

Commission Implementing Regulation (EU) No 404/2011 of 8 April
2011 laying down detailed rules for the implementation of Council
Regulation (EC) No 1224/2009 establishing a Community control system
for ensuring compliance with the rules of the Common Fisheries Policy

TITLE I

GENERAL PROVISIONS

- Article 1 Subject matter
Article 2 Definitions

TITLE II

GENERAL CONDITIONS FOR ACCESS TO WATERS AND RESOURCES

CHAPTER I

Fishing licenses

- Article 3 Issue and management of fishing licences

CHAPTER II

Fishing authorisations

- Article 4 Fishing authorisations
Article 5 List of fishing authorisations

CHAPTER III

Marking and identification of EU fishing vessels and their gear

Section 1

Marking and identification of fishing vessels

- Article 6 Marking of fishing vessels
Article 7 Documents carried on board an EU fishing vessel

Section 2

Marking and identification of fishing gear and crafts

- Article 8 Marking of crafts and fish aggregating devices
Article 9 General rules for passive gear and beam trawls
Article 10 Rules for beam trawls

Article 11	Rules for passive gear
Article 12	Rules for labels
Article 13	Rules for buoys
Article 14	Rules for cords
Article 15	Rules for end marker buoys
Article 16	Rules for fixing of end marker buoys
Article 17	Intermediary marker buoys

CHAPTER IV

Vessel monitoring system

Article 18	Requirement of satellite-tracking devices on EU fishing vessels
Article 19	Characteristics of satellite-tracking devices
Article 20	Responsibilities of the masters concerning the satellite-tracking devices
Article 21	Control measures to be adopted by flag Member States
Article 22	Frequency of data transmission
Article 23	Monitoring of entry into and exit from specific areas
Article 24	Transmission of data to the coastal Member State
Article 25	Technical failure or non-functioning of the satellite-tracking device
Article 26	Non-receipt of data
Article 27	Monitoring and recording of the fishing activities
Article 28	Access to data by the Commission

TITLE III

CONTROL OF FISHERIES

CHAPTER I

Fishing logbook, transshipment declaration and landing declaration in paper format

Section 1

	Completion and submission of a fishing logbook, landing declaration and transshipment declaration in paper format
Article 29	EU fishing vessels subject to the completion and submission of a fishing logbook and transshipment/landing declaration in paper format
Article 30	Models for fishing logbooks, transshipment declarations and landing declarations in paper format
Article 31	Instructions for the completion and submission of fishing logbooks, transshipment declarations and landing declarations in paper format
Article 32	Deadlines for the submission of a fishing logbook, transshipment declaration and a landing declaration in paper format

Section 2

Specific rules for the fishing logbook in paper format

Article 33 Completion of fishing logbook in paper format

Section 3

Specific rules for the transshipment declaration and landing declaration in paper format

Article 34 Handing over of a transshipment declaration in paper format

Article 35 Signing of the landing declaration

CHAPTER II

Fishing logbook, landing declaration and transshipment declaration in electronic format

Section 1

Completion and transmission of a fishing logbook, landing declaration and transshipment declaration data in electronic format

Article 36 Requirement of electronic recording and reporting system on EU
fishing vessels

Article 37 Format for transmission of data from an EU fishing vessel to the
competent authority of its flag State

Article 38 Return messages

Article 39 Provisions in the event of technical failure or non-functioning of
electronic recording and reporting systems

Article 40 Non-receipt of data

Article 41 Data access failure

Article 42 Data on the functioning of the electronic recording and reporting
system

Article 43 Format for exchange of information between Member States

Article 44 Access to data

Article 45 Exchange of data between Member States

Article 46 Single authority

Section 2

Specific rules for the fishing logbook in electronic format

Article 47 Frequency of transmission

CHAPTER III

Common rules for fishing logbooks, transshipment declarations and landing declarations in paper or electronic format

