
Changes to legislation: There are currently no known outstanding effects for the Regulation (EC) No 1334/2008 of the European Parliament and of the Council, Part A.: (See end of Document for details)

ANNEX V

Conditions for the production of thermal process flavourings and
maximum levels for certain substances in thermal process flavourings

Part A:

Conditions for the production

- (a) The temperature of the products during processing shall not exceed 180 °C.
- (b) The duration of the thermal processing shall not exceed 15 minutes at 180 °C with correspondingly longer times at lower temperatures, i.e. a doubling of the heating time for each decrease of temperature by 10 °C, up to a maximum of 12 hours.
- (c) The pH during processing should not exceed the value of 8,0.

Changes to legislation:

There are currently no known outstanding effects for the Regulation (EC) No 1334/2008 of the European Parliament and of the Council, Part A:
