[^{F1}ANNEX X

INSTRUCTIONS TO MASTERS OF FISHING VESSELS REQUIRED TO COMPLETE AND SUBMIT A FISHING LOGBOOK, A LANDING DECLARATION OR A TRANSHIPMENT DECLARATION

Textual Amendments

- F1** Substituted by [Commission Implementing Regulation \(EU\) 2015/1962 of 28 October 2015 amending Implementing Regulation \(EU\) No 404/2011 laying down detailed rules for the implementation of Council Regulation \(EC\) No 1224/2009 establishing a Community control system for ensuring compliance with the rules of the common fisheries policy.](#)

The following general and minimum information on the vessel or vessels fishing activities shall be recorded in the fishing logbook in accordance with Article 14, 15, 21, 22, 23 and 24 of Control Regulation and Title III, Chapters I, II and III of this Regulation, without prejudice of other specific elements or rules required by Union legislation, national authorities of a Member State or of a third country, or by a Regional Fisheries Management Organisation.

1. INSTRUCTIONS CONCERNING THE FISHING LOGBOOK

The master(s) of all fishing vessel(s) participating to a pair fishing operation shall keep a fishing logbook indicating the quantities caught and kept on board in such a way that there is no double counting of catches.

In paper log book, during the same fishing trip, mandatory data elements shall be recorded in each page.

Information concerning the fishing vessel(s) and fishing trip dates

Paper fishing logbookReferenceNumber	Name of the data element(M = Mandatory)(O = Optional)(CIF = Compulsory if applicable)	Description and/or timing to be recorded
(1)	Name of fishing vessel(s), (M) International radio call signal(s), (M) CFR number(s) (M) GFCM, ICCAT number(s) (CIF)	In case of pair fishing operations, the same information for the second fishing vessel, shall be as well recorded. This information shall be entered in paper logbook below those of the vessel in
a	As referred to in Article 10 of Commission Regulation (EC) No 26/2004 of 30 December 2003 on the Community fishing fleet register (OJ L 5, 9.1.2004, p. 25).	
b	As referred to in Article 15(4) and Article 15(5) of Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy and as amended by Regulation (EU) 2015/812 of the European Parliament and of the Council of 20 May 2015, in particular: <ul style="list-style-type: none"> — species in respect of which fishing is prohibited and which are identified as such in a Union legal act adopted in the area of the common fisheries policy, — species for which scientific evidence demonstrates high survival rates, taking into account the characteristics of the gear, of the fishing practices and of the ecosystem, — catches falling under <i>de minimis</i> exemptions, — fish which shows damage caused by predators. 	

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 404/2011. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

		<p>respect of which the fishing logbook is being kept.</p> <p>The Community Fleet Register (CFR) identification number of the vessel is the unique number assigned to a Union vessel by a Member State when the fishing vessel enters in the Union fleet for the first time^a.</p> <p>GFCM or ICCAT register number shall be entered for fishing vessels carrying out regulated fishing activities outside Union waters (CIF).</p>
(2)	External identification (M)	<p>External registration letters and numbers as displayed on the side hull.</p> <p>In case of pair fishing operations, the same information for the second fishing vessel, shall be as well recorded.</p>
(3)	Name and address of the master (M)	<p>Name, first name and detailed address of master (street name, number, city, postal code, Member State or third country) shall be given.</p> <p>In case of pair fishing operations, the same information for the second fishing vessel, shall be as well recorded.</p>
(4)	Date, time and port of departure (M)	<p>Shall be recorded in paper logbook before fishing vessel leaves the port. Date shall be recorded in DD-MM-YYYY and time shall be recorded in HH-MM in local time.</p> <p>Electronic departure message shall be sent before fishing vessel leaves the port. Date</p>

a As referred to in Article 10 of Commission Regulation (EC) No 26/2004 of 30 December 2003 on the Community fishing fleet register (OJ L 5, 9.1.2004, p. 25).

b As referred to in Article 15(4) and Article 15(5) of Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy and as amended by Regulation (EU) 2015/812 of the European Parliament and of the Council of 20 May 2015, in particular:

- species in respect of which fishing is prohibited and which are identified as such in a Union legal act adopted in the area of the common fisheries policy,
- species for which scientific evidence demonstrates high survival rates, taking into account the characteristics of the gear, of the fishing practices and of the ecosystem,
- catches falling under *de minimis* exemptions,
- fish which shows damage caused by predators.

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 404/2011. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

		and time shall be recorded in coordinated universal time (UTC). For electronic logbook, port shall be recorded using codes published in the Master Data Register page of the European Commission Fisheries website.
(5)	Date, time and port of return (M)	Shall be recorded in paper logbook before fishing vessel enters into the port. Date shall be recorded in DD-MM-YYYY and estimated time shall be recorded in HH-MM in local time Electronic return to port message shall be sent before fishing vessel entering into the port. Date and estimated time shall be recorded in in coordinated universal time (UTC). For electronic logbook, port shall be recorded using codes published in the Master Data Register page of the European Commission Fisheries website.
(6)	Date, time and port of landing if different from (5) (M)	Shall be recorded in logbook before fishing vessel enters into the port of landing. Date shall be recorded in DD-MM-YYYY and estimated time shall be recorded in HH-MM in local time (paper logbook) or in coordinated universal time (UTC) for electronic logbook. For electronic logbook, port shall be recorded using codes published in the Master

a As referred to in Article 10 of Commission Regulation (EC) No 26/2004 of 30 December 2003 on the Community fishing fleet register (OJ L 5, 9.1.2004, p. 25).

b As referred to in Article 15(4) and Article 15(5) of Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy and as amended by Regulation (EU) 2015/812 of the European Parliament and of the Council of 20 May 2015, in particular:

- species in respect of which fishing is prohibited and which are identified as such in a Union legal act adopted in the area of the common fisheries policy,
- species for which scientific evidence demonstrates high survival rates, taking into account the characteristics of the gear, of the fishing practices and of the ecosystem,
- catches falling under *de minimis* exemptions,
- fish which shows damage caused by predators.

		Data Register page of the European Commission Fisheries website.
(7)	Date, time and place of the transshipment, Name, external identification, international radio call sign, flag, CFR or IMO number and port and country of destination of the receiving fishing vessel (M)	<p>Shall be filled in paper logbook in the case of transshipment before starting the operation.</p> <p>Date shall be recorded in DD-MM-YYYY and time shall be recorded in HH-MM in local time (paper logbook) or in coordinated universal time (UTC) for electronic logbook.</p> <p>For electronic logbook, port shall be recorded using codes published in the Master Data Register page of the European Commission Fisheries website.</p> <p>Third country shall be recorded using ISO-3166 3-alpha country codes.</p> <p>The Community Fleet Register (CFR) number shall be recorded for Union vessels. The International Maritime Organisation (IMO) number shall be recorded for third country vessels.</p> <p>When a geographical position is required, latitude and longitude shall be recorded in degrees and minutes if no use of GPS and in decimal degrees and minutes using GPS (format WGS 84).</p>
Information on the fishing gear		
(8)	Gear type (M)	The type of gear shall be indicated using the codes in column 1 of Annex XI.
a	As referred to in Article 10 of Commission Regulation (EC) No 26/2004 of 30 December 2003 on the Community fishing fleet register (OJ L 5, 9.1.2004, p. 25).	
b	<p>As referred to in Article 15(4) and Article 15(5) of Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy and as amended by Regulation (EU) 2015/812 of the European Parliament and of the Council of 20 May 2015, in particular:</p> <ul style="list-style-type: none"> — species in respect of which fishing is prohibited and which are identified as such in a Union legal act adopted in the area of the common fisheries policy, — species for which scientific evidence demonstrates high survival rates, taking into account the characteristics of the gear, of the fishing practices and of the ecosystem, — catches falling under <i>de minimis</i> exemptions, — fish which shows damage caused by predators. 	

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 404/2011. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

(9)	Mesh size (M)	Shall be given in millimetres (mesh stretched).
(10)	Gear dimension (M)	Gear dimensions such as the size and the number shall be given according to the specifications in column 2 of Annex XI.
(11)	Date (M)	Date for each day at sea shall be recorded in a new line (paper logbook) or report (electronic logbook) and shall correspond to each day at sea. Where applicable, date for each fishing operation shall be recorded in a new line.
(12)	Number of fishing operations (M)	Number of fishing operations shall be given in accordance with the specifications in column 3 of Annex XI.
(13)	Fishing time (O) Gear time set and haul (CIF) Fishing depth (CIF) Total time (O)	Total time spent for all activities in connection with fishing operations (searching for fish, the shooting, towing and hauling of active gears, setting, soaking, removing or resetting of passive gears and the removal of any catch from the gear, keep nets, or from a transport cage to fattening and farming cages) shall be given in minutes and equals the number of hours spent at sea minus the time spent in transit to, between and returning from the fishing grounds, dodging, inactive or waiting for repair. For gear time set and time haul, time shall be recorded in HH-MM in local time (paper logbook)

a As referred to in Article 10 of Commission Regulation (EC) No 26/2004 of 30 December 2003 on the Community fishing fleet register (OJ L 5, 9.1.2004, p. 25).

b As referred to in Article 15(4) and Article 15(5) of Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy and as amended by Regulation (EU) 2015/812 of the European Parliament and of the Council of 20 May 2015, in particular:

- species in respect of which fishing is prohibited and which are identified as such in a Union legal act adopted in the area of the common fisheries policy,
- species for which scientific evidence demonstrates high survival rates, taking into account the characteristics of the gear, of the fishing practices and of the ecosystem,
- catches falling under *de minimis* exemptions,
- fish which shows damage caused by predators.

		<p>or in coordinated universal time (UTC) for electronic logbook. Fishing depth shall be recorded as average depth and in metres.</p>
(14)	Position and fishing geographical area (M)	<p>The relevant geographical area of capture shall be represented by the area in which the majority of the catch was taken using the most detailed level when available. <i>Examples:</i> In Northeast Atlantic waters (FAO area 27), up to ICES Division and statistical rectangle (e.g. IVa 41E7, VIIIb 20E8). ICES statistical rectangles provide a grid covering the area between 36° N and 85° 30' N and 44° W and 68° 30' E. Latitudinal rows, with intervals of 30', are numbered (two-digits) from 01 to 99. Longitudinal columns, with intervals of 1°, are coded according to an alphanumeric system, beginning with A0 using a different letter for each 10° block, to M8, except I. In Mediterranean and Black sea</p>
a	As referred to in Article 10 of Commission Regulation (EC) No 26/2004 of 30 December 2003 on the Community fishing fleet register (OJ L 5, 9.1.2004, p. 25).	
b	<p>As referred to in Article 15(4) and Article 15(5) of Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy and as amended by Regulation (EU) 2015/812 of the European Parliament and of the Council of 20 May 2015, in particular:</p> <ul style="list-style-type: none"> — species in respect of which fishing is prohibited and which are identified as such in a Union legal act adopted in the area of the common fisheries policy, — species for which scientific evidence demonstrates high survival rates, taking into account the characteristics of the gear, of the fishing practices and of the ecosystem, — catches falling under <i>de minimis</i> exemptions, — fish which shows damage caused by predators.

waters (FAO area 37), up to GFCM geographical sub-area and statistical rectangle (e.g. 7 M27B9). The numbers of a rectangle in the GFCM statistical grid is a 5 digits code: (i) Latitude is covered by a composed 3 digits code (one letter and two numbers). Maximum range from M00 (30° N) up to M34 (47° 30' N), (ii) Longitude is covered by a composed code of a letter and a number. The letter range is from A to J and number range per letter is from 0 to 9. Maximum range from A0 (6° W) up to J5 (42° E). In Northwest Atlantic waters including NAFO (FAO area 21) and in Eastern Central Atlantic waters including CECAF (FAO area 34), up to FAO division or subdivision (e.g. 21.3.M or 34.3.5). For the other FAO areas, up to FAO subarea when

a As referred to in Article 10 of Commission Regulation (EC) No 26/2004 of 30 December 2003 on the Community fishing fleet register (OJ L 5, 9.1.2004, p. 25).

b As referred to in Article 15(4) and Article 15(5) of Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy and as amended by Regulation (EU) 2015/812 of the European Parliament and of the Council of 20 May 2015, in particular:

- species in respect of which fishing is prohibited and which are identified as such in a Union legal act adopted in the area of the common fisheries policy,
- species for which scientific evidence demonstrates high survival rates, taking into account the characteristics of the gear, of the fishing practices and of the ecosystem,
- catches falling under *de minimis* exemptions,
- fish which shows damage caused by predators.

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 404/2011. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)

available (e.g. FAO 31 for Western Central Atlantic and FAO 51.6 for Western Indian Ocean).

However, optional entries may be made in respect of all the statistical rectangles in which the fishing vessel has operated during the day (O) In GFCM and ICCAT areas, geographical position (latitude/longitude) shall be as well recorded for each fishing operation or at noon when no fishing has been conducted during this day. When a geographical position is required, latitude and longitude shall be recorded in degrees and minutes if no GPS is used and in decimal degrees and minutes using GPS (format WGS 84). Third country fishing zone, regional fisheries management organisation area and high seas: indicate the fishing zone(s) of non-Member States or the Regional Fisheries Management Organisation area(s) or the waters outside the sovereignty or jurisdiction of any State or not regulated by a Regional Fisheries Management Organisation, using ISO-3166 3-alpha country codes and other codes published in the Master Data Register page of the European Commission

a As referred to in Article 10 of Commission Regulation (EC) No 26/2004 of 30 December 2003 on the Community fishing fleet register (OJ L 5, 9.1.2004, p. 25).

b As referred to in Article 15(4) and Article 15(5) of Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy and as amended by Regulation (EU) 2015/812 of the European Parliament and of the Council of 20 May 2015, in particular:

- species in respect of which fishing is prohibited and which are identified as such in a Union legal act adopted in the area of the common fisheries policy,
 - species for which scientific evidence demonstrates high survival rates, taking into account the characteristics of the gear, of the fishing practices and of the ecosystem,
 - catches falling under *de minimis* exemptions,
 - fish which shows damage caused by predators.

b	As referred to in Article 15(4) and Article 15(5) of Regulation (EU) No 1380/2013 of the European Parliament and of the Council of 11 December 2013 on the Common Fisheries Policy and as amended by Regulation (EU) 2015/812 of the European Parliament and of the Council of 20 May 2015, in particular: <ul style="list-style-type: none"> — species in respect of which fishing is prohibited and which are identified as such in a Union legal act adopted in the area of the common fisheries policy, — species for which scientific evidence demonstrates high survival rates, taking into account the characteristics of the gear, of the fishing practices and of the ecosystem, — catches falling under <i>de minimis</i> exemptions, — fish which shows damage caused by predators. 	

2. INSTRUCTIONS CONCERNING THE LANDING/TRANSHIPMENT DECLARATION

When fisheries products have been landed or transhipped, and if they have been weighted using systems approved by the competent authorities of Member States, on either the catch vessel, donor or receiving fishing vessel, then the actual weight of quantities landed or transhipped shall be indicated in kilograms product weight on the landing or transhipment declaration by species showing:

- (a) Presentation of fish (reference No 17 in paper fishing logbook) using the codes in table 1 of Annex I (M);
- (b) Measurement unit for landed or transhipped quantities (reference No 18 in paper fishing logbook); give the weight of the unit in kilograms product weight. This unit may be different from that entered in the fishing logbook (M);
- (c) Total weight by species landed or transhipped (reference No 19 paper in paper fishing logbook); give the weight of quantities actually landed or transhipped for all species (M);

Legally size catches shall be recorded using the general code LSC. Below minimum conservation reference size catches shall be recorded separately from the legally sized catches using the general code BMS. FAO 3-alpha species codes shall be used.

- (d) The weight shall correspond to the product weight of fish as landed, i.e. after any processing on board. Relevant conversion factors shall be applied subsequently by the competent authorities in Member States to calculate the equivalent live weight in accordance with Article 49 of this Regulation;
- (e) Signature of the master (reference No 20 in paper fishing logbook) (M);
- (f) Signature and name and address of the agent and the observer where applicable (reference No 21 in paper fishing logbook);
- (g) Relevant geographical area of capture: FAO area, sub-area and sub-division, ICES division, NAFO, NEAFC sub-area, CECAF area, GFCM sub area or third country fishing zone (reference No 22 in paper fishing logbook). This shall be applied in the same way as for position and geographical area information as referred above (M).

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 404/2011. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)

3. ADDITIONAL INSTRUCTIONS FOR RECORDING FISHING EFFORT IN THE FISHING LOGBOOK

The following additional information shall be recorded in fishing logbook by masters of Union fishing vessels for the time spent in fisheries subject to fishing effort regimes:

- (a) All information required under this section shall be recorded in the paper fishing logbook between the fishing logbook references No (15) and (16).
- (b) Time shall be recorded as co-ordinated universal time (UTC).
- (c) Latitude and longitude shall be recorded in degrees and minutes if no GPS is used and in decimal degrees and minutes (format WGS 84) if use of GPS.
- (d) Species shall be recorded using the 3-alpha FAO fish species codes.

3.1. Information concerning fishing effort

(a) *Crossing an effort zone*

Where an authorized fishing vessel crosses an effort zone without carrying out fishing activities in that zone, an additional line shall be completed in the paper fishing logbook or an electronic declaration shall be completed. The following information is to be entered:

- the date,
- the effort zone,
- the dates and times of each entry/exit,
- position of each entry and exit in latitude and longitude,
- catches retained on board by species at the time of entry,
- the word ‘crossing’.

(b) *Entry into an effort zone*

Where the fishing vessel enters an effort zone in which it is likely to carry out fishing activities, an additional line shall be completed in the paper fishing logbook or an electronic declaration shall be completed. The following information is to be entered:

- the date,
- the word ‘entry’,
- the effort zone,
- position in latitude and longitude,
- the time of entry,
- catches retained on board by species at the time of entry, and
- the target species.

(c) *Exit from an effort zone*

Where the vessel leaves an effort zone in which it has carried out fishing activities and where the vessel enters another effort zone in which it intends to carry out fishing activities, an additional line shall be completed in the paper fishing logbook or an electronic declaration shall be completed. The following information is to be entered:

- the date,
- the word ‘entry’,
- position in latitude and longitude,
- the new effort zone,

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 404/2011. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)

- the time of exit/entry,
- catches retained on board by species at the time of exit/entry, and
- the target species.

Where the fishing vessel leaves an effort zone in which it has carried out fishing activities and will not carry out further fishing activities in that effort zone, an additional line shall be completed or an electronic declaration shall be completed. The following information is to be entered:

- the date,
- the word 'exit',
- position in latitude and longitude,
- the effort zone,
- the time of departure,
- catches retained on board by species at the time of exit, and
- the target species.

(d) *Trans-zonal fishing activities⁽¹⁾.*

Where the fishing vessel carries out trans-zonal fishing activities, an additional line in the paper logbook or an electronic declaration shall be completed. The following information is to be entered:

- the date,
- the word 'trans-zonal',
- the time of first exit and effort zone,
- position of first entry in latitude and longitude,
- the time of last entry and effort zone,
- position of last exit in latitude and longitude,
- catches retained on board by species at the time of exit/entry, and
- the target species.

(e) *Additional information for fishing vessels using static gears:*

- When the fishing vessel sets or resets static gears, the following information shall be entered:
 - the date,
 - the effort zone,
 - the position in latitude and longitude,
 - the words 'setting' or 'resetting',
 - the time.
- When the fishing vessel completes static gear operations:
 - the date,
 - the effort zone,
 - the position in latitude and longitude,
 - the word 'finish',
 - the time.

3.2. Information concerning the communication of vessel movements

Where a fishing vessel carrying out fishing activities is required to communicate a fishing effort report to the competent authorities in accordance with Article 28 of the Control Regulation, the following information shall be recorded in addition to that referred to in paragraph 3.1:

Changes to legislation: *There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 404/2011. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)*

- (a) the date and time of the communication;
- (b) the geographical position of the fishing vessel in latitude and longitude;
- (c) the means of communication and, where applicable, the radio station used; and
- (d) the destination(s) of the communication.]

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 404/2011. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)

- (1) [^{F1}Vessels remaining within an effort zone not exceeding 5 nautical miles either side of the line separating two effort zones must record their first entry and last exit during a period of 24 hours.]

.....

Textual Amendments

- F1** Substituted by [Commission Implementing Regulation \(EU\) 2015/1962 of 28 October 2015 amending Implementing Regulation \(EU\) No 404/2011 laying down detailed rules for the implementation of Council Regulation \(EC\) No 1224/2009 establishing a Community control system for ensuring compliance with the rules of the common fisheries policy.](#)

Changes to legislation:

There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 404/2011. Any changes that have already been made to the legislation appear in the content and are referenced with annotations.
