## TITLE IV

### TRANSPARENCY AND CONSUMER PROTECTION

#### *Article 27*

##### **Benchmark statement**

1 Within two weeks of the inclusion of an administrator in the register referred to in Article 36, the administrator shall publish, by means that ensure fair and easy access, a benchmark statement for each benchmark or, where applicable, for each family of benchmarks, that may be used in the Union in accordance with Article 29.

Where that administrator begins providing a new benchmark or family of benchmarks that may be used in the Union in accordance with Article 29, the administrator shall publish, within two weeks and by means that ensure a fair and easy access, a benchmark statement for each new benchmark or, where applicable, family of benchmarks.

The administrator shall review and, where necessary, update the benchmark statement for each benchmark or family of benchmarks in the event of any changes to the information to be provided under this Article and at least every two years.

The benchmark statement shall:

- a clearly and unambiguously define the market or economic reality measured by the benchmark and the circumstances in which such measurement may become unreliable;
- b lay down technical specifications that clearly and unambiguously identify the elements of the calculation of the benchmark in relation to which discretion may be exercised, the criteria applicable to the exercise of such discretion and the position of the persons that can exercise discretion, and how such discretion may be subsequently evaluated;
- c provide notice of the possibility that factors, including external factors beyond the control of the administrator, may necessitate changes to, or the cessation of, the benchmark; and
- d advise users that changes to, or the cessation of, the benchmark may have an impact upon the financial contracts and financial instruments that reference the benchmark or the measurement of the performance of investment funds.

2 A benchmark statement shall contain at least:

- a the definitions for all key terms relating to the benchmark;
- b the rationale for adopting the benchmark methodology and procedures for the review and approval of the methodology;
- c the criteria and procedures used to determine the benchmark, including a description of the input data, the priority given to different types of input data, the minimum data needed to determine a benchmark, the use of any models or methods of extrapolation and any procedure for rebalancing the constituents of a benchmark's index;

- d the controls and rules that govern any exercise of judgement or discretion by the administrator or any contributors, to ensure consistency in the use of such judgement or discretion;
- e the procedures which govern the determination of the benchmark in periods of stress or periods where transaction data sources may be insufficient, inaccurate or unreliable and the potential limitations of the benchmark in such periods;
- f the procedures for dealing with errors in input data or in the determination of the benchmark, including when a re-determination of the benchmark is required; and
- g the identification of potential limitations of the benchmark, including its operation in illiquid or fragmented markets and the possible concentration of inputs.

[<sup>F1</sup>2a By 30 April 2020, for each of the requirements referred to in paragraph 2, the benchmark statement shall contain an explanation of how ESG factors are reflected in each benchmark or family of benchmarks provided and published. For those benchmarks or families of benchmarks that do not pursue ESG objectives, it shall be sufficient for benchmark administrators to clearly state in the benchmark statement that they do not pursue such objectives.

Where no EU Climate Transition Benchmark or EU Paris-aligned Benchmark is available in the portfolio of that individual benchmark administrator, or the individual benchmark administrator has no benchmarks that pursue ESG objectives or take into account ESG factors, this shall be stated in the benchmark statements of all benchmarks provided by that administrator. For significant equity and bond benchmarks, as well as for EU Climate Transition Benchmarks and EU Paris-aligned Benchmarks, benchmark administrators shall disclose in their benchmark statements details on whether or not and to what extent a degree of overall alignment with the target of reducing carbon emissions or the attainment of the objectives of the Paris Agreement is ensured in accordance with the disclosure rules for financial products in Article 9(3) of Regulation (EU) 2019/2088 of the European Parliament and of the Council<sup>(1)</sup>.

By 31 December 2021, benchmark administrators shall, for each benchmark or, where applicable, each family of benchmarks, with the exception of interest rate and foreign exchange benchmarks, include in their benchmark statement an explanation of how their methodology aligns with the target of carbon emission reductions or attains the objectives of the Paris Agreement.

2b The Commission is empowered to adopt delegated acts in accordance with Article 49 to supplement this Regulation by further specifying the information to be provided in the benchmark statement pursuant to paragraph 2a of this Article, as well as the standard format to be used for references to ESG factors to enable market participants to make well-informed choices and to ensure the technical feasibility of compliance with that paragraph.]

3 ESMA shall develop draft regulatory technical standards to specify further the contents of a benchmark statement and the cases in which an update of such statement is required.

ESMA shall distinguish between the different types of benchmarks and sectors as set out in this Regulation and shall take into account the principle of proportionality.

ESMA shall submit those draft regulatory technical standards to the Commission by 1 April 2017.

Power is delegated to the Commission to adopt the regulatory technical standards referred to in the first subparagraph in accordance with the procedure laid down in Articles 10 to 14 of Regulation (EU) No 1095/2010.

### Article 28

#### Changes to and cessation of a benchmark

1 An administrator shall publish, together with the benchmark statement referred to in Article 27, a procedure concerning the actions to be taken by the administrator in the event of changes to or the cessation of a benchmark which may be used in the Union in accordance with Article 29(1). The procedure may be drafted, where applicable, for families of benchmarks and shall be updated and published whenever a material change occurs.

2 Supervised entities other than an administrator as referred to in paragraph 1 that use a benchmark shall produce and maintain robust written plans setting out the actions that they would take in the event that a benchmark materially changes or ceases to be provided. Where feasible and appropriate, such plans shall nominate one or several alternative benchmarks that could be referenced to substitute the benchmarks no longer provided, indicating why such benchmarks would be suitable alternatives. The supervised entities shall, upon request, provide the relevant competent authority with those plans and any updates and shall reflect them in the contractual relationship with clients.
