1 PEPP providers may provide and PEPP distributors may distribute PEPPs within the territory of a host Member State under the freedom to provide services or the freedom of establishment, provided they do so in compliance with the relevant rules and procedures established by or under the Union law applicable to them referred to in points (a), (b), (d) and (e) of Article 6(1) or in Article 10(2) and after notifying their intention to open a sub-account for this host Member State in accordance with Article 21.

2 PEPP providers as referred to in points (c) and (f) of Article 6(1) shall comply with the rules set out in Article 15.

Article 15

1 PEPP providers as referred to in points (c) and (f) of Article 6(1) which intend to provide PEPPs to PEPP savers within the territory of a host Member State for the first time under the freedom to provide services and after notifying their intention to open a sub-account for this host Member State in accordance with Article 21, shall communicate the following information to the competent authorities of their home Member State:

- a the name and address of the PEPP provider;
- b the Member State in which the PEPP provider intends to provide or distribute PEPPs to PEPP savers.

2 The competent authorities of the home Member State shall transmit the information within 10 working days of the date of receipt to the host Member State together with a confirmation that the PEPP provider referred to in paragraph 1 of this Article complies with the requirements set out in Article 6(1). The information is communicated to the competent authorities of the host Member State unless the competent authorities of the home Member State have reason to doubt the adequacy of the administrative structure in relation to the provision of PEPP or the financial situation of the PEPP provider as referred to in points (c) and (f) of Article 6(1).

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2019/1238 of the European Parliament and of the Council. (See end of Document for details)

Where the competent authorities of the home Member State refuse to communicate the information to the competent authorities of the host Member State, they shall give reasons for such refusal to the PEPP provider concerned within one month of receiving all the information and documents. The refusal or any failure to reply shall be subject to the right to appeal to the courts in the PEPP provider's home Member State.

3 The competent authorities of the host Member State shall within 10 working days acknowledge receipt of the information referred to in paragraph 1. The competent authorities of the home Member State shall then inform the PEPP provider that the information has been received by the competent authorities of the host Member State and that the PEPP provider can start the provision of PEPP to PEPP savers in that Member State.

4 In the absence of acknowledgment of receipt as referred to in paragraph 3 within 10 working days of the date of the transmission of the information as referred to in paragraph 2, the competent authorities of the home Member State shall inform the PEPP provider that the PEPP provider can start providing services in that host Member State.

5 In the event of a change in any of the information referred to in paragraph 1, the PEPP provider shall notify that change to the competent authorities of the home Member State at least one month before implementing the change. They shall inform the Commission and EIOPA, indicating any division of those duties.

Article 16

Powers of the competent authorities of the host Member State

1 Where the competent authorities of the host Member State have reason to consider that a PEPP is distributed within its territory or a sub-account for that Member State has been opened in infringement of any obligations resulting from the applicable rules, as referred to in Article 3, they shall refer their findings to the competent authorities of the home Member State of the PEPP provider or the PEPP distributor.

2 After assessing the information received pursuant to paragraph 1, the competent authorities of the home Member State shall, where applicable, take appropriate measures without delay to remedy the situation. They shall inform the competent authorities of the host Member State of any such measures.

3 Where the measures taken by the competent authorities of the home Member State prove to be inadequate or are lacking, and the PEPP provider or the PEPP distributor continues to distribute the PEPP in a manner that is clearly detrimental to the interests of the host Member State's PEPP savers or to the orderly functioning of the market for personal pension products in that Member State, the competent authorities of the host Member State may, after informing the competent authorities of the home Member State, take appropriate measures to prevent further irregularities, including, in so far as is strictly necessary, preventing the PEPP provider or the PEPP distributor from continuing the distribution of PEPPs within their territory.

In addition, the competent authorities of the home Member State or the competent authorities of the host Member State may refer the matter to EIOPA and request its assistance in accordance with Article 19 of Regulation (EU) No 1094/2010.

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2019/1238 of the European Parliament and of the Council. (See end of Document for details)

4 Paragraphs 1 to 3 shall not affect the power of the host Member State to take appropriate and non-discriminatory measures to prevent or penalise irregularities committed within its territory, in situations where immediate action is strictly necessary in order to protect the rights of consumers in the host Member State, and where equivalent measures of the home Member State are inadequate or lacking, or in cases where the irregularities are contrary to national legal provisions protecting the general good, in so far as strictly necessary. In such situations, host Member States shall have the possibility of preventing the PEPP provider or the PEPP distributor from carrying on new business within their territory.

5 Any measure adopted by the competent authorities of the host Member State under this Article shall be communicated to the PEPP provider or the PEPP distributor in a well-reasoned document and notified to the competent authorities of the home Member State without undue delay.

SECTION II

Portability

Article 17

The portability service

1 PEPP savers shall have the right to use a portability service which gives them the right to continue contributing into their existing PEPP account, when changing their residence to another Member State.

2 When using the portability service, PEPP savers are entitled to retain all advantages and incentives granted by the PEPP provider and connected with continuous investment in their PEPP.

Article 18

The contributions made to and withdrawals from the sub-account may be subject to separate contract terms.

2 Without prejudice to applicable sectorial law, PEPP providers may also ensure compliance with the requirements referred to in paragraph 1 by establishing a partnership with another registered PEPP provider (the ‘partner’).

Having regard to the scope of the functions to be carried out by the partner, the partner shall be qualified and capable of undertaking the delegated functions. The PEPP provider shall enter into a written agreement with the partner. The agreement shall be legally enforceable and shall clearly define the rights and obligations of the PEPP provider and of the partner. The agreement shall comply with the relevant rules and procedures for delegation and outsourcing established by or under the Union law applicable to them, as referred to in Article 6(1). Notwithstanding that agreement, the PEPP provider shall remain solely liable for its responsibilities under this Regulation.

Article 20

Opening of a new sub-account

1 Without delay after being informed about the PEPP saver’s change of residence to another Member State, the PEPP provider shall inform the PEPP saver about the possibility to open a new sub-account within the PEPP saver’s PEPP account and about the timeframe within which such a sub-account could be opened.

In that case, the PEPP provider shall provide the PEPP saver free of charge with the PEPP KID, containing the specific requirements referred to in point (g) of Article 28(3) for the sub-account corresponding to the new Member State of residence of the PEPP saver.

- b the date from which the contributions shall be directed to the new sub-account;
- c any relevant information about other conditions for the PEPP.

3 The PEPP saver may continue contributing to the last sub-account opened.

4 The PEPP provider shall offer to provide the PEPP saver with a personalised recommendation explaining whether the opening of a new sub-account within the PEPP saver’s PEPP account and making contributions to the new sub-account would be more favourable than continuing to contribute to the last sub-account opened.

5 Where the PEPP provider is not able to ensure the opening of a new sub-account corresponding to the PEPP saver’s new Member State of residence, the PEPP saver shall according to his or her choice be able to:

- a switch PEPP provider without delay and free of charge notwithstanding the requirements of Article 52(3) on the frequency of switching; or

2 The PEPP KID shall constitute pre-contractual information. It shall be accurate, fair, clear and not misleading. It shall provide key information and shall be consistent with any binding contractual documents, with the relevant parts of the offer documents and with the terms and conditions of the PEPP.

3 The PEPP KID shall be a stand-alone document, clearly separate from marketing materials. It shall not contain cross-references to marketing materials. A separate PEPP KID shall be drawn up for the Basic PEPP.

4 Where a PEPP provider offers to a PEPP saver a range of alternative investment options such that all information required in Article 28(3) regarding those underlying investment options cannot be provided within a single, concise, stand-alone PEPP KID, PEPP providers shall produce one of the following:

7 Where the corporate branding or logo of the PEPP provider or the group to which it belongs is used in the PEPP KID, it shall not distract from the information contained in the document or obscure the text.

8 In addition to the PEPP KID, PEPP providers and PEPP distributors shall provide prospective PEPP savers with references to any publicly available reports on the financial condition of the PEPP provider, including its solvency, allowing prospective PEPP savers easy access to this information.

9 Prospective PEPP savers shall also be provided with information on the past performance of the PEPP saver's investment option covering performance of a minimum of 10 years or, in cases where the PEPP has been provided for less than 10 years, covering all the years for which the PEPP has been provided. 1 Prior to the conclusion of a PEPP contract, the PEPP provider or PEPP distributor shall specify, on the basis of information required and obtained from the prospective PEPP saver, the retirement-related demands and needs of that prospective PEPP saver, including the possible need to acquire a product offering annuities, and shall provide the prospective PEPP saver with objective information about the PEPP in a comprehensible form to allow that PEPP saver to make an informed decision.

Any PEPP contract proposed shall be consistent with the PEPP saver's retirement-related demands and needs, taking into account his or her accrued retirement entitlements.

2 The PEPP provider or PEPP distributor shall provide advice to the prospective PEPP saver prior to the conclusion of the PEPP contract providing the prospective PEPP saver with a personalised recommendation explaining why a particular PEPP, including a particular investment option, if applicable, would best meet the PEPP saver's demands and needs.

3 If a Basic PEPP is offered without at least a guarantee on the capital, the PEPP provider or PEPP distributor shall clearly explain the existence of PEPPs with a guarantee on the capital, the reasons for recommending a Basic PEPP based on a risk mitigation technique consistent with the objective to allow the PEPP saver to recoup the capital and clearly demonstrate any additional risks that such PEPPs might entail in comparison to a capital guarantee based Basic PEPP providing a guarantee on the capital. This explanation shall be done in written format.

4 When providing advice the PEPP provider or PEPP distributor referred to in point (c) of Article 23(1) of this Regulation shall ask the prospective PEPP saver to provide information regarding that person's knowledge and experience in the investment field relevant to the PEPP offered or demanded and that person's financial situation including his or her ability to bear losses, and his or her investment objectives including his or her risk tolerance so as to enable the PEPP provider or PEPP distributor to recommend to the prospective PEPP saver one or more PEPPs that are suitable for that person and, in particular, are in accordance with his or her risk tolerance and ability to bear losses.

5 The responsibilities of the PEPP provider or PEPP distributor shall not be reduced due to the fact that advice is provided in whole or in part through an automated or semi-automated system.

6 Without prejudice to stricter applicable sectorial law, PEPP providers and PEPP distributors shall ensure and demonstrate to competent authorities on request that natural persons giving advice on PEPPs possess the necessary knowledge and competence to fulfil their obligations under this Regulation. Member States shall publish the criteria to be used for assessing such knowledge and competence.

CHAPTER V

ACCUMULATION PHASE

SECTION I

Investment rules for PEPP providers

Article 41

Investment rules

1 PEPP providers shall invest the assets corresponding to the PEPP in accordance with the ‘prudent person’ rule and in particular in accordance with the following rules:

- a the assets shall be invested in the best long-term interests of PEPP savers as a whole. In the case of a potential conflict of interest, a PEPP provider, or the entity which manages its portfolio, shall ensure that the investment is made in the sole interest of PEPP savers;
- b within the prudent person rule, PEPP providers shall take into account risks related to and the potential long-term impact of investment decisions on ESG factors;
- c the assets shall be invested in such a manner as to ensure the security, quality, liquidity and profitability of the portfolio as a whole;
- d the assets shall be predominantly invested on regulated markets. Investment in assets which are not admitted to trading on a regulated financial market shall be kept to prudent levels;
- e investment in derivative instruments shall be possible insofar as such instruments contribute to a reduction in investment risks or facilitate efficient portfolio management. Those instruments shall be valued on a prudent basis, taking into account the underlying asset, and included in the valuation of a PEPP provider’s assets. PEPP providers shall also avoid excessive risk exposure to a single counterparty and to other derivative operations;
- f the assets shall be properly diversified in such a way as to avoid excessive reliance on any particular asset, issuer or group of undertakings and accumulations of risk in the portfolio as a whole. Investments in assets issued by the same issuer or by issuers belonging to the same group shall not expose a PEPP provider to excessive risk concentration;
- g the assets shall not be invested in a non-cooperative jurisdiction for tax purposes identified in the applicable Council’s conclusions on the list of non-cooperative jurisdictions for tax purposes, nor in a high-risk third country with strategic deficiencies identified by the applicable Commission Delegated Regulation adopted on the basis of Article 9 of Directive (EU) 2015/849;
- h the PEPP provider shall not expose itself and the assets corresponding to the PEPP to risks stemming from excessive leverage and excessive maturity transformation.

2 The rules set out in points (a) to (h) of paragraph 1 apply only to the extent that there is no more stringent provision in the relevant sectorial law applicable to the PEPP provider.

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2019/1238 of the European Parliament and of the Council. (See end of Document for details)

SECTION II

Investment options for PEPP savers

Article 42

General provisions

- 1 PEPP providers may offer up to six investment options to PEPP savers.
- 2 The investment options shall include the Basic PEPP and may include alternative investment options.
- 3 All investment options shall be designed by PEPP providers on the basis of a guarantee or risk-mitigation technique which shall ensure sufficient protection for PEPP savers.
- 4 Provision of guarantees shall be subject to the relevant sectorial law applicable to the PEPP provider.
- 5 PEPP providers referred to in points (c), (d), (e) and (f) of Article 6(1) may offer PEPP with a guarantee only by cooperating with credit institutions or insurance undertakings that can provide such guarantees according to the sectorial law applicable to them. Those institutions or undertakings shall be solely liable for the guarantee.

Article 43

Choice of investment option by the PEPP saver

Having received the relevant information and advice, the PEPP saver shall choose an investment option when concluding the PEPP contract.

Article 44

Conditions for modification of the chosen investment option

- 1 If the PEPP provider provides alternative investment options, the PEPP saver, while accumulating in the PEPP, shall be able to choose a different investment option after a minimum of five years from the conclusion of the PEPP contract and, in the case of subsequent changes, after five years from the most recent change of investment option. The PEPP provider may allow the PEPP saver to modify the chosen investment option more frequently.
- 2 The modification of the investment option shall be free of charge for the PEPP saver.

Article 45

The Basic PEPP

- 1 The Basic PEPP shall be a safe product representing the default investment option. It shall be designed by PEPP providers on the basis of a guarantee on the capital which shall be due at the start of the decumulation phase and during the decumulation phase, where applicable, or a risk-mitigation technique consistent with the objective to allow the PEPP saver to recoup the capital.

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2019/1238 of the European Parliament and of the Council. (See end of Document for details)

2 The costs and fees for the Basic PEPP shall not exceed 1 % of the accumulated capital per year.

3 In order to ensure a level playing field between different PEPP providers and different types of PEPPs, EIOPA shall develop draft regulatory technical standards specifying the types of costs and fees referred to in paragraph 2, having consulted the other ESAs where applicable.

When developing the draft regulatory technical standards, EIOPA shall take into account the various possible types of PEPPs, the long-term retirement nature of the PEPP and the various possible features of the PEPPs, in particular out-payments in the form of long-term annuities or annual drawdowns until at least the age corresponding with the average life expectancy of the PEPP saver. EIOPA shall also assess the peculiar nature of the capital protection with specific regard to the capital guarantee. EIOPA shall submit those draft regulatory technical standards to the Commission by 15 August 2020.

Power is delegated to the Commission to supplement this Regulation by adopting the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1094/2010.

4 Every two years from the date of application of this Regulation, the Commission shall, after having consulted EIOPA and, where applicable, the other ESAs, review the adequacy of the percentage value referred to in paragraph 2. The Commission shall, in particular take into account the actual level and changes in the actual level of costs and fees and the impact on the availability of PEPPs.

The Commission is empowered to adopt delegated acts in accordance with Article 72 to amend the percentage value referred to in paragraph 2 of this Article in the light of its reviews with a view to allowing appropriate market access for PEPP providers.

Article 46

Risk-mitigation techniques

1 The use of risk-mitigation techniques shall ensure that the investment strategy for the PEPP is designed in order to build up a stable and adequate individual future retirement income from the PEPP and to ensure a fair treatment of all generations of PEPP savers.

All risk-mitigation techniques, whether applied under the Basic PEPP or for the alternative investment options, shall be sound, robust and consistent with the risk profile of the corresponding investment option.

2 The applicable risk-mitigation techniques may include, inter alia, provisions:

- a for gradually adapting the investment allocation to mitigate the financial risks of investments for cohorts corresponding to the remaining duration (life-cycling);
- b establishing reserves from contributions or investment returns, which shall be allocated to PEPP savers in a fair and transparent manner, to mitigate investment losses; or
- c for using appropriate guarantees to protect against investment losses.

3 In order to ensure the consistent application of this Article, EIOPA shall, after consulting the other ESAs, and after conducting industry testing, develop draft regulatory technical standards specifying the minimum criteria that the risk-mitigation techniques have to satisfy, taking into account the various types of PEPPs and their specific features, as well as the various types of PEPP providers and the differences between their prudential regime.

EIOPA shall submit those draft regulatory technical standards to the Commission by 15 August 2020.

Power is delegated to the Commission to supplement this Regulation by adopting the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1094/2010.

SECTION III

Other aspects of the accumulation phase

- 3 PEPP providers referred to in points (a), (c), (d), (e) and (f) of Article 6(1) may offer PEPPs with an option ensuring the coverage of biometric risks. In that case, the coverage shall be granted only by cooperating with insurance undertakings that can cover those risks according

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2019/1238 of the European Parliament and of the Council. (See end of Document for details)

to the sectorial law applicable to them. The insurance undertaking shall be fully liable for the coverage of biometric risks.

Article 50

Complaints

1 PEPP providers and PEPP distributors shall put in place and apply adequate and effective procedures for the settlement of complaints lodged by PEPP customers concerning their rights and obligations under this Regulation.

2 Those procedures shall be applied in every Member State where the PEPP provider or PEPP distributor offers its services and shall be available in an official language of the relevant Member State as chosen by the PEPP customer, or in another language if agreed between the PEPP provider or PEPP distributor and the PEPP customer.

3 PEPP providers and PEPP distributors shall make every possible effort to reply, either electronically or in another durable medium in accordance with Article 24, to the PEPP customers' complaints. The reply shall address all points raised, within an adequate timeframe and at the latest within 15 working days of receipt of the complaint. In exceptional situations, if the answer cannot be given within 15 working days for reasons beyond the control of the PEPP provider or PEPP distributor, it shall be required to send a holding reply, clearly indicating the reasons for a delay in answering to the complaint and specifying the deadline by which the PEPP customer will receive the final reply. In any event, the deadline for receiving the final reply shall not exceed 35 working days.

4 PEPP providers and PEPP distributors shall inform the PEPP customer about at least one alternative dispute resolution (ADR) body which is competent to deal with disputes concerning PEPP customers' rights and obligations under this Regulation.

5 The information on the procedures referred to in paragraph 1 shall be mentioned in a clear, comprehensive and easily accessible way on the website of the PEPP provider or PEPP distributor, at the branch, and in the general terms and conditions of the contract between the PEPP provider or PEPP distributor and the PEPP customer. It shall specify how further information on the ADR body concerned and on the conditions for using it can be accessed.

6 The competent authorities shall set up procedures which allow PEPP customers and other interested parties, including consumer associations, to submit complaints to the competent authorities with regard to PEPP providers' and PEPP distributors' alleged infringements of this Regulation. In all cases, complainants shall receive replies.

7 In cases that concern more than one Member State, the complainant may choose to lodge his or her complaint through the competent authorities of his or her Member State of residence, regardless of where the infringement occurred.

Article 51

Out-of-court redress

1 Adequate, independent, impartial, transparent and effective ADR procedures for the settlement of disputes between PEPP customers and PEPP providers or PEPP distributors concerning the rights and obligations arising under this Regulation shall be established in accordance with Directive 2013/11/EU of the European Parliament and the Council⁽⁵⁾, using existing competent bodies where appropriate. Such ADR procedures shall be applicable, and

the relevant ADR body's competence shall effectively extend, to PEPP providers or PEPP distributors against whom the procedures are initiated.

2 The bodies referred to in paragraph 1 shall cooperate effectively for the resolution of cross-border disputes concerning rights and obligations arising under this Regulation.

CHAPTER VII

SWITCHING OF PEPP PROVIDERS

Article 52

Provision of the switching service

1 PEPP providers shall provide a switching service transferring, upon a request of the PEPP saver, the corresponding amounts or, where applicable, assets-in-kind in accordance with paragraph 4, from a PEPP account held with the transferring PEPP provider to a new PEPP account with the same sub-accounts opened with the receiving PEPP provider, with closing the former PEPP account.

When using the switching service, the transferring PEPP provider shall transfer all information linked to all sub-accounts of the former PEPP account, including reporting requirements, to the receiving PEPP provider. The receiving PEPP provider shall register that information in the corresponding sub-accounts.

A PEPP saver may request to switch to a PEPP provider established in the same Member State (domestic switching) or in a different Member State (cross-border switching). The PEPP saver may exercise the right to switch providers during the accumulation phase and the decumulation phase of the PEPP.

2 Notwithstanding paragraph 1, during the decumulation phase, PEPP providers shall not be obliged to provide a switching service for PEPPs, where PEPP savers are receiving out-payments in the form of lifetime annuities.

3 The PEPP saver may switch PEPP providers after a minimum of five years from the conclusion of the PEPP contract, and, in case of subsequent switching, after five years from the most recent switching, without prejudice to point (a) of Article 20(5). The PEPP provider may allow the PEPP saver to switch PEPP providers more frequently.

4 Where the switching is between PEPP providers engaged in individual portfolio management for PEPP savers, PEPP savers may choose to transfer assets-in-kind or corresponding amounts. In all other cases, only the transfer of corresponding amounts shall be allowed.

The written consent of the receiving PEPP provider shall be required where the PEPP saver requests a transfer of assets-in-kind.

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2019/1238 of the European Parliament and of the Council. (See end of Document for details)

Article 53

The switching service

1 At the request of the PEPP saver, after the PEPP saver has made an informed decision based on the information received from the PEPP providers as defined in Article 56, the switching service shall be initiated by the receiving PEPP provider.

2 The request from the PEPP saver shall be drawn up in an official language of the Member State where the switching service is being initiated or in any other language agreed between the parties. In the request, the PEPP saver shall:

- a give his or her specific consent to the performance by the transferring PEPP provider of each of the tasks referred to in paragraph 4 and shall give his or her specific consent to the performance by the receiving PEPP provider of each of the tasks referred to in paragraph 5;
- b in agreement with the receiving PEPP provider, specify the date from which payments are to be executed to the PEPP account opened with the receiving PEPP provider.

That date shall be at least two weeks after the date on which the receiving PEPP provider receives the documents transferred from the transferring PEPP provider pursuant to paragraph 4.

Member States may require the request from the PEPP saver to be in writing and that a copy of the accepted request is provided to the PEPP saver.

3 Within five working days from receipt of the request referred to in paragraph 2, the receiving PEPP provider shall request the transferring PEPP provider to carry out the tasks as referred to in paragraph 4.

4 Upon receipt of a request from the receiving PEPP provider, the transferring PEPP provider shall:

- a within five working days, send the PEPP Benefit Statement for the period from the date of the last drawn up PEPP Benefit Statement to the date of the request to the PEPP saver and to the receiving PEPP provider;
- b within five working days, send a list of the existing assets that are being transferred in the case of transfer of assets-in-kind as referred to in Article 52(4) to the receiving PEPP provider;
- c stop accepting incoming payments on the PEPP account with effect from the date specified by the PEPP saver in the request referred to in point (b) of paragraph 2;
- d transfer the corresponding amounts, or where applicable, assets-in-kind in accordance with Article 52(4), from the PEPP account to the new PEPP account opened with the receiving PEPP provider on the date specified by the PEPP saver in the request;
- e close the PEPP account on the date specified by the PEPP saver if the PEPP saver has no outstanding obligations. The transferring PEPP provider shall immediately inform the PEPP saver where such outstanding obligations prevent the PEPP saver's account from being closed.

5 The receiving PEPP provider shall, as provided for in the request and to the extent that the information provided by the transferring PEPP provider or the PEPP saver enables the receiving PEPP provider to do so, make any necessary preparations to accept incoming payments and accept them with effect from the date specified by the PEPP saver in the request.

Article 54

Fees and charges connected with the switching service

1 PEPP savers shall be able to access free of charge their personal information held either by the transferring or by the receiving PEPP provider.

2 The transferring PEPP provider shall provide the information requested by the receiving PEPP provider pursuant to point (a) of Article 53(4) without charging the PEPP saver or the receiving PEPP provider.

3 The total fees and charges applied by the transferring PEPP provider to the PEPP saver for the closure of the PEPP account held with it shall be limited to the actual administrative costs incurred by the PEPP provider and shall not exceed 0,5 % of the corresponding amounts or monetary value of the assets-in-kind to be transferred to the receiving PEPP provider.

Member States may set a lower percentage of the fees and charges as referred to in the first subparagraph and a different percentage when the PEPP provider allows PEPP savers to switch PEPP provider more frequently as referred to in Article 52(3).

The transferring PEPP provider shall not charge any additional fees or charges to the receiving PEPP provider.

4 The receiving PEPP provider may only charge the actual administrative and transaction costs of the switching service.

Article 55

Protection of PEPP savers against financial loss

1 Any financial loss, including fees, charges and interest, incurred by the PEPP saver and resulting directly from the non-compliance of a PEPP provider involved in the switching process with its obligations under Article 53 shall be refunded by that PEPP provider without delay.

2 Liability under paragraph 1 shall not apply in cases of abnormal and unforeseeable circumstances beyond the control of the PEPP provider pleading for the application of those circumstances, the consequences of which would have been unavoidable despite all efforts to the contrary, or where a PEPP provider is bound by other legal obligations covered by Union or national law.

3 Liability under paragraph 1 shall be established in accordance with the legal requirements applicable at national level.

4 The PEPP saver shall bear any risk of financial loss connected with the redemption in kind of the assets held in the PEPP account for the sake of their transfer from the transferring PEPP provider to the receiving PEPP provider as referred to in Article 52(4).

5 The transferring PEPP provider shall not be obliged to ensure capital protection or provide a guarantee at the moment of switching.

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2019/1238 of the European Parliament and of the Council. (See end of Document for details)

Article 56

Information about the switching service

1 PEPP providers shall give to PEPP savers the following information about the switching service in order to enable the PEPP saver to make an informed decision:

- a the roles of the transferring and receiving PEPP provider for each step of the switching process, as set out in Article 53;
- b the time-frame for completion of the respective steps;
- c the fees and charges charged for the switching process;
- d the possible implications of the switching, in particular on the capital protection or guarantee, and other information related to the switching service;
- e information about the possibility for a transfer of assets-in-kind, if applicable.

The receiving PEPP provider shall comply with the requirements of Chapter IV.

The receiving PEPP provider shall, where applicable, inform the PEPP saver of the existence of any guarantee scheme, including a deposit guarantee scheme, investor-compensation scheme or insurance guarantee scheme, which covers that PEPP saver.

2 The information referred to in paragraph 1 of this Article shall be available on the PEPP provider's website. It shall also be provided to PEPP savers on request in accordance with the requirements of Article 24.

CHAPTER VIII

DECUMULATION PHASE

Article 57

Conditions related to the decumulation phase

1 The conditions related to the decumulation phase and the out-payments of the national sub-accounts shall be determined by Member States unless they are specified in this Regulation.

2 Such conditions may include in particular the setting of the minimum age for the start of the decumulation phase, of a maximum period before reaching the retirement age for joining a PEPP, as well as conditions for redemption before the minimum age for the start of the decumulation phase, in particular in case of particular hardship.

Article 58

Forms of out-payments

1 PEPP providers shall make available to PEPP savers one or more of the following forms of out-payments:

- a annuities;
- b lump sum;
- c drawdown payments;

d combinations of the above forms.

2 PEPP savers shall choose the form of out-payments for the decumulation phase when they conclude a PEPP contract and when they request an opening of a new sub-account. The form of out-payments may differ from sub-account to sub-account.

3 Without prejudice to paragraph 1 of this Article or to Article 57 or 59, Member States may adopt measures to privilege particular forms of out-payments. Such measures may include quantitative limits on lump sum payments to further encourage the other forms of out-payments referred to in paragraph 1 of this Article. Such quantitative limits shall only apply to out-payments corresponding to the capital accumulated in PEPP sub-accounts linked to Member States whose national law provides for quantitative limits on lump sum payments.

4 Member States may specify conditions under which advantages and incentives granted shall be repaid to them.

Article 59

Modifications of the forms of out-payments

1 If the PEPP provider provides different forms of out-payments, the PEPP saver shall be allowed to modify the form of out-payments of each opened sub-account:

- a one year before the start of the decumulation phase;
- b at the start of the decumulation phase;
- c at the moment of switching.

The modification of the form of out-payment shall be free of charge for the PEPP saver.

2 Upon receipt of a PEPP saver's request to modify his or her form of out-payments, the PEPP provider shall provide the PEPP saver with information in a clear and understandable format about the financial implications of such change on the PEPP saver or PEPP beneficiary, in particular as regards any impact on the national incentives that might apply to the existing sub-accounts of the PEPP saver's PEPP.

Article 60

Retirement planning and advice on out-payments

1 For the Basic PEPP, at the start of the decumulation phase, the PEPP provider shall offer the PEPP saver personal retirement planning on the sustainable use of the capital accumulated in the PEPP sub-accounts, taking into account at least:

- a the value of the capital accumulated in the PEPP sub-accounts;
- b the total amount of other accrued retirement entitlements; and
- c the long-term retirement-related demands and needs of the PEPP saver.

2 The retirement planning referred to in paragraph 1 shall include a personal recommendation to the PEPP saver on his or her optimal form of out-payments unless only one form of out-payments is provided. If a lump-sum payment is not in line with the retirement-related needs of the PEPP saver, the advice shall be accompanied by a warning to that end.

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2019/1238 of the European Parliament and of the Council. (See end of Document for details)

CHAPTER IX

SUPERVISION

Article 61

Supervision by the competent authorities and monitoring by EIOPA

1 The competent authorities of the PEPP provider shall supervise compliance with this Regulation on an ongoing basis and in accordance with the relevant sectorial supervisory regime and standards. They shall also be responsible for supervising compliance with the obligations set out in the rules or instruments of incorporation of the PEPP provider, and the adequacy of its arrangements and organisation with regard to the tasks to be fulfilled when providing a PEPP.

2 EIOPA and competent authorities shall monitor personal pension products provided or distributed in order to verify that such products are designated ‘PEPP’ or it is suggested that such products are PEPPs only when they are registered under this Regulation.

Article 62

Powers of competent authorities

Each Member State shall ensure that the competent authorities have all supervisory and investigatory powers that are necessary for the exercise of their functions pursuant to this Regulation.

Article 63

Product intervention powers of competent authorities

1 Competent authorities may prohibit or restrict in or from its Member State the marketing or distribution of a PEPP under the following conditions:

- a the competent authorities are satisfied that there are reasonable grounds to believe that the PEPP gives rise to significant or reiterated saver’s protection concerns or poses a risk to the orderly functioning and integrity of financial markets or the stability of whole or part of the financial system within at least one Member State;
- b the action is proportionate taking into account the nature of the risks identified, the level of sophistication of PEPP savers concerned and the likely effect of the action on PEPP savers who have concluded a PEPP contract;
- c the competent authorities have properly consulted competent authorities in other Member States that may be significantly affected by the action; and
- d the action does not have a discriminatory effect on services or activities provided from another Member State.

Where the conditions set out in the first subparagraph are fulfilled, competent authorities may impose the prohibition or restriction on a precautionary basis before a PEPP has been marketed or distributed to PEPP savers. A prohibition or restriction may apply in circumstances, or be subject to exceptions, specified by the competent authorities.

2 The competent authorities shall not impose a prohibition or restriction under this Article unless, not less than one month before the measure is intended to take effect, they

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2019/1238 of the European Parliament and of the Council. (See end of Document for details)

have notified all other competent authorities involved and EIOPA in writing or through another medium agreed between the authorities of the details of:

- a the PEPP to which the proposed action relates;
- b the precise nature of the proposed prohibition or restriction and when it is intended to take effect; and
- c the evidence upon which they have based their decision and upon which they have reasonable grounds to believe that each of the conditions in paragraph 1 are met.

3 In exceptional cases where the competent authorities deem it necessary to take urgent action under this Article in order to prevent detriment arising from the PEPP, the competent authorities may take action on a provisional basis with no less than 24 hours' written notice before the measure is intended to take effect to all other competent authorities and EIOPA, provided that all the conditions set out in this Article are met and that, in addition, it is clearly established that a one-month notification period would not adequately address the specific concern or threat. The competent authorities shall not take action on a provisional basis for a period exceeding three months.

4 The competent authorities shall publish on their websites notice of any decision to impose any prohibition or restriction referred to in paragraph 1. That notice shall specify details of the prohibition or restriction, a time after the publication of the notice from which the measures will take effect and the evidence upon which it is satisfied each of the conditions in paragraph 1 are met. The prohibition or restriction shall only apply in relation to action taken after the publication of the notice.

5 The competent authorities shall revoke a prohibition or restriction if the conditions in paragraph 1 no longer apply.

Article 64

Facilitation and coordination

1 EIOPA shall perform a facilitation and coordination role in relation to action taken by competent authorities under Article 63. In particular, EIOPA shall ensure that action taken by a competent authority is justified and proportionate and that, where appropriate, a consistent approach is taken by competent authorities.

2 After receiving notification under Article 63 of any prohibition or restriction that is to be imposed under that Article, EIOPA shall issue an opinion on whether the prohibition or restriction is justified and proportionate. If EIOPA considers that the taking of a measure by other competent authorities is necessary to address the risk, it shall state this in its opinion. The opinion shall be published on EIOPA's website.

3 Where a competent authority proposes to take, or takes, action contrary to an opinion issued by EIOPA under paragraph 2 or declines to take action contrary to such an opinion, it shall immediately publish on its website a notice fully explaining its reasons for so doing.

Article 65

Product intervention powers of EIOPA

1 In accordance with Article 9(2) of Regulation (EU) No 1094/2010, EIOPA shall monitor the market for PEPPs which are marketed, distributed or sold in the Union.

Changes to legislation: There are currently no known outstanding effects for the Regulation (EU) 2019/1238 of the European Parliament and of the Council. (See end of Document for details)

2 In accordance with Article 9(5) of Regulation (EU) No 1094/2010, EIOPA may, where the conditions in paragraphs 3 and 4 of this Article are fulfilled, temporarily prohibit or restrict in the Union the marketing, distribution or sale of certain PEPPs or PEPPs with certain specified features.

A prohibition or restriction may apply in circumstances, or be subject to exceptions, to be specified by EIOPA.

3 EIOPA shall take a decision under paragraph 2 of this Article after consulting the other ESAs, where appropriate, and only if all of the following conditions are fulfilled:

- a the proposed action addresses a significant PEPP saver protection concern, including with respect to the long-term retirement nature of the product, or a threat to the orderly functioning and integrity of financial markets or to the stability of the whole or part of the financial system in the Union;
- b regulatory requirements under Union law that are applicable to PEPPs do not address the threat;
- c a competent authority or competent authorities have not taken action to address the threat or the actions that have been taken do not adequately address the threat.

Where the conditions set out in the first subparagraph are fulfilled, EIOPA may impose the prohibition or restriction referred to in paragraph 2 on a precautionary basis before a PEPP has been marketed, distributed or sold to PEPP customers.

4 When taking action under this Article, EIOPA shall ensure that the action does not:

- a have a detrimental effect on the efficiency of financial markets or on PEPP savers that is disproportionate to the benefits of the action; or
- b create a risk of regulatory arbitrage.

Where a competent authority or competent authorities have taken a measure under Article 63, EIOPA may take any of the measures referred to in paragraph 2 of this Article without issuing the opinion provided for in Article 64.

5 Before deciding to take any action under this Article, EIOPA shall notify competent authorities of the action it proposes.

4 Any decision imposing administrative penalties or other measures set out in the first subparagraph of paragraph 1 and in paragraph 3 shall be reasoned and subject to the right of appeal before a tribunal.

5 In the exercise of their powers under the first subparagraph of paragraph 1 and under paragraph 3, competent authorities shall cooperate closely to ensure that the administrative penalties and other measures produce the results pursued by this Regulation and coordinate their action in order to avoid possible duplication and overlap when applying administrative penalties and other measures to cross-border cases.

Article 68

Exercise of the power to impose administrative penalties and other measures

1 Competent authorities shall exercise the powers to impose administrative penalties and other measures referred to in Article 67 in accordance with their national legal frameworks:

- a directly;
- b in collaboration with other authorities;
- c by application to the competent judicial authorities.

Article 69

Publication of administrative penalties and other measures

1 Competent authorities shall publish without undue delay on their official websites any decision imposing an administrative penalty or other measure for infringement of this Regulation after the addressee of the administrative penalty or other measure has been notified of that decision.

2 The publication referred to in paragraph 1 shall include information on the type and nature of the infringement and the identity of the persons responsible and the administrative penalties or other measures imposed.

3 Where the publication of the identity, in the case of legal persons, or the identity and personal data, in the case of natural persons, is considered by the competent authorities to be disproportionate following a case-by-case assessment, or where the competent authorities consider that the publication jeopardises the stability of financial markets or an on-going investigation, competent authorities shall either:

- a defer the publication of the decision imposing the administrative penalty or other measure until the reasons for non-publication cease to exist;
- b publish the decision imposing the administrative penalty or other measure, omitting for a reasonable period of time the identity and personal data of the addressee, if it is envisaged that within that period the reasons for anonymous publication shall cease to exist and provided that such anonymous publication ensures an effective protection of the personal data concerned; or
- c not publish at all the decision to impose the administrative penalty or other measure in the event that the options set out in points (a) and (b) are considered to be insufficient to ensure:
 - (i) that the stability of financial markets would not be put in jeopardy;

4 In the case of a decision to publish an administrative penalty or other measure on an anonymous basis as referred to in point (b) of paragraph 3, the publication of the relevant data may be postponed. Where a decision imposing an administrative penalty or other measure is subject to an appeal before the relevant judicial authorities, competent authorities shall also without delay add that information to their official website and any subsequent information on the outcome of such appeal. Any judicial decision annulling a decision imposing an administrative penalty or other measure shall also be published.

5 Competent authorities shall ensure that any publication referred to in paragraphs 1 to 4 shall remain on their official website for at least five years after its publication. Personal data contained in the publication shall only be kept on the official websites of the competent authorities for the period which is necessary in accordance with the applicable data protection rules.

Article 70

2 Competent authorities shall provide EIOPA annually with aggregated information regarding all administrative penalties and other measures imposed in accordance with Article 67.

EIOPA shall publish that information in an annual report.

3 Where Member States have chosen, in accordance with the second subparagraph of Article 67(1), to lay down criminal sanctions for infringements of this Regulation, their competent authorities shall on an annual basis provide EIOPA with anonymised and aggregated data regarding all criminal investigations undertaken and criminal sanctions imposed. EIOPA shall publish anonymised data on criminal sanctions imposed in an annual report.
