietic necrosis (EHN)] <sup>(1)</sup> [Viral haemorrhagic septicaemia (VHS)] <sup>(1)</sup> [Infectious haematopoietic necrosis (IHN)] <sup>(1)</sup> [Infectious salmon anaemia (ISA)] <sup>(1)</sup> [Koi herpes virus (KHV)] <sup>(1)</sup> [Bonamia exitiosa] <sup>(1)</sup> [Perkinsus marinus] <sup>(1)</sup> [Mikrocytos mackini] <sup>(1)</sup> [Marteilia refringens] <sup>(1)</sup> [Bonamia ostreae] <sup>(1)</sup> [Taura syndrome] <sup>(1)</sup> [Yellowhead disease] <sup>(1)</sup> [White spot disease] <sup>(1)(4)</sup> [the following emerging disease: .....];		
II.4.3	the animals referred to above are allowed to be placed on the market according to the control measures laid down; and		
II.4.4	the consignment is identified by a legible label on the exterior of the container, or when transported by well boat, in the ship manifest, with the relevant information referred to in boxes I.8 to I.13 of Part I of this certificate, and the following statement:  " <sup>(1)</sup> [Fish] <sup>(1)</sup> [Molluscs] <sup>(1)</sup> [Crustaceans] originating from an area subject to disease control measures"		
<b>II.5</b>	<sup>(1)(5)</sup> [Requirements for species susceptible to OsHV-1 µvar]		
I, the undersigned official inspector, hereby certify that the aquaculture animals referred to above,			
either	<sup>(1)</sup> originate from a Member State or compartment:		
	(a) where OsHV-1 µvar is notifiable to the competent authority and reports of suspicion of infection of that disease must be immediately investigated by the competent authority,		

*Status: Point in time view as at 01/10/2016.*

*Changes to legislation: There are outstanding changes not yet made to Commission Regulation (EC) No 1251/2008. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)*

EUROPEAN UNION		Placing on the market of aquaculture animals or products thereof for human consumption	
II.	Health information	II.a. Certificate reference No	II.b.
	<p>(b) where all aquaculture animals of species susceptible to OshV-1 <math>\mu</math>var introduced into that Member State or compartment comply with the requirements set out in II.5 of this certificate,</p> <p>(c) <i>either</i> <sup>(1)</sup>[which comply with requirements for disease freedom equivalent to those laid down in Chapter VII of Directive 2006/88/EC.] <i>and/or</i> <sup>(1)</sup>[in the case of consignments intended for a Member State or compartment covered by a programme is approved by Decision 2010/221/EU, which itself is also covered by a surveillance programme approved by Decision 2010/221/EU.]</p> <p>or <sup>(1)</sup>[have been subject to quarantine under conditions at least equivalent to those laid down in Decision 2008/946/EC.]</p>		
<b>Notes</b>			
<b>Part I</b>			
— Box I.12 and I.13: If appropriate, use the authorisation number for the farm, mollusc farming area or establishment in question,			
— Box I.19: Use the appropriate HS codes: 0301, 0302, 030270, 0303, 0306 or 0307,			
— Box I.20 and I.31: As regards quantity, give the total number,			
<b>Part II</b>			
(1) Keep as appropriate.			
(2) Part II.2 of this certificate applies to species susceptible to one or more of the diseases referred to in the title. Susceptible species are listed in Part II of Annex IV to Directive 2006/88/EC.			
To be authorised into a Member State, zone or compartment declared free from VHS, IHN, ISA, KHV, <i>Marteilia refringens</i> , <i>Bonamia ostreae</i> , or Whitespot disease or with a surveillance or eradication programme established in accordance with Article 44(1) or (2) of Directive 2006/88/EC, this statement must be kept if the consignment contains species susceptible to the disease(s) for which disease freedom or programme(s) apply(ies), unless the consignment is intended for processing establishments authorised in accordance with Article 4(2) of Directive 2006/88/EC, or for dispatch centres, purification centres or similar businesses which are equipped with an effluent treatment system inactivating the pathogens in question, or where the effluent is subject to other types of treatment reducing the risk of transmitting diseases to the natural waters to an acceptable level.			
Data on the disease status of each farm and mollusc farming area in the European Union are accessible at <a href="http://ec.europa.eu/food/animal/liveanimals/aquaculture/index_en.htm">http://ec.europa.eu/food/animal/liveanimals/aquaculture/index_en.htm</a>			
(3) Part II.4 of this certificate applies to consignments of aquaculture animals and products thereof which according to Article 8 of Regulation (EC) No 1251/2008 must be accompanied by a certificate and which in compliance with the placing on the market requirements of Directive 2006/88/EC are allowed by the competent authority to leave an area subject to control provisions provided for in Sections 3 to 6 of Chapter V of Directive 2006/88/EC or a Member State, zone or compartment with an eradication programme approved in accordance with Article 44(2) of that Directive.			
(4) Applicable when measures are taken in accordance with Article 41 of Directive 2006/88/EC.			
(5) Part II.5 of this certificate only applies to consignments intended for dispatch centres, purification centres or similar businesses in Member States or compartments which are regarded as disease-free, or for which a programme is approved by Decision 2010/221/EU as regards OshV-1 $\mu$ var, and the consignment comprises species listed in Part C of Annex II to Regulation (EC) No 1251/2008 as susceptible to OshV-1 $\mu$ var.			
The requirements set out in part II.5 shall not apply to consignments intended for dispatch centres, purification centres or similar businesses which are equipped with an effluent treatment system validated by the competent authority that inactivates enveloped viruses or reduces the risk of transmitting diseases to the natural waters to an acceptable level.

