### Article 13

#### Restrictions on the use of protected designations of origin and protected geographical indications

1 Without prejudice to Article 102 of Regulation (EU) No 1308/2013, the [F35 Secretary of State may, by regulations, grant] a transitional period of up to five years to enable products originating in [F36 the United Kingdom] or a third country, the designation of which consists of or contains a name that contravenes Article 103(2) of Regulation (EU) No 1308/2013, to continue to use the designation under which they were marketed.

The granting of such transitional period is conditional upon the submission of an admissible statement of objection under F37 ... Article 98 of Regulation (EU) No 1308/2013 showing that the decision conferring protection over the name would jeopardise the existence:

- a of an entirely identical name or of a compound name, one term of which is identical to the name to be registered; or
- b of partially homonymous names or of other names similar to the name to be registered which refer to grapevine products which have been legally on the market [F38 in Great Britain] for at least five years preceding the date of the publication provided for in Article 97(3) of Regulation (EU) No 1308/2013.

2 The [F39 Secretary of State may, by regulations, extend] the transitional period referred to in paragraph 1 up to 15 years in duly justified cases where it is shown that:

- a the designation referred to in paragraph 1 has been in legal use consistently and fairly for at least 25 years before the application for protection was submitted to the [<sup>F40</sup>Secretary of State];
- b the purpose of using the designation referred to in paragraph 1 has not, at any time, been to profit from the reputation of the registered name and it is shown that the consumer has not been nor could have been misled as to the true origin of the product.

3 When using a designation referred to in paragraphs 1 and 2, the indication of the country of origin shall clearly and visibly appear on the labelling.

4 To overcome temporary difficulties, with the long-term objective of ensuring that all producers in the area concerned comply with the product specification, [<sup>F41</sup>the Secretary of State may use any power the Secretary of State has to make regulations to] grant protection for a transitional period, starting from the date on which the application is forwarded to the [<sup>F42</sup>Secretary of State], on condition that the operators concerned have legally marketed the grapevine products in question using the names concerned continuously for at least the five years prior to the lodging of the application [<sup>F43</sup>with the Secretary of State] and that these temporary difficulties had been raised in the <sup>F44</sup>... objection procedure referred to in Article [<sup>F45</sup>98] of Regulation (EU) No 1308/2013. The transitional period shall be as short as possible and shall not exceed 10 years.

The first subparagraph shall apply *mutatis mutandis* to a protected geographical indication or protected designation of origin referring to a geographical area situated in a third country, with the exception of the objection procedure.

Such transitional periods shall be indicated in the application file referred to in Article 94(1) of Regulation (EU) No 1308/2013.

[<sup>F46</sup>5 The powers to make regulations conferred on the Secretary of State by paragraphs 1 and 2 are exercisable by statutory instrument.

6 A statutory instrument containing regulations made under paragraph 1 or 2 is subject to annulment in pursuance of a resolution of either House of Parliament.

7 Such regulations may contain supplementary, incidental or consequential provision.]

### SECTION 3

#### *Amendments to product specifications*

##### *Article 14*

#### **Types of amendments**

1 For the purposes of Article 105 of Regulation (EU) No 1308/2013 amendments to a product specification are classified into two categories as regards their importance: amendments requiring an objection procedure [<sup>F47</sup>under Article 98 of Regulation (EU) No 1308/2013, as applied to applications for amendments by Article 15 ('non-standard amendments'), and amendments that do not ('standard amendments'). Standard amendments for a product specification for a protected designation of origin or protected geographical indications relating to an area in a third country are] to be dealt with at <sup>F48</sup>... third country level ('<sup>F49</sup>third country] standard amendments').

- [<sup>F50</sup>1a] An amendment is considered to be a [<sup>F51</sup>non-standard] amendment where:
- a it includes a change in the name of the protected designation of origin or protected geographical indication;
  - b it consists of a change, a deletion or an addition of a category of grapevine product, as referred to in Part II of Annex VII to Regulation (EU) No 1308/2013;
  - c it could potentially void the link referred to in point (a)(i) or in point (b)(i) of Article 93(1) of Regulation (EU) No 1308/2013;
  - d it entails further restrictions on the marketing of the product.

[<sup>F52</sup>1b] Applications for [<sup>F53</sup>non-standard] amendments submitted by third countries or by third country producers shall contain proof that the requested amendment complies with the laws on the protection of designations of origin or geographical indications in force in that third country.

[<sup>F54</sup>1c] All other amendments are considered standard amendments.

2 [<sup>F55</sup>Standard amendments are classified into four sub-categories taking into account the geographical area of the designation of origin or geographical indication affected by the amendment and whether the amendments are temporary as follows:

- a UK standard amendments;
- b UK temporary amendments;
- c third country standard amendments;
- d third country temporary amendments.

## Article 18

### Temporary amendments

<sup>F1031</sup> Paragraphs 1a to 1n apply to an application for a UK temporary amendment to a product specification for a protected designation of origin or protected geographical indication ('a UK temporary amendment application').

1a A UK temporary amendment application must be made to the Secretary of State.

1b The procedures laid down in Articles 94 and 97 to 99 of Regulation (EU) No 1308/2013 do not apply to a UK temporary amendment application.

1c A UK temporary amendment application may be made by a group of producers having a legitimate interest in the relevant protected designation of origin or protected geographical indication unless the application to register the designation of origin or geographical indication was made by a single applicant, in which case the temporary amendment application may be made by that person.

**Changes to legislation:** There are outstanding changes not yet made to Commission Delegated Regulation (EU) 2019/33. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

---

1d If a UK temporary amendment application is not made by the original (protection) applicant, the Secretary of State must give the original (protection) applicant the opportunity to make comments on the application if that applicant still exists.

1e A UK temporary amendment application must:

- a describe the amendment applied for,
- b be accompanied by a copy of the product specification and, where relevant, the single document, showing the proposed temporary amendment,
- c compare for each amendment:
  - i the original product specification against the proposed modified product specification, and
  - ii where relevant, the original single document against the proposed modified single document,
- d provide an explanation of why the temporary amendment is needed, and
- e provide an estimate, where this is possible, of how long it is anticipated that the temporary amendment will be needed for.

1f A UK temporary amendment application that does not comply with paragraph 1e is inadmissible.

1g Where a UK temporary amendment application is inadmissible, the Secretary of State must inform the applicant that the application is inadmissible as soon as reasonably practicable after receiving the application.

1h The Secretary of State may approve a UK temporary amendment application if the Secretary of State considers that a temporary amendment to the product specification is appropriate.

1i Where a UK temporary amendment application is approved, the Secretary of State must specify the period during which the temporary amendment is to apply.

1j The period during which an approved temporary amendment is to apply may be specified by reference to a set period of time or may be specified by reference to the happening of a specified event.

1k The Secretary of State, in deciding the period for which an approved temporary amendment is to apply, must take into account the conditions prevailing at the time the decision to approve the application is taken and, where possible, the period for which the Secretary of State anticipates that those conditions will continue.

1l The Secretary of State may, on an application by a group of producers or single applicant who made a UK temporary amendment application under paragraph 1a, as read with paragraph 1c, extend the period during which a relevant approved temporary amendment is to apply on one or more occasions if the Secretary of State considers that it is appropriate to do so having regard to the conditions prevailing at the time that decision is made.

1m After making a decision on a UK temporary amendment application, the Secretary of State must publish in such manner as appears appropriate to the Secretary of State from time to time:

- a a notice:
  - i informing the applicant, the original (protection) applicant (if different) and the public of the decision made in relation to the application and the reasons for that decision, and

- ii providing information about the right to appeal under Article 39a against the decision and the period within which an appeal may be made, and
- b where the application is approved, details of the approved temporary amendment and the period during which that temporary amendment is to apply.

1n Where a UK temporary amendment application is approved and the period during which the temporary amendment is to apply is extended, the Secretary of State must, on each occasion the period is extended, publish, in such manner as appears appropriate to the Secretary of State from time to time, a notice informing the applicant, the original (protection) applicant (if different) and the public that the period has been extended and the reasons for that decision and specifying the extended period during which the temporary amendment is to apply.]

2 Where the geographical area covers [<sup>F104</sup>areas in the United Kingdom and a third country, or areas in more than one third country], the procedure for temporary amendment applies separately in [<sup>F105</sup>relation to the United Kingdom and the third country concerned, or in the respective third countries concerned,] for the part of the area which falls within their territory. <sup>F106</sup> ... 5 As regards paragraphs 1 and 2, a column 5 date does not apply in relation to a type 2A, 3A or 4A traditional term where the EUIA referred to in paragraph (b) in column 2 of the row of the Types Table relating to the traditional term provides that an application for a trade mark must be refused, regardless of when that application is filed, if the trade mark, if registered, will contravene a provision in the EUIA providing for the protection of the use of the traditional term

6 As regards paragraph 3, a column 5 date does not apply in relation to a type 2B, 3B or 4B traditional term where the EUIA referred to in paragraph (b) in column 2 of the row of the Types Table relating to the traditional term provides that the registration of a trade mark must be invalidated if, regardless of when the application that resulted in the registration of the trade mark is filed, the use of the trade mark contravenes a provision in the EUIA providing for the protection of the use of the traditional term.

