

Commission Regulation (EU) No 115/2010 of 9 February 2010 laying down the conditions for use of activated alumina for the removal of fluoride from natural mineral waters and spring waters (Text with EEA relevance)

Article 3

- 1 The application of a fluoride removal treatment shall be notified to the competent authorities at least three months prior to use.
- 2 With the notification the operator shall communicate to the competent authorities relevant information, documentation and analytical results on the treatment which show that it complies with the Annex.

Changes to legislation:

There are outstanding changes not yet made to Commission Regulation (EU) No 115/2010. Any changes that have already been made to the legislation appear in the content and are referenced with annotations.