COUNTRY		Aquaculture animals for farming, relaying, put and take fisheries and open ornamental facilities	
	II. Health information	II.a. Certificate reference number	II.b.
Part II: Certification	<b>II.1. General requirements</b>		
	I, the undersigned official inspector, hereby certify that the aquaculture animals referred to in Part I of this certificate:		
	II.1.1. have been inspected within 72 hours of loading, and showed no clinical signs of disease;		
	II.1.2. are not subject to any prohibitions due to unresolved increased mortality;		
	II.1.3. are not intended for destruction or slaughter for the eradication of diseases; and		
	II.1.4. originate from aquaculture farms which are all under the supervision of the competent authority;		
	II.1.5. <sup>(1)</sup> [in the case of molluscs, were subject to an individual visual check of each part of the consignment, and no molluscs species other than those specified in Part I of the certificate were detected.]		
	<b>II.2. <sup>(1)</sup><sup>(2)</sup><sup>(3)</sup> [Requirements for species susceptible to Epizootic haematopoietic necrosis (EHN), Bonamia exitiosa, Perkinsus marinus, Mikrocytos mackini, Taura syndrome and/or Yellowhead disease]</b>		
	I, the undersigned official inspector, hereby certify that the aquaculture animals referred to above:		
	<i>either</i> <sup>(1)</sup> <sup>(5)</sup> [originate from a country/territory, zone or compartment declared free from <sup>(1)</sup> [EHN] <sup>(1)</sup> [Bonamia exitiosa] <sup>(1)</sup> [Perkinsus marinus] <sup>(1)</sup> [Mikrocytos mackini] <sup>(1)</sup> [Taura syndrome] <sup>(1)</sup> [Yellowhead disease] in accordance with Chapter VII of Council Directive 2006/88/EC or the relevant OIE Standard by the competent authority of the country of origin, and		
	(i) where the relevant disease(s) is (are) notifiable to the competent authority and reports of suspicion of infection of the relevant disease(s) must be immediately investigated by the competent authority,		
	(ii) all introduction of species susceptible to the relevant disease(s) come from an area declared free of the disease(s), and		
	(iii) species susceptible to the relevant disease(s) are not vaccinated against the relevant disease(s);		
	<i>or</i> <sup>(1)</sup> <sup>(3)</sup> <sup>(5)</sup> [in the case of wild aquatic animals, have been subject to quarantine in accordance with Decision 2008/946/EC.]		
	<b>II.3. <sup>(1)</sup><sup>(4)</sup> [Requirements for vector species to Epizootic haematopoietic necrosis (EHN), Bonamia exitiosa, Perkinsus marinus, Mikrocytos mackini, Taura syndrome and/or Yellowhead disease]</b>		