7 Where a traditional term falls within the definition of more than one type of traditional term in Article 1b, the column 5 date to be taken into account for the purpose of paragraph 4 is the earliest of the column 5 dates for the relevant types of traditional term.

8 In a case of a category A or B traditional term that is not on Great Britain's Traditional Terms Register at the time an assessment is carried out under paragraph 1, 2 or 3, the traditional term is to be treated, for the purpose of the assessment, as being a protected traditional term in determining whether the use of the trade mark will contravene Article 113 in relation to that traditional term.

9 A trade mark that could be used under Article 32(3) of EU Regulation 2019/33 in the United Kingdom immediately before IP completion day may continue to be used in Great Britain on and after IP completion day:

- a notwithstanding that the use of the trade mark would not respect the definition in Article 112 of Regulation (EU) No 1308/2013 and conditions of use in Article 113 of that Regulation in relation to a traditional term registered by the Secretary of State under this Regulation;
- b provided that no grounds for the invalidation or revocation of the trade mark exist in, or under, the TMA.

10 Nothing in this Regulation prevents a trade mark that could be renewed in the United Kingdom pursuant to Article 32(3) of EU Regulation 2019/33 immediately before IP completion day from being renewed after IP completion day:

- a notwithstanding that the use of the renewed trade mark would not respect the definition in Article 112 of Regulation (EU) No 1308/2013 and conditions of use in Article 113 of that Regulation in relation to a traditional term registered by the Secretary of State under this Regulation;
- b provided that no grounds for the invalidation or revocation of the trade mark exist in, or under, the TMA.

11 Where paragraph 9 or 10 applies to the use or renewal of a trade mark, this does not affect the use of:

- a an established protected traditional term entered on Great Britain's Traditional Terms Register pursuant to Article 39;
- b a traditional term entered on Great Britain's Traditional Terms Register by the Secretary of State following a decision by the Secretary of State to approve an application to protect the traditional term submitted under Article 21 of Implementing Regulation (EU) 2019/34;

**Transitional provisions: relations between trade marks and traditional terms when bridging arrangements are in effect**

1 Where a traditional term is entered on Great Britain's Traditional Terms Register under Article 32c, Articles 32a and 32b and Annex A1 apply for the purposes of determining:

- a whether an application to register a trade mark which was pending before IP completion day or made during the relevant period, must be refused, or
- b if a relevant invalidity application was made, whether the registration of a trade mark must be declared invalid,

but subject to the general modifications specified in paragraphs 2 and 3 and any further modifications made by regulations (if any) (see paragraph 4).

2 The modifications mentioned in paragraph 1 are that Articles 32a and 32b and Annex A1 are to be read as if:

- a in the case of a type A term, any reference to a type 2A traditional term included a reference to a type A term;
- b in the case of a type B term, any reference to a type 2B traditional term included a reference to a type B term.

3 In addition, Article 32b and Annex A1 are to be read as if any reference to Article 32a included a reference to that Article as applied by this Article.

4 The Secretary of State may, by regulations, make such further modifications to Article 32a or 32b or Annex A1 as the Secretary of State considers necessary for the purpose of ensuring that the relative priorities afforded to traditional terms and trade marks before IP completion day continue to apply appropriately during the relevant period.

5 For the purposes of this Article:

‘relevant invalidity application’ means an application for a declaration of invalidity made under the TMA (as applied by Article 32b(1) and modified by Article 32b(2)) in relation to the registration of a trade mark;

‘type A term’ means a traditional term which—

- i is, immediately before the application to register a trade mark is accepted, entered in Great Britain's Traditional Terms Register under Article 32c, or
- ii is not so entered when the application to register a trade mark is accepted, but is to be protected under bridging arrangements which come into effect before the application to register a trade mark is accepted;

‘type B term’ means a traditional term which is not entered in Great Britain's Traditional Terms Register under Article 32c when the relevant trade mark application is accepted but must be protected in Great Britain pursuant to bridging arrangements made on or after the day on which the relevant trade mark application is accepted.

6 The power to make regulations conferred on the Secretary of State by paragraph 4 is exercisable by statutory instrument.

7 A statutory instrument containing regulations under paragraph 4 may not be made unless a draft of the instrument has been laid before, and approved by a resolution of, each House of Parliament.
