

Consolidated version of the Treaty establishing the
European Atomic Energy Community 2016/C 203/01

TITLE II

**PROVISIONS FOR THE ENCOURAGEMENT OF
PROGRESS IN THE FIELD OF NUCLEAR ENERGY**

CHAPTER 10

External relations

Article 101

The Community may, within the limits of its powers and jurisdiction, enter into obligations by concluding agreements or contracts with a third State, an international organisation or a national of a third State.

Such agreements or contracts shall be negotiated by the Commission in accordance with the directives of the Council; they shall be concluded by the Commission with the approval of the Council, which shall act by a qualified majority.

Agreements or contracts whose implementation does not require action by the Council and can be effected within the limits of the relevant budget shall, however, be negotiated and concluded solely by the Commission; the Commission shall keep the Council informed.

Article 102

Agreements or contracts concluded with a third State, an international organisation or a national of a third State to which, in addition to the Community, one or more Member States are parties, shall not enter into force until the Commission has been notified by all the Member States concerned that those agreements or contracts have become applicable in accordance with the provisions of their respective national laws.

Article 103

Member States shall communicate to the Commission draft agreements or contracts with a third State, an international organisation or a national of a third State to the extent that such agreements or contracts concern matters within the purview of this Treaty.

If a draft agreement or contract contains clauses which impede the application of this Treaty, the Commission shall, within one month of receipt of such communication, make its comments known to the State concerned.

The State shall not conclude the proposed agreement or contract until it has satisfied the objections of the Commission or complied with a ruling by the Court of Justice of the European Union, adjudicating urgently upon an application from the State, on the compatibility of the proposed clauses with the provisions of this Treaty. An application may be made to the Court of Justice of the European Union at any time after the State has received the comments of the Commission.

Article 104

No person or undertaking concluding or renewing an agreement or contract with a third State, an international organisation or a national of a third State after 1 January 1958 or, for acceding States, after the date of their accession, may invoke that agreement or contract in order to evade the obligations imposed by this Treaty.

Each Member State shall take such measures as it considers necessary in order to communicate to the Commission, at the request of the latter, all information relating to agreements or contracts concluded after the dates referred to in the first paragraph, within the scope of this Treaty, by a person or undertaking with a third State, an international organisation or a national of a third State. The Commission may require such communication only for the purpose of verifying that such agreements or contracts do not contain clauses impeding the implementation of this Treaty.

On application by the Commission, the Court of Justice of the European Union shall give a ruling on the compatibility of such agreements or contracts with the provisions of this Treaty.

Article 105

The provisions of this Treaty shall not be invoked so as to prevent the implementation of agreements or contracts concluded before 1 January 1958 or, for acceding States, before the date of their accession, by a Member State, a person or an undertaking with a third State, an international organisation or a national of a third State where such agreements or contracts have been communicated to the Commission not later than 30 days after the aforesaid dates.

Agreements or contracts concluded between 25 March 1957 and 1 January 1958 or, for acceding States, between the signature of the instrument of accession and the date of their accession, by a person or an undertaking with a third State, an international organisation or a national of a third State shall not, however, be invoked as grounds for failure to implement this Treaty if, in the opinion of the Court of Justice of the European Union, ruling on an application from the Commission, one of the decisive reasons on the part of either of the parties in concluding the agreement or contract was an intention to evade the provisions of this Treaty.

Article 106

Member States which, before 1 January 1958 or, for acceding States, before the date of their accession, have concluded agreements with third States providing for cooperation in the field of nuclear energy shall be required to undertake jointly with the Commission the necessary negotiations with these third States in order to ensure that the rights and obligations arising out of such agreements shall as far as possible be assumed by the Community.

Any new agreement ensuing from such negotiations shall require the consent of the Member State or States signatory to the agreements referred to above and the approval of the Council, which shall act by a qualified majority.