Section 1

Common rules for the determination of live weight

- Article 48 Definitions
- Article 49 Conversion factors
- Article 50 Calculation method

Section 2

Common rules for the completion and submission of the Fishing logbook

- Article 51 General rules for fishing logbooks

Section 3

Common rules for the completion and submission of transshipment/landing declarations

- Article 52 Margin of tolerance in the transshipment declaration
- Article 53 Difference in transhipped catches
- Article 54 Completion of landing operation
- Article 55 Fishing Operations involving two or more EU fishing vessels

CHAPTER IV

Sampling plans and collection of data on EU fishing vessels not subject to fishing logbook and landing declaration requirements

- Article 56 Establishment of sampling plans
- Article 57 Sampling methodology

CHAPTER V

Control of fishing effort

- Article 58 Fishing effort report

CHAPTER VI

Corrective measures

- Article 59 General principles
- Article 60 Allocation of available fishing opportunities

CHAPTER VII

Engine power

- Article 61 Certification of propulsion engine power
- Article 62 Verification and sampling plan
- Article 63 Physical verification

CHAPTER VIII

Control of recreational fisheries

- Article 64 Establishment of sampling plans
- Article 65 Notification and evaluation of sampling plans

TITLE IV

CONTROL OF MARKETING

CHAPTER I

Traceability

- Article 66 Definition
- Article 67 Information on lots
- Article 68 Information to the consumer

CHAPTER II

Weighing of fisheries products

Section 1

General rules on weighing

- Article 69 Scope
- Article 70 Weighing records
- Article 71 Timing of weighing
- Article 72 Weighing systems
- Article 73 Weighing of frozen fisheries products
- Article 74 Ice and water
- Article 75 Access by competent authorities
- Article 76 Sampling plans
- Article 77 Control plans and programmes for the weighing of fisheries products after transport from the place of landing

Section 2

Special rules for weighing of certain pelagic species

- Article 78 Scope of weighing procedures for catches of herring, mackerel and horse mackerel

Article 79	Ports of weighing catches of herring, mackerel and horse mackerel
Article 80	Entry into a port of a Member State
Article 81	Discharge
Article 82	Fishing logbook
Article 83	Publicly operated weighing facilities for fresh herring, mackerel and horse mackerel
Article 84	Privately operated weighing facilities for fresh fish
Article 85	Weighing of frozen fish
Article 86	Keeping of weighing records
Article 87	Sales note and takeover declaration
Article 88	Cross-checks
Article 89	Monitoring of weighing

CHAPTER III

Sales notes

Article 90	General rules
Article 91	Formats of sales notes

TITLE V

SURVEILLANCE

CHAPTER I

Surveillance reports

Article 92	Information to be recorded in the surveillance report
------------	---

CHAPTER II

Control observers

Article 93	General rules concerning control observers
Article 94	Independence of control observers
Article 95	Duties of control observers
Article 96	Pilot projects

TITLE VI
INSPECTION

CHAPTER I

Conduct of inspections

Section 1

General provisions

Article 97	Officials authorised to conduct inspections at sea or on land
Article 98	General principles
Article 99	Duties of officials during the pre-inspection phase
Article 100	Duties of officials authorised to conduct inspections
Article 101	Obligations of Member States, the Commission and European Fisheries Control Agency

Section 2

Inspections at sea

Article 102	General provisions on inspections at sea
Article 103	Boarding fishing vessels at sea
Article 104	On board activities

Section 3

Inspections in port

Article 105	Preparation of inspection
Article 106	Inspections in port
Article 107	Inspection of certain pelagic landings

Section 4

Transport inspections

Article 108	General principles
Article 109	Transport vehicles sealed

Section 5

Market inspections

Article 110	General principles
Article 111	Additional methodologies and technologies
Article 112	Control of fisheries products withdrawn from the market

CHAPTER II

Duties of operators

- Article 113 General obligations of operators
- Article 114 Obligations of the master during inspections

CHAPTER III

Inspection report

- Article 115 Common rules concerning inspection reports
- Article 116 Completion of inspection reports
- Article 117 Copy of the inspection report

CHAPTER IV

Electronic database

- Article 118 Electronic database

CHAPTER V

Union inspectors

- Article 119 Notification of Union inspectors
- Article 120 List of Union inspectors
- Article 121 Communication of Union inspectors to Regional Fisheries
Management Organisations
- Article 122 Powers and duties of Union inspectors
- Article 123 Reports
- Article 124 Follow-up of reports

TITLE VII

ENFORCEMENT

- Article 125 Setting up and operation of a point system for serious
infringements
- Article 126 Assignment of points
- Article 127 Notification of decisions
- Article 128 Transfer of ownership
- Article 129 Suspension and permanent withdrawal of a fishing licence
- Article 130 Follow-up of suspension and permanent withdrawal of fishing
licence
- Article 131 Deletion of fishing licences from relevant lists
- Article 132 Illegal fishing during the suspension period or after the
permanent withdrawal of a fishing licence
- Article 133 Deletion of points
- Article 134 Point system for masters of fishing vessels

TITLE VIII

MEASURES TO ENSURE COMPLIANCE BY THE MEMBER STATES OF COMMON FISHERIES POLICY OBJECTIVES

CHAPTER I

Suspension and cancellation of Union financial assistance

Article 135	Definition
Article 136	Interruption of the payment deadline
Article 137	Suspension of payments
Article 138	Cancellation of financial assistance

CHAPTER II

Deduction of fishing opportunities

Article 139	General rules for the deduction of fishing opportunities for excess of utilisation
Article 140	Consultation on the deduction of fishing opportunities

CHAPTER III

Deduction of quotas for failure to comply with the rules of the common fisheries policy

Article 141	Rules for deduction of quotas for failure to comply with the objectives of the Common Fisheries Policy
Article 142	Determination of the quantities to be deducted

TITLE IX

DATA AND INFORMATION

CHAPTER I

Analysis and audit of data

Article 143	Subject matter
Article 144	Data to be validated
Article 145	Validation procedures
Article 146	Access by the Commission

CHAPTER II

Websites of Member States

Article 147	Operation of websites and web services
Article 148	Publicly accessible website and web services
Article 149	Secured website and web services

TITLE X
IMPLEMENTATION

CHAPTER I

Mutual assistance

Section 1

General provisions

Article 150	Scope
Article 151	Costs
Article 152	Single authority
Article 153	Follow up measures

Section 2

Information without prior request

Article 154	Information without prior request

ANNEX I

ANNEX II

MINIMUM INFORMATION FOR THE FISHING LICENCES

1. FISHING VESSEL DETAILS
2. LICENCE HOLDER / FISHING VESSEL OWNER / FISHING VESSEL AGENT...
3. CHARACTERISTICS OF FISHING CAPACITY
 OTHER NATIONAL MEASURES AS APPLICABLE

ANNEX III

MINIMUM INFORMATION FOR FISHING AUTHORISATIONS

- A. IDENTIFICATION
 1. Union fleet register number
 2. Name of fishing vessel
 3. External registration letters and number
- B. FISHING CONDITIONS
 1. Date of issue:
 2. Period of validity:
 3. Conditions of authorisation including, where appropriate, species, zone and fishing...

