Article 38

Deduction of deferred tax assets that rely on future profitability

- 1 Institutions shall determine the amount of deferred tax assets that rely on future profitability that require deduction in accordance with this Article.
- 2 Except where the conditions laid down in paragraph 3 are met, the amount of deferred tax assets that rely on future profitability shall be calculated without reducing it by the amount of the associated deferred tax liabilities of the institution.
- 3 The amount of deferred tax assets that rely on future profitability may be reduced by the amount of the associated deferred tax liabilities of the institution, provided the following conditions are met:
 - a the entity has a legally enforceable right under applicable national law ^[F4]of the United Kingdom, or any part of it, or of a third country] to set off those current tax assets against current tax liabilities;
 - b the deferred tax assets and the deferred tax liabilities relate to taxes levied by the same tax authority and on the same taxable entity.
- 4 Associated deferred tax liabilities of the institution used for the purposes of paragraph 3 may not include deferred tax liabilities that reduce the amount of intangible assets or defined benefit pension fund assets required to be deducted.
- 5 The amount of associated deferred tax liabilities referred to in paragraph 4 shall be allocated between the following:
 - a deferred tax assets that rely on future profitability and arise from temporary differences that are not deducted in accordance with Article 48(1);
 - b all other deferred tax assets that rely on future profitability.

1 The following items shall not be deducted from own funds and shall be subject to a risk weight in accordance with Chapter 2 or 3 of Title II of Part Three, as applicable:

- a overpayments of tax by the institution for the current year;
- b current year tax losses of the institution carried back to previous years that give rise to a claim on, or a receivable from, a central government, regional government or local tax authority.

2 [^{F2}Deferred tax assets that do not rely on future profitability shall be limited to deferred tax assets which were created before 23 November 2016 and which arise from temporary differences, where all the following conditions are met:]

- a they are automatically and mandatorily replaced without delay with a tax credit in the event that the institution reports a loss when the annual financial statements of the institution are formally approved, or in the event of liquidation or insolvency of the institution;
- b an institution is able under the applicable national tax law [^{F5}of the United Kingdom, or any part of it, or of a third country] to offset a tax credit referred to in point (a) against any tax liability of the institution or any other undertaking included in the same consolidation as the institution for tax purposes under that law or any other undertaking subject to the supervision on a consolidated basis in accordance with Chapter 2 of Title II of Part One;
- c where the amount of tax credits referred to in point (b) exceeds the tax liabilities referred to in that point, any such excess is replaced without delay with a direct claim on [^{F6}the government of the United Kingdom].

Institutions shall apply a risk weight of 100 % to deferred tax assets where the conditions laid down in points (a), (b) and (c) are met.

Article 40

Deduction of negative amounts resulting from the calculation of expected loss amounts

The amount to be deducted in accordance with point (d) of Article 36(1) shall not be reduced by a rise in the level of deferred tax assets that rely on future profitability, or other additional tax effects, that could occur if provisions were to rise to the level of expected losses referred to in Section 3 of Chapter 3 of Title II of Part Three.

Article 41

Deduction of defined benefit pension fund assets

1 For the purposes of point (e) of Article 36(1), the amount of defined benefit pension fund assets to be deducted shall be reduced by the following:

- a the amount of any associated deferred tax liability which could be extinguished if the assets became impaired or were derecognised under the applicable accounting framework;
- b the amount of assets in the defined benefit pension fund which the institution has an unrestricted ability to use, provided that the institution has received the prior permission of the competent authority.

Those assets used to reduce the amount to be deducted shall receive a risk weight in accordance with Chapter 2 or 3 of Title II of Part Three, as applicable.

Article 42

Deduction of holdings of own Common Equity Tier 1 instruments

For the purposes of point (f) of Article 36(1), institutions shall calculate holdings of own Common Equity Tier 1 instruments on the basis of gross long positions subject to the following exceptions:

- (a) institutions may calculate the amount of holdings of own Common Equity Tier 1 instruments on the basis of the net long position provided that both the following conditions are met:
 - (i) the long and short positions are in the same underlying exposure and the short positions involve no counterparty risk;
 - (ii) either both the long and the short positions are held in the trading book or both are held in the non-trading book;

Changes to legislation: Regulation (EU) No 575/2013 of the European Parliament and of the Council, Section 3 is up to date with all changes known to be in force on or before 13 October 2023. - (b) institutions shall determine the amount to be deducted for direct, indirect and synthetic holdings of index securities by calculating the underlying exposure to own Common Equity Tier 1 instruments included in those indices;
- (c) institutions may net gross long positions in own Common Equity Tier 1 instruments resulting from holdings of index securities against short positions in own Common Equity Tier 1 instruments resulting from short positions in the underlying indices, including where those short positions involve counterparty risk, provided that both the following conditions are met:
 - (i) the long and short positions are in the same underlying indices;
 - (ii) either both the long and the short positions are held in the trading book or both are held in the non-trading book.

Article 43

Significant investment in a financial sector entity

For the purposes of deduction, a significant investment of an institution in a financial sector entity shall arise where any of the following conditions is met:

- (a) the institution owns more than 10 % of the Common Equity Tier 1 instruments issued by that entity;
- (b) the institution has close links with that entity and owns Common Equity Tier 1 instruments issued by that entity;
- (c) the institution owns Common Equity Tier 1 instruments issued by that entity and the entity is not included in consolidation pursuant to Chapter 2 of Title II of Part One but is included in the same accounting consolidation as the institution for the purposes of financial reporting under the applicable accounting framework.

Article 44

Deduction of holdings of Common Equity Tier 1 instruments of financial sector entities and where an institution has a reciprocal cross holding designed artificially to inflate own funds

Institutions shall make the deductions referred to in points (g), (h) and (i) of Article 36(1) in accordance with the following:

- (a) holdings of Common Equity Tier 1 instruments and other capital instruments of financial sector entities shall be calculated on the basis of the gross long positions;
- (b) Tier 1 own-fund insurance items shall be treated as holdings of Common Equity Tier 1 instruments for the purposes of deduction.

Article 45

Deduction of holdings of Common Equity Tier 1 instruments of financial sector entities

Institutions shall make the deductions required by points (h) and (i) of Article 36(1) in accordance with the following provisions:

Changes to legislation: Regulation (EU) No 575/2013 of the European Parliament and of the Council, Section 3 is up to date with all changes known to be in force on or before 13 October 2023. - (a) they may calculate direct, indirect and synthetic holdings of Common Equity Tier 1 instruments of the financial sector entities on the basis of the net long position in the same underlying exposure provided that both the following conditions are met:
 - (i) [F²the maturity date of the short position is either the same as, or later than the maturity date of the long position or the residual maturity of the short position is at least one year;]
 - (ii) either both the long position and the short position are held in the trading book or both are held in the non-trading book;
- (b) they shall determine the amount to be deducted for direct, indirect and synthetic holdings of index securities by calculating the underlying exposure to the capital instruments of the financial sector entities in those indices.

Article 46

Deduction of holdings of Common Equity Tier 1 instruments where an institution does not have a significant investment in a financial sector entity

1 For the purposes of point (h) of Article 36(1), institutions shall calculate the applicable amount to be deducted by multiplying the amount referred to in point (a) of this paragraph by the factor derived from the calculation referred to in point (b) of this paragraph:

- a the aggregate amount by which the direct, indirect and synthetic holdings by the institution of the Common Equity Tier 1, Additional Tier 1 and Tier 2 instruments of financial sector entities in which the institution does not have a significant investment exceeds 10 % of the aggregate amount of Common Equity Tier 1 items of the institution calculated after applying the following to Common Equity Tier 1 items:
 - (i) Articles 32 to 35;
 - (ii) the deductions referred to in points (a) to (g), points (k)(ii) to (v) and point (l) of Article 36(1), excluding the amount to be deducted for deferred tax assets that rely on future profitability and arise from temporary differences;
 - (iii) Articles 44 and 45;
- b the amount of direct, indirect and synthetic holdings by the institution of the Common Equity Tier 1 instruments of those financial sector entities in which the institution does not have a significant investment divided by the aggregate amount of direct, indirect and synthetic holdings by the institution of the Common Equity Tier 1, Additional Tier 1 and Tier 2 instruments of those financial sector entities.

2 Institutions shall exclude underwriting positions held for five working days or fewer from the amount referred to in point (a) of paragraph 1 and from the calculation of the factor referred to in point (b) of paragraph 1.

3 The amount to be deducted pursuant to paragraph 1 shall be apportioned across all Common Equity Tier 1 instruments held. Institutions shall determine the amount of each Common Equity Tier 1 instrument that is deducted pursuant to paragraph 1 by multiplying the amount specified in point (a) of this paragraph by the proportion specified in point (b) of this paragraph:

- a the amount of holdings required to be deducted pursuant to paragraph 1;
- b the proportion of the aggregate amount of direct, indirect and synthetic holdings by the institution of the Common Equity Tier 1 instruments of financial sector entities in which

the institution does not have a significant investment represented by each Common Equity Tier 1 instrument held.

4 The amount of holdings referred to in point (h) of Article 36(1) that is equal to or less than 10 % of the Common Equity Tier 1 items of the institution after applying the provisions laid down in points (a)(i) to (iii) of paragraph 1 shall not be deducted and shall be subject to the applicable risk weights in accordance with Chapter 2 or 3 of Title II of Part Three [^{F8}, Articles 132a to 132c of Chapter 3 of the Standardised Approach and Internal Ratings Based Approach to Credit Risk (CRR) Part of the PRA Rulebook] and the requirements laid down in Title IV of Part Three, as applicable.

5 Institutions shall determine the amount of each Common Equity Tier 1 instrument that is risk weighted pursuant to paragraph 4 by multiplying the amount specified in point (a) of this paragraph by the amount specified in point (b) of this paragraph:

- a the amount of holdings required to be risk weighted pursuant to paragraph 4;
- b the proportion resulting from the calculation in point (b) of paragraph 3.

Article 47

Deduction of holdings of Common Equity Tier 1 instruments where an institution has a significant investment in a financial sector entity

For the purposes of point (i) of Article 36(1), the applicable amount to be deducted from Common Equity Tier 1 items shall exclude underwriting positions held for five working days or fewer and shall be determined in accordance with Articles 44 and 45 and Sub-section 2.

^{F9}Article 47a

Non-performing exposures

1 For the purposes of point (m) of Article 36(1), exposure shall include any of the following items, provided they are not included in the trading book of the institution:

- a a debt instrument, including a debt security, a loan, an advance and a demand deposit;
- b a loan commitment given, a financial guarantee given or any other commitment given, irrespective of whether it is revocable or irrevocable, with the exception of undrawn credit facilities that may be cancelled unconditionally at any time and without notice, or that effectively provide for automatic cancellation due to deterioration in the borrower's creditworthiness.

2 For the purposes of point (m) of Article 36(1), the exposure value of a debt instrument shall be its accounting value measured without taking into account any specific credit risk adjustments, additional value adjustments in accordance with Articles 34 and 105, amounts deducted in accordance with point (m) of Article 36(1), other own funds reductions related to

Changes to legislation: Regulation (EU) No 575/2013 of the European Parliament and of the Council, Section 3 is up to date with all changes known to be in force on or before 13 October 2023. the exposure or partial write-offs made by the institution since the last time the exposure was classified as non-performing.

For the purposes of point (m) of Article 36(1), the exposure value of a debt instrument that was purchased at a price lower than the amount owed by the debtor shall include the difference between the purchase price and the amount owed by the debtor.

For the purposes of point (m) of Article 36(1), the exposure value of a loan commitment given, a financial guarantee given or any other commitment given as referred to in point (b) of paragraph 1 of this Article shall be its nominal value, which shall represent the institution's maximum exposure to credit risk without taking account of any funded or unfunded credit protection. The nominal value of a loan commitment given shall be the undrawn amount that the institution has committed to lend and the nominal value of a financial guarantee given shall be the maximum amount the entity could have to pay if the guarantee is called on.