	I, the undersigned official inspector, hereby certify that the aquaculture animals referred to above which are to be regarded as possible vectors to <sup>(1)</sup> [EHN] <sup>(1)</sup> [Bonamia exitiosa] <sup>(1)</sup> [Perkinsus marinus] <sup>(1)</sup> [Mikrocytos mackini] <sup>(1)</sup> [Taura syndrome] <sup>(1)</sup> [Yellowhead disease] as they are of species listed in Column 2 and fulfil the conditions set out in Column 3 of the table in Annex I to Regulation (EC) No 1251/2008:		
	<i>either</i> <sup>(1)</sup> <sup>(5)</sup> [originate from a country/territory, zone or compartment declared free from <sup>(1)</sup> [EHN] <sup>(1)</sup> [Bonamia exitiosa] <sup>(1)</sup> [Perkinsus marinus] <sup>(1)</sup> [Mikrocytos mackini] <sup>(1)</sup> [Taura syndrome] <sup>(1)</sup> [Yellowhead disease] in accordance with Chapter VII of Council Directive 2006/88/EC or the relevant OIE Standard by the competent authority of the country of origin, and		
	(i) where the relevant disease(s) is (are) notifiable to the competent authority and reports of suspicion of infection of the relevant disease(s) must be immediately investigated by the competent authority,		
	(ii) all introduction of species susceptible to the relevant disease(s) come from an area declared free of the disease(s), and		
	(iii) species susceptible to the relevant disease(s) are not vaccinated against the relevant disease(s);		
	<i>or</i> <sup>(1)</sup> <sup>(5)</sup> [have been subject to quarantine in accordance with Decision 2008/946/EC.]		
	<b>II.4. <sup>(1)</sup><sup>(2)</sup><sup>(3)</sup> [Requirements for species susceptible to Viral haemorrhagic septicaemia (VHS), Infectious haematopoietic necrosis (IHN), Infectious salmon anaemia (ISA), Koi herpes virus (KHV), Marteilia refringens, Bonamia ostreae, and/or White spot disease]</b>		
	I, the undersigned official inspector, hereby certify that the aquaculture animals referred to above:		
	<i>either</i> <sup>(1)</sup> <sup>(6)</sup> [originate from a country/territory, zone or compartment declared free from <sup>(1)</sup> [VHS] <sup>(1)</sup> [IHN] <sup>(1)</sup> [ISA] <sup>(1)</sup> [KHV] <sup>(1)</sup> [Marteilia refringens] <sup>(1)</sup> [Bonamia ostreae] <sup>(1)</sup> [White spot disease] in accordance with Chapter VII of Directive 2006/88/EC or the relevant OIE Standard by the competent authority of the country of origin, and		
	(i) where the relevant disease(s) is (are) notifiable to the competent authority and reports of suspicion of infection of the relevant disease(s) must be immediately investigated by the competent authority,		
	(ii) all introduction of species susceptible to the relevant disease(s) come from an area declared free of the disease(s), and