ANNEX IV

CHARACTERISTICS OF MARKER BUOYS

WESTERN END MARKER BUOYS

EASTERN END MARKER BUOYS

INTERMEDIARY MARKER BUOYS

ANNEX V

ELECTRONIC DATA TRANSMISSION FORMAT OF THE VMS DATA FROM THE FLAG TO THE COASTAL MEMBER STATE

- A. Content of position report and definition of the data elements...
- B. Structure of the position report

ANNEX VI

MODEL OF COMBINED EUROPEAN UNION FISHING LOGBOOK, LANDING DECLARATION AND TRANSHIPMENT DECLARATION

ANNEX VII

MODEL OF MEDITERRANEAN LOGBOOK AND LANDING/TRANSHIPMENT DECLARATION OF THE EUROPEAN UNION

ANNEX VIII

ANNEX IX

ANNEX X

INSTRUCTIONS TO MASTERS OF EUROPEAN UNION FISHING VESSELS REQUIRED TO COMPLETE AND SUBMIT A FISHING LOGBOOK AND TO COMPLETE AND SUBMIT A LANDING AND OR TRANSHIPMENT DECLARATION IN PAPER FORMATS

- 1. Fishing logbook information for the fishing vessel using the models...
 - 1.1 The following general information on the vessel or vessels, as...
- 2. Instructions concerning the landing/transhipment declaration
 - 2.1. The models as shown in Annexes VI and IX (for...
 - 2.2. Information to be provided
- 3. Additional instructions for Masters of European Union fishing vessels of...
 - 3.1. Information concerning fishing effort
 - (a) Crossing an effort zone
 - (b) Entry into an effort zone

- (c) Exit from an effort zone
 - (d) In addition for those fishing vessels operating passive gears:
- 3.2. Information concerning the communication of vessel movements

ANNEX XI

ANNEX XII

- (1) Character set definitions used for ERS should be: Western character...
- (2) All 3 character codes are XML elements (3 character code),...
- (3) The XML sample files, as well as the most recent...
- (4) All the weights in the table are expressed in kilograms...

ANNEX XV

ANNEX XVI

METHODOLOGY FOR ESTABLISHING THE SAMPLING PLANS REFERRED TO IN ARTICLES 16(1) AND 25(1) OF THE CONTROL REGULATION

This Annex lays down the methodology on the basis of...

1. For the purpose of this Annex the following definitions shall...
2. The aim of the sampling plan shall be to monitor...
3. The sampling unit shall in principle be the metier. Each...
4. The target population shall comprise landings by metier from active...
5. The size of the sample shall be determined on the...
6. Member States shall define risk at the following levels: 'very...
7. In establishing the level of risk of non compliance with...
8. When drawing up the sampling plans, Member States shall take...
9. Sampling intensity shall take into account the variability of the...
10. Where fisheries products are landed in standardized boxes, the minimum...

11. Precision/confidence levels shall apply as are set out in Levels...
12. The sampling plan shall also include information on how the...

ANNEX XVII

FISHING EFFORT REPORTING FORMATS

1. For the purposes of this Regulation in a fishing effort...
2. Masters of Union fishing vessels shall communicate the following information...
3. Masters of Union fishing vessels shall communicate the following information...
4. Notwithstanding paragraph 3, where masters of Union fishing vessels conduct...
5. Member States shall ensure that Masters of fishing vessels flying...

ANNEX XVIII

METHODOLOGY FOR CALCULATING THE AVERAGE NET WEIGHT OF BOXES OR BLOCKS OF FROZEN FISHERIES PRODUCTS

1. The average weight per box or block shall be determined...
2. Each pallet of boxes or blocks shall be weighed. The...
3. In order to arrive at the net weight per box...
4. The tare weight per box or block referred to in...

ANNEX XIX

METHODOLOGY FOR ESTABLISHING THE SAMPLING PLANS FOR WEIGHING OF LANDINGS OF FISHERIES PRODUCTS IN MEMBER STATES REFERRED TO IN ARTICLE 60(1) OF THE CONTROL REGULATION

This Annex lays down the methodology for Member States to...

1. The aim of the sampling plan shall be to ensure...
2. The size of the sample to be weighed shall be...
3. Member States shall establish risk at the following levels 'very...
4. In establishing the level of risk of non compliance with...
5. The sampling shall be representative and at least as efficient...
6. Where fisheries products are landed in standardized boxes, the minimum...

7. The sampling plan shall also include information on measures taken...
8. Any risk analysis, data assessment, validation procedure, audit procedure, or...

ANNEX XX

METHODOLOGY FOR ESTABLISHING THE SAMPLING PLANS REFERRED TO IN ARTICLE 60(3) OF THE CONTROL REGULATION

This Annex lays down the methodology for Member States to...

1. The aim of the sampling plans shall be to verify...
2. Member States shall ensure that sampling is carried out at...
3. The size of the sample shall be determined on the...
4. Member States shall establish risk at the following levels: ‘very...
5. In establishing the level of risk of non compliance with...
6. Sampling of landings of fisheries products shall be at least...
7. The sampling plan shall include measures to ensure that the...
8. The number of boxes sample weighed shall be proportionate to...
9. When fisheries products from such vessels are weighed before first...
10. The sampling plan shall also include measures to ensure that:...
11. Any risk analysis, data assessment, validation procedure, audit procedure, or...

ANNEX XXI

METHODOLOGY FOR ESTABLISHING THE CONTROL PLANS REFERRED TO IN ARTICLE 61(1) OF THE CONTROL REGULATION

This Annex lays down the methodology for Member States to...

1. The aim of the control plan shall be to minimise...
2. The size of the sample shall be determined on the...
3. Member States shall define risk at the following levels ‘very...
4. In establishing the level of risk of non compliance with...
5. Control plans shall include, but not be limited to.
6. Where fisheries products are held in standardized boxes, a number...

7. The control plan shall include measures to ensure that the...
8. Any risk analysis, data assessment, validation procedure, audit procedure, or...

ANNEX XXII

METHODOLOGY FOR ESTABLISHING THE COMMON CONTROL PROGRAMME REFERRED TO IN ARTICLE 61(2) OF THE CONTROL REGULATION

This Annex lays down the methodology for Member States to...

1. The aim of the common control programme shall be to...
2. The size of the sample shall be determined on the...
3. Member States shall define risk at the following levels 'very...
4. In establishing the level of risk of non compliance with...
5. Common control programmes shall include, but not be limited to....
6. Where fisheries products are held in standardized boxes, a number...
7. The common control programme shall include measures to ensure that...
8. Any risk analysis, data assessment, validation procedure, audit procedure, or...

ANNEX XXIII

LIST OF INFORMATION REQUIRED FOR COMPLETION OF SURVEILLANCE REPORTS REGARDING SIGHTINGS AND DETECTIONS OF FISHING VESSELS

GENERAL INFORMATION

DETAILS OF FISHING VESSEL

NOTES ON INFORMATION FOR SURVEILLANCE REPORT:

1. Submit as comprehensive information as possible.
2. Vessel name, call sign, flag and if possible registration and...
3. Distinguishing markings as applicable: State whether the name and port...
4. Type of vessel as applicable: Describe the type of vessel...
5. Position: Record the initial sighting of the vessel, including fishing...
6. Activity of the sighted/detected vessel as applicable: Record the time...
7. Record of sighting/detection: Indicate if the sighting/detection of the vessel...
8. Comments: indicate the course and speed of the vessel. Summarise...
9. Diagram of the vessel as applicable: draw the profile of...

ANNEX XXIV

INFORMATION WHICH SHALL BE LISTED ON THE SECURE SUBPAGES OF SECURE WEBSITES

1. List of officials in charge of inspection (Article 116(1)(a) of...
2. The data from the inspection and surveillance database referred to...
3. The data of the VMS referred to in Article 19...
4. The data with the fishing licences and authorisations issued and...
5. All data elements defined in Annexes II and III to...
6. The way of measuring the continuous period of 24 hours...
7. The data on fishing opportunities referred to in Article 33...
8. National control action programmes (Article 116(1)(g) of the Control Regulation)....

ANNEX XXV

TASKS OF CONTROL OBSERVERS

1. Control observers shall note all fishing activities whilst embarked in...
2. Control observers shall note any interference with the satellite tracking...