The nominal value referred to in the third subparagraph of this paragraph shall not take into account any specific credit risk adjustment, additional value adjustments in accordance with Articles 34 and 105, amounts deducted in accordance with point (m) of Article 36(1) or other own funds reductions related to the exposure.

3 For the purposes of point (m) of Article 36(1), the following exposures shall be classified as non-performing:

- a an exposure in respect of which a default is considered to have occurred in accordance with Article 178;
- b an exposure which is considered to be impaired in accordance with the applicable accounting framework;
- c an exposure under probation pursuant to paragraph 7, where additional forbearance measures are granted or where the exposure becomes more than 30 days past due;
- d an exposure in the form of a commitment that, were it drawn down or otherwise used, would likely not be paid back in full without realisation of collateral;
- e an exposure in form of a financial guarantee that is likely to be called by the guaranteed party, including where the underlying guaranteed exposure meets the criteria to be considered as non-performing.

For the purposes of point (a), where an institution has on-balance-sheet exposures to an obligor that are past due by more than 90 days and that represent more than 20 % of all on-balance-sheet exposures to that obligor, all on- and off-balance-sheet exposures to that obligor shall be considered to be non-performing.

4 Exposures that have not been subject to a forbearance measure shall cease to be classified as non-performing for the purposes of point (m) of Article 36(1) where all the following conditions are met:

- a the exposure meets the exit criteria applied by the institution for the discontinuation of the classification as impaired in accordance with the applicable accounting framework and of the classification as defaulted in accordance with Article 178;
- b the situation of the obligor has improved to the extent that the institution is satisfied that full and timely repayment is likely to be made;
- c the obligor does not have any amount past due by more than 90 days.

5 The classification of a non-performing exposure as non-current asset held for sale in accordance with the applicable accounting framework shall not discontinue its classification as non-performing exposure for the purposes of point (m) of Article 36(1).

Changes to legislation: Regulation (EU) No 575/2013 of the European Parliament and of the Council, Section 3 is up to date with all changes known to be in force on or before 13 October 2023. 6 Non-performing exposures subject to forbearance measures shall cease to be classified as non-performing for the purposes of point (m) of Article 36(1) where all the following conditions are met:

- a the exposures have ceased to be in a situation that would lead to their classification as non-performing under paragraph 3;
- b at least one year has passed since the date on which the forbearance measures were granted and the date on which the exposures were classified as non-performing, whichever is later;
- c there is no past-due amount following the forbearance measures and the institution, on the basis of the analysis of the obligor's financial situation, is satisfied about the likelihood of the full and timely repayment of the exposure.

[^{X2}Full and timely repayment may be considered likely where the obligor has executed regular and timely payments of amounts equal to either of the following:]

- a the amount that was past due before the forbearance measure was granted, where there were amounts past due;
- b the amount that has been written-off under the forbearance measures granted, where there were no amounts past due.

7 Where a non-performing exposure has ceased to be classified as non-performing pursuant to paragraph 6, such exposure shall be under probation until all the following conditions are met:

- a at least two years have passed since the date on which the exposure subject to forbearance measures was re-classified as performing;
- b regular and timely payments have been made during at least half of the period that the exposure would be under probation, leading to the payment of a substantial aggregate amount of principal or interest;
- c none of the exposures to the obligor is more than 30 days past due.

Article 47b

Forbearance measures

1 Forbearance measure is a concession by an institution towards an obligor that is experiencing or is likely to experience difficulties in meeting its financial commitments. A concession may entail a loss for the lender and shall refer to either of the following actions:

- a a modification of the terms and conditions of a debt obligation, where such modification would not have been granted had the obligor not experienced difficulties in meeting its financial commitments;

Changes to legislation: Regulation (EU) No 575/2013 of the European Parliament and of the Council, Section 3 is up to date with all changes known to be in force on or before 13 October 2023. - b a total or partial refinancing of a debt obligation, where such refinancing would not have been granted had the obligor not experienced difficulties in meeting its financial commitments.
- 2 At least the following situations shall be considered forbearance measures:
- a new contract terms are more favourable to the obligor than the previous contract terms, where the obligor is experiencing or is likely to experience difficulties in meeting its financial commitments;
 - b new contract terms are more favourable to the obligor than contract terms offered by the same institution to obligors with a similar risk profile at that time, where the obligor is experiencing or is likely to experience difficulties in meeting its financial commitments;
 - c the exposure under the initial contract terms was classified as non-performing before the modification to the contract terms or would have been classified as non-performing in the absence of modification to the contract terms;
 - d the measure results in a total or partial cancellation of the debt obligation;
 - e the institution approves the exercise of clauses that enable the obligor to modify the terms of the contract and the exposure was classified as non-performing before the exercise of those clauses, or would be classified as non-performing were those clauses not exercised;
 - f at or close to the time of the granting of debt, the obligor made payments of principal or interest on another debt obligation with the same institution, which was classified as a non-performing exposure or would have been classified as non-performing in the absence of those payments;
 - g the modification to the contract terms involves repayments made by taking possession of collateral, where such modification constitutes a concession.
- 3 The following circumstances are indicators that forbearance measures may have been adopted:
- a the initial contract was past due by more than 30 days at least once during the three months prior to its modification or would be more than 30 days past due without modification;
 - b at or close to the time of concluding the credit agreement, the obligor made payments of principal or interest on another debt obligation with the same institution that was past due by 30 days at least once during the three months prior to the granting of new debt;
 - c the institution approves the exercise of clauses that enable the obligor to change the terms of the contract, and the exposure is 30 days past due or would be 30 days past due were those clauses not exercised.
- 4 For the purposes of this Article, the difficulties experienced by an obligor in meeting its financial commitments shall be assessed at obligor level, taking into account all the legal entities in the obligor's group which are included in the accounting consolidation of the group, and natural persons who control that group.

Article 47c

Deduction for non-performing exposures

1 For the purposes of point (m) of Article 36(1), institutions shall determine the applicable amount of insufficient coverage separately for each non-performing exposure to be deducted from Common Equity Tier 1 items by subtracting the amount determined in point (b) of this paragraph from the amount determined in point (a) of this paragraph, where the amount referred to in point (a) exceeds the amount referred to in point (b):

- a the sum of:
 - (i) the unsecured part of each non-performing exposure, if any, multiplied by the applicable factor referred to in paragraph 2;
 - (ii) the secured part of each non-performing exposure, if any, multiplied by the applicable factor referred to in paragraph 3;
- b the sum of the following items provided they relate to the same non-performing exposure:
 - (i) specific credit risk adjustments;
 - (ii) additional value adjustments in accordance with Articles 34 and 105;
 - (iii) other own funds reductions;
 - (iv) for institutions calculating risk-weighted exposure amounts using the Internal Ratings Based Approach, the absolute value of the amounts deducted pursuant to point (d) of Article 36(1) which relate to non-performing exposures, where the absolute value attributable to each non-performing exposure is determined by multiplying the amounts deducted pursuant to point (d) of Article 36(1) by the contribution of the expected loss amount for the non-performing exposure to total expected loss amounts for defaulted or non-defaulted exposures, as applicable;
 - (v) where a non-performing exposure is purchased at a price lower than the amount owed by the debtor, the difference between the purchase price and the amount owed by the debtor;
 - (vi) amounts written-off by the institution since the exposure was classified as non-performing.

The secured part of a non-performing exposure is that part of the exposure which, for the purpose of calculating own funds requirements pursuant to Title II of Part Three, is considered to be covered by a funded credit protection or unfunded credit protection or fully and completely secured by mortgages.

The unsecured part of a non-performing exposure corresponds to the difference, if any, between the value of the exposure as referred to in Article 47a(1) and the secured part of the exposure, if any.

2 For the purposes of point (a)(i) of paragraph 1, the following factors shall apply:

- a 0,35 for the unsecured part of a non-performing exposure to be applied during the period between the first and the last day of the third year following its classification as non-performing;

Changes to legislation: Regulation (EU) No 575/2013 of the European Parliament and of the Council, Section 3 is up to date with all changes known to be in force on or before 13 October 2023.