<p><i>either</i> <sup>(1)</sup> [originate from a country/territory or part thereof:</p> <p>(a) where <sup>(1)</sup> [SVC] <sup>(1)</sup> [GS] <sup>(1)</sup> [BKD] <sup>(1)</sup> [IPN] is (are) notifiable to the competent authority and reports of suspicion of infection of the relevant disease(s) must be immediately investigated by the competent authority;</p> <p>(b) where all aquaculture animals of species susceptible to the relevant disease(s) introduced into that country/territory or part thereof comply with the requirements set in Part II.5 of this certificate;</p> <p>(c) where species susceptible to the relevant disease(s) are not vaccinated against the relevant disease(s); and</p> <p>(d) which comply with the requirements for disease freedom as regards <sup>(1)</sup> [SVC] <sup>(1)</sup> [GS] <sup>(1)</sup> [BKD] <sup>(1)</sup> [IPN] laid down in the relevant OIE standard or at least equivalent to those laid down in Chapter VII of Directive 2006/88/EC.]</p> <p><i>or</i> <sup>(1)</sup> <sup>(2)</sup> [have been subject to quarantine under conditions at least equivalent to those laid down in Decision 2008/946/EC.]]</p>			
<b>Notes</b>			
<b>Part I:</b>			
— Box I.19: Use the appropriate Harmonised System (HS) codes of the World Customs Organisation of the following headings: 0301, 0306, 0307, 0308 or 0511.			
— Box I.20 and I.28: As regards quantity, give the total number in kg, except for the ornamental fish.			
— Box I.25: Use the option "Pets" for ornamental aquatic animals intended for pet shops or similar businesses for further sale, "Circus/exhibition" for ornamental aquatic animals intended for exhibition aquaria or similar businesses not for further sale and "Quarantine" if the ornamental aquatic animals are intended for a quarantine facility.			
<b>Part II:</b>			
<sup>(1)</sup> Keep as appropriate.			
<sup>(2)</sup> Parts II.2 and II.3 of this certificate only applies to species susceptible to one or more of the diseases referred to in the heading of the part concerned. Susceptible species are listed in Part II of Annex IV to Directive 2006/88/EC.			
<sup>(3)</sup> Consignments of ornamental aquatic animals may be imported regardless of the requirements in Parts II.2 and II.3 if they are intended for a quarantine facility complying with the requirements laid down in Decision 2008/946/EC.			
<sup>(4)</sup> To be authorised into the Union one of these statements must be kept if the consignments contain species susceptible to EHN, <i>Bonamia exitiosa</i> , <i>Perkinsus marinus</i> , <i>Mikrocytos mackini</i> , Taura syndrome and/or Yellowhead disease.			
<sup>(5)</sup> To be authorised into a Member State, zone or compartment declared free from VHS, IHN, ISA, KHV, <i>Marteilia refringens</i> , <i>Bonamia ostreae</i> , or Whitespot disease or with a surveillance or eradication programme drawn up in accordance with Article 44(1) or (2) of Directive 2006/88/EC, one of these statements must be kept if the consignment contain species susceptible to the disease(s) for which disease freedom or surveillance or eradication programme(s) apply(ies). Data on the disease status in different parts of the Union are accessible at <a href="http://ec.europa.eu/food/animal/liveanimals/aquaculture/index_en.htm">http://ec.europa.eu/food/animal/liveanimals/aquaculture/index_en.htm</a>			
<sup>(6)</sup> Part II.5 of this certificate only applies to consignments intended for a Member State or part thereof which is regarded as disease-free, or for which an programme is approved by Decision 2010/221/EU as regards SVC, BKD, IPN or GS, and the consignment comprises species listed in Part C of Annex II as susceptible to the disease(s) for which the disease-free status or programme(s) apply(ies).			
Part II.5 also applies to consignments of fish of any species originating from waters where species listed in Part C of Annex II as species susceptible to infection with GS, are present, where those consignments are intended for a Member State or part thereof listed in Annex I to Decision 2010/221/EU as free of GS.			
Consignments of ornamental aquatic animals for which SVC, IPN and/or BKD related requirements are applicable, may be imported regardless of the requirements in Part II.5 of this certificate if they are intended for a quarantine facility complying with the requirements laid down in Decision 2008/946/EC.			
— The colour of the stamp and signature must be different to that of the other particulars in the certificate.

