2 Investment firms shall determine the extent of the information to be collected from clients in light of all the features of the investment advice or portfolio management services to be provided to those clients. Investment firms shall obtain from clients or potential clients such information as is necessary for the firm to understand the essential facts about the client and to have a reasonable basis for determining, giving due consideration to the nature and extent of the

- a it meets the investment objectives of the client in question, including client's risk tolerance;
- b it is such that the client is able financially to bear any related investment risks consistent with his investment objectives;
- c it is such that the client has the necessary experience and knowledge in order to understand the risks involved in the transaction or in the management of his portfolio.

6 Where a client is a legal person or a group of two or more natural persons or where one or more natural persons are represented by another natural person, the investment firm shall establish and implement policy as to who should be subject to the suitability assessment and how this assessment will be done in practice, including from whom information about knowledge and experience, financial situation and investment objectives should be collected. 12 When providing investment advice, investment firms shall provide a report to the retail client that includes an outline of the advice given and how the recommendation provided is suitable for the retail client, including how it meets the client's objectives and personal circumstances with reference to the investment term required, client's knowledge and experience and client's attitude to risk and capacity for loss.

Investment firms shall draw clients' attention to and shall include in the suitability report information on whether the recommended services or instruments are likely to require the retail client to seek a periodic review of their arrangements.

Where an investment firm provides a service that involves periodic suitability assessments and reports, the subsequent reports after the initial service is established may only cover changes in the services or instruments involved and/or the circumstances of the client and may not need to repeat all the details of the first report.

2 The information on the execution policy shall be customised depending on the class of financial instrument and type of the service provided and shall include information set out in paragraphs 3 to 9.

3 Investment firms shall provide clients with the following details on their execution policy in good time prior to the provision of the service:

- a an account of the relative importance the investment firm assigns, in accordance with the criteria specified in Article 59(1), to the factors referred to in [^{F84}rule 11.2A.2 of the Conduct of Business sourcebook], or the process by which the firm determines the relative importance of those factors.
- b a list of the execution venues on which the firm places significant reliance in meeting its obligation to take all reasonable steps to obtain on a consistent basis the best possible result for the execution of client orders and specifying which execution venues are used for each class of financial instruments, for retail client orders, professional client orders and SFTs;
- c a list of factors used to select an execution venue, including qualitative factors such as clearing schemes, circuit breakers, scheduled actions, or any other relevant consideration, and the relative importance of each factor; The information about the

- d how the execution factors of price costs, speed, likelihood of execution and any other relevant factors are considered as part of all sufficient steps to obtain the best possible result for the client;
 - e where applicable, information that the firm executes orders outside a trading venue, the consequences, for example counterparty risk arising from execution outside a trading venue, and upon client request, additional information about the consequences of this means of execution;
 - f a clear and prominent warning that any specific instructions from a client may prevent the firm from taking the steps that it has designed and implemented in its execution policy to obtain the best possible result for the execution of those orders in respect of the elements covered by those instructions;
 - g a summary of the selection process for execution venues, execution strategies employed, the procedures and process used to analyse the quality of execution obtained and how the firms monitor and verify that the best possible results were obtained for clients.

That information shall be provided in a durable medium, or by means of a website (where that does not constitute a durable medium) provided that the conditions specified in Article 3(2) are satisfied.

4 Where investment firms apply different fees depending on the execution venue, the firm shall explain these differences in sufficient detail in order to allow the client to understand the advantages and the disadvantages of the choice of a single execution venue.

5 Where investment firms invite clients to choose an execution venue, fair, clear and not misleading information shall be provided to prevent the client from choosing one execution venue rather than another on the sole basis of the price policy applied by the firm.

6 Investment firms shall only receive third-party payments that comply with [F85 rules 2.3A.5, 2.3A.6 and 2.3A.7E of the Conduct of Business sourcebook] and shall inform clients about the inducements that the firm may receive from the execution venues. The information shall specify the fees charged by the investment firm to all counterparties involved in the transaction, and where the fees vary depending on the client, the information shall indicate the maximum fees or range of the fees that may be payable.

7 Where an investment firm charges more than one participant in a transaction, in compliance with [F86 rules 2.3A.5, 2.3A.6 and 2.3A.7E of the Conduct of Business sourcebook], the firm shall inform its clients of the value of any monetary or non-monetary benefits received by the firm.

Recording of telephone conversations or electronic communications ^{F109}...

1 Investment firms shall establish, implement and maintain an effective recording of telephone conversations and electronic communications policy, set out in writing, and appropriate to the size and organisation of the firm, and the nature, scale and complexity of its business. The policy shall include the following content:

- a the identification of the telephone conversations and electronic communications, including relevant internal telephone conversations and electronic communications, that are subject to the recording requirements in accordance with [^{F110}rules 10A.1.6 to 10A.1.8 and 10A.1.11 to 10.1.14 of the Senior Management Arrangements, Systems and Control sourcebook (“the relevant rules”)]; and
- b the specification of the procedures to be followed and measures to be adopted to ensure the firm's compliance with [^{F111}rule 10A.1.6 and 10A.1.7 of the Senior Management Arrangements, Systems and Controls sourcebook] where exceptional circumstances arise and the firm is unable to record the conversation/communication on devices issued, accepted or permitted by the firm. Evidence of such circumstances shall be retained and shall be accessible to [^{F112}the FCA].

2 Investment firms shall ensure that the management body has effective oversight and control over the policies and procedures relating to the firm's recording of telephone conversations and electronic communications.

3 Investment firms shall ensure that the arrangements to comply with recording requirements are technology-neutral. Firms shall periodically evaluate the effectiveness of the firm's policies and procedures and adopt any such alternative or additional measures and procedures as are necessary and appropriate. At a minimum, such adoption of alternative or additional measures shall occur when a new medium of communication is accepted or permitted for use by the firm.

4 Investment firms shall keep and regularly update a record of those individuals who have firm devices or privately owned devices that have been approved for use by the firm.

5 Investment firms shall educate and train employees in procedures governing the requirements in [^{F113}the relevant rules].

6 To monitor compliance with the recording and record-keeping requirements in accordance with [^{F114}the relevant rules], investment firms shall periodically monitor the records of transactions and orders subject to these requirements, including relevant conversations. Such monitoring shall be risk based and proportionate.

The information referred to in the first sub-paragraph shall be presented in the same language(s) as that used to provide investment services to clients.

- e relevant information about the client order including the price, volume, type of order and when it shall be transmitted or executed.

10 Records shall be stored in a durable medium, which allows them to be replayed or copied and must be retained in a format that does not allow the original record to be altered or deleted.

Records shall be stored in a medium so that they are readily accessible and available to clients on request.

Firms shall ensure the quality, accuracy and completeness of the records of all telephone recordings and electronic communications.

11 The period of time for the retention of a record shall begin on the date when the record is created.

Article 78

Registration as an SME growth market ^{F121}...

1 When determining whether at least 50 % of the issuers admitted to trading on an MTF are SMEs for the purposes of registration as an SME growth market in accordance with [^{F122}rule 5.10.2(1) of the Market Conduct sourcebook, the FCA] shall calculate the average ratio of SMEs over the total number of issuers whose financial instruments are admitted to trading on that market. The average ratio shall be calculated on 31 December of the previous calendar year as the average of the twelve end-of-month ratios of that calendar year.

Without prejudice to the other conditions for registration specified in [^{F123}paragraphs (2) to (7) of rule 5.10.2 of the Market Conduct sourcebook, the FCA] shall register as an SME growth market an applicant with no previous operating history and, after three calendar years have elapsed, shall verify that it complies with the minimum proportion of SMEs, as determined in accordance with the first subparagraph.

2 With regard to the criteria laid out in [^{F124}paragraphs (2), (3), (4) and (6) of rule 5.10.2 of the Market Conduct sourcebook, the FCA] shall not register the MTF as an SME growth market unless it is satisfied that the MTF:

- a has established and applies rules providing for objective and transparent criteria for the initial and ongoing admission to trading of issuers on its venue;
- b has an operating model which is appropriate for the performance of its functions and ensures the maintenance of fair and orderly trading in the financial instruments admitted to trading on its venue;
- c has established and applies rules that require an issuer seeking admission of its financial instruments to trading on the MTF, to publish, in cases where [^{F125}the UK law implementing] Directive 2003/71/EC does not apply, an appropriate admission document, drawn up under the responsibility of the issuer and clearly stating whether or not it has been approved or reviewed and by whom;
- d has established and applies rules that define the minimum content of the admission document referred to under point (c), in such a way that sufficient information is provided to investors to enable them to make an informed assessment of the financial position and prospects of the issuer, and the rights attaching to its securities;
- e requires the issuer to state, in the admission document referred to under point (c), whether or not, in its opinion, its working capital is sufficient for its present requirements or, if not, how it proposes to provide the additional working capital needed;
- f has made arrangements for the admission document referred to under point (c) to be subject to an appropriate review of its completeness, consistency and comprehensibility;
- g requires the issuers whose securities are traded on its venue to publish annual financial reports within 6 months after the end of each financial year, and half yearly financial reports within 4 months after the end of the first 6 months of each financial year;
- h ensures dissemination to the public of prospectuses drawn up in accordance with [^{F126}the UK law implementing] Directive 2003/71/EC, admission documents referred to under point (c), financial reports referred to under point (g) and information defined in Article 7(1) of Regulation (EU) No 596/2014 publicly disclosed by the issuers whose securities are traded on its venue, by publishing them on its website, or providing thereon a direct link to the page of the website of the issuers where such documents, reports and information are published;

- i ensures that the regulatory information referred to under point (h) and direct links remain available on its website for a period of at least five years ^[F118];
- ^[F127] requires issuers seeking admission of their shares to trading on its venue for the first time to allocate a minimum amount of their issued shares available for trading on the MTF, in accordance with a threshold to be established by the operator of the MTF and expressed either as an absolute value or as a percentage of the total issued share capital.]

^[F127]The operator of an MTF may exempt issuers that have no equity instruments traded on the MTF from the requirement to publish half-yearly financial reports referred to in point (g) of the first subparagraph of this paragraph. Where the operator of an MTF exercises the option pursuant to the first sentence of this subparagraph, the ^[F128]FCA shall not require, for the purposes of point (g) of the first subparagraph, that issuers that have no equity instruments traded on the MTF be required to publish half-yearly financial reports.]

^[F129] For the purposes of paragraph 2, “UK law implementing Directive 2003/71/EC” means the law of the United Kingdom or of any part of the United Kingdom which was relied on by the United Kingdom immediately before IP completion day to implement Directive 2003/71/EC, as that law has been amended under the European Union (Withdrawal) Act 2018.]
