

Regulation (EU) 2016/429 of the European Parliament and of the Council of 9 March 2016 on transmissible animal diseases and amending and repealing certain acts in the area of animal health ('Animal Health Law') (Text with EEA relevance)

PART I

GENERAL RULES

CHAPTER 3

Responsibilities for animal health

Section 3

Member States

Article 13

Member States' responsibilities

1 In order to ensure that the competent authority for animal health has the capability to take the necessary and appropriate measures, and to carry out the activities, required by this Regulation, each Member State shall, at the appropriate administrative level, ensure that competent authority has:

- a qualified personnel, facilities, equipment, financial resources and an effective organisation covering the whole territory of the Member State;
- b access to laboratories with the qualified personnel, facilities, equipment and financial resources needed to ensure the rapid and accurate diagnosis and differential diagnosis of listed diseases and emerging diseases;
- c sufficiently trained veterinarians involved in performing the activities referred to in Article 12.

2 Member States shall encourage operators and animal professionals to acquire, maintain and develop the adequate knowledge of animal health provided for in Article 11 through relevant programmes in agricultural or aquaculture sectors or formal education.

Article 14

Delegation by a competent authority of official activities

1 The competent authority may delegate one or more of the following activities to veterinarians other than official veterinarians:

- a practical application of measures under the eradication programmes provided for in Article 32;
- b supporting the competent authority in carrying out surveillance as provided for in Article 26 or in relation to surveillance programmes as provided for in Article 28;
- c activities related to:
