

Commission Regulation (EC) No 506/2008 of 6 June 2008
amending Annex IV to Council Regulation (EC) No 708/2007
concerning use of alien and locally absent species in aquaculture

COMMISSION REGULATION (EC) No 506/2008

of 6 June 2008

amending Annex IV to Council Regulation (EC) No 708/2007
concerning use of alien and locally absent species in aquaculture

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 708/2007 of 11 June 2007 concerning use of alien and locally absent species in aquaculture⁽¹⁾, and in particular Article 24(1), (5) and (6) thereof,

Whereas:

- (1) Regulation (EC) No 708/2007 establishes a framework governing aquaculture practices in relation to alien and locally absent species to assess and minimise the possible impact of these and any associated non-target species on aquatic habitats.
- (2) Annex IV to Regulation (EC) No 708/2007 sets out the list of species to which certain provisions of that Regulation do not apply. Member States may request the Commission to add species to that Annex.
- (3) Before the entry into force of that Regulation, certain Member States requested the addition of certain species to Annex IV. France has proposed, in respect of its outermost regions, the addition of certain species to be included in a separate part of that Annex.
- (4) The Commission convened a group of experts on 7 November 2007 and on 30 and 31 January 2008, in order to assess the eligibility of those species to be included in Annex IV to that Regulation. A new list of species was therefore established to that end.
- (5) Annex IV to Regulation (EC) No 708/2007 should therefore be amended accordingly.
- (6) The measures provided for in this Regulation are in accordance with the opinion of the Committee for Fisheries and Aquaculture,

HAS ADOPTED THIS REGULATION:
