

## ANNEX IX

### REQUIREMENTS APPLICABLE TO CERTAIN APPROVED AND REGISTERED ESTABLISHMENTS AND PLANTS

#### CHAPTER III

#### REQUIREMENTS FOR STORAGE OF DERIVED PRODUCTS

##### *Section 2*

##### **Specific requirements for storage of certain milk, milk-based products and milk-derived products**

1. The storage of the products referred to in Part II of Section 4 of Chapter II of Annex X shall take place at an appropriate temperature to avoid any risk to public or animal health in a dedicated approved or registered storage establishment or plant or in a dedicated, separate storage area within an approved or registered storage establishment or plant.
2. Samples of the final products taken during storage or at the time of withdrawal from storage, shall at least comply with the microbiological standards set out in Chapter I of Annex X.

**Changes to legislation:**

There are currently no known outstanding effects for the Commission Regulation (EU) No 142/2011, Division Section 2.
