

Commission Implementing Regulation (EU) No 1354/2011 of 20 December 2011
opening annual Union tariff quotas for sheep, goats, sheepmeat and goatmeat

COMMISSION IMPLEMENTING REGULATION (EU) No 1354/2011
of 20 December 2011

opening annual Union tariff quotas for sheep, goats, sheepmeat and goatmeat

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products⁽¹⁾, and in particular Articles 144(1) and 148 in conjunction with Article 4 thereof,

Whereas:

- (1) Union tariff quotas for sheep, goats, sheepmeat and goatmeat should be opened as from 2012. The duties and quantities should be fixed in accordance with the respective international agreements in force in 2012. As a result of the negotiations which led to the Agreement in the form of an Exchange of Letters between the European Union and New Zealand pursuant to Article XXIV:6 and Article XXVIII of the General Agreement on Tariffs and Trade (GATT) 1994 relating to the modification of concessions in the schedules of the Republic of Bulgaria and Romania in the course of their accession to the European Union⁽²⁾, the Union undertook to increase the annual volume of New Zealand by 400 tonnes and to incorporate in its schedule an *erga omnes* annual import tariff quota of meat of sheep and goats of 200 tonnes carcase weight.
- (2) Council Regulation (EC) No 312/2003 of 18 February 2003 implementing for the Community the tariff provisions laid down in the Agreement establishing an association between the European Community and its Member States, of the one part, and the Republic of Chile, of the other part⁽³⁾ has provided for an additional bilateral tariff quota of 2 000 tonnes and an additional 10 % annual increase of the original quantity to be opened for product code 0204 from 1 February 2003. Therefore, 200 tonnes shall be added to the GATT/WTO tariff quota for Chile annually and both quotas should continue to be managed together in the same way.
- (3) Commission Regulation (EU) No 1245/2010 of 21 December 2010 opening Union tariff quotas for 2011 for sheep, goats, sheepmeat and goatmeat⁽⁴⁾ opened for the year 2011 Union tariff quotas in accordance with the respective international agreements in force during the year 2011. Those tariff quotas should be maintained and opened annually while taking into account the provisions of the agreements with New Zealand and Chile referred to above. Regulation (EU) No 1245/2010 becomes also obsolete at the end of the year 2011 and should therefore be repealed. This Regulation should also be applicable for more than one year and respond to an objective of simplification by avoiding the adoption of a regulation every year.

Status: Point in time view as at 01/10/2018.

Changes to legislation: There are currently no known outstanding effects for the Commission Implementing Regulation (EU) No 1354/2011. (See end of Document for details)

- (4) Imports under this Regulation should be managed on a calendar-year basis.
- (5) A carcase-weight equivalent needs to be fixed in order to ensure a proper functioning of the Union tariff quotas.
- (6) Tariff quotas of the sheepmeat and goatmeat products should, by way of derogation from Commission Regulation (EC) No 1439/95 of 26 June 1995 laying down detailed rules for the application of Council Regulation (EEC) No 3013/89 as regards the import and export of products in the sheepmeat and goatmeat sector⁽⁵⁾, be managed in conformity with Article 144(2)(a) of Regulation (EC) No 1234/2007. This should be done in accordance with Articles 308a, 308b and 308c(1) of Commission Regulation (EEC) No 2454/93 of 2 July 1993 laying down provisions for the implementation of Council Regulation (EEC) No 2913/92 establishing the Community Customs Code⁽⁶⁾.
- (7) Tariff quotas under this Regulation should be regarded initially as non-critical within the meaning of Article 308c of Regulation (EEC) No 2454/93 when managed under the first-come, first-served system. Therefore, customs authorities should be authorised to waive the requirement for security in respect of goods initially imported under those tariff quotas in accordance with Articles 308c(1) and 248(4) of Regulation (EEC) No 2454/93.
- (8) It should be clarified which kind of proof certifying the origin of products has to be provided by operators in order to benefit from the tariff quotas under the first-come, first-served system.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for the Common Organisation of Agricultural Markets,