## PART D

### Addendum for transport of live aquaculture animals by sea

*(To be completed and attached to the animal health certificate where transport to the European Community border includes transport by ship, even for part of the journey.)*

**Declaration by the master of the ship**

I, the undersigned, master of ship (name .....), declare that the live aquaculture animals referred to in attached animal health certificate No ..... have remained on board the ship during the voyage from ..... in ..... (exporting country, zone or compartment) to ..... in the European Community and that the ship did not call at any place outside ..... (exporting country, zone or compartment) en route to the European Community other than: ..... (Ports of call en route). Moreover, during the journey, the aquaculture animals have not been in contact with other aquatic animals of a lower health status on board.

Done at ..... on .....  
(Port of arrival) (Date of arrival)

(Stamp) (Signature of master)  
(Name in capital letters and title)

## [<sup>F7</sup>ANNEX V

### Explanatory notes

#### Textual Amendments

**F7** Substituted by Commission Regulation (EU) No 346/2010 of 15 April 2010 amending Regulation (EC) No 1251/2008 as regards the placing on the market and import requirements for consignments of aquaculture animals intended for Member States or parts thereof with national measures approved by Decision 2010/221/EU (Text with EEA relevance).

- (a) Certificates shall be issued by the competent authorities of the country of origin, based on the appropriate model set out in Annex II and IV to this Regulation taking into account the place of destination and use of the consignment after the arrival at the destination.
- (b) Considering the status of the place of destination as regards non-exotic diseases referred to in Part II of Annex IV to Directive 2006/88/EC in the EU Member State or diseases for which the place of destination has measures approved by to Decision 2010/221/EU approving national measures in accordance with Article 43 of Council Directive 2006/88/EC, the appropriate specific requirements shall be incorporated and completed in the certificate.

---

*Status: Point in time view as at 01/10/2016.*

*Changes to legislation: There are outstanding changes not yet made to Commission Regulation (EC) No 1251/2008. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)*

---

- (c) The 'Place of origin' shall be the localisation of the farm or mollusc farming area where the aquaculture animals were reared reaching their commercial size relevant for the consignment covered by this certificate. For wild aquatic animals 'place of origin' shall be the place of harvest.
- (d) Where the model certificate states that certain statements shall be kept as appropriate, statements which are not relevant, may be crossed out and initialled and stamped by the certifying officer, or completely deleted from the certificate.
- (e) The original of each certificate shall consist of a single sheet of paper, or, where more text is required it must be in such a form that all sheets of paper required are part of an integrated whole and indivisible.
- (f) For import into the Union from third countries, the original of the certificate and the labels referred to in the model certificate shall be drawn up in at least one of the official languages of the Member State of the border inspection post of introduction of the consignment into the Union and of the Member State of destination. However, those Member States may authorise the certificate to be drawn up in the official language of another Member State, and accompanied, if necessary, by an official translation.
- (g) Where additional sheets are attached to the certificate for the purpose of identifying the items making up the consignment, such additional sheets shall also be considered to form part of the original of the certificate, provided the signature and stamp of the certifying official inspector appear on each page.
- (h) When the certificate, including any additional sheets as referred to in (g), comprises more than one page, each page shall be numbered '*-x(page number) of y(total number of pages)-*' on the bottom and shall bear the certificate reference number allocated by the competent authority on the top.
- (i) The original of the certificate must be completed and signed by an official inspector not more than 72 hours prior to loading of the consignment, or not more than 24 hours in those cases where the aquaculture animals must be inspected within 24 hours of loading. The competent authorities of the country of origin shall ensure that principles of certification equivalent to those laid down in Directive 96/93/EC are followed.
- (j) The colour of the signature shall be different from that of the printing. The same requirement shall apply to stamps other than embossed stamps or watermarks.
- (k) For import into the Union from third countries, the original of the certificate must accompany the consignment until it reaches the EU border inspection post. For consignments placed on the market within the Union, the original of the certificate must accompany the consignment until it reaches its final destination.
- (l) A certificate issued for live aquaculture animals shall be valid for 10 days from the date of issue. In the case of transport by ship, the time of validity is prolonged by the time of journey at sea. To that end, the original of a declaration by the ship's master, drawn up in accordance with the addendum drawn up in conformity with the model laid down in Part D of Annex IV, shall be attached to the animal health certificate.
- (m) Please note that the general conditions on the transport of animals laid down in Council Regulation (EC) No 1/2005 on the protection of animals during transport and related operations and amending Directives 64/432/EEC and 93/119/EC and Regulation (EC) No 1255/97 may, where applicable, require measures to be taken after entry into the Union if the requirements of that Regulation are not fulfilled.]
