## ANNEX 12 **U.K.**

### **APPLICATION AND AUTHORISATION FORMS**

#### **General remarks**

The layout of the models is not binding; e.g. instead of boxes the Member States may provide for forms with a line structure or if required the space of the boxes may be extended. Member States may also use national IT systems for accepting applications and granting authorisations.

However, the order numbers and the appropriate text are obligatory.

The Member States may provide for boxes or lines for national purposes. These boxes or lines shall be indicated by an order number plus a capital letter (e.g. 5A).

In principle boxes with a bold order number must be completed. The explanatory note refers to exceptions.

The Appendix contains the codes for economic conditions.
