Criteria for assessing third country equivalence

The criteria which shall be taken into account in order to assess whether the prudential regime in a third country for the supervision of groups is equivalent to that laid down in [F1the United Kingdom law which implemented] Title III of Directive 2009/138/EC shall be the following:

- (a) whether the supervisory authorities of the third country have the necessary means, the relevant expertise, capacities including financial and human resources, and mandate to effectively protect policy holders and beneficiaries, regardless of their nationality or place of residence;
- (b) whether the supervisory authorities of the third country are empowered by law or regulation to:
 - (i) determine which undertakings fall under the scope of supervision at group level,
 - (ii) supervise insurance and reinsurance undertakings which are part of a group,
 - (iii) impose sanctions or take enforcement action where necessary;
- (c) whether the supervisory authorities of the third country are able to effectively assess the risk profile and solvency and financial position of insurance and reinsurance undertakings which are part of a group as well as that group's business strategy;
- (d) whether the scope of supervision at group level at least includes all undertakings over which a participating undertaking, as defined in Article 212(1)(a) of Directive 2009/138/EC, exercises dominant or significant influence unless where this would be inappropriate to the objectives of group supervision;
- (e) whether the supervisory authorities of the third country, in the exercise of their general duties, duly consider the potential impact of their decisions on the stability of financial systems globally, particularly during emergency situations, on the basis of the information available at the time;

- (g) whether the prudential regime of that third country requires an effective system of governance at the group level which provides for sound and prudent management of the business and prescribes all of the following:
 - (i) the existence of an adequate transparent organisational structure with a clear allocation and appropriate segregation of responsibilities;
 - (ii) requirements for ensuring that persons who effectively run the undertaking are fit and proper, which are equivalent to Article 42 of Directive 2009/138/EC;
 - (iii) the existence of effective processes to ensure the timely transmission of information both within the group and to the relevant supervisory authorities;
 - (iv) requirements for ensuring that the outsourced functions or activities are effectively supervised;
- (h) whether the prudential regime of that third country requires an effective risk-management system in place at the group level comprising at least all of the following:
 - (i) strategies, processes and internal reporting procedures necessary to identify, measure, monitor, manage and report risks on a continuous basis, to which the group is or could be exposed and their interdependencies;
 - (ii) an effective internal control system;
- (i) whether the prudential regime of that third country requires the group to have sound reporting and accounting procedures to monitor and manage the intra-group transactions and the risk concentrations;
- (j) whether the prudential regime of that third country requires that effective risk-management, compliance, internal audit and actuarial functions are established and maintained by the group;
- (k) whether the prudential regime of that third country requires the group to do all of the following:
 - (i) to provide third country supervisory authorities with any information necessary for the purposes of supervision;
 - (ii) to report significant risk concentration at the level of the group and significant intra-group transactions, on at least an annual basis;
 - (iii) to disclose publicly, on at least an annual basis, a report on the solvency and financial condition of the group which is equivalent to that specified in Article 51 of Directive 2009/138/EC;
- (l) whether the prudential regime of that third country requires that proposed changes to the business policy or management of the group, or to qualifying holdings in the group, are consistent with the sound and prudent management of the group;

- (n) whether the prudential regime of that third country requires the group to hold adequate financial resources including all of the following:
 - (i) a requirement that the group establishes technical provisions with respect to all of its insurance and reinsurance obligations towards policy holders and beneficiaries of insurance and reinsurance undertakings which are part of the group;
 - (ii) a requirement that assets held to cover technical provisions are invested in the best interests of all policy holders and beneficiaries taking into account any disclosed policy objective;
 - (iii) a requirement that the group only invests in assets and instruments whose risks it can properly identify, measure, monitor, manage, control and report;
 - (iv) a requirement by the supervisory authorities of the third country that the group meet capital requirements set at a level equivalent to that achieved by Article 101(3) of Directive 2009/138/EC which ensures that in the event of significant losses policy holders and beneficiaries are adequately protected and continue to receive payments as they become due;
 - (v) a requirement that insurance or reinsurance undertakings which are part of the group maintain a minimum level of capital, non-compliance with which triggers immediate and ultimate supervisory intervention;
 - (vi) a requirement that the group capital requirement is met with own funds that are of a sufficient quality and which are able to absorb significant losses, and that own-fund items considered by the supervisory authorities to be of a high quality shall absorb losses both in a going concern and in case of a winding up;
- (o) whether the capital requirements of the prudential regime of that third country are risk-based with the objective of capturing quantifiable risks and, where a significant risk is not quantifiable and cannot be captured in the capital requirements, whether that risk is addressed through another supervisory mechanism;
- (p) whether the prudential regime of that third country ensures timely intervention by supervisory authorities of the third country in the event that the capital requirement referred to in point (n)(iv) is not complied with;
- (q) whether the supervisory authorities of the third country restrict the use of own-fund items of a related insurance or reinsurance undertaking where they consider that they cannot effectively be made available to cover the capital requirement of the participating undertaking for which the group solvency is calculated;
- (r) whether the calculation of group solvency in the third country's prudential regime produces a result that is at least equivalent to the result achieved by either [F2method 1 or method 2], or a combination of them, and that calculation ensures that there is no double use of own funds to meet the group capital requirement and that the intra-group creation of capital through reciprocal financing is eliminated;
- (s) whether the prudential regime of the third country provides that all persons who are working or who have worked for the supervisory authorities of that third country, as well as auditors and experts acting on behalf of those authorities, are bound by obligations of professional secrecy and whether such obligations of professional secrecy extend to information received from all supervisory authorities;

- (u) whether the prudential regime of the third country provides that, where an insurance or reinsurance undertaking has been declared bankrupt or is being compulsorily wound up, confidential information which does not concern third parties involved in attempts to rescue that undertaking may be divulged in civil or commercial proceedings;
- (v) whether third country supervisory authorities which receive confidential information from other supervisory authorities only use that information in the course of their duties and for any of the following purposes:
