## ANNEX IV

### Parameters for baseline data collection

#### 2. DETAILED ANNUAL DATA FOR EACH YEAR IN THE BASELINE PERIOD

#### 2.3. **Annual installation-wide balance of heat import, production, consumption and export**

This item contains at least the following information:

- (a) The total amount of energy input used in the installation contained in fuels;
- (b) If applicable, the energy content of imported waste gases;
- (c) If applicable, the amount of energy in fuels exported to other directly technically connected EU ETS installations or non-ETS entities;
- (d) If applicable, the energy content of waste gases exported to other EU ETS installations or non-ETS entities;
- (e) The amount of energy input from fuels used for electricity production;
- (f) The amount of energy input from fuels attributed to fuel benchmark sub-installations (reported separately for carbon leakage and non-carbon leakage fuel benchmark sub-installation);
- (g) The amount of fuel input used for production of measurable heat;
- (h) Total amount of measurable heat produced in the installation;
- (i) Net amount of measurable heat imported from installations covered by the EU ETS;
- (j) Net amount of measurable heat imported from installations and entities not covered by the EU ETS;
- (k) Net amount of measurable heat consumed for electricity production within the installation;
- (l) Net amount of measurable heat consumed for product benchmark sub-installations within the installation;
- (m) Net amount of measurable heat exported to EU ETS installations;
- (n) Net amount of measurable heat exported to installations or entities not covered by the EU ETS;
- (o) Net amount of measurable heat exported for the purpose of district heating;
- (p) Net amount of measurable heat attributable to heat benchmark sub-installations (reported separately for carbon leakage and non-carbon leakage heat benchmark and district heating sub-installations);
- (q) The amount of heat losses, if not already included in the data referred to in points (a) to (p).

**Status:**

Point in time view as at 19/12/2018.

**Changes to legislation:**

There are outstanding changes not yet made to Commission Delegated Regulation (EU) 2019/331. Any changes that have already been made to the legislation appear in the content and are referenced with annotations.
